Plan Management
401(k) Profit Sharing Plan for Employees of Rulon Company
St. Augustine, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements for the 401(k) Profit Sharing Plan for Employees of Rulon Company, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit for the 401(k) Profit Sharing Plan for Employees of Rulon Company's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (Mutual of America Life Insurance Company).

Management has obtained a certification from Mutual of America Life Insurance Company as of December 31, 2025 and 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the 401(k) Profit Sharing Plan for Employees of Rulon Company and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the 401(k) Profit Sharing Plan for Employees of Rulon Company's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the 401(k) Profit Sharing Plan for Employees of Rulon Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the 401(k) Profit Sharing Plan for Employees of Rulon Company's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment

information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) Profit Sharing Plan for Employees of Rulon Company

Notes to Financial Statements
For the Years Ended December 31, 2025 and 2024

Note A - Description of Plan

The following description of the 401(k) Profit Sharing Plan for Employees of Rulon Company ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was formed on January 1, 2001 by Rulon Company, (the "Employer" and "Plan Sponsor") and is a defined contribution plan with a 401(k)-provision covering all employees, as defined in the Plan document, with no age or service requirements. Employees are eligible on the first day of the following month after employment commences to make salary deferrals. The Company may also make profit sharing contributions to the Plan for participants who met the deferral eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Effective July 1, 2019, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan, subject to limitations imposed by the Internal Revenue Code. Previously, participants could contribute up to 90 percent of pretax annual compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct their accounts into various investment options offered by the Plan. Contributions are subject to certain limitations. Effective July 1, 2019, the Plan has an auto-enrollment provision whereby all eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1% of eligible compensation, increasing 1% each year thereafter up to a maximum of 10%.

The Company may decide to make a matching contribution to the Plan, although they are not required to make this contribution. If a matching contribution is made, an employee must make elective deferrals in order to receive this matching contribution. The percentage of elective deferrals to be matched will be determined by the Company and allocated to participants at the end of the plan year. For the years ended December 31, 2025 and 2024, the Company made a matching contribution of 3% of the employee's gross wages. The maximum match in any calendar year is \$1,500.

In addition to the employer's matching contribution, the Company each year may elect to make a non-elective contribution to the Plan's profit sharing feature at the option of the Company's Board of Directors. For eligible participants, this non-elective contribution would be based on the percentage of compensation. For the years ended December 31, 2025 and 2024, the Company did not elect to make a non-elective contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of employer-provided contributions and Plan earnings. Allocations are based on participant earnings, participant contributions, or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant contributions are 100% vested. Vesting in the Plan's matching contribution or the Plan's discretionary non-elective contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants are 100% vested after three years of credited service. Participants are 100% vested upon retirement due to disability, upon death, and upon termination of the Plan.

Notes to Financial Statements
For the Years Ended December 31, 2025 and 2024

Note A - Description of Plan (continued)

Investment Options

Participants may direct contributions to any of the investment options offered by the Plan. The investment options include pooled separate accounts and insurance company general accounts. The fund values are computed daily by the custodian and reflect changes in the unit values of the investments.

Notes Receivable from Participants

Participants can borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000, or 50% of their vested account balance. Note terms range from one to five years. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan sponsor. Interest rates of the remaining loans are 4.25%-9.5%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. For termination of service due to death, disability or retirement (age 65), a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If a participant terminates employment and the participant's account balance was never greater than \$1,000, the plan administrator can authorize the benefit payment without the participant's consent. Participants may receive in-service distributions of their salary deferral account once they attain age 59½ and of their employer contribution account once they attain age 65. The Plan provides for hardship withdrawals under the provisions of the Internal Revenue Code.

Hardship Withdrawal

A participant can withdraw from the Plan, part or all the participant's contributions for a financial hardship. The Trustees shall determine what portion of such account balance is necessary to alleviate the hardship. A financial hardship must be one of the reasons specified below:

1. Medical expense incurred or previously incurred by the participant, the participant's spouse, any dependents of the participant, or beneficiaries of the participant;
2. The purchase (excluding mortgage payments) of a principal residence of a participant;
3. Certain educational expenses for the participant, his or her spouse, or dependents of the participant;
4. The need to prevent the eviction of the participant from his or her principal residence or foreclosure on the mortgage of his or her principal residence;
5. Burial or funeral expenses for the participant's deceased parent, spouse, children, dependents, or beneficiaries;
6. Expenses for the repair of damage to the participant's principal residence that would qualify for the casualty deduction under Section 165 of the Internal Revenue Code; or
7. Expenses for disasters arising from federally declared disaster, provided your principal residence or place of employment was in an area FEMA designates as qualifying for individual assistance.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited non-vested accounts totaled \$137 and \$517, respectively. These accounts can be used to reduce future Employer's contributions or pay for Plan expenses. During the year ended December 31, 2025, \$39,211 was paid from forfeited non-vested accounts to fund employer match contributions.

Notes to Financial Statements
For the Years Ended December 31, 2025 and 2024

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Participant Contributions Receivable

Participant contributions receivable represent participant deferrals withheld prior to December 31, 2025 and 2024. The balance is based on actual collections subsequent to year end. Based on a review of historical losses, current economic conditions and supportable and reasonable forecast assumptions, management has concluded that any expected credit losses on balances outstanding at year end will be immaterial. Participant contributions receivable at December 31, 2025 and 2024 were \$0.

Employer Contributions Receivable

Employer contributions receivable represent employer matching contributions related to participant deferrals withheld prior to December 31, 2025 and 2024, as well as a discretionary profit-sharing contributions which are approved during the years then ended, respectively. The balance is based on actual collections subsequent to year end. Based on a review of historical losses, current economic conditions and supportable and reasonable forecast assumptions, management has concluded that any expected credit losses on balances outstanding at year end will be immaterial. Employer contributions receivable at December 31, 2025 and 2024 were \$0.

Withdrawals and Exchanges

Withdrawals and exchanges between investment fund options by participants are recorded based upon the specific proceeds and cost of the investment at the date of withdrawal or exchange.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Note B - Summary of Significant Accounting Policies (continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Note C - Investments

Unaudited Information Certified by the Plan Custodian

The December 31, 2025 and 2024 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The Plan's investments were held in custodial accounts maintained by Mutual of America Life Insurance Company for the years ended December 31, 2025 and 2024. The Plan administrator obtained a certification from the custodian as of December 31, 2025 and 2024 years ended from Mutual of America Life Insurance Company. The information certified includes total investments and cash of \$9,121,544 and \$7,569,893 as of December 31, 2025 and 2024, respectively, and related total net investment gain of \$1,113,066 for year ended December 31, 2025.

Note D - Fair Value Measurements

FASB ASC Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

401(k) Profit Sharing Plan for Employees of Rulon Company

Notes to Financial Statements
For the Years Ended December 31, 2025 and 2024

Note D - Fair Value Measurements (continued)

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used to maximize the use of observable inputs and minimize the use of unobservable measurements.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled Separate Accounts - These investments are public investment vehicles valued at the net asset value ("NAV") of units of a trust. NAV, as provided by the administrator of the fund, is used as a practical expedient to estimate fair value and is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Transactions (purchases and sales) may occur daily. Investments measured at fair value based on NAV practical expedient are excluded from the fair value hierarchy.

As of December 31, 2025					Total Fair Value
	Level 1	Level 2	Level 3	Other **	
Pooled Separate Accounts	\$ -	\$ -	\$ -	\$8,796,176	\$8,796,176

As of December 31, 2024					Total Fair Value
	Level 1	Level 2	Level 3	Other **	
Pooled Separate Accounts	\$ -	\$ -	\$ -	\$6,994,316	\$6,994,316

** Certain investments that are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of Plan net assets available for benefits. There are no unfunded commitments, redemption frequency is allowed daily, and there is no redemption notice period.

Note E - Investment at Contract Value

The Plan offers a fully benefit-responsive guaranteed interest account, with a guaranteed interest rate which is credited to contributions for the term of the certificates, provided that contributions are held until the certificate maturity date. A minimum guaranteed interest rate is set by the Custodian for each guaranteed interest account, with the yearly minimum guaranteed interest rate never to be less than 0%. The Custodian maintains the contributions in a general account. Principal contributions made are guaranteed and not subject to invasion for any charges or fees under the contract. The account is credited with interest on the underlying investments on a daily basis and charged for participant withdrawals and administrative expenses. The funds are included in the financial statements' contract

Note E - Investment at Contract Value (continued)

value as reported to the Plan by the Custodian. The average credited rate yields based on actual earnings for the contract for the year ended December 31, 2025 was 2.65%. Certain events limit the Plan's ability to transact at contract value with Mutual of America Life Insurance Company. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation.

The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note F - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note G - Income Tax Status

The master prototype plan from which the Plan was drafted has received a favorable determination from the Internal Revenue Service on November 30, 2020. Although the Plan has been amended since receiving the determination letter, the Plan Sponsor believes the Plan is designed and currently being operated in compliance with all applicable provisions of the Internal Revenue Service Code. Therefore, management believes that the Plan is qualified and that the related trust is exempt from taxation under the Internal Revenue Code.

Note H - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes to Financial Statements
For the Years Ended December 31, 2025 and 2024

Note I - Related Party and Party-in-Interest Transactions

Certain Plan investments are held in proprietary investment funds and a guaranteed interest account offered by Mutual of America Life Insurance Company, the Plan's custodian and recordkeeper. These investments are parties in interest as defined by ERISA and are identified as such in the accompanying Schedule H, Item 4i - Schedule of Assets (Held at End of Year).

The Plan also provides participant loans, which are secured by participants' vested account balances. Notes receivable from participants are considered party-in-interest transactions under ERISA; however, they are specifically exempt from the prohibited transaction provisions of ERISA and the Internal Revenue Code when made in accordance with the Plan document and applicable law.

Certain administrative expenses are paid by the Plan Sponsor on behalf of the Plan. Such expenses are excluded from these financial statements.

Note J - Subsequent Events

Subsequent events have been evaluated through July 27, 2026, the date the financial statements are available to be issued.
