INDEPENDENT AUDITOR'S REPORT

To the Employee Stock Ownership Plan Committee
Van Meter Industrial, Inc. Employee Stock Ownership Plan
Cedar Rapids, Iowa

Opinion

We have audited the accompanying financial statements of Van Meter Industrial, Inc. Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Van Meter Industrial, Inc. Employee Stock Ownership Plan (the Plan) as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule 1, as of December 31, 2025 is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

VAN METER INDUSTRIAL, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

Note 1 DESCRIPTION OF THE PLAN

The following brief description of the Van Meter Industrial, Inc. Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

GENERAL

Van Meter Inc. (the Sponsor) established the Van Meter Industrial, Inc. Employee Stock Ownership Plan effective as of January 1, 1993. As of January 1, 2017, the Plan was amended and restated. The Plan operates as a leveraged employee stock ownership plan (ESOP), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Employee Stock Ownership Plan Committee comprised of persons appointed by the Sponsor's Board of Directors. The trust department of an independent third-party bank in the Plan's Trustee.

The Plan purchased common stock of the Sponsor using the proceeds of loans from a bank (see Note 5) guaranteed by the Sponsor, and holds the common stock in a trust established under the Plan. The borrowings are to be repaid over various periods of time by fully deductible Sponsor contributions to the trust fund. As the Plan makes payments of principal, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the IRC.

The borrowings are collateralized by the unallocated shares of common stock and is guaranteed by the Sponsor. The lender has no rights against shares of common stock once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of and for the years ended December 31, 2025 and 2024, present separately the assets and liabilities and changes therein pertaining to:

1. The accounts of employees with rights in allocated common stock (allocated), and
2. Common stock not yet allocated to employees (unallocated).

ELIGIBILITY

Employees of the Sponsor are generally eligible to participate in the Plan after they have attained age 18. Participants who do not have at least 1,000 hours of service during such plan year or are not employed on the last working day of a plan year are generally not eligible for an allocation of Sponsor contributions for such year.

CONTRIBUTIONS

The Sponsor is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loans. Employees are not permitted to make contributions.

PAYMENT OF BENEFITS

Distributions on account of death, disability, or retirement are made in a lump sum as soon as possible following the event. Distributions for other separations from service commence in the Plan year following the separation that are made in a lump sum, as defined in the Plan. The amount to be distributed is based upon the immediately preceding valuation date. Distributions are made in cash or, if a participant elects, in the form of Sponsor common stock plus cash for any fractional share of common stock.

VAN METER INDUSTRIAL, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

Under the provisions of the Plan, the Sponsor is obligated to repurchase participant shares which have been distributed under the terms of the Plan as long as the shares are not publicly traded or if the shares are subject to trading limitations.

VOTING RIGHTS

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such voting rights are to be exercised. The Trustee is not permitted to vote any allocated shares for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

PARTICIPANT ACCOUNTS

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Sponsor's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible employees of the Sponsor as of the last day of the plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance to all account balances.

VESTING

If a participant's employment with the Sponsor ends for any reason other than retirement, disability, or death, he or she will vest in the balances in his or her account based on total years of service with the Sponsor.

Participants vest after two years of service at a rate of 20 percent per year and are 100 percent vested after 6 years of service.

PUT OPTION

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Sponsor buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current value of the stock. The Sponsor can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

DIVERSIFICATION

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Sponsor common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six year period. In each of the first five years, a participant may diversify up to 25 percent of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent, less any shares previously diversified. The Plan extends additional diversification to all the participants who have completed 10 years of participation in the Plan. Participants who are at least age 28 with 10 years of participation in the Plan may elect to diversify up to 25 percent of shares allocated to his or her account. Participants who reach age 60

VAN METER INDUSTRIAL, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS

with 10 or more years of participation in the Plan may elect to diversify up to 50 percent of shares allocated to his or her account. Participants who elect to diversify may transfer the cash value of shares allocated to his or her account to an eligible retirement plan or by having such value distributed to the participant in cash. The election to diversify is made subsequent to year-end based upon the shares of employer stock in the participants account at year-end.

FORFEITURES

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the plan year. Forfeitures of terminated nonvested account balances allocated to remaining participants at December 31, 2025 and 2024, totaled \$1,370,081 and \$957,387, including Sponsor common stock of 608 shares and 549 shares at fair market value, respectively.

Note 2 SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

ALLOCATIONS

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock ("allocated") and (b) stock not yet allocated to employees ("unallocated"), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

INVESTMENT VALUATION AND INCOME RECOGNITION

The shares of Sponsor common stock are valued at fair value. See Note 4 for discussion of fair value measurements. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

OPERATING EXPENSES

All expenses of maintaining the Plan are paid by the Sponsor.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

Note 3 INVESTMENTS

The Plan's investments in Van Meter Inc. common stock as of December 31, are presented in the following table:

	2025		2024	
	Allocated	Unallocated	Allocated	Unallocated
Number of shares	151,361	212,461	157,098	218,753
Cost	\$29,790,526	\$60,880,420	\$26,610,755	\$60,968,642
Estimated fair value	\$336,506,754	\$472,344,899	\$273,927,428	\$381,433,691

Note 4 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 as described below:

Level 1- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2- Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets,
- Quoted prices for identical or similar assets or liabilities in inactive markets,
- Inputs other than quoted prices that are observable for the asset or liability,
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3- Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	Level 3	
	2025	2024
Investment in Van Meter Inc. common stock	\$808,851,653	\$655,361,119

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the years ended December 31:

	2025	2024
Balance, beginning of year	\$655,361,119	\$589,927,499
Redemption of stock	(24,263,076)	(40,766,370)
Common stock contribution	3,286,637	6,170,851
Unrealized gains relating to assets still held at the reporting date	174,466,973	100,029,139
Balance, end of year	<u>\$808,851,653</u>	<u>\$655,361,119</u>

Gains and losses (realized and unrealized) included in changes in net assets for the years above are reported in net appreciation and depreciation in fair value of investments in the statements of changes in net assets available for benefits.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Investment in Van Meter Inc. common stock: The Van Meter Inc. common stock held by the Plan is reported at fair value based upon an appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years as illustrated in the following table:

Description	2025 Fair Value	2024 Fair Value	Valuation Techniques	Unobservable Input
Van Meter Inc. common stock	\$808,851,653	\$655,361,119	Income	EBITDA
				Net income
				Weighted average cost of capital
				Discount rate
				Discount for lack of marketability
			Market	Public comparables
				Merger & Acquisition
				Revenue multiple
				EBITDA multiple
				Discount for lack of marketability

The valuation process involves the Employee Stock Ownership Plan Committee's selection of an independent appraiser. Plan management accumulates the data for the appraiser from historical and projected financial information of the Sponsor. The appraiser prepares a preliminary report which the Employee Stock Ownership Plan Committee along with the trustee's review, in detail, discusses and approves. The results of this process are documented in the Employee Stock Ownership Plan Committee minutes.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 NOTES PAYABLE

The Plan has entered into various term loan agreements with the Sponsor. The proceeds of the loans were used to purchase shares of the Sponsor common stock. Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral, times the ratio of the current year payments divided by the total of this year's payments, plus all future years' principal and interest payments. This resulted in shares being released and allocated for the Plan years. There were 6,293 shares released and allocated for the Plan years ended December 31, 2025 and 2024. As reflected below:

<u>Issuance Date</u>	<u>Shares</u>	<u>Share Value at Issuance</u>	<u>Note Interest Rate</u>	<u>Annual Note Payment</u>	<u>Term Date</u>
January 1, 2005 *	439,170	\$6,157,163	2.60%	\$135,039	December 2056
Year ended December 31, 2017	20,000	7,936,400	2.64%	323,656	December 2057
Year ended December 31, 2018	20,000	8,524,800	3.31%	387,615	December 2058
Year ended December 31, 2022	38,500	33,457,655	4.34%	1,649,561	December 2072
Year ended December 31, 2023	10,500	11,012,085	5.03%	606,165	December 2073

* Restructured November 15, 2017

The remaining balance of the notes payable totaled \$61,252,528 and \$61,846,379 at December 31, 2025 and 2024, respectively. At December 31, 2025, future maturities of the note payable were as follows:

<u>Year Ending December 31</u>	
2026	\$615,320
2027	637,608
2028	660,747
2029	684,772
2030	709,718
Thereafter	<u>57,944,363</u>
	<u><u>\$61,252,528</u></u>

Note 6 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in Sponsor common stock and is indebted to the Sponsor. These are related party and party-in-interest transactions. As described in Note 1, the Sponsor pays all expenses. The Plan has a number of service providers. Such providers are parties-in-interest under ERISA.

Note 7 RISKS AND UNCERTAINTIES

The Plan investments consist primarily of the Sponsor's common stock, which is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 8 PLAN TERMINATION

The Sponsor reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, the Employee Stock Ownership Plan Committee directs the Trustee to pay all liabilities and expenses of the ESOP and to sell shares of financed common stock held as collateral to the extent it determines such sale to be necessary in order to repay the loan. Subsequently, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC.

Note 9 TAX STATUS

The Plan has received a determination letter from the IRS dated March 27, 2018, stating that the Plan is qualified under the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes that the Plan is currently designed and being operated, in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability of the organization has taken a significant uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
