Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Commodore Builders LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Commodore Builders LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Commodore Builders LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Commodore Builders LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Commodore Builders LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Commodore Builders LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500 – Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

COMMODORE BUILDERS LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025

Note 1 – Description of Plan

The following description of the Commodore Builders LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution retirement plan covering all eligible employees of Commodore Builders LLC (the “Company”). The Plan covers employees of the Company who have attained the age of 21 and are not nonresident aliens or covered by collective bargaining agreements. Upon meeting the eligibility requirements, an employee is eligible to be enrolled into the Plan on the next entry date, which is defined as the first day of the calendar month following the date on which these requirements are satisfied. The Plan is subject to the provisions of the Internal Revenue Code of 1986, and ERISA. The Board of Trustees oversees governance of the Plan. The Plan’s investment offerings, monitors investment performance, and reports to the Plan’s Board of Trustees.

Contributions – Each year, participants may contribute to the Plan an amount up to 100% of their pretax annual eligible compensation as defined by the Plan, subject to certain Code limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (“rollover”) provided such contributions do not impact the tax status of the Plan. The Plan provides that participants who are projected to be age 50 or older by the end of the calendar year are permitted to make additional catch-up contributions subject to Code limitations.

The Company may make employer discretionary matching and nonelective employer contributions as declared by its Board of Trustees. For the years ended December 31, 2025 and 2024, the Company’s employer discretionary matching contributions were 100% of the first 3% of eligible compensation, as defined by the Plan. The total employer matching contribution was \$523,273 and \$589,741, for the years ended December 31, 2025 and 2024, respectively. Employer discretionary matching contributions are subject to certain limitations under the Code. For the year ended December 31, 2025, there were no nonelective employer contributions.

Participant Accounts – Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contributions, (b) Plan earnings or losses, and (c) forfeitures of terminated participants’ nonvested accounts and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings, deferrals or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants are vested immediately in participant and rollover contributions plus actual earnings thereon. Participants are vested in the Company’s employer discretionary matching and nonelective employer contributions plus actual earnings thereon based on years of continuous service as follows:

Less than two years	0%
Less than three years and more than two years	20%
Less than four years and more than three years	40%
Less than five years and more than four years	60%
Less than six years and more than five years	80%
More than six years	100%

NOTES TO FINANCIAL STATEMENTS – CONTINUED

Note 1 – Description of Plan – Continued

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, whichever is less. Loan terms range from one month to five years or one year to thirty years for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at a range of 4.25% - 9.50% as of December 31, 2025 and 2024, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits – Upon a participant's retirement, termination of employment, death or permanent or total disability, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In addition, a participant may elect to withdraw all or part of his or her account after attaining age 59½, or in the case of immediate and heavy financial need, subject to certain limitations as defined by the Plan.

Forfeited Accounts – At December 31, 2025 and 2024, forfeited non-vested accounts totaled \$3,233 and \$206,726, respectively. Forfeitures of the non-vested portion of withdrawing employees' accounts are used for (a) plan administrative fees and (b) used to reduce employer contributions for the plan year. During the years ended December 31, 2025 and 2024, forfeitures of \$283,910 and \$118,942, were utilized for reducing employer contributions.

Note 2 – Summary of Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowances for credit losses have been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

COMMODORE BUILDERS LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2025

Note 2 – Summary of Accounting Policies – Continued

Payment of Benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

Date of Management's Review of Subsequent Events – These financial statements have been updated for subsequent events occurring through July 7, 2026, which is the date the financial statements were available to be issued.

Note 3 – Certified Investments

Plan investments, investment income, and investment transactions were certified by Fidelity Management Trust Company ("Fidelity") and Voya Retirement Insurance and Annuity Company ("Voya"). Therefore, in accordance with the request of the plan administrator and as allowed under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

COMMODORE BUILDERS LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2025

Note 4 – Fair Value Measurements – Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds and Money Market Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds (level 1) held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 5 – Guaranteed Income Fund

The Plan's guaranteed income fund is an investment contract with an insurance company, which is renewed annually. The issuing insurance company is Voya. The contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged with plan withdrawals and administrative expenses. The guaranteed income fund, Voya Fixed Account, has no stated maturity and has a contract value of \$32,038 and \$42,722, as of December 31, 2025 and 2024, respectively. Interest rates are reset at least annually, during which a new interest rate is applied daily to the total outstanding balance of the investment.

The guaranteed income fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. As described in Note 2, because the guaranteed income fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed income fund. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on the formula agreed upon with the issuer. Such interest rates are reviewed at least annually for resetting.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other Company sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The contract does not have the option to be terminated by the issuer at an amount less than contract value.

COMMODORE BUILDERS LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2025

Note 6 – Related Party Transactions and Party in Interest Transactions

The investments of the Plan are managed by Voya and Fidelity, which qualify as exempt party-in-interest transactions, as defined by ERISA. The Plan issues loans to participants, which are secured by the balances in the participants' accounts and qualify as an exempt party-in-interest transaction, as defined by ERISA. Lastly, the Company paid administrative expenses of \$29,408 and \$14,323, for the years ended December 31, 2025 and 2024, respectively, to the Plan, which qualifies as an exempt party-in-interest transaction, as defined by ERISA.

Fidelity provides certain administrative services to the Plan pursuant to a services agreement between the Company and Fidelity. Fidelity receives revenue from mutual fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan.

If the revenue received by Fidelity from such mutual fund service providers exceeds the amount owed under the services agreement, Fidelity remits the excess to the participants of the Plan. Such amounts may be applied to pay plan administrative expenses or allocated to the accounts of the participants. If revenue sharing is insufficient to cover the fees due under the service agreement, the Plan or the Company may make additional payments to Fidelity.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions. Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such a manner as the Company may determine.

Note 8 – Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since the date of the determination letter, the Plan administrator believes that the Plan is designed, and currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audit by tax authorities; however, there are currently no audit for any tax periods in progress.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
