Independent Auditor's Report

To the 401(k) Investment Committee
Hood Packaging Corporation Savings Plan
Madison, Mississippi

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hood Packaging Corporation Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplementary Schedule Required by ERISA

The ERISA-required Supplementary Schedule H, line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and

certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary schedule, other than the information in the supplementary schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplementary schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Hood Packaging Corporation Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a safe-harbor defined contribution plan covering all employees of Hood Packaging Corporation (the Company), including those represented by a collective bargaining unit that has bargained with the Company on the subject of retirement benefits, who have completed three months of service. An employee may begin participation in the Plan on the first day of the quarter following the date on which the employee meets the requirements for eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Amendment

Effective January 1, 2023, the Hood Packaging Savings Plan was amended to include the Hood Packaging Corporation Hourly Employees 401(k) Plan, Hood Packaging Corporation Savings Plan, and Hood Corporation Savings Plan for Plant Employees into the Plan. As a result of the amendment, the Plan was renamed Hood Packaging Corporation Savings Plan.

Effective April 25, 2024, the Plan was amended to adjust the employer matching contribution for participants represented by a collective bargaining agreement to match 100 percent of participant deferrals up to 3 percent. The amendment had no significant impact on the current year Plan provisions.

Also effective April 25, 2024, the Plan was amended to include an automatic enrollment feature, whereby participants are enrolled at a rate of 3% of eligible annual compensation upon meeting the Plan's eligibility requirements, unless they affirmatively elect not to participate in the Plan.

Contributions, Rollovers and Transfers

The Plan allows for participants to make pretax contributions to the Plan subject to the limitations set forth in the Internal Revenue Code (the Code), including catch-up contributions, but not more than 75 percent of their pretax eligible annual compensation. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated fund until changed by the participant. For participants not represented by a collective bargaining agreement, the Company matches 100 percent of elective deferrals up to 3 percent of the participant's compensation and 50 percent of elective deferrals greater than 3 percent but less than or equal to 5 percent of the participant's compensation. Effective April 25, 2024, for employees covered by a collective bargaining agreement, the Company matches 100 percent of elective deferrals up to 3 percent of compensation. Additionally, the Company may choose to make a discretionary contribution to each participant's account.

There were no discretionary contributions for the years ended December 31, 2025 and 2024. Participants direct the investment of their contributions into various investments options offered by the Plan, which they may change daily.

Participants may also transfer to the Plan certain vested account balances from other qualified plans, subject to regulatory requirements. Transfers to the Plan represent distributions from other qualified plans within the controlled group. Rollovers represent distributions from qualified plans not sponsored by entities within the controlled group. Rollover contributions totaling $278,030 and $3,491,153 are included in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's discretionary contributions, Plan earnings and losses and is charged with an allocation of administrative expenses to the extent such expenses are paid by the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants not covered by a collective bargaining agreement are immediately vested in their voluntary contributions and the Company's matching contributions and allocated earnings or losses thereon.

Participants covered by a collective bargaining agreement as well as participants' interests in the Company's additional contributions, discretionary contributions and allocated earnings or losses thereon are vested as follows:

Years of Employment	Interest Vested
One year	20%
Two years	40%
Three years	60%
Four years	80%
Five or more years	100%

Notes Receivable from Participants

Participant loans are generally not permitted under the Plan's provisions. However, in connection with plan acquisitions that occurred in 2020 and 2024, certain employees who became Plan participants had outstanding participant loans under their previous employer's qualified retirement plans. To facilitate a seamless transition and preserve the continuity of loan repayment obligations, these individuals were allowed to rollover their existing loan balances into the Plan at the time of acquisition. No new participant loans were issued by the Plan outside of these specific transitional arrangements. The notes bear interest at rates ranging from 5.75 percent to 9.50 percent for the year ended December 31, 2025. Loan interest rates are set commensurate with rates available for bank loans of comparable risk with similar terms. Principal and interest is paid ratably through weekly payroll deductions for hourly employees and semi-monthly payroll deductions for salaried employees. The Plan rolled over participant loans totaling $41,642 and $60,454 for the years ended December 31, 2025 and 2024, respectively.

Payment of Benefits

Benefits are generally payable on termination, retirement, death or disability. Benefits may be paid by either a lump-sum amount equal to the value of the participant's vested interest, monthly installments over a period of time ranging from 5 to 15 years or rolled over into a qualified plan subject to regulatory requirements as elected by the participant. After attaining age 59 ½, a participant may elect to receive an in-service distribution for all or a portion of their vested balance. Hardship distributions are also available from participants' elective deferral accounts, excluding earnings on such deferrals, subject to regulatory requirements.

Forfeitures

Forfeitures, which result from participants terminating or early withdrawals from the Plan prior to fully vesting in Company discretionary and additional contributions, are used to offset Company matching contributions and pay Plan expenses. There were unallocated forfeitures of $30,385 and $10,908 as of December 31, 2025 and 2024, respectively. Additionally, there were $12,077 and $15,950 of forfeited amounts applied during the years ended 2025 and 2024, respectively, to reduce matching contributions or pay Plan expenses.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Contributions

Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which participant compensation is earned.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Realized and unrealized gains and losses in the Plan's investments are included in net appreciation of investments in the statements of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits payments are recorded upon distribution. As of December 31, 2025 and 2024, there were no participants that elected to withdraw from the Plan but had not yet been paid as of period end.

Administrative Expenses

Administrative expenses of the Plan, to the extent that the Company does not pay such expenses, are paid by the Plan. Expenses that relate to a specific participant may be assessed against such participant. Administrative expenses totaled $172,945 and $147,380 for the years ended December 31, 2025 and 2024, respectively.

3. Information Certified and Provided by Principal Life Insurance Company and Principal Trust Company

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the years ended December 31, 2025 and 2024, included throughout the Plan's financial statements and ERISA-required supplementary schedules, obtained by management and agreed to or derived from information certified as complete and accurate by Principal Life Insurance Company and Principal Trust Company (collectively, Principal), a qualified institution:

Investments, at fair value	**December 31, 2025**	December 31, 2024
Mutual funds	**$ 26,626,269**	$ 22,400,837
Pooled separate account	**-**	615,954
Collective investment trusts	**90,063,937**	80,457,626
Guaranteed interest account	**74,434**	184,550
Total Investments, at fair value	**$ 116,764,640**	$ 103,658,967

Notes receivable totaling $59,387 and $82,251 for the years ended December 31, 2025 and December 31, 2024, respectively, related to the Plan, were certified by Principal to be complete and accurate.

Principal also certified to the completeness and accuracy of $15,087,388 and $11,145,769 of net appreciation in fair value of investments and $5,377 and $2,997 of interest related to the aforementioned assets for the years ended December 31, 2025 and 2024, respectively.

4. Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are shares or units of collective investment trusts and pooled separate accounts managed by Principal. The Plan paid Principal $172,945 and $147,380 for the years ended December 31, 2025 and 2024, respectively, for certain administrative expenses. Principal is the custodian as defined by the Plan; therefore, these transactions qualify as exempt party-in-interest transactions.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to terminate the Plan at any time subject to the provisions of ERISA. If terminated, employees would become 100 percent vested in the Company contribution portion of their account, and the net assets of the Plan would be set aside for the participants' vested benefits.

6. Income Tax Status

The Plan has adopted a volume submitter plan sponsored by Principal. The volume submitter plan provider has received an advisory letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Code.

7. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) Topic 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include:
    - quoted prices for similar assets or liabilities in active markets;
    - quoted prices for identical or similar assets or liabilities in inactive markets;
    - inputs other than quoted prices that are observable for the asset or liability;
    - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

Pooled separate account: The Pooled separate account held by the Plan is invested in domestic and international stocks, mutual funds or fixed securities. These are primarily valued at NAV per share based on information reported by the investment advisor (Level 2).

Collective investment trusts: Valued at the NAV of units of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. All Common/Collective Trusts are direct filing entities. The collective investments trusts include the Principal Stable Value Z Fund (Fund), Large-Cap Growth (W Series) Class G, and Principal LifeTime Hybrid Collective Investment Trusts (CITs).

The Fund invests in conventional, synthetic and separate account investment contracts issued by life insurance companies, banks and other financial institutions. The objective of the Fund is to provide preservation of capital and relatively stable returns. The Fund is valued at NAV, as reported by investment managers of the Fund and are supported by unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date resulting in a readily determinable fair value.

Participant transactions and redemptions (purchases and sales) may occur daily. Withdrawals, other than for benefit payments and participant transfers to noncompeting options, require twelve months advance written notice. As of December 31, 2025 and 2024, there were no unfunded commitments.

CITs invest in a collective trust fund as well as a variety of separate accounts and mutual funds that seek total return consisting of long-term growth of capital and current income, consistent with the investment strategy of an investor with a specific target retirement date. These are valued at NAV per unit held by the Plan at year-end as reported by the custodians, which is based on the fair value of the underlying investments held by the fund less its liabilities.

Guaranteed interest account: A guaranteed interest account (also known as a fixed-interest account or fixed-rate account) is an investment vehicle where the financial institution guarantees a fixed interest rate over a specified period. These accounts are valued utilizing inputs (such as interest rates) that are not directly quoted on active markets but can be readily observed (Level 2).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

2025	Level 1	Level 2	Level 3	Total

8. Risk and Uncertainties

The Plan invests in various investments securities. Investment securities are exposed to various risks such as interest rate, market and credit risks.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Subsequent Events

Effective January 1, 2026, the Plan was amended to include a Roth 401(K) option, as well as increase the auto-enrollment rate to 5% and auto-escalate all participants not already at 5% to 5%. The amendment had no impact on the current year Plan provisions.

The Plan has evaluated subsequent events through July 29, 2026, the date these financial statements were available to be issued.
