INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
CAMERA MUNDI RETIREMENT PLAN
Caguas, Puerto Rico

Opinion

We have audited the accompanying financial statements of **CAMERA MUNDI RETIREMENT PLAN**, an employee benefit plan subject to Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of **CAMERA MUNDI RETIREMENT PLAN** as of December 31, 2025, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for our Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the **CAMERA MUNDI RETIREMENT PLAN** and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **CAMERA**

MUNDI RETIREMENT PLAN ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Auditor's Responsibility for the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatements, whether due to fraud and error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risk of material misstatement of the financial statement, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain and understanding of internal control relevant to the audit in order to design the audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **CAMERA MUNDI RETIREMENT PLAN's** internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about **CAMERA MUNDI RETIREMENT PLAN** ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedule of Schedule H Line 4i - Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rule and Regulations for Reporting and Disclosures under ERISA. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the audit procedures applied in the audits of the financial statements and certain other procedures, including comparing and reconciling such information directly to the

underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming an opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated in all material respects, in relation to the financial statements taken as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following description of the Camera Mundi LLC. ("Limited Liability Company") **CAMERA MUNDI RETIREMENT PLAN** ("The Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution originally adopted on March 15, 2024. The plan covers all full-time employees of the Sponsor, except union employees, who are residents of Puerto Rico, have one (1) year of service and are age twenty-one (21) years or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Puerto Rico Internal Revenue Code of 2011, as amended ("PRIRC 2011").

Contributions

Each year, participants may elect to make contributions subject to the deferral amount limitations established under Puerto Rico Internal Revenue Code of 2011, as amended ("PRIRC 2011") and any limit defined in the Plan. Annual deferral amount under PRIRC 2011 is \$15,000 for the taxable years ended December 31, 2025. Participants may contribute up to \$15,000 and up to 10% of after-tax voluntary contributions of their annual compensation before bonuses. Participants are authorized to make rollover contributions.

For the year ended December 31, 2025, except for catch-up and voluntary contribution, the Sponsor contributes 25% of participants' contributions equivalent to 25 cents for each dollar (\$.25) of a Participant Salary Deferral contributions. However, the Employer will not make Matching Contributions on a Participant's Salary Deferral Contributions above 3% of the Participant's Compensation.

Catch-Up Contributions

Participants who have attained age 50 before the close of the Plan year are eligible to make an additional \$1,500 catch-up contribution after contributing to the Plan limit of their \$15,000 of their pre-tax annual compensation.

Participant Accounts

Each participant's individual account is credited with the participant's contribution, other voluntary contributions, transfers from other qualified plans, and allocations of (a) Sponsor's contribution, and (b) Plan's earnings (loses), (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Sponsor's contribution portion on their accounts is based on years of continuous

service. Employer matching contributions vest based on years of service as follows: 0% before 2 years, 25% after 2 years, 50% after 3 years, 75% after 4 years, and 100% after 5 years of service.

Notes Receivable from Participants

Participants are allowed to borrow from their accounts.

Payments of Benefit and Hardship Withdrawals

On termination of employment due to death, disability, retirement, or other reasons, participants or designated beneficiaries may elect to receive their accumulated plan benefits either as a lump-sum amount or annuities. Participant's normal retirement date is when a participant reaches age 65. The Plan permits early retirement date for participants who have reached age 55 and have completed at least five (5) years of service. Under certain cases of immediate and heavy financial need, participants, while still employed by the Sponsor, are permitted to withdraw only from salary deferrals accounts, portion of their account balance up to amount necessary to satisfy the financial need. A Participant's right to make contributions as permitted under PRIRC making a hardship withdrawal from the Plan will be suspended for a period of twelve (12) months following the date of said withdrawal.

Excess Contributions

Amounts payable to participants for contributions in excess of the amounts allowed by the PRIRC 2011 are recorded as accounts payable, with a corresponding reduction to contributions. This amount will be returned to the employees, according to the Trustee instructions.

Forfeited Accounts

As of December 31, 2025, forfeited non-vested accounts had zero balance. At its discretion, the Sponsor will apply forfeitures accounts to reduce Sponsor's contributions or to reduce Plan expenses, and any remaining balance shall be used to reduce the Sponsor's contributions in the next succeeding plan year(s).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

CAMERA MUNDI RETIREMENT PLAN

Notes to Financial Statements

December 31, 2025

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities at the date of financial statements and the reported amounts of additions and deductions to net assets during the reporting period. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments, other than fully benefit-responsive investment contracts, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments in fully benefit-responsive investment contracts are reported at contract value. Contract value represents contributions made under the contract, plus credited interest, less participant withdrawals and administrative expenses, and is the amount participants ordinarily would receive if they were to initiate permitted transactions under the terms of the Plan.

See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's realized and unrealized gains and losses on investments bought and sold, as well as investments held during the year.

Loans and Receivables

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. No allowance for credit losses has been recorded as of the statement of net assets available for benefits date, as the Plan considers participant loans to be adequately secured by the participants' vested account balances. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payments of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Organization and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Administrative expenses of the Plan are allocated to participant accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Date of Management's Review

The Plan Administrator evaluated subsequent events through July 23, 2026, which is the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

For the year ended December 31, 2025, Empower and its affiliates and division, as the custodian of the Plan, has provided and certified all information included in the financial statements related to investments of the Plan held at year-end, all changes in assets during the year and all investment transactions included in the schedules of assets held for investment purposes, assets acquired and disposed and of reportable transactions.

The following information included in the accompanying financial statements and supplemental schedules were obtained from data that has been prepared and certified to as complete and accurate by the custodian:

- Investments, as shown in the statements of net assets available for benefits as of December 31, 2025.
- Investment income (loss), as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2025.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2025.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

4. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature (FASB ASC 820, *Fair Value Measurement*) establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1), and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the

CAMERA MUNDI RETIREMENT PLAN

Notes to Financial Statements

December 31, 2025

4. **FAIR VALUE MEASUREMENTS (CONTINUED)**

most reliable evidence of fair value. Level 2 inputs are used for investments which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets.
- quoted prices for identical or similar assets or liabilities in inactive markets.
- inputs other than quoted prices that are observable for the asset or liability.
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end. The fair values of common stock, corporate bonds, and U.S. Government securities are based on quoted market prices. Level 1 inputs are considered "observable" inputs.

Money Market Funds

Valued at the net asset value of units held by the Plan at year end.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025:

Total Investments at Fair Value	<u>\$ 1,504,724</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,504,724</u>

Gains and losses (realized and unrealized) are presented in changes in net assets available for benefits for the year ended December 31, 2025.

5. **FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT**

The Plan invests in a fixed annuity contract issued by Empower that is considered a fully benefit-responsive investment contract. In accordance with U.S. generally accepted accounting principles, the contract is reported at contract value, which represents contributions made under the contract, plus credited interest, less participant withdrawals and administrative expenses. Contract value is the amount participants ordinarily would receive if they were to initiate permitted transactions under the terms of the Plan.

The interest crediting rate is established in accordance with the terms of the contract and is based on the earnings of the underlying assets in the applicable investment portfolio, subject to the minimum guaranteed interest rate and prevailing market conditions. The interest crediting rate is reset quarterly.

The Plan believes the occurrence of events that would limit its ability to transact at contract value with the issuer is not probable.

6. **FUNDING POLICY**

Participants may elect to contribute a portion of their eligible compensation to the Plan, subject to the limitations established by the Internal Revenue Code. The Plan also accepts eligible rollover contributions from other qualified retirement plans.

The Employer may make discretionary matching contributions. When authorized, the matching contribution equals 25% of participants' elective deferrals, in accordance with the provisions of the Plan. In addition, the Employer may make discretionary nonelective profit-sharing contributions, which are allocated among eligible participants based on compensation, as provided in the Plan document.

Notes to Financial Statements

7. RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

As of December 31, 2025, the Company is the legally designated plan administrator. Mr. Jorge Díaz served as the Plan Trustee. Rocafort Group provides third-party administrative services to the Plan, and Empower serves as the Plan's custodian and recordkeeper. These service providers are each considered a party in interest to the Plan.

The Plan or the Company may make payments to the related parties for administrative expenses. The Plan invests in investment funds and a fixed annuity made available through the custodian. These transactions qualify as party in interest transactions. Participant loans also constitute party-in-interest transactions because they are made directly between the Plan and participants. All such transactions are considered exempt transactions under ERISA and the applicable provisions of the Internal Revenue Code.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate or partially terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination or if contributions of the Sponsor are completely discontinued, the rights of all affected participants in their accounts shall be thereupon become nonforfeitable. However, the Trust shall continue until all participants' accounts have been completely distributed to or for the benefit of the Participants, in accordance with the Plan.

9. TAX STATUS

Effective on April 5, 2024, the Plan was subscribed under the Third-Party Administrator, Rocafort Group Prototype Defined Contribution Retirement Plan Program (Pension Group Program). The Plan received a favorable determination letter issued by the Puerto Rico Treasury Department as to the Plan's qualified status under Section 1165(b)(3) of the Puerto Rico Internal Revenue Code of 1994, as amended (the "PRIRC 1994"). Also, the trust established thereunder will be entitled to exemption under Commonwealth of Puerto Rico tax authorities' applicable requirements under Section 1081.01 of the Puerto Rico Internal Revenue Code of 2011, as amended (the "PRIRC 2011").

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investments that are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

To the Administrative Committee of
CAMERA MUNDI RETIREMENT PLAN
Caguas, Puerto Rico

The stockholders and staff of AJ Hernández & Co, CPA, PSC. are pleased to announce the successful completion of an independent peer review of our accounting and auditing practice. This review was undertaken as a condition of membership in the American Institute of Certified Public Accountants (AICPA), the national organization of CPAs in public practice, industry, government, and education.

In 1988, the members of the AICPA overwhelmingly approved a proposal to require members in public practice to participate in a practice-monitoring program. With the adoption of this proposal, the AICPA implemented a peer review program of unprecedented scope in the CPA profession or any other. Our participation in peer review demonstrates our firm's desire to measure up to the profession's high standards of professionalism and our commitment to maintaining and improving the quality of our practice.

In August 2000, the Puerto Rico Society of CPAs (PRSCPA) adopted a voluntary peer review program, which follows the lead established by the AICPA.

Our peer review was conducted by a team appointed by the PRSCPA. The reviewer first determined that we have an adequate quality control system and then checked to see that professional standards were followed in a representative sample of our accounting and auditing engagements.

After thorough study of our policies and procedures, the reviewer concluded our firm complies with the stringent quality control standards established by the AICPA and the PRSCPA. Our firm is committed to periodic peer review to foster quality performance.

Bankers, bonding agents, investors, suppliers, legal advisors, and others use the financial statements our firm audits, reviews, or compiles. We think those people, our clients, and our own staff deserve independent quality assurance that our firm provides quality services. We are proud of our peer review results and would be happy to answer any questions you might have.

Sincerely,

Andrés J. Hernández-Concepción
