INDEPENDENT AUDITOR'S REPORT

To the Trustee of
Longchamps Electric, LLC 401(k) Profit Sharing Plan & Trust
Manchester, New Hampshire 03103

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Longchamps Electric, LLC 401(k) Profit Sharing Plan & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan by Fidelity Management Trust Company, the Custodian of the Plan, that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by Fidelity Management Trust Company, a qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Fidelity Management Trust Company as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Page 1

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financials are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by the Custodian, agrees to, or is derived from, in all material respects, the information prepared and certified by the Custodian that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

Note 1. Significant Accounting Policies

Valuation of investments: Longchamps Electric, LLC 401(k) Profit Sharing Plan & Trust (the “Plan”) includes investments in registered investment companies that are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

The changes in the difference between value and the cost of investments and realized gains and losses are reflected in the statements of changes in net assets available for plan benefits as an increase or decrease in realized and unrealized appreciation or depreciation in the value of investments.

Accounting method: The Plan prepares its financial statements on the accrual basis of accounting.

Estimates and assumptions: The preparation of financial statements requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and changes therein, and the disclosure of contingent assets. Accordingly, actual results may differ from those estimates.

Payment of benefits: Benefits are recorded when paid.

Note 2. Description of the Plan

The following description of the Plan provides only general information. Further information about the Plan Document and benefit provisions is available from the Plan Administrator.

General: The Plan was established January 1, 1998 and was last restated on April 29, 2022. The Plan is a defined contribution plan covering all employees of the Plan Sponsor, Longchamps Electric, LLC (the “Company”) who have attained age 18 and completed one year of service. Participants are automatically enrolled with a 4% deferral rate after meeting the eligibility requirements. Participants are eligible to make salary reduction contributions immediately upon entry to the Plan. Entry into the Plan occurs on the first day of the first, fourth, seventh and tenth month following completion of the eligibility requirements. Effective April 25, 2025, the Plan was amended to allow participants to enter the Plan on the first day of each month after completing six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is also the Plan Administrator. As a result of the SECURE Act 2.0, effective January 1, 2025, all long term part time employees who have worked at least 500 hours of service but did not exceed 1,000 hours of service during Plan years 2023 and 2024 became eligible for entry to the Plan.

Contributions: Under the Plan, participants may elect to make pre-tax contributions (“deferrals”) to their participant directed accounts held by the Trustee. Participants are also permitted to make after-tax Roth deferrals. Deferrals are limited to 50% of compensation, subject to certain limitations under Sections 415(c), 402(g) and 401(k) of the Internal Revenue Code (IRC). Participants who have attained, or expect to attain, age 50 before the end of the plan year are eligible to make catch-up contributions.

NOTES TO FINANCIAL STATEMENTS

The Company has a safe harbor matching contribution. The match is 100% of the first 4% of salary deferrals. These contributions are maintained in a separate company safe harbor match account for each participant and are invested in accordance with the investment strategy selected by each participant. Effective January 1, 2025, the formula for the safe harbor match was amended to be 100% of the first 6% of salary deferrals.

All amounts credited to an employee's safe harbor matching account are 100% vested and non-forfeitable at all times. For the year ended December 31, 2025, the Company made safe harbor contributions of \$701,792.

The Company may elect to make a discretionary matching contribution on behalf of eligible participants. To be eligible to receive a matching contribution, a participant must be employed as of the last day of the year and must have completed 1,000 hours of service during the Plan year. Any contributions are maintained in a separate Company matching contribution account for each participant and are invested in accordance with the investment strategy selected by each participant. For the year ended December 31, 2025, the Company did not make a discretionary employer match contribution.

The Company may also elect to make a discretionary profit sharing contribution on behalf of eligible participants. To be eligible to receive a profit sharing contribution, a participant must be employed as of the last day of the year and must have completed 1,000 hours of service during the Plan year. The contribution will be allocated to participants based on the participant's percentage of eligible earnings to the total eligible earnings as described in the Plan. Any such contributions are maintained in a separate Company profit sharing contribution account for each participant and are invested in accordance with the investment strategy selected by each participant. For the year ended December 31, 2025, the Company did not make a profit sharing contribution.

The Plan allows for direct rollovers from other qualified plans. The rollover amounts must be transferred to the Plan within sixty days of the participant's receipt of the funds from the participant's former plan. Any rollovers are maintained in a separate account for each participant and are invested in accordance with the investment strategy selected by each individual participant. All amounts credited to an employee's rollover account are 100% vested and non-forfeitable at all times.

Taxes: Participants are not taxed on their pre-tax deferrals, on the employer contributions allocated to their accounts, or on earnings thereon until these amounts are distributed. Roth contributions are made with after tax amounts. Roth contributions and earnings thereon are withdrawn tax-free provided all requirements of IRC Section 402A are met.

Vesting: All employees with more than five years of service shall have a 100% vested non-forfeitable interest in Company discretionary matching and profit sharing contributions made on their behalf. A year of service for vesting purposes is any Plan year in which a participant works 1,000 hours. Each participant is 100% vested in their share of the Company contributions upon death or disability. Employees with less than five years of service shall have a vested non-forfeitable interest in that portion of their account consisting of the Company discretionary profit sharing and matching contributions in accordance with the following schedule:

LONGCHAMPS ELECTRIC, LLC 401(K) PROFIT SHARING PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

<u>Years of Service</u>	<u>Percent Vested</u>	<u>Percent Forfeited</u>
Less than 2 years	0%	100%
2 years but less than 3	25%	75%
3 years but less than 4	50%	50%
4 years but less than 5	75%	25%
5 years or more	100%	0%

Forfeitures: If upon termination of employment, a participant is not fully vested in their employer contribution, all non-vested amounts shall be retained by the Plan. Per the Plan Document, the Plan Sponsor may elect to use forfeitures to reduce employer contributions. Unallocated forfeitures amounted to \$24 and \$6,853 as of December 31, 2025 and 2024, respectively.

Investment options: Upon enrollment in the Plan, a participant may choose to direct all contributions into a variety of investment options, with varying degrees of investment risk. Participants may change their investment options, transfer funds, and change deferral percentages per Trustee limitations and requirements.

Notes receivable from participants: Participants may borrow from their vested account balance with a minimum of \$1,000 to a maximum of the lesser of half the participant's vested balance or \$50,000. Note repayments (borrowings) are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Note terms range from one to five years or up to 15 years for the purchase of a primary residence. Participants are allowed to have two loans open at a time. The notes are collateralized by the balance in the participant's account and bear a reasonable interest as determined by the Plan Sponsor. Principal and interest are paid ratably through payroll deductions. Participant's notes are amortized on a 52-week year.

Payment of benefits: The Plan provides for withdrawals in the event of termination, death, disability or attainment of age 65, the Plan's normal retirement age. Benefit payments can be in the form of a lump-sum amount equal to but may not exceed the value of the participant's vested interest in his or her account. Effective April 25, 2025, the Plan was amended to allow participants to withdraw funds in the additional forms of partial withdrawals and installment payments. Participants may take hardship withdrawals from their elective deferral as well as the vested portion of employer contributions. The Plan may automatically pay out terminated participant accounts with balances less than \$5,000. Any automatic distributions greater than \$1,000 will be rolled into an IRA.

Participants age 59½ and older are entitled to in-service distributions of all or any portion of vested account balances. Participants may withdraw from their rollover funds at any time.

Funding policy: Deferrals are withheld from participants' wages and remitted weekly; deferrals are invested based on the instructions provided by the participant. Employer safe harbor contributions are contributed weekly and any employer discretionary matching contributions or profit sharing contributions are remitted on an annual basis to the Trustee and are also invested based on the instructions provided by the participant.

Income tax status: The Plan qualifies under Section 401(a) of the IRC and is, therefore, not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its exempt status. The Plan has not received a determination letter from the Internal Revenue Service, however, uses a proto-type document which has received a determination letter.

NOTES TO FINANCIAL STATEMENTS

The Plan adopted the provisions of FASB ASC 740, Accounting for Uncertainty in Income Taxes. Accordingly, management has evaluated the Plan's tax positions and concluded the Plan had maintained its tax-exempt status, does not have any significant unrelated business income and had taken no uncertain tax positions that require adjustment or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. Federal tax authorities for years before 2022.

Note 3. Fair Value Measurement

The Fair Value Measurement of the FASB Accounting Standards (FASB ASC 820-10) provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs are other than quoted prices that are observable for the asset or liability. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered investment companies and money market funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

NOTES TO FINANCIAL STATEMENTS

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025:

	Level 1	Total
Registered investment companies and money market funds	\$ 17,041,297	\$ 17,041,297

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	Level 1	Total
Registered investment companies and money market funds	\$ 13,583,508	\$ 13,583,508

Note 4. Costs and Expenses

Some of the costs and expenses associated with the operations of the Plan were paid by the Company and excluded from the financial statements for the year ended December 31, 2025.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its Safe-Harbor matching contributions at any time, the Plan Sponsor also has the right to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 6. Transactions with Parties-in-Interest

The Company provides to the Plan certain accounting and administrative services for which no fees are charged. These transactions qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions. However, under the provisions of ERISA these transactions meet the criteria for exemption, are not considered prohibited transactions, and do not need to be reported in the supplementary schedules of Form 5500.

The Plan invests in shares of registered investment companies managed by an affiliate of Fidelity Management Trust Company. Fidelity Management Trust Company acts as Trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

NOTES TO FINANCIAL STATEMENTS

Note 7. Risk and Uncertainties

The Plan provides for any combination of various investment options. Investments are exposed to various risks such as interest rate, credit and market volatility. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amount reported in the statement of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Note 8. Information Certified by the Plan's Trustee (Unaudited)

The Plan Administrator has elected the methods of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company as of and for the years ended December 31, 2025 and 2024 has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

December 31,	2025	2024

Investment income:	
Net appreciation in value	\$ 2,064,143
Interest and dividends	484,775
<i>Total investment income</i>	<u>2,548,918</u>
Interest income on notes receivable from participants	30,280
<i>Total</i>	<u>\$ 2,579,198</u>

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

Note 9. Subsequent Events

The Plan has evaluated subsequent events through July 21, 2026, the date which the financial statements were available to be issued and has not evaluated subsequent events after that date. No additional subsequent events were identified that would require disclosure in the financial statements for the year ended December 31, 2025.
