Independent Auditor's Report

The Plan Administrator
dormakaba USA Inc. 401(k) Plan
Raleigh, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of dormakaba USA Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2025, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The ERISA-required Supplemental Schedule H, line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on the 2024 Financial Statements

Predecessor auditors performed an audit of the 2024 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 15, 2025 indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Plan Description

The following description of the dormakaba USA Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a voluntary contributory savings plan covering all employees of participating companies held within the group controlled by dormakaba U.S. Holding Ltd. (dormakaba). These companies are collectively referred to as the "Employers." The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Trustee and Administration of the Plan

The trustee and recordkeeper of the Plan is Fidelity Management Trust Company (the Trustee or Fidelity). The administrator of the Plan is the Retirement Committee of dormakaba. The Retirement Committee determines the appropriateness of the Plan's investment offering and monitors investment performance. The Trustee holds all assets of the Plan in accordance with the service provider contract with the Company. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility for Participation

An eligible employee is defined as any employee of the Company that is 18 years of age who is not a leased employee, resident of Puerto Rico, or a nonresident alien with no income from United States source. Employees are immediately eligible for participation in the plan.

Contributions

Each participant may elect to make contributions to the Plan subject to Internal Revenue Service (IRS) limitations. The Plan accepts traditional pre-tax 401(k) and Roth 401(k) rollover contributions from qualified plans. The Plan includes an auto-enrollment provision whereby all participants 18 years of age or older are automatically enrolled in the Plan beginning in the first payroll of the month after reaching eligibility and are eligible for the Employer's matching contributions. Eligible participants may enroll in the Plan at the date of the first payroll of the month following eligibility. Automatically enrolled participants have their deferral rate set at 3% of compensation as defined in the Plan document. The Plan includes automatic annual increases of 1% up to a maximum of 7% of compensation, unless the participant opts out of automatic increases. In the event that a participant does not elect an investment allocation upon enrollment, the participant's account is automatically allocated to the Vanguard Target Retirement fund option that is closest to their projected retirement date, which is defined as age 65.

Participants are eligible to receive safe harbor employer matching contributions not to exceed 100% of the first 3%, 50% of the next 2%, and 25% of the subsequent 2% of the participant's compensation that is contributed to the Plan.

dormakaba USA Inc. 401(k) Plan

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contribution and Employer matching contributions and allocations of (a) the Employer's contribution; (b) Plan investment earnings; and (c) forfeitures of terminated participants' nonvested accounts; and is charged with any distributions and an allocation of (a) administrative expenses and (b) Plan investment losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions. Employees hired or rehired by the Employers with fewer than two vesting years of service, will be vested in the Employers' matching contributions as follows:

Years of Service	Vested (%)
Less than 1	-
1	50
2	100

Investment Options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds and common/collective trust funds as investment options for participants.

Notes Receivable from Participants

Participants may borrow from their accounts an amount not to exceed 50% of the participant's vested interest in their account with a minimum amount of \$1,000, and a maximum of \$50,000, reduced by the excess of the participant's highest outstanding loan balance during the 12 month period ending on the date of the loan over the participant's current outstanding loan balance on the date of the loan. Participants may only have one outstanding loan at any time. Repayments are made through payroll deductions based upon a predetermined schedule. Loan terms range from one to five years; however, terms may exceed five years for a home loan for a participant's primary residence. The rate of interest on any loan will be the prime rate published on the date of the loan application plus one percent. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Upon termination of employment, retirement, death or disability, a participant or named beneficiary generally may elect to receive either a lump-sum or installment payments of his or her account balance. Any participant account balance that has a market value less than \$5,000 will receive a mandatory distribution. Hardship withdrawals are allowed by the Plan as well as early distributions following age 59-1/2.

dormakaba USA Inc. 401(k) Plan

Notes to Financial Statements

Forfeited Accounts

As of December 31, 2025 and 2024, the balance in the forfeited nonvested account totaled \$48,237 and \$102,821, respectively. Forfeitures of participant account balances are used to offset employer matching contributions in accordance with the terms of the Plan. During the year ended December 31, 2025, \$169,789 was used to offset employer matching contributions.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Code (IRC) are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions payable at December 31, 2025 or 2024.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Employers and are excluded from these financial statements. Fees related to individual withdrawals, distributions, refunds, and redemption costs are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Plan Adoptions

In 2025, the Plan has adopted the required changes enacted pursuant to the Setting Every Community Up for Retirement Act (SECURE 1.0 Act). Provisions of the SECURE 1.0 Act that the Plan has adopted include the following:

- Qualified birth or adoption distribution.

In 2025, the Plan has adopted the changes enacted pursuant to the Setting Every Community Up for Retirement Act (SECURE 2.0 Act). Provisions of the SECURE 2.0 Act that the Plan has adopted include the following:

- Higher catch-up limit for participants ages 60-63.
- Eligible distributions for domestic abuse victims.
- Withdrawals for emergency expenses.
- Withdrawals for federally declared disasters.

The Plan will be formally amended during 2026.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP), except for benefit payments, which are recorded when paid.

dormakaba USA Inc. 401(k) Plan

Notes to Financial Statements

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the reported amount of changes in net assets available for benefits, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Committee determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Investments are revalued on a daily basis based upon changes in share or unit price.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2025 or 2024.

Risks and Uncertainties

The Plan provides for participants to invest in a combination of funds. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Plan's financial statements and supplemental Schedule of Assets (Held at End of Year).

As of December 31, 2025, approximately 12% of the Plan's assets were invested in FID 500 Index. As of December 31, 2024, approximately 11% of the Plan's assets were invested in FID 500 Index.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Payment of Benefits

Payment of participant benefits is recorded when paid.

3. Information Certified and Provided by the Trustee

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2025 and 2024 and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, a qualified institution.

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - This level consists of unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 - This level consists of quoted prices in markets that are not considered to be active, or financial instruments for which all significant inputs are observable, either directly or indirectly.

Level 3 - This level consists of prices or values that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

For the year ended December 31, 2025, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Mutual Funds - Mutual funds represent investments with various investment managers. The fair values of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed-income securities. Shares held in mutual funds traded on national securities exchanges are valued at the net asset value (NAV) as of December 31, 2025 and 2024.

Common Collective Trust Funds - Common collective trust funds are valued based on the NAV of units of the common and collective trust funds. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Notes to Financial Statements

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

Total Investments , measured at NAV* - stable fund				8,936,089
Total Investments , at fair value				\$ 193,115,425

* The investment in the common collective trust funds is measured at fair value using the NAV per share (or its equivalent) as a practical expedient and has not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

At December 31, 2025 and 2024, investments in certain entities calculate the NAV per share as the investment's fair value measurement. The following tables provide an overview, by major category, of the nature and risks associated with such investments, as well as whether it is probable those investments will be sold at amounts different from their reported NAV per share based on redemption restrictions, if any:

December 31, 2025

Total	\$ 8,936,089	\$ -		

5. Party-in-Interest Transactions

The Trustee performs administrative and recordkeeping services for the Plan. Fidelity is the current trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. The Plan paid \$184,631 in administrative and asset fees to the Trustee during the year ended December 31, 2025. Certain investments, including shares of mutual funds, are managed by the Trustee or its affiliates. Participant loan and distribution processing fees are paid to Fidelity by participants. The Plan also issues loans to participants that are secured by the vested balance of the participants' accounts.

Certain accounting and administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan. In addition, the Employer pays certain administrative expenses of the Plan.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

6. Plan Termination

Although it has not expressed any intent to do so, the Employers have the right under the Plan to discontinue their contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will be entitled to receive payment from their account as provided in the Plan document. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Tax Status

No determination letter has been received for the Plan as it operates under a prototype document. The IRS issued an opinion letter for the prototype on June 30, 2020 stating that the form of the prototype is acceptable under section 401 of the IRC for use by employers for the benefit of their employees. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. No provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.
