Independent Auditors' Report

**To the Administrative Committee of
Knight Piesold and Co. 401(k) Retirement Plan
Denver, Colorado**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements (modified cash basis) of Knight Piesold and Co. 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America and, as a result, the financial statements may not be suitable for another purpose. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Knight Piesold and Co. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) (modified cash basis) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Supplemental Schedule Required by ERISA (continued)

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule (modified cash basis) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
(Modified Cash Basis)
For the Year Ended December 31, 2025

1. Description of Plan

The following description of the Knight Piesold and Co. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on January 1, 1989. An employee becomes eligible to make elective contributions upon completion of two months of service with the exception of non-resident aliens. An employee becomes eligible to receive Employer matching contributions upon enrollment in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The management team of Knight Piesold and Co. (the "Company") is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the management team of the Company.

The Company administers the Plan. Standard Insurance Company ("Standard") serves as custodian of the Plan. Standard offers Plan participants a variety of investment options through various pooled separate accounts and a deposit administration contract. Individual accounts are invested in pooled separate accounts and deposit administration contract at the direction of the participants.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan should be terminated or partially terminated, or should Company contributions be permanently discontinued for any reason, all amounts allocated to the account of a Plan participant, or their beneficiary, shall become fully vested and be payable to the Plan participant, or their beneficiary, and shall be distributed in a lump sum.

Contributions

The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they elect not to participate, with a default rate set at 6% of eligible compensation. Participants can make pre-tax or after-tax (Roth) contributions from their annual compensation, subject to statutory dollar limitations. The maximum contribution allowed in 2025 was \$23,500 (\$31,000 for participants whose age was 50 or over by the end of 2025). Employees may also elect to contribute amounts representing distributions from other qualified plans. Employee contributions to the Plan are made through regular payroll deductions. The Company may make discretionary matching contributions and has elected to contribute a percentage equal to 50% of elective deferrals up to 6% of compensation for the year ended December 31, 2025.

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's matching contribution and Plan earnings. Participants who are subject to limitations on individual contributions, due to their level of pay in relation to that of the other participants, share in Company contributions to the extent of their contribution. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specified participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their voluntary contributions and allocated earnings or losses thereon.

Any employer contributions (including forfeitures) and the earnings or losses thereon will vest as follows:

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 2 years	0
2	25
3	50
4	75
5	100

A participant's account becomes 100% vested upon death, attaining normal retirement age, disability, or if the Plan is terminated, partially or in full, or if Company contributions cease.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum amount of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.50% to 8.50% at December 31, 2025 and 2024, which commensurate with local prevailing rates at loan initiation, as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

1. Description of Plan (continued)

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested account balance, or annual installments over a period not to exceed the assumed life expectancy of the participant or the beneficiary. For termination of service for other reasons, a participant may receive the value of the vested account balance as a lump sum distribution.

A participant may apply for a hardship withdrawal at any time. This withdrawal must be for an immediate financial need for which funds are not reasonably available from other resources. Hardships include post-secondary educational expenses for the participant or their dependents, medical expenses to the extent not otherwise reimbursed under the Company's medical programs, expenses for the purchase of a principal residence or major alteration thereto, to prevent eviction from or foreclosure on a principal residence and to pay for funeral or burial expenses or immediate and heavy financial need as determined based on Internal Revenue Service Regulations.

Forfeitures

Forfeitures of terminated participants' non-vested accounts are first used to reduce Plan expenses with any remaining balances used to reduce future employer contributions. The balance in the forfeiture account at December 31, 2024 was \$1,403. For the year ended December 31, 2025, participant forfeitures were \$31,317. No amounts were used to reduce employer contributions. The balance in the forfeiture account at December 31, 2025 was \$32,720.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America ("U.S. GAAP"). Contributions and investment income are recognized when received and expenses are recognized when paid, except for certain investments and their related gains or losses, which are reflected at fair value. Management has determined that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the Plan in conformity with US GAAP.

2. Summary of Accounting Policies (continued)

Use of Estimates

The preparation of financial statements requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value or contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is determined based on contributions made to the investment contract, plus interest credited under the terms of the contract, less participant withdrawals, benefit payments, administration expenses, and other permitted transactions.

Purchases and sales of securities are recorded on a trade-date basis, with realized and unrealized gains and losses calculated on a moving average basis. Interest and dividend income is recorded when received.

Notes Receivable from Participants

Notes receivable from participants are measured at their outstanding principal amounts plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are paid. If a participant ceases to make loan repayments and the Plan administrator deems the participant's loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

2. Summary of Accounting Policies (continued)

Subsequent Events

The Plan has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date the financial statements were available to be issued, which date is July 28, 2026.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian.

For the Year Ended December 31, 2025

3. Fair Value Measurements (continued)

The fair value of the Plan's pooled separate accounts is reported in the accompanying statements of net assets available for benefits based on level 2 inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

Pooled separate accounts: Valued at the closing price reported on the active market on which the individual securities of the pool are traded. Securities in the active market are adjusted for internal fees and pooled into an adjusted market price.

Deposit administration contract: Valued at contract value by utilizing crediting rates using a process similar to that used by banks and other insurance companies for similar products. The crediting rate takes into account yield forecasts and required margins. The crediting rate is declared in advance and reset quarterly.

Contract value is the relevant measurement attribute for that portion of the net assets of an investment company attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the underlying defined contribution plans.

4. Information Certified by Custodian

The Plan administrator has elected to have the audits performed pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, certain information in the Plan's financial statements and supplemental schedule was agreed to or derived from information certified as complete and accurate by Standard Insurance Company, the Plan's Custodian and a qualified institution. The certified information includes the Plan's investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, and the accompanying supplemental Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity (including net appreciation/depreciation, interest, and dividends) and interest income on notes receivable from participants reported in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.

Notes to Financial Statements
(Modified Cash Basis)
For the Year Ended December 31, 2025

5. Deposit Administration Contract

The Plan maintains a deposit administration contract ("DA") with the Standard Insurance Company. The DA provides a guarantee of both principal and accrued interest from the Standard Insurance Company. Standard guarantees that the account's credited rate will never be less than 1% regardless of market conditions. The crediting rate as of December 31, 2025 and 2024 was 2.32% and 2.18%, respectively. The deposit administration contract balance represents 7.6% and 7.9% of net assets available for benefits at December 31, 2025 and 2024, respectively.

The principal and previously credited interest rate is guaranteed by Standard Insurance Company. The credit risk of the issuer was evaluated by nationally recognized statistical rating agency of Standard and Poor's (A+ as of September 2025).

Certain events may limit the ability of the Plan to transact at contract value. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. The custodian believes that the occurrence of each of these events is not probable of occurring at this time.

6. Related-Party and Party In Interest Transactions

All investments of the Plan are managed by Standard, the custodian as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA and are reflected in the Statements of Net Assets Available for Benefits.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

(Modified Cash Basis)
For the Year Ended December 31, 2025

7. Tax Status

The prototype plan document preparer has received a favorable opinion letter dated June 30, 2020, from the IRS regarding the Plan's compliance with the applicable requirements of Section 401(a) of the Internal Revenue Code ("IRC"). Management believes that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC.

The Plan recognizes the effect of income tax positions only if those positions are more likely-than-not to be sustained upon examination by the taxing authorities.

As of December 31, 2025, the Plan has determined that it has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. As of December 31, 2025, tax years for all years since December 31, 2022 remain open to examination by the Internal Revenue Service.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
