Independent Auditors' Report

To the Retirement Plan Committee and Participants
DISCOPYLABS 401(k) PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of DISCOPYLABS 401(k) PLAN ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) - Schedule of assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of the plan

The following description of the DISCOPYLABS 401(k) PLAN (the "plan") provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the plan's provisions, which are available from the plan administrator.

General

The plan was established as a defined contribution plan, to provide retirement benefits to eligible employees of DISCOPYLABS (the "company"). Prior to August 30, 2024, employees were eligible to participate on the first of the month following their hire date. After August 30, 2024 employees are eligible to participate on the first of the month upon completion of three months of service. Employees who are members of a collective bargaining arrangement or leased employees are ineligible to participate in the plan. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The company's Retirement Plan Committee is responsible for oversight of the plan, which includes determining the appropriateness of the plan's investment offerings and monitoring investment performance.

The plan provides for a plan administrator who is responsible for keeping accurate and complete records with regard to the plan's operations, informing participants of changes or amendments to the plan, ensuring that the plan conforms to the law and government regulations, and providing participants with any reports and documents required by law.

Contributions

Each year, participants may contribute up to 100% of annual compensation as pre-tax or Roth contributions, as defined in the plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the plan. Participants direct the investment of all contributions into various investment options offered by the plan. Prior to August 30, 2024, the plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the plan unless they affirmatively elected not to participate in the plan. Automatically enrolled participants had their deferral rate set at 4% of eligible compensation and their contributions were invested in a designated balanced fund until changed by the participant. The plan was restated as of August 30, 2024 and as part of the restatement the automatic enrollment feature was removed. The plan also implemented a discretionary employer matching contribution of 50% of participant's contributions up to 5% of the participant's eligible compensation. As a result, the company made matching contributions in the amounts of $266,802 and $72,788 and for the years ended December 31, 2025 and 2024, respectively.

The company may make discretionary profit-sharing contributions, subject to the limitations imposed by the IRC. There were no profit-sharing contributions for the years ended December 31, 2025 and 2024.

Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

PARTICIPANT INVESTMENT ACCOUNT OPTIONS

The plan currently offers various mutual funds and a guaranteed interest fund as investment options for participants. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at any time. There are no nonparticipant-directed investments.

Contributions may be temporarily held as cash balances prior to the execution of the investment according to the participant's direction.

PARTICIPANT ACCOUNTS

The plan maintains an account for each participant which is credited with the participant's contributions and the company's discretionary matching contributions, if any, as well as allocations of the company's discretionary profit sharing contributions, if any, and the plan's investment earnings or losses, and charged with an allocation of administrative expenses that are paid by the plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined by the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their voluntary contributions and roll-over contributions plus actual earnings thereon. For employees hired prior to August 30, 2024, vesting in the company's matching and discretionary profit sharing contributions is based on years of continuous service. Participants vest 20% per year of service and are 100% vested after five years of service or upon reaching normal retirement age, as defined in the plan.

For employees hired after August 30, 2024, vesting in the company's matching and discretionary profit sharing contributions is based on years of continuous service. Participants vest 20% per year of service after completion of two years of service and are 100% vested after six years of service or upon reaching normal retirement age, as defined in the plan.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms generally range from one to five years. If used to acquire a principal residence, the plan administrator can permit a longer repayment period. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through weekly payroll deductions and the loan balance can be repaid at any time.

PAYMENT OF BENEFITS

Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount or a direct rollover distribution, equal to the value of the participants' vested interest in his or her account. If a terminated participant's account does not exceed $1,000, it will be distributed in a lump-sum payment. If a terminated participant's account balance is between $1,000 and $5,000 and the plan does not receive distribution instructions, the account will be rolled over into an individual retirement plan for the benefit of the participant, as determined by the plan administrator.

HARDSHIP WITHDRAWALS AND IN-SERVICE DISTRIBUTIONS

Participants are permitted to withdraw, in a single sum, employee deferrals of their account balance under certain conditions. These conditions include unreimbursed medical expenses, the purchase or repair of damage of the participant's principal residence, the payment of post-secondary education tuition, the payment of certain burial or funeral expenses or to prevent eviction or foreclosure from the participant's principal residence.

Participants are permitted to receive in-service distributions prior to termination of employment if they have attained the age of 59 ½ and distributions are from fully vested accounts.

FORFEITED ACCOUNTS

Forfeitures of nonvested company contributions can be used to pay any plan administrative expense or offset any future employer contributions. Forfeitures of approximately $6,000 and $100 were available at December 31, 2025 and 2024, respectively. For the years ended December 31, 2025 and 2024, employer contributions were not reduced by any forfeited nonvested accounts.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the plan are prepared on the accrual method of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value, except for the fully benefit-responsive investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan's retirement committee determines the plan's valuation policies utilizing information provided by the investment advisor and investment custodian. See Note 4 for discussion of fair value measurements.

The plan's guaranteed investment contract is valued at contract value as contract value is the relevant measurement attributable to fully benefit-responsive investment contracts. Contract value represents the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Contract value approximates fair value of the guaranteed investment contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the plan's gains and losses on investments bought and sold as well as held during the year.

CONTRIBUTIONS

Contributions from plan participants and company matching contributions are recorded in the year in which the participant contributions are withheld from amounts paid.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis.

PAYMENTS OF BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES

Certain expenses of the plan are paid by the company and are not included in the statements of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 3 - INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya Retirement Insurance and Annuity Company, the custodian of the plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Investments at fair value
- Investment at contract value
- Net appreciation in fair value of investments
- Interest income
- Investments, as reflected in Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year)

The plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

Note 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2025 and 2024:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	**$ 8,638,820**	**$ -**	**$ -**	**$ 8,638,820**

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,888,784	$ -	$ -	$ 7,888,784

Note 5 -FULLY BENEFIT-RESPONSIVE GUARANTEED INTEREST ACCOUNT

The plan has a fully benefit-responsive guaranteed investment contract with Voya Retirement Insurance and Annuity Company ("Voya"). Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan. The crediting rate is based on a formula established by the contract issuer. The crediting interest rate is reviewed on a monthly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the plan. Contract value, as reported to the plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendment to the plan document (including complete or partial termination or merger with another plan, (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract.

No events are probable of occurring that might limit the ability of the plan to transact at contract value with the contract issuers and that would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the fund to terminate the contract with the plan and settle at an amount difference from contract value. Such events could include (1) an uncured violation of the plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the fund.

Note 6 - TAX STATUS

The plan sponsor adopted a Prototype Non-Standardized Profit Sharing plan with a deferral arrangement that received a favorable opinion letter from the Internal Revenue Service on August 1, 2023 (as the plan was restated effective August 30, 2024), which stated the plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (the code). Once qualified, the plan is required to operate in conformity with the code to maintain its qualification. The plan administrator believes that the plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal and state taxing authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

Note 7 - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds and a guaranteed interest account managed by Voya. Voya is the custodian for the plan and therefore, these transactions qualify as party-in-interest transactions. Voya also provides certain administrative services to the plan, therefore, these transactions qualify as party-in-interest transactions. Voya receives revenue from mutual fund service providers which is used to offset amounts owed to Voya. The plan also maintains a service agreement with an investment advisor. The investment advisor received approximately $25,000 and $23,000 in revenue from mutual fund service providers as payment for its services for the years ended December 31, 2025 and 2024, respectively. Revenue received from mutual fund service providers is netted against net appreciation in fair value of investments.

Note 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provision of ERISA. In the event of the plan termination, participants would become 100% vested in their employer contributions.

Note 9 - RISKS, UNCERTAINTIES AND CONCENTRATIONS

The plan provides for various options from among the investment securities available through the plan. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

At December 31, 2025, one investment accounted for approximately 24% of total investments. At December 31, 2024, two investments accounted for approximately 37% of total investments.

Note 10 - SUBSEQUENT EVENTS

The plan's management has evaluated subsequent events through July 27, 2026, the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
