INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
GAMA-1 Technologies 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of GAMA-1 Technologies 401(k) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Plan Administrator and Participants of
GAMA-1 Technologies 401(k) Plan

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

To the Plan Administrator and Participants of
GAMA-1 Technologies 401(k) Plan

Auditor's Responsibilities for the Audits of the Financial Statements - continued

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions and Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Plan Administrator and Participants of
GAMA-1 Technologies 401(k) Plan

Supplemental Schedules Required by ERISA - continued

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GAMA-1 TECHNOLOGIES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan of GAMA-1 Technologies, LLC (Company) and was established on January 1, 2009. The Plan is subject to the provisions of ERISA.

On August 1, 2022, Empower Retirement, LLC (Empower) announced that it was changing the names of various companies within its corporate group to align the names with the Empower brand. These financial statements reflect the rebranding to Empower Annuity Insurance Company of America (Empower Annuity) (formerly known as Great-West Life & Annuity Insurance Company (GWL&A). Effective June 18, 2022, the Plan transitioned its Service Agreement from The Hartford Life Insurance Company to Empower.

Effective September 1, 2023, the Plan adopted the Fidelity Pre-Approved Basic Plan Document and the Company engaged Fidelity Workplace Services LLC (Fidelity) as the Plan's recordkeeping services provider and Fidelity Management Trust Company (FMTC) as the Plan's trustee. The Plan's assets were transferred from Empower Annuity to FMTC on September 1, 2023. Significant changes to plan provisions, upon the adoption of the Fidelity plan document, are discussed throughout these financial statements.

On December 29, 2022, the SECURE 2.0 Act of 2022 (SECURE 2.0 Act) was signed into law. The SECURE 2.0 Act makes various required and optional changes applicable to tax qualified retirement plans with varying effective dates through 2027. The plan document was formally amended to comply with the requirements of the SECURE 2.0 Act on July 14, 2026.

Eligibility: Employees who are residents of Puerto Rico are not eligible to participate in the Plan. Employees are eligible to participate once they have attained three months of service and are age twenty-one or older. Effective September 1, 2023, employees may enter the Plan immediately upon satisfaction of these eligibility requirements. Prior to September 1, 2023, employees could enter the Plan on the first day of the first, fourth, seventh and tenth month of the plan year coinciding with or next following satisfaction of these requirements.

Contributions: Each year, participants may elect to contribute from 1% up to 90% of their eligible compensation (as defined), up to the maximum allowable contribution under the Internal Revenue Code (IRC). These contributions may be made as pre-tax deferral contributions or, effective September 1, 2023, after-tax Roth deferral contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Effective September 1, 2023, In-Plan Roth Rollover contributions and conversions can be made.

The Company provides for the following contributions on behalf of participants:

A safe harbor matching contribution equal to 100% of a participant's salary deferral contributions (including catch-up contributions) not exceeding 4% of the participant's eligible compensation. The safe harbor matching contribution is calculated, effective September 1, 2023, on a per pay period basis, and previously on an annual basis. The Plan includes a true-up contribution provision under which the safe harbor matching contribution is recalculated on the last day of the plan year based on the participant's elective contributions and eligible compensation during the plan year.

GAMA-1 TECHNOLOGIES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Contributions: continued -

For 2023, the Company safe harbor matching contribution (including the true-up) totaled \$591,158, of which \$439,730 is recorded as a contribution receivable on the Statement of Net Assets Available for Benefits as of December 31, 2023.

A discretionary matching contribution as determined by the Company. Prior to September 1, 2023, the discretionary matching contribution could not exceed 4% of eligible compensation for the year. The contribution is to be allocated as a uniform percentage of eligible contributions (as defined). No discretionary matching contribution was made for 2023.

A discretionary profit sharing contribution determined by the Company. In order to share in the allocation of the discretionary profit sharing contribution, a participant must complete 1,000 hours of service during the plan year. Participants not actively employed at the end of the plan year will not share in the discretionary profit sharing contribution, regardless of service. No discretionary profit sharing contribution was made for 2023.

The Company may also make Qualified Nonelective Contributions (QNECs), as defined in the Plan. No QNECs were made for 2023.

Participant Accounts: Each participant's account is credited with the participant's contributions and Company contributions, as well as allocations of plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses paid by the Plan and any participant requested transaction fees. Allocations are based on participant earnings/losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options: Effective September 1, 2023, participants may direct the investment of their contributions and Company contributions into various registered investment companies (mutual funds) offered by the Plan. Prior to September 1, 2023, participants could direct the investment of their contributions and Company contributions into a Group Annuity Contract (the Contract) administered by Empower Annuity which contained various pooled separate accounts. For those participants who do not make an investment selection, their contributions and the Company contributions are automatically invested in the Plan's qualified default investment account.

Vesting: Participants are immediately vested in their contributions, the Company's safe harbor contribution and QNECs, plus earnings thereon. Vesting in the Company's discretionary matching and profit sharing contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after four years of credited service. Regardless of the vesting schedule, participants will become fully vested upon death, disability or reaching normal retirement age while employed.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account, bear interest at prime + 2% and can only exceed a repayment period of five years for the purchase of a principal residence, in which case the repayment period may not extend beyond ten years from the date of the loan. Only one note may be outstanding at a time. Principal and interest is paid ratably through payroll deductions. Prior to September 1, 2023, participants could only borrow in the event of a financial hardship, as defined, and loans for the purchase of a principal residence could not exceed a repayment period of five years.

GAMA-1 TECHNOLOGIES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Payment of Benefits: Benefit payments may be in the form of a lump sum or a partial distribution (to satisfy the required minimum distribution rules). Benefit payments are payable upon termination of employment, death, disability or attainment of the normal retirement age of 65. The Plan shall make automatic distributions of vested account balances that are less than \$5,000 in accordance with plan provisions. Distributions from a participant's rollover account may be made at any time. Hardship withdrawals and in-service withdrawals at age 59 ½ are also permitted, subject to provisions defined in the plan document.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Basis of Accounting: The Plan's financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor, Fidelity (effective September 1, 2023) and Empower Annuity (through August 31, 2023). See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends on mutual funds are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Unit Values: Prior to September 1, 2023, individual participant accounts for the pooled separate accounts were maintained on a unit value basis. Participants did not have beneficial ownership in the specific underlying securities or other assets in the accounts but did have an interest therein represented by units valued daily. The accounts earned investment income which was automatically reinvested in additional units. Generally, contributions to and withdrawals and charges from each account were converted to units by dividing the amounts of such transactions by the unit values last determined (see Note 3), and the participants' accounts were charged or credited with the number of units properly attributable to each participant.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant notes are reclassified as distributions based on the terms of the plan document. However, prior to September 1, 2023, a participant could repay the entire outstanding balance of the loan (including any accrued interest) within a reasonable period following termination of employment.

Contributions: Contributions from plan participants and the safe harbor matching contribution from the Company are recorded in the year in which the employee contributions are withheld from compensation.

**GAMA-1 TECHNOLOGIES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Payment of Benefits: Benefits are recorded when paid. As of December 31, 2023 and 2022, there were \$0 and \$48,140, respectively, allocated to accounts of participants who had elected to withdraw from the Plan, but had not yet been paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment management fees of individual fund investments are charged to the respective investment and included in the net appreciation/depreciation of the investment. Fees related to the administration of notes receivable from participants and participant distributions, and effective September 1, 2023, annual recordkeeping fees and fees for investment advisory services are charged directly to the participant's account and are included in administrative expenses.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2

Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2023 and 2022.

Registered Investment Companies (effective September 1, 2023): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 3 - FAIR VALUE MEASUREMENTS - CONTINUED

Pooled Separate Accounts (prior to September 1, 2023): Unit value, as determined by Empower Annuity, based on the observable NAV of the underlying investments and adjusted for reinvested investment income from the underlying investments and application of an expense factor. The unit value is not a publicly-quoted price in an active market.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022.

Investment Strategies:

As of December 31, 2022, and through August 31, 2023, the underlying investments of the pooled separate accounts held at Empower Annuity consisted solely of mutual funds, each of which followed a separate investment strategy. Described below were the primary investment strategies of the Plan:

Target Date included pooled separate accounts that sought the highest total return over time consistent with an emphasis on both capital growth and income.

Large Capitalization included pooled separate accounts that sought growth of capital through investments primarily in the common stocks of companies that appeared to offer superior opportunities for growth of capital.

Mid Capitalization included pooled separate accounts that sought capital appreciation by investing principally in common stocks of small and medium-sized companies.

The pooled separate accounts did not have unfunded commitments or significant restrictions on redemptions, as they could be redeemed daily.

NOTE 4 - INFORMATION CERTIFIED BY THE QUALIFIED INSTITUTIONS

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, dividend income and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by FMTC as of December 31, 2023 and for the period September 1, 2023 to December 31, 2023 and Empower Annuity on behalf of Talcott Resolution pursuant to a Power of Attorney granted to Empower Annuity by Talcott Resolution as of December 31, 2022 and for the period January 1, 2023 to August 31, 2023, the qualified institutions.

NOTE 5 - TAX STATUS

The Internal Revenue Service (IRS) has determined and informed FMR LLC by a letter dated June 30, 2020, that the prototype plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Prior to September 1, 2023, the IRS had determined and informed Gorrellick Tievy & Abacus, by a letter dated June 30, 2020, that the prototype plan was designed in accordance with applicable sections of the IRC. Although the Plan had been amended since receiving the opinion letter, the plan administrator believed that the Plan was designed, and was being operated, in compliance with the applicable requirements of the IRC and, therefore, believed that the Plan was qualified, and the related trust was tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

Effective September 1, 2023, certain plan investments consist of registered investment companies managed by Fidelity Investments. Fidelity Investments is the parent company of Fidelity Workplace Services, LLC (FWS), the Plan's recordkeeper, and FMTC, the trustee of the Plan. Transactions with Fidelity Investments, FWS and FMTC qualify as parties in interest transactions. Prior to September 1, 2023, certain plan investments consisted of pooled separate accounts managed by Empower Annuity, and therefore, these transactions qualified as party in interest transactions.

Effective September 1, 2023, FWS provides certain administrative services to the Plan pursuant to the Fidelity Investments Retirement Plan Service Agreement (Agreement) between the Company and FWS. The Agreement provides for a fixed basis point pricing platform. FWS receives recordkeeping revenue (revenue) based on average quarterly assets, billed and payable quarterly. This revenue is subject to offsets (as defined) of Fidelity investment and non-Fidelity investment products. Net float earnings are an offset against FWS revenue. Any remaining revenue balance is billed to participants on a pro-rata basis based on account balances. The Plan or Company may make payments to FWS for administrative expenses not covered by the aforementioned fees. Under the Agreement, participants also pay transactional fees relative to notes receivable and distributions. Fees paid by the Plan to FWS amounted to \$3,659 for 2023.

Prior to September 1, 2023, Empower provided certain administrative services to the Plan pursuant to the Administrative Services Agreement (the Agreement) between the Company and Empower. In conjunction with the Agreement, Empower received, as additional compensation, fund service fees from mutual fund families or other investment option sponsors or their affiliates for providing certain administrative or other services thereto. These fund service fees reduced the amount of expenses that would have otherwise been payable pursuant to the Agreement. The Plan or Company could make payments to Empower for administrative expenses not covered by these fund service fees. In addition, Empower received transactional fees related to notes receivable from participants and participant distributions. Fees paid by the Plan to Empower amounted to \$2,739 for 2023.

NOTE 7 - DELINQUENT CONTRIBUTIONS

During the plan years ended December 31, 2023, 2022, 2020, and 2019 employee contributions and loan repayments in the amount of \$889,411 were not remitted by the Company to the Plan within the required timeframe, as defined by ERISA. As such, these transactions constitute prohibited transactions and are reported on the supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a). Lost earnings on the delinquent employee contributions and loan repayments are expected to be calculated and remitted to the Plan during 2026.

In addition, the Plan did not remit the entirety of the 2023 safe harbor matching contribution within the required timeframe, as defined by ERISA. As such, lost earnings are required for the safe harbor matching contribution delinquent remittance and were calculated and remitted to the Plan during 2025.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in the Company discretionary contributions.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. As of December 31, 2023 and 2022, 84% and 26%, respectively, of net assets available for benefits is invested in the Fidelity Freedom Retirement Funds and T. Rowe Price Retirement Funds, respectively; however, by their nature, these funds are a diversified mix of equities and fixed income that rebalance over time.

NOTE 10 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through July 28, 2026, the date the financial statements were available to be issued.

GAMA-1 Technologies was acquired by Axle Informatics during 2026; however, there is no effect on the Plan relative to this transaction.

Benefit Audit Group, LLC

This representation letter is provided in connection with your audit of the financial statements of GAMA-1 Technologies 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023, and the related notes to the financial statements (collectively, the financial statements).

We elected to have the audit of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). We acknowledge that the audit did not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised, and subject to periodic examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. We have determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. We have also determined that the investment information is prepared and certified by the qualified institutions as described by 29 CFR 2520.103-8, that the certifications meet the requirements in 29 CFR 2520.103-5, and that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America.

The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States (U.S. GAAP) and that the information regarding assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.

Certain representations in this letter are described as being limited to matters that are material. Items are considered to be material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Prior to September 1, 2023, the IRS had determined and informed Gorrellick Tievy & Abacus, by a letter dated June 30, 2020, that the prototype plan was designed in accordance with applicable sections of the IRC. Although the Plan had been amended since receiving the opinion letter, the plan administrator believed that the Plan was designed, and was being operated, in compliance with the applicable requirements of the IRC and, therefore, believed that the Plan was qualified, and the related trust was tax-exempt.

- We believe the form and content of the Schedule of Assets (Held at End of Year) and the Schedule of Delinquent Participant Contributions are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- We have reviewed the plan document and understand the definition of compensation. We are using this definition in calculating contributions to the Plan, except for bonus compensation which it is the Company's established policy to exclude. While not being deferred upon, the bonus compensation for 2023 is included in the safe harbor match true-up calculation and therefore we believe this to not be a material operational error.
- We have obtained appropriate fee disclosures from covered service providers and have concluded the fees are reasonable. The Plan is in compliance with DOL regulations regarding ERISA Section 408(b)(2).
- The Plan has complied with the fidelity bonding requirements of ERISA.
- We have apprised you of all communications, whether written or oral, with regulatory agencies concerning the operation of the Plan.
- For the year ended December 31, 2023, the Company elected not to make discretionary matching and discretionary profit sharing contributions to the Plan.
