Independent Auditor's Report

To the Plan Administrator
Charles E. Smith Jewish Day School Defined Contribution Plan
1901 E Jefferson St
Rockville, MD 20852

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Charles E. Smith Jewish Day School Defined Contribution Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from TIAA and CREF, the insurance carriers of the Plan, as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the financial statements of Charles E. Smith Jewish Day School Defined Contribution Plan referred to in the first paragraph. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, predecessor auditors were unable to apply auditing procedures sufficiently to determine the extent to which the financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of Charles E. Smith Jewish Day School Defined Contribution Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Charles E. Smith Jewish Day School Defined Contribution Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4i – Schedule of Assets (Held at End of Year) and Schedule H, line 4a – Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report it is inappropriate and we do not express an opinion on the supplemental schedule referred to above.

Charles E. Smith Jewish Day School Defined Contribution Plan
Notes to Financial Statements
December 31, 2025 and 2024

Note 1 – Description of Plan

The following description of Charles E. Smith Jewish Day School Defined Contribution Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a 403(b) defined contribution plan established by Charles E. Smith Jewish Day School of Greater Washington, Inc. (the "Plan Sponsor", "Plan Administrator", and "Organization"), for the benefit of eligible employees of the Organization and any adopting participating employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as well as certain provisions of the federal income tax laws.

All employees of the Organization and any participating affiliates are subject to the following eligibility requirements, as defined in accordance with the universal availability standards:

- Age: No age requirement for employee deferrals, age 21 for employer contributions
- Service: No service requirement for employee deferrals, 1 year for employer contributions
- Status Exclusions:
 - a. Students
 - b. Independent Contractors (employer contributions only)

Upon satisfying the eligibility requirements, employees may participate in the Plan on the first day of the next month.

Contributions

The Plan is funded through employee elective deferrals and Organization contributions. Each year, participants may elect to contribute a portion of their compensation, subject to certain maximum limitations imposed by Section 402(g) of the Internal Revenue Code (the "IRC"). At the discretion of the Plan Administrator, participants may be permitted to deposit or "roll over" into the Plan distributions they have received from other plans and certain Individual Retirement Accounts (IRAs). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The following contribution types are allowed by the Plan:

- Elective deferrals
- Employer matching
- Rollover contributions
- Roth deferrals
- 15-year catch up contributions

Charles E. Smith Jewish Day School Defined Contribution Plan
Notes to Financial Statements
December 31, 2025 and 2024

The Organization may make a discretionary employer matching contribution, which will be allocated in accordance with the plan document provisions. For the years ended December 31, 2025 and 2024, the employer contributed a matching contribution equal to 100% of elected deferral contributions not exceeding 5% of participants' eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocation of the Organization's contributions, and plan earnings or losses and charged with an allocation of administrative expenses that are paid by the Plan. Allocations may be charged based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Organization's contributions, plus actual earnings thereon.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, for or on behalf of the participant, to any one or more of the investment funds determined at the discretion of the Plan Administrator and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Notes Receivable from Participants

Participants may borrow from the funding vehicles authorized by the Plan Sponsor for use under the Plan from a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced to the extent that the participant's highest outstanding loan balance during the preceding twelve-month period exceeds the current balance, or 50% of his/her vested account balance. If the loan is from a TIAA Annuity, the maximum loan may be further limited. A participant can have three loans outstanding from the Plan at one time. Loan terms may not be greater than five years, or ten years for the purchase of a primary residence. Loans are secured by the balance in the participant's account and accrue at a rate as specified in the plan agreement, depending on how the participant's account balance is invested. Principal and interest are paid ratably by the participant through an ACH agreement or other repayment method agreed to the investment arrangement to repay the loan. In the event of termination of employment, the loan becomes payable in full unless directly rolled over to another employer's plan.

Plan Loans

Generally, participants may borrow a minimum of \$1,000 up to a maximum of \$50,000 or 45% of their vested account balance, subject to certain restrictions. Loan terms may not be greater than five years, or ten years for the purchase of a primary residence. Adequate security is required, and a portion of the

Charles E. Smith Jewish Day School Defined Contribution Plan
Notes to Financial Statements
December 31, 2025 and 2024

participant's account balance is reserved, or held in collateral, to cover 110% of the outstanding loan in case of default. Loans are issued directly from funds owned by TIAA and CREF and not directly from a participant's account. For all Plan loans, interest and principal is paid by the participant directly to TIAA and CREF. Plan loans are not considered investments of the Plan and therefore are not reported in the statements of net assets available for benefits. The interest rate is determined by TIAA and CREF and may be fixed or variable, and the initial rate is determined by the terms of the controlling contract, as is the rate adjustment details and frequency. The outstanding amount of plan loans as of December 31, 2025 and 2024, were \$0 and \$7,134, respectively.

Benefits Paid to Participants

Upon termination of service, disability, or retirement, a participant is entitled to receive a distribution equal to the value of the participant's vested interest in his or her account. Distribution of a deceased participant's account will be made to the designated beneficiary.

Participants with a vested account balance less than \$1,000 will automatically receive a lump-sum distribution. Participants with a vested account balance between \$1,000 and \$5,000 who do not elect a form of distribution will have their vested account balance rolled over to an individual retirement account selected by the Plan.

As required under Section 401(a)(9) of the IRC, a participants must begin receiving required minimum distributions from the Plan by April 1 of the calendar year following the later of (i) the year in which the participant reaches age 73, or (ii) the year in which the participant retires.

The following types of distributions are also allowed by the Plan:

- Termination partial withdrawal
- Purchase annuity contract with account balance
- Installment payments from CREF Annuity Account
- Installment payments from TIAA Real Estate Account
- In service
- Hardship
- Rollover source withdrawal at any time

Plan Expenses

The Plan's expenses are paid by either the Plan or the Organization, as provided by the plan document. Expenses paid directly by the Organization are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes to net assets available for benefits. In addition, certain administrative expenses are netted against the earnings of the investment alternatives held by the participants.

Charles E. Smith Jewish Day School Defined Contribution Plan
Notes to Financial Statements
December 31, 2025 and 2024

Termination of the Plan

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, no further contributions will be made to the Plan and all amounts credited to the participant's account will become 100% vested. The Organization will direct the distribution of the participant's account in a manner permitted by the Plan as soon as practicable.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment contracts, held by a defined contribution plan, are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for any fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received for the sale of an asset or paid for the transfer of a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year end, is presented in the statement of changes in net assets available for benefits.

Contributions

Contributions from plan participants and the related employer matching contributions, if any, are recorded in the year in which the participant contributions are withheld from compensation.

Charles E. Smith Jewish Day School Defined Contribution Plan
Notes to Financial Statements
December 31, 2025 and 2024

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the participant note receivable balance is reduced and a benefit payment recorded.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan's policy is to evaluate events and transactions subsequent to its year end for potential recognition in the financial statements or disclosure in the notes to the financial statements. The plan administrator has evaluated events and transactions through the date of the independent auditor's report, which is the date the financial statements were available to be issued.

Note 3 – Certified Investments

Certain information summarized below related to the accompanying financial statements and ERISA-required supplemental schedules was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA and CREF, the insurance carriers of the Plan.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered Investment Companies (Mutual Funds)

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified as Level 1 within the fair value hierarchy.

Variable Annuity Contracts

The TIAA Real Estate Account is an insurance company separate account investing mainly in real estate and real estate-related investments. The value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. This fund is required to publish its daily NAV and to transact at that price. Since the investment has a readily determinable value, the NAV is not used as

Charles E. Smith Jewish Day School Defined Contribution Plan
Notes to Financial Statements
December 31, 2025 and 2024

a practical expedient. Although the underlying assets of the fund cannot be quickly sold and converted to liquid assets, the TIAA General Account provides the fund with a liquidity guarantee. This investment is classified as Level 2 within the fair value hierarchy.

Insurance Company General Contracts

Certain contracts within the TIAA Traditional Annuity are non-benefit responsive. The non-benefit responsive contracts are reported at fair value, which approximates contract value. Contract value equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers, if any, less any withdrawals. The non-benefit-responsive contracts are classified as Level 3 within the fair value hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	<u>2025</u>	<u>2024</u>
Level 1		
Mutual Funds	\$ 70,964,466	\$ 62,222,925
Level 2		
Variable Annuity Contracts	1,877,081	1,712,607
Level 3		
Insurance Company General Contracts		
Non-Benefit Responsive	<u>15,884,610</u>	<u>16,334,489</u>
Investments at fair value	<u>\$ 88,726,157</u>	<u>\$ 80,270,021</u>

There were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3 for the years ended December 31, 2025 and 2024. The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets the year ended December 31:

Note 5 – Fully Benefit-Responsive Investment Contracts

The TIAA Traditional Annuity (Annuity) is a fixed rate annuity contract that is fully and unconditionally guaranteed and backed by the claims-paying ability of TIAA, a New York domiciled nonprofit legal reserve life insurance company. During the accumulation phase, the Annuity provides a guarantee of principal, a guaranteed minimum rate of interest, and the potential for additional interest, if declared by TIAA. Additional interest, when declared, remains in effect for the "declaration year," which begins each March 1. Additional interest is not guaranteed for future years. When the contract value accumulation (plan asset) of the Annuity is converted to an annuity (plan withdrawal) based on life expectancy, the present value of the stream of payments is equal to the accumulation. The Annuity is offered through a variety of contract types with TIAA. The type of contract which the Plan holds in the Annuity determines the applicability of certain account features, such as a guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of participant accounts, and the options for receiving income upon retirement.

The guaranteed annual interest rate is 3% for all premiums remitted since 1979 under all accumulating contracts with the exception of the Retirement Choice (RC) and Retirement Choice Plus (RCP) contracts. For the RC and RCP contracts, the guaranteed rate is between 1% and 3%. The Retirement Annuity (RA) contract does not allow lumpsum cash withdrawals and transfers must be spread out over a period of ten annual installments. With a Group Retirement Annuity (GRA) contract, lump-sum withdrawals are available only within 120 days after termination of employment and are subject to a surrender charge. All other withdrawals and transfers from the RA or GRA must be spread over a period of 10 annual installments (or five annual installments for withdrawals after termination of employment). The Annuity within the Supplemental Retirement Annuity (SRA), Group Supplemental Retirement Annuity (GSRA), and RCP contracts, as well as holdings held as defaulted loan collateral, contain no liquidity restrictions and are benefit-responsive. As of December 31, 2025 and 2024, \$16,775,809 and \$14,611,890, respectively, of the Annuity was fully benefit-responsive. The Annuity holdings within the RA, GRA, and RC contracts have

Charles E. Smith Jewish Day School Defined Contribution Plan
Notes to Financial Statements
December 31, 2025 and 2024

liquidity restrictions and are non-benefit-responsive. As of December 31, 2025 and 2024, \$15,884,610 and \$16,334,489, respectively, of the Annuity was not benefit-responsive.

The TIAA Stable Value is a fixed rate group annuity contract that is fully and unconditionally guaranteed and backed by the claims-paying ability of TIAA. Contributions are deposited into a non-unitized separate account. The contract provides a guaranteed minimum rate of interest between 1% and 3% and the potential for additional interest. Additional interest, when declared, remains in effect from January 1 through June 30 and from July 1 through December 31. Additional interest is not guaranteed for future years. Contract holders and plan participants do not participate in, and do not receive earnings of, the assets in the separate account. The contract is considered fully benefit-responsive, and as such, is reported at contract value on the financial statements. As of December 31, 2025 and 2024, the contract value measurement of the TIAA Stable Value was \$506,610 and \$572,824, respectively.

The Plan's guaranteed annuity contracts are traditional investment contracts. Due to the nature of these contracts, they do not have specific underlying assets assigned. The key difference between a synthetic contract and a traditional investment contract is that the Plan owns the underlying assets of the synthetic investment contract. A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. With traditional investment contracts, the Plan owns only the contract itself. Synthetic and traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

Market value events may limit the ability of the Annuity to transact at contract value with the issuer. Market value events are events or conditions that occur which are outside of the normal operation of the Annuity and lead to any disbursements which have, or will have, a material adverse effect on the operations of the Annuity and a financial effect on the investment contract or wrap issuer's interest hereunder.

Such events may include, but are not limited to: fund administration amended or changed, merger or consolidation of investors, group terminations or layoffs, implementation of an early retirement program, termination or partial termination of the Annuity, failure to meet certain tax qualifications, participant communication that is designed to influence participants not to invest in the Annuity, transfers to competing options without meeting the equity provisions of the Annuity, and plan sponsor withdrawals without the appropriate notice to the Annuity and/or issuer.

In the normal course of business, such events or conditions would not limit the ability of the Annuity to transact at contract value with the participants in the Annuity. The Annuity is managed to maintain a certain amount of liquidity to provide for the day-to-day liquidity needs of participants as well as the occasional market value event. The Plan Sponsor does not believe that any events which would limit the Annuity's ability to transact at contract value with participants are probable of occurring.

An issuer can terminate an investment contract upon the event of default by the contract holder, advisor, or trustee if the issuer determines in its reasonable discretion that such an event has had, or is likely to have, a material adverse effect on the issuer's interest with respect to the contract. Such events may include, but are not limited to: management of the portfolio not in accordance with investment guidelines, a breach of

any material obligation under the wrap agreement, any representation or warranty made by the contract holder becomes untrue in any material way, a replacement of the advisor without prior consent of the issuer, the Annuity is terminated or ceases to qualify as a group trust or plans cease to meet the appropriate tax qualifications, or the wrap becomes a prohibited transaction within the meaning of Section 406 of ERISA.

Note 6 – Related Party Transactions and Transactions with Parties-in-Interest

A related party is any party who can control or significantly influence plan management or operating policies. Parties-in-interest are defined under DOL regulations as any employees of the Plan, fiduciaries of the Plan, service providers to the Plan, the employer whose employees are covered by the Plan, and certain significant owners of the employer and their relatives. Service providers may include, but are not limited to, the custodian, trustee, third-party administrator (TPA), investment managers, investment advisors, legal counsel, and plan auditor.

During the year ended December 31, 2025, the Plan made direct payments of \$111,436 to certain parties-in-interest for administration and investment advisory fees, as allowed by ERISA. The Plan Sponsor pays directly any other fees related to the operation of the Plan.

Fees incurred by the Plan for the investment management services are included in the net appreciation (depreciation) in fair value of the related investment, as they are paid using investment earnings rather than a direct payment.

The Plan participates in an expense offset agreement whereby certain third party expenses are paid with rebates received by the Plan from investment managers. During the year ended December 31, 2025, the Plan received investment manager rebates which were offset against recordkeeper fees. The rebates are shown as revenue credit in the statement of changes in net assets available for benefits.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is, at least, reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 – Tax Status

The Plan has adopted a volume submitter 403(b) plan, which obtained an advisory letter dated August 7, 2017, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC and, therefore, the related trust was tax exempt. Although there are certain amendments applicable to the Plan, the Plan Sponsor believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and that the related trust is tax exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not, based on the technical merits, would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the statute of limitations for the IRS to assess taxes on a plan expires three years from the due date of the return or the date on which it was filed, whichever is later.

Note 9 – Prohibited Transactions

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate employee contributions and loan repayments to the Plan from its general assets as soon as practicable. The Plan has contributions totaling \$2,457, all of which represented employee salary deferrals, that were not remitted timely. These contributions are considered prohibited transactions.

The Company will calculate lost investment earnings and compensate the Plan for the lost earnings in 2026.
