Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **CBIZ CPAS P.C.**

(2) EIN: **43-1947695**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Independent Auditors' Report

The Plan Administrator
Retirement Plan for Employees of Whitehead Institute for Biomedical Research

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Retirement Plan for Employees of Whitehead Institute for Biomedical Research (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agree to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Retirement Plan for Employees of Whitehead Institute for Biomedical Research

Notes to Financial Statements

December 31, 2025 and 2024

1. Plan Description

General

The Retirement Plan for Employees of Whitehead Institute for Biomedical Research (the "Plan") provides retirement benefits to eligible employees of Whitehead Institute for Biomedical Research (the "Institute"). The Plan is a noncontributory money-purchase defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan is administered by the Institute's Retirement Committee whose members are appointed by the Institute. TIAA and CREF and TIAA as agent for TIAA, Trust, N.A. are the insurance company and custodian of the Plan (the "Custodians"). TIAA Trust is the custodian of the Plan's institutional mutual funds. Pursuant to the service agreement with TIAA and CREF and TIAA, Trust, N.A., a duly authorized employee of TIAA and CREF executed as agent a certification of Plan records with respect to the institutional mutual funds required under Department of Labor Section 2520.130-5. Upon retirement, the TIAA Real Estate Account and the CREF variable annuities may be invested in either the TIAA Real Estate Account or Traditional Annuities or may continue to be invested in CREF variable annuities. TIAA and CREF institutional mutual funds are not eligible to be annuitized by TIAA and CREF.

Benefit eligible employees who are regularly scheduled to work at least 50% of the full time work schedule, who are scheduled to work for more than three months and are paid by the Institute as an employee are eligible to participate in the Plan.

A complete description of the Plan is provided in the Plan document. Participants should refer to the Plan document for complete information.

Contributions

The Institute contributes, on a weekly and monthly basis, 8% of each participant's base weekly or monthly compensation. Once a participant's compensation reaches 50% of the benefit base in effect under Section 230 of the Social Security Act for the Plan year, the monthly contribution increases to 12.3% of the participant's base monthly compensation. The benefit base was \$176,100 and \$168,600 for 2025 and 2024, respectively. Contributions to the Plan are invested by the Insurance Company and Custodians as directed by the participants. Amounts forfeited by participants are used by the Institute to reduce its future contributions.

The Plan also accepts rollover contributions for participants from qualified retirement plans.

Vesting

Participants are fully vested in the value of their rollover contribution account at all times.

Participants become fully vested in the Institute's contributions made to the Plan on their behalf after 1 year of vesting service, as defined in the Plan document. There is no partial vesting.

Forfeitures

During the years ended December 31, 2025 and 2024, the Institute utilized forfeitures in the amount of \$34,516 and \$6,412, respectively, to offset a portion of Employer contributions. At December 31, 2025 and 2024, the unused forfeiture balance totaled \$3,044 and \$1,763, respectively.

1. Plan Description (continued)

Payment of Benefits

At the time of normal, early or deferred retirement age, as defined, employees must elect the form of benefit payment, which may be a lump sum, an installment plan not exceeding 15 years, or single, joint and survivor annuities where special rules apply if married. Payments from the TIAA Traditional Annuities are made according to the predetermined installment schedule. Payments from other plan assets can be made according to the permitted format of the investment.

If upon termination of service the participant elects to receive benefit payments under the lifetime income benefits available through the TIAA and CREF annuities, the benefit is based upon the value of the investment results, the life expectancy of the participant and the expense associated with the specific annuities available through TIAA and CREF. The annuities are used to purchase a guaranteed amount of future benefits. TIAA provides annuities to participants, which are considered unallocated contracts.

Unless distributions are deferred by the participant, distributions begin no later than 60 days after the end of the plan year in which the latest of the following events occurs: the participant is age 67, the participant has reached the tenth anniversary since entry into the Plan, or the participant has terminated employment. If a participant retires or terminates and the value of his or her vested account balance is \$5,000 or less, the Institute reserves the right to distribute the account in a lump sum.

Notes Receivable from Participants and Plan Loans

Participants may borrow a maximum amount equal to the lesser of \$50,000, reduced by the highest outstanding balance of loans to the borrower under the Plan during the one-year period ending on the day before the date the loan is made, or 50% of their vested balance of their accounts. Loan terms are generally up to five years (up to 10 years for the purchase of a primary residence). The loans are secured by the vested balance in the Participant's account and bear interest at a reasonable rate to be determined by the Plan Administrator. Principal and interest are paid by participants directly to TIAA. As of December 31, 2025 and 2024, there were \$60,077 and \$43,918 outstanding notes receivable from participants, respectively. The current maturity dates are through 2030. Interest rates ranged from 4.25% to 8.00% in 2025 and 4.25% to 5.75% in 2024.

Prior to September 2020, participants could borrow directly from TIAA and CREF using a portion of their plan account as security for the loan. To secure plan loans, TIAA and CREF transferred 110% of the loan amount from the participant's account to a retirement loan contract in the participant's name as collateral in the event of default. These loans are not Plan assets and the loan balances outstanding from TIAA and CREF to the Plan's participants were \$3,213 and \$4,271 as of December 31, 2025 and 2024, respectively. Repayment of loans are made directly to TIAA and CREF for a period of five years (up to 10 years for a residential loan). The current maturity date is 2028. The interest rate was 5.85% in 2025 and 2024.

2. Summary of Significant Accounting Policies

Basis of Presentation

The Plan's financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America using the accrual basis of accounting.

Notes to Financial Statements

December 31, 2025 and 2024

2. Summary of Significant Accounting Policies (continued)

Investments, Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes realized and unrealized gains and losses on investments other than TIAA Traditional Annuity contracts. Earnings for TIAA Traditional Annuity contracts are included in dividends and interest income on the statements of changes in net assets available for benefits.

Related-Party Transactions and Party-In-Interest Transactions

Certain Plan investments are managed by TIAA and CREF and TIAA as agent for TIAA, Trust, N.A., the insurance company and custodian of the Plan. These transactions qualify as party-in-interest transactions. For the years ended December 31, 2025 and 2024, direct fees paid by the Plan to TIAA and CREF and other service providers for administrative services amounted to \$37,146 and \$52,106, respectively. During the Plan years ended December 31, 2025 and 2024, the Plan received revenue credits of \$48,897 and \$40,332, respectively, from TIAA and CREF. The revenue credits are reported as other income on the statements of changes in net assets available for benefits and are used to pay Plan expenses. Notes receivable from participants are also considered exempt party-in-interest transactions.

Administrative Expenses

The Plan's expenses are paid either by the Plan or by the Institute. Expenses that are paid directly by the Institute are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying financial statements.

Benefit Payments

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make significant estimates and assumptions, which affect the reported amounts of net assets available for benefits at the dates of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the dates of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events such as an international conflict, which could impact the value of investment securities. Due to the level of risk associated with these investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The fair value hierarchy is based on three levels of inputs, of which the first two are considered observable and the last is considered unobservable, that may be used to measure fair value:

Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs, other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or have been corroborated by observable market data for substantially the full term of the related assets or liabilities.

Level 3 - Unobservable inputs supported by little or no market activity that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. The methodologies used were consistent for the years ended December 31, 2025 and 2024.

TIAA Traditional

The TIAA Traditional Annuity is a fixed rate annuity unallocated insurance contract fully and unconditionally guaranteed by the general account of TIAA. The TIAA Traditional Annuity is offered through a variety of contract types; this Plan has the Group Retirement Annuities ("GRA"), TIAA Traditional RL Variable contract type and TIAA Traditional Retirement Choice Plus ("RCP"), which are non benefit-responsive investment contracts, as defined by TIAA. The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

Investments in TIAA Traditional Annuity contracts are reported at fair value. As these investments are contract-based, observable prices for identical or similar investments do not exist, and accordingly, these investments are valued using unobservable inputs (Level 3). The fair value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. Liquidity restrictions apply to certain types of contracts that could impact the value realized upon exiting the contract. The annuity contracts are not available for sale or transfer on any securities exchange. Accordingly, transactions in similar investments are not observable.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, are guaranteed by TIAA's claim-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate.

Notes to Financial Statements

December 31, 2025 and 2024

3. Fair Value Measurements (continued)

TIAA Traditional (continued)

For the GRA contract, lump-sum withdrawals are available within 120 days of termination of employment and are subject to a 2.50% surrender charge. All other withdrawals and transfers must be spread over 10 annual installments (five annual installments for withdrawals after termination of employment). When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as annuity settlement options in the statements of changes in net assets available for benefits.

TIAA Real Estate Account

The account generally invests in real estate properties and real estate-related investments. The account's value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally utilizing external appraisals, which are estimates of property values based on a professional's opinion. The account sometimes holds securities as well, and these securities are generally priced using values obtained from independent pricing sources.

The fair value of the Plan's interest in the TIAA Real Estate Account (a pooled separate account) is based on the fund's daily Net Asset Value ("NAV"), which is considered by Plan management to be the best approximation of fair value. This investment is measured at net asset value in the fair value hierarchy. The unit value of the fund is calculated daily and available to Plan Administrators and client investors on TIAA and CREF's website. There are no unfunded commitments from participants in the Plan who invest in this account. These investments may be redeemed quarterly with one day's notice. Transfers out of the TIAA Real Estate Account are limited to one per calendar quarter.

CREF Variable Annuities

The accounts invest principally in equity securities, fixed income instruments and short-term investments in accordance with each portfolio's investment objectives. The fair values of accumulation units held by the Plan in CREF Variable Annuity accounts are based on each account's daily NAV, which is considered by Plan management to be the best approximation of the fair value. Data for NAVs are available daily to Plan Administrators and client investors on TIAA and CREF's website and provides sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources. There are no unfunded commitments from participants in the Plan who invest in these accounts. The variable annuities are measured at net asset value in the valuation hierarchy and are redeemable on the measurement date. Participants can enter and exit out of these funds daily with no restrictions.

Mutual Funds

Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are valued at the daily closing price as reported by the fund.

5. Tax Status

No provision for income taxes has been made in the financial statements as the Plan qualifies as a tax-exempt entity under Section 401(a) of the Internal Revenue Code (the "Code"). The Plan has been filed with the Internal Revenue Service and has received a favorable determination letter, dated February 13, 2013, as a qualified Plan under Section 401(a) of the Code.

5. Tax Status (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Amendment and Termination

The Institute has the right to amend, suspend or terminate the Plan, but may not do so in a way which would reduce any participant's non forfeitable account balance. If the Plan is terminated, the Trustee will continue to hold the assets of the trust fund for distribution as directed by the Plan Administrator. The Plan Administrator will determine whether to direct the Trustee to disburse the Plan's assets as immediate benefit payments, to retain and disburse them in the future or to follow any other advisable procedures. The Institute currently has no intention to terminate the Plan.

7. Summary of Information Certified by the Insurance Company and Custodian

Plan investments are held by the Plan's insurance company and custodian, TIAA and CREF and TIAA as agent for TIAA, Trust, N.A. The fair value of investments as of December 31, 2025 and 2024, and all investment transactions for the years then ended, including interest and dividends and net appreciation in fair value of investments are reported to the Plan and certified as complete and accurate by the insurance company and custodian. Information contained in the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) and notes receivable from participants is also certified by the insurance company and custodian.
