INDEPENDENT AUDITOR'S REPORT

To the Trustees and Administrative Committee
Fresno Truck Center 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Fresno Truck Center 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Fresno Truck Center 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024 and for the years then ended, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Fresno Truck Center 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Fresno Truck Center 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fresno Truck Center 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Fresno Truck Center 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions as of and for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule of Assets (Held at End of Year) that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FRESNO TRUCK CENTER 401(K) PLAN

Notes to Financial Statements

December 31, 2025 and 2024

NOTE 1 - Description of Plan:

The following brief description of the Fresno Truck Center 401(K) Plan is provided for general information purposes only. Participants should refer to the Plan Document for more complete information.

General

Fresno Truck Center 401(K) Plan is a trusteed, defined contribution plan established for the benefit of eligible employees of Fresno Truck Center (the Company). The Plan was originally effective September 1, 2004, and has been amended and restated to conform to new tax laws and provisions as applicable. Employee participation in the Plan is voluntary. Employees who have reached the age of 18 and have completed three months of service are eligible to participate in the Plan. The plan entry date will be as soon as administratively feasible after the eligibility requirements are met. The Company is the Plan administrator of the Plan as defined under the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Participants may elect to contribute a percentage, up to 75%, of their before-tax compensation, as defined, not to exceed a certain dollar limit as set by law. Participants are always 100% vested in this deferral account. There are no employer contributions. Therefore, participants' accounts consisting of deferrals are 100% vested and there are no forfeitures. There were $2,489,497 and $3,382,530 of net assets allocated to the accounts of employees who have withdrawn from the Plan but have not yet been paid out as of December 31, 2025 and 2024, respectively.

Participant loans

Participants may borrow from their accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Interest rates range from 4.25% to 9.50% at December 31, 2025 and 2024. Principal and interest is paid ratably through payroll deductions. Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest is recorded on the accrual basis. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan is reduced, and the delinquent participant loan is recorded as a benefit payment based on terms of the Plan document.

Payment of benefits

A participant may elect to receive benefit payments under certain circumstances, including death, disability, retirement, severance from employment, age 59 ½, or financial hardship, as defined by the Internal Revenue Service (IRS) and subject to approval by the Company.

Amendment and termination of Plan

The Company shall have the right to amend the Plan by resolution of the Employer's Board of Directors, provided that no amendment shall attempt to cause any of the assets of the Plan to be used for or diverted to purposes other than for the exclusive benefit of participants or their beneficiaries.

In the event the Employer elects to terminate the Plan or discontinue operation of its business, the entire interest of the participants shall vest 100% immediately and be non-forfeitable.

Administrative expenses

Administrative expenses, with the exception of the $77,595 and $122,903 administrator fee, relating to the Plan for the years ended December 31, 2025 and 2024, respectively, were paid by the Company.

NOTE 2 - Summary of significant accounting policies:

Basis of presentation

The accounts of the Plan are maintained on the cash basis of accounting. For financial reporting purposes, however, the financial statements have been prepared on the accrual basis of accounting using information provided by the Trustee.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared using contract value for the fully benefit-responsive investment contract.

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Trustees to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Participant loans receivable

Loans receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant loan receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment valuation and income recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The trustees determine the Plan's valuation policies. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Excess contributions payable

As of December 31, 2025 and 2024, there were no amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a payable.

Payment of benefits

Benefits are recorded when paid.

Fair value measurements

Unless otherwise indicated, the fair value of all reported assets and liabilities that represent financial instruments (none of which are held for trading purposes) approximates the carrying value of such amounts.

Concentration of credit risk

The Financial Accounting Standards Board requires disclosure in the financial statements relating to concentrations of credit risk and financial instruments with off-balance-sheet risk. Financial instruments that potentially subject the Plan to concentrations of credit risk consist principally of investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(continued)

Investments

All contributions to the Plan are invested by ADP Retirement Trust Services, LLC (the Trustee) in certain mutual funds. Plan participants may allocate their account balances held by the Trustee among the various mutual funds.

Federal income tax status

The Plan has not received a determination letter from the IRS. However, the Plan relies on the latest determination letter for the Automatic Data Processing Federal Credit Union document dated October 6, 2020, in which the IRS stated that the Automatic Data Processing Federal Credit Union, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code, as amended (the Code). Although the Plan has since been amended, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the Plan administrator believes that the Plan was qualified and thus was tax-exempt as of December 31, 2025 and 2024.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2022.

Information certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's Trustee has certified that the following data included in the accompanying financial statements is complete and accurate: (a) investments as shown in the statement of net assets available for plan benefits as of December 31, 2025 and 2024, and (b) investment income (loss) as shown in the statement of changes in net assets available for plan benefits for the years ended December 31, 2025 and 2024. The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

Subsequent events

Management has evaluated subsequent events through July 22, 2026, the date on which the financial statements were available to be issued.

NOTE 3 - Investments:

The Plan's investments are reported at fair value on a recurring basis, except for fully benefit-responsive investment contracts, which are reported at contract value, in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs by valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs were used only when Level 1 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted prices of the shares as reported by the fund. The mutual funds held by the Plan are registered by the U.S. Securities and Exchange Commission and are considered actively traded.

(continued)

Level 2 Fair Value Measurements

The guaranteed investment contract with an insurance company is not actively traded, but other significant observable inputs that other market participants would use in valuing a portfolio instrument were used.

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by the trustee. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024, all of which are participant directed.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2025 and 2024, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE 4 – Guaranteed investment contract with insurance company:

The Plan has entered into a fully benefit-responsive guaranteed investment contract with ADP Retirement Trust Services, LLC. ADP Retirement Trust Services, LLC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value.

Contract value as reported by the Plan by ADP Retirement Trust Services, LLC, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2025 and 2024, was $952,560 and $961,175, respectively, and is considered Level 2. The average yield and crediting interest rates were approximately 3.12% and 3.05% for 2025 and 2024, respectively. The crediting interest rate is based on a formula taking into consideration a number of factors.

(continued)

Certain events limit the Plan's ability to transact at contract value with the issuer. Such events include the following: (i) amendments to the plan documents (including complete or partial termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (iii) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 5 - Related party transactions:

Certain Plan investments are shares of mutual funds managed by ADP Retirement Trust Services, LLC. ADP Retirement Trust Services, LLC is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for certain services amounted to $77,595 and $122,903, for the years ended December 31, 2025 and 2024, respectively.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
