Independent Auditor's Report

Plan Administrator
CrossCountry Consulting 401(k) P/S Plan
McLean, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of CrossCountry Consulting 401(k) P/S Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For

information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CrossCountry Consulting 401(k) P/S Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the CrossCountry Consulting 401(k) P/S Plan (the Plan) provides general information about the Plan's provisions. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering substantially all employees of CrossCountry Consulting, LLC (the Company or Employer) who have met the eligibility requirements. The Plan allows all employees who have otherwise met the eligibility requirements to participate in the Plan regardless of age. Hourly and temporary employees must have 12 months of service to become eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was originally effective April 1, 2011, and most recently restated effective January 3, 2022. The Company oversees the Plan's operations, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Effective March 1, 2026, the Plan was amended to permit the employees of CNM Advisory, LLC to participate in the Plan. Effective June 1, 2026, the employees of CNM Advisory LLC became employees of CrossCountry Consulting, LLC and the Plan was further amended to remove CNM as a participating employer at that time.

Trustee, Custodian and Administration of the Plan

Fidelity Management Trust Company (FMTTC) is the trustee and custodian of the Plan, and Fidelity Workplace Services LLC, for which FMTTC serves as Trustee (collectively, Fidelity), is the recordkeeper of the Plan. The administrator of the Plan is the Company. Fidelity holds all assets of the Plan in accordance with the service provider contract with the Company. The Company's management is responsible for oversight of the Plan, including determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions

Each year, participants may contribute up to 90% of annual compensation, as defined in the Plan, through pre-tax and/or Roth deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to 90% of annual compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). The Company may also make a discretionary matching contribution. During 2025, the Company contributed 100% of the first 1% then 50% of the next 5% for a total match of 3.5% when a participant contributes at least 6% of eligible compensation. The Company may choose to provide a discretionary profit-sharing contribution to eligible employees, as defined. No such contributions were provided during the year ended December 31, 2025.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a collective trust fund as investment options for participants. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

CrossCountry Consulting 401(k) P/S Plan

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contributions, including amounts rolled over from other qualified plans, and the Company's discretionary matching and profit-sharing contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary and rollover contributions and Company matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary profit-sharing contributions is based on years of continuous service. A participant is 25% vested after one year of credited service, 50% vested after two years, 75% vested after three years, and 100% vested after four years of credited service in these contributions.

Notes Receivable from Participants

Participants may borrow from their vested account balance a minimum of \$1,000, up to a maximum equal to the lesser of (i) \$50,000, or (ii) 50% of their account balance reduced by the excess of the participant's highest outstanding note balance during the previous 12 months over the outstanding loan balance, if any, on the date the note is made. Loan terms range from one to five years, except for the purchase of a principal residence in which case the loan term may be greater than five years, but not to exceed 30 years. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through semi-monthly payroll deductions. Also, each participant may only have one loan outstanding at any time. These loans are subject to certain restrictions as defined by the Plan Document and applicable restrictions under the Internal Revenue Code (IRC).

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant becomes fully vested in their account and may receive a lump-sum amount equal to the value of the participant's account. For termination due to other reasons, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

In certain hardship situations, participants may withdraw part of their account balances while actively employed.

The Plan provides for involuntary distribution of account balances for terminated participants with account balances of less than \$1,000. Participant accounts of terminated participants with balances over \$1,000 are automatically rolled into an IRA account if the participant does not elect payment.

The Plan also provides for minimum required distributions per the IRC.

CrossCountry Consulting 401(k) P/S Plan

Notes to Financial Statements

Forfeitures

At December 31, 2025 and 2024, forfeited accounts totaled \$221 and \$2, respectively. Forfeited accounts are utilized first to reduce Plan expenses and second to reduce employer contributions. Forfeitures totaling \$1,940 and \$124 were used to reduce employer contributions and Plan expenses, respectively, during the year ended December 31, 2025.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from estimated amounts.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan's shares of mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The investment in the collective trust is valued at the NAV of units of the collective trust fund. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less their liabilities. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust funds, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The investment is a direct filing entity and there are no unfunded commitments.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of

CrossCountry Consulting 401(k) P/S Plan

Notes to Financial Statements

different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balances plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, a qualified institution.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.

CrossCountry Consulting 401(k) P/S Plan

Notes to Financial Statements

- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2025 or 2024.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2025

	Level 1	Level 2	Level 3	Total
Investments by fair value level:				
Mutual funds	\$ 115,309,206	\$ -	\$ -	\$ 115,309,206
Total Investments, at fair value	\$ 115,309,206	\$ -	\$ -	115,309,206
Total Investments, measured at NAV*				360,061
Total Investments				\$ 115,669,267

December 31, 2024

	Level 1	Level 2	Level 3	Total
Investments by fair value level:				
Mutual funds	\$ 82,686,204	\$ -	\$ -	\$ 82,686,204
Total Investments, at fair value	\$ 82,686,204	\$ -	\$ -	82,686,204
Total Investments, measured at NAV*				348,999
Total Investments				\$ 83,035,203

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

CrossCountry Consulting 401(k) P/S Plan

Notes to Financial Statements

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share:

December 31,

	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2025	2024			
Fidelity MIP CL I	\$ 360,061	\$ 348,999	None	Daily	None**

** Plan level withdrawals directed by a plan sponsor must be preceded by 12 months written notice to Fidelity, (Fidelity MIP Trustee); however, the Fidelity MIP Trustee may, in its discretion, grant an earlier withdrawal.

5. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by Fidelity or its subsidiaries and affiliates. Participant loan and distribution processing fees are paid to Fidelity by participants. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

6. Income Tax Status

The Plan uses a pre-approved plan document sponsored by Fidelity Management & Research Company, who received an opinion letter from the IRS, dated June 30, 2020, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

CrossCountry Consulting 401(k) P/S Plan

Notes to Financial Statements

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to reduce or discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of full or partial plan termination, the affected participants would become 100% vested in their entire account balance.

9. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500:

<i>December 31,</i>	2025	2024
Net assets available for benefits, per the financial statements	\$ 116,703,044	\$ 83,825,134
Less: difference in fair value of collective trust per the financial statements vs. current value per the Form 5500	(11,016)	(20,990)
Net Assets Available for Benefits, per the Form 5500	\$ 116,692,028	\$ 83,804,144

The following is a reconciliation of the change in the net assets available for benefits per the financial statements to the Form 5500:

Year ended December 31, 2025

Net increase in net assets available for benefits, per the financial statements	\$ 32,877,910
Add: prior year difference in fair value of collective trust per the financial statements vs. current value per the Form 5500	20,990
Less: current year difference in fair value of collective trust per the financial statements vs. current value per the Form 5500	(11,016)
Net Income, per the Form 5500	\$ 32,887,884

10. Subsequent Events

The Plan Administrator has evaluated subsequent events through July 29, 2026 the date the financial statements were available to be issued. The Plan Administrator is not aware of any subsequent events, except as disclosed in Note 1, which would require recognition or disclosure in the financial statements.
