Savings Plan of The Newtron Group, L.L.C. and Subsidiaries
Baton Rouge, Louisiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Savings Plan of The Newtron Group, L.L.C. and Subsidiaries (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Respectfully submitted,

SAVINGS PLAN OF THE NEWTRON GROUP, L.L.C. AND SUBSIDIARIES

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

Note 1 - Description of Plan -

The following brief description of the Savings Plan of The Newtron Group, L.L.C. and Subsidiaries (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

Description of Plan

The Newtron Group, L.L.C. and its Subsidiaries (the Companies) have a defined contribution plan covering all employees not covered by a collective bargaining agreement. Upon hire, the employees are eligible to enter the Plan. There are no age or service requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Management of the Companies, through an Investment Committee, oversees governance of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions

Participants may contribute a percentage of their annual compensation as defined in the Plan up to a maximum amount set by the Internal Revenue Service each year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Companies may make a discretionary matching contribution to participants of the Plan as determined annually by the Companies' management. For the years ended December 31, 2025 and 2024, the Companies matched 100% of participant contributions for each pay period until the maximum match of \$2,000 was met for each respective plan year.

Participant Accounts

Each participant's account is credited or charged with the participant's contribution, the Companies' matching contribution, an allocated portion of the Plan's earnings or losses, and certain Plan administrative costs. Allocations are based upon participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Companies' contributed portion of each participant's account is based on a graduated schedule beginning at 20% vesting after one year of continuous service and becoming fully vested after five years of service. Participants are automatically vested 100% upon death, disability or retirement.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years unless the loan is used to buy a principal residence for the participant. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Interest rates range from 4.25% to 9.50%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability or retirement, participants or their beneficiaries may elect to receive a lump-sum payment equal to the value of their vested account balance.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited non-vested accounts totaled \$20,167 and \$28,376, respectively. These accounts will be used to reduce future employer contributions and to pay administrative expenses not covered by the Plan sponsor. In 2025, forfeited nonvested accounts were used to reduce employer contributions and administrative expenses by \$-0- and \$116,765, respectively. The balance of the forfeitures as of December 31, 2025 was used before the end of April 2026.

Note 2 - Summary of Accounting Policies -

Basis of Accounting

The financial statements of the Plan are prepared in accordance with the accrual basis of accounting. At December 31, 2025 and 2024, all assets are participant directed.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. As of December 31, 2025 and 2024, the Plan had no fully benefit-responsive investment contracts.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates, and such differences may be material.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management of the Companies, through an Investment Committee, determines the Plan's valuation policies utilizing information provided by the Plan trustees. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis of accounting. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes gains and losses on investments sold during the year as well as appreciation and depreciation of the investments held at the end of the year. Benefits are recorded when paid.

Contributions

Contributions from the Plan participants and matching contributions from the Companies are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. There were no deemed distributions during the year ended December 31, 2025.

Risks and Uncertainties

The Plan provides for various investment options in any combination of selected funds held by the trustee. These funds are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with investments, it is at least reasonably possible that changes in the values of these funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Excess Contributions Payable

Contributions received from participants for the years ended December 31, 2025 and 2024 are net of payments of \$99,564 and \$219,861, respectively, which were subsequently made to certain active participants to return excess contributions as required to satisfy the relevant non-discrimination provisions of the Plan. These amounts are also included in the Statements of Net Assets Available for Benefits as excess contributions payable at December 31, 2025 and 2024. The Plan distributed the 2025 excess contributions to the applicable participants before March 15, 2026.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Companies and are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of investments.

Reclassifications

Certain items in the 2024 financial statements may have been reclassified to conform to the presentation in the current year financial statements. Such reclassifications had no effect on the previously reported changes in net assets available for benefits.

Subsequent Events

The Plan evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through June 23, 2026, the date which the financial statements were available to be issued.

Note 3 - Plan Termination -

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 4 - Tax Status -

The Companies have adopted a prototype plan which received a favorable determination letter from the Internal Revenue Service and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations for years prior to 2022.

Note 5 - Fair Value Measurements -

The fair value measurement accounting literature provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels. Level 1 inputs to the valuation methodology are based on unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access. Level 2 inputs are based primarily on quoted prices for similar assets in active or inactive markets and/or based on inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 inputs are unobservable and are based on assumptions market participants would utilize in pricing the asset.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Guaranteed Interest Account - Guaranteed investment contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yield of similar instruments with comparable durations considering the creditworthiness of the issuer.

Pooled Separate Accounts - Pooled separate accounts invest mainly in mutual funds, stock and other separate accounts. The fair value of the funds that invest in mutual funds is a publicly quoted pricing input (level 1) and is used in determining the NAV of the pooled separate account.

Mutual Funds - These funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Guaranteed Interest Account	\$ -	\$ -	\$ 2,096,241	\$ 2,096,241
Mutual Funds	103,156,674	-	-	103,156,674
Pooled Separate Accounts	25,783,180	-	-	25,783,180
Total Assets in the Fair Value Hierarchy	<u>\$ 128,939,854</u>	<u>\$ -</u>	<u>\$ 2,096,241</u>	<u>\$ 131,036,095</u>
	Assets at Fair Value as of December 31, 2024

Total Assets in the Fair Value Hierarchy	<u>\$ 110,610,527</u>	<u>\$ -</u>	<u>\$ 3,837,976</u>	<u>\$ 114,448,503</u>

For the years ended December 31, 2025 and 2024, there were no significant transfers between Levels 1, 2, and 3.

The following table reconciles the beginning and ending balances of fair value measurements using significant unobservable inputs (Level 3) for the years ended December 31, 2025 and 2024:

	2025	2024
Beginning Balance	\$ 3,837,976	\$ 3,593,776

Interest Credited	101,728	182,712

<u>\$ 13,413</u>	<u>\$ 25,942</u>
------------------	------------------

Gains and losses (realized and unrealized) included in the changes in net assets available for benefits for the year ended December 31, 2025 are reported in investment income as part of net appreciation (depreciation) in fair value of investments.

Note 6 - Information Prepared and Certified by the Trustees -

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Principal Life Insurance Company and Principal Trust Company, the trustees.

	2025	2024
Investments at Fair Value:		
Guaranteed Interest Account	\$ 2,096,241	\$ 3,837,976
Pooled Separate Accounts	25,783,180	32,226,529
Mutual Funds	103,156,674	78,383,998
	<u>\$ 131,036,095</u>	<u>\$ 114,448,503</u>
Notes Receivable from Participants	<u>\$ 3,787,918</u>	<u>\$ 3,495,122</u>
Investment Income	<u>\$ 17,079,278</u>	
Interest Income on Notes Receivable from Participants	<u>\$ 325,812</u>	

Note 7 - Party-In-Interest Transactions -

Certain plan investments including guaranteed interest accounts and pooled separate accounts are managed by an affiliate of Principal Life Insurance Company. Since Principal Life Insurance Company is the Trustee as defined by the Plan, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation

(depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Companies pay directly certain administrative expenses of the Plan.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 8 - Reconciliation of Financial Statements to Schedule H of Form 5500 -

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024 to Schedule H of Form 5500:

	<u>2025</u>	<u>2024</u>
