Independent Auditor's Report

The Plan Administrator and participants
Veenstra & Kimm, Inc. Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the financial statements of Veenstra & Kimm, Inc. Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements (Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Veenstra & Kimm, Inc. Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Veenstra & Kimm, Inc. Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Veenstra & Kimm, Inc. Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Veenstra & Kimm, Inc. Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H-Part IV, Line 4i - schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VEENSTRA & KIMM, INC. PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2025 and 2024

(1) Description of Plan

The following description of the Veenstra & Kimm, Inc. Profit Sharing Plan (the Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, covering employees of Veenstra & Kimm, Inc. (the Employer), who have completed three months of service as defined by the Plan agreement. The plan sponsor appointed trustees are responsible for the oversight of the Plan. The plan sponsor appointed trustees determines the appropriateness of the Plan's investment offerings and monitor investment performance. The Plan is subject to the provisions of ERISA.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation as defined in the Plan agreement, subject to qualified limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts, mutual funds, common / collective trusts and guaranteed interest contracts as investment options for participants. The Plan contains an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6 percent of eligible compensation and the deferral rate will annually increase by 1 percent of eligible compensation up to a maximum of 15% unless the participant designates otherwise. Automatically enrolled participants will have their contributions invested in a designated balanced fund until changed by the participant.

The Employer contributes 50% of the first 6% of eligible compensation that a participant contributes to the Plan. Additional profit-sharing amounts may be contributed at the option of the Employer's board of directors. Participants are eligible for the Employer's profit-sharing contribution if they are active participants at the end of the Plan year and have 700 or more hours of service as defined by the Plan agreement. Employer profit sharing contributions are allocated to eligible participants' accounts based at 3.0% of eligible participant's compensation as defined by the Plan agreement. The Employer made profit sharing contributions of \$-0- and \$679,382 for the years ended December 31, 2025 and 2024, respectively. Participants may change their investment options daily. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Employer's contribution and (b) Plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant

VEENSTRA & KIMM, INC. PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2025 and 2024

transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vesting in their own contributions plus any earnings (losses) thereon. Vesting in the Employer's contribution portion of their accounts is based on continuous years of service. A participant is 50% vested after one year of service, as defined, and continues to vest 10% each consecutive year until 100% vested after six years of service.

Notes Receivable from Participants

Participants may borrow from their account balance a minimum of \$1,000 up to a maximum, equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account, mature through November of 2029, and bear interest at 5%, which is commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are paid ratably monthly through payroll deductions.

Payment of Benefits

Participants or their beneficiaries are eligible for benefits upon retirement (age 65) or early retirement (age 55), termination of employment, death or disability. Participant account balances totaling \$5,000 or less are distributed in a lump-sum payment amount equal to the vested balance in the participant's account.

Participants with vested account balances greater than \$5,000 will be paid under one or more of the optional forms available under the Plan, which include a lump sum payment or the purchase of an annuity contract. The amount of payment from an annuity contract will depend on the participant's vested account balance, the participant's age, the age of the participant's survivor, and the payment option selected.

Forfeited Accounts

During the year ended December 31, 2025, forfeited non-vested accounts totaling \$31,873 were reallocated to participant accounts in the same manner as the Employer's discretionary contributions. As of December 31, 2025, and 2024 the Plan's forfeiture account balance was \$35 and \$351, respectively.

(2) Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported

VEENSTRA & KIMM, INC. PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2025 and 2024

amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustee determines the Plan's valuation policies utilizing information provided by investment advisers and Principal. See note 9 for discussion of fair value measurements.

The Plan has investment contracts with Principal Life Insurance Company. Principal Life Insurance Company maintains the Plan's deposits in an unallocated fund, to which it adds interest at the contract rates ranging from .83% to 5.68% as of December 31, 2025 and 2024. Deposits in these contracts are guaranteed at the contract rate of return. The average interest rate earned for the year ended December 31, 2025 was approximately 4.08%.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan management has evaluated subsequent events through July 9, 2026, the date the financial statements were available to be issued.

(3) Investments

The following is a summary of the investment information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and supplemental schedule that was prepared or derived from information provided by the Trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the Trustee that information provided to the Plan Administrator by the Trustee, relating to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule relating to the following investments:

	December 31,	
	<u>2025</u>	<u>2024</u>
Investments at fair value:		
Guaranteed Interest Contracts	\$ 187,890	\$ 244,237
Fixed Income Guaranteed Option	2,588,426	1,493,968
Mutual Funds	6,575,545	5,189,990
Common / Collective Trusts	16,585,898	14,388,206
Pooled Separate Accounts	39,456,168	35,485,767
	<u>\$ 65,393,927</u>	<u>\$ 56,802,168</u>

	December 31,
	<u>2025</u>
Investment income:	
Net appreciation in fair value of investments:	\$ 7,681,688
Interest	113,838
Dividends	62,972
	<u>\$ 7,858,498</u>

(4) Fixed Income Guaranteed Option Contract with Principal

The Plan has entered a fully benefit-responsive investment contract with Principal Life Insurance Company (PLIC). PLIC maintains the contributions in a general account. Contract value is the relevant measure for fully benefit-responsive investment contracts because it is the amount received by participants if they were to initiate permitted transactions under the terms of contract. Contract value represents

VEENSTRA & KIMM, INC. PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2025 and 2024

contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The contract value of the Principal Fixed Income Guaranteed Option investment contract on December 31, 2025 was \$2,588,426.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its contractual obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events, such as the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code, premature termination of the investment contract by the Plan or termination of the Plan, would limit the Plan's ability to transact at contract value with Principal. The Plan Administrator believes the occurrence of such events that would limit the Plan's ability to transact at contract value with participants is unlikely.

(5) Related-Party Transactions and Party in Interest Transactions

Certain Plan investments are shares of common / collective trusts, pooled separate accounts and guaranteed interest contracts managed by Principal Life Insurance Company (Principal). Principal is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan made direct payments to Principal of approximately \$150,900 for the year ended December 31, 2025, which was not covered by revenue sharing. The Plan Sponsor pays directly other fees related to Plan operations.

(6) Plan Termination

On April 7, 2026, the Employer and Plan Administrator of the Veenstra & Kimm, Inc. Profit Sharing Plan, determined that it would merge the Veenstra & Kimm, Inc. Profit Sharing Plan with The Kleinfelder Group, Inc. 401(k) Plan. The effective date of the merger will be January 1, 2027. After completion of the merger and transfer of the Veenstra & Kimm, Inc. Profit Sharing Plan's assets and liabilities, the Veenstra & Kimm, Inc. Profit Sharing Plan will be terminated.

(7) Tax Status

The Plan is based on a prototype plan which has received a letter from the Internal Revenue Service stating that the prototype Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue (IRC). Although the Plan has been amended since receiving the letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

VEENSTRA & KIMM, INC. PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2025 and 2024

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonable that changes in the values of these investment securities will occur in the near term, and such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(9) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

VEENSTRA & KIMM, INC. PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2025 and 2024

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used on December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are shown as Level 1.

Common/Collective Trust Funds: Common/collective trust funds are composed of investment contracts that are valued at the net asset value of the units of the common/collective trusts. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur immediately. If the Plan initiates a full redemption of the collective trust, no notice to the issuer is required. Investments in common/collective trust funds are not classified according to fair value hierarchy, in accordance with ASU 820, as the net asset value is used as a practical expedient to value the investment.

Pooled Separate Accounts: The net asset value is used as a practical expedient to determine fair value for all pooled separate accounts. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Each pooled separate account provides for redemptions by the Plan at the net asset value per share, with no advance notice requirement. Investments in pooled separate accounts are not classified according to fair value hierarchy, in accordance with ASU 820, as the net asset value is used as a practical expedient to value the investment.

Guaranteed Interest Contracts: Guaranteed interest contracts are valued at fair value by Principal by using the discontinuance value, which is the value Plan participants will receive if they transfer or surrender their funds out of the guaranteed interest contracts. This can be in the form of account value less either a market value adjustment which moves with market interest rates or a flat discontinuance charge. In determining the reasonableness of the methodology, the Plan's trustees evaluate a variety of factors including review of existing contracts, economic conditions, industry developments, and overall credit ratings. Certain unobservable inputs are assessed through review of the contract terms while others are substantiated utilizing available market data.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
