Independent Auditor's Report

To the Retirement Plan Committee of
Red Dot Corporation 401k Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Red Dot Corporation 401k Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Red Dot Corporation 401k Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Red Dot Corporation 401k Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Independent Auditor's Report

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Red Dot Corporation 401k Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of Red Dot Corporation 401k Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Red Dot Corporation 401k Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Independent Auditor's Report

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Red Dot Corporation 401k Plan

Notes to the Financial Statements

December 31, 2025 and 2024

1. Description of Plan

General

The following description of the Red Dot Corporation 401k Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions. The Plan is a defined contribution plan sponsored by Red Dot Corporation (the "Company" or the "Plan Administrator") for the benefit of its employees. The Plan became effective July 1, 1998 and was most recently amended effective March 1, 2022. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Trustees are responsible for oversight of the Plan as well as determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Plan Operations

The Company is the Plan Sponsor and the Plan Administrator. The trustee of the Plan is Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (the Trustee). Principal Financial Group ("Principal") maintains the records of each participant's account.

Eligibility

Employees who have attained the age of 18 are eligible to participate in the Plan for the purposes of salary deferrals and the employer matching contributions following the first day of the quarter subsequent to their date of hire. Ineligible employees are (1) employees whose employment is governed by the terms of a collective bargaining agreement, (2) leased employees, and (3) employees who are considered to be independent contractors.

Employees are eligible for profit sharing contributions upon completion of 1,000 hours, one year of service and be employed on the last day of the Plan year, or in the event of death, retirement, or disability during the Plan year.

Contributions

Participants may elect to contribute up to 100% of eligible pretax compensation to the Plan each year, up to the maximum amount allowed by the law. The Plan also allows participants to make contributions to a Roth 401k. Additionally, participants can contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

An employee who has satisfied the eligibility requirements will become a participant in the Plan for employee contributions and employer match contributions as of the first day of the Plan year quarter coinciding with or next following the date when the requirements are met. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation, and their contributions invested in the designated default fund until changed by the participant. Once enrolled, participants can change their contribution deferral amounts at any time. Effective January 1, 2020, the Plan includes an automatic salary deferral increase provision. Deferral contributions for automatically enrolled participants will automatically be increased by 1% on January 1 of each year, up to 10%. Contributions are subject to regulatory limitations.

The Company has adopted a safe harbor provision, wherein the Company is required to make a qualified non-elective (QNEC) matching contribution of 3% of employee eligible compensation and may elect to make additional discretionary profit sharing contributions to the Plan. Profit sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participant's compensation. There were no profit sharing contributions for the year ended December 31, 2025.

1. Description of Plan (Continued)

Participant Investment Account Options

The Plan is intended to comply with Section 404(c) of ERISA. Accordingly, the participants, rather than the Plan administrator, are responsible for making investment decisions for their accounts. Participants direct the investment of their account balances into various investment options offered by the Plan. During the year, participants had the option to direct the investment of their contributions into various registered investment companies and a guaranteed return account.

Participant Accounts

Separate accounts are maintained for each participant. Each participant's account is credited with the participant's contribution, an allocation of any Company contribution, and the participant's portion of earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

A participant is 100% vested in his or her contributions and employer QNEC at all times. Vesting in other Company contributions to their account plus earnings thereon is based on years of credited service. A participant vests 20% each year beginning after two years of service until they are 100% vested after six years. To earn a year of service, a participant must be credited with at least 1,000 hours of service during a Plan year. A participant is entitled to 100% of his or her account balance upon death or if he or she endures a total and permanent disability while an employee of the Company.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years; terms may be longer if the loan is for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator. At December 31, 2025 and December 31, 2024, the notes bear interest between 4.25% and 9.50% and mature at various dates through 2035. Notes receivable from participants are valued at their unpaid principal balance plus accrued interest. Principal and interest are paid ratably through payroll deductions. Interest income on participant notes receivable was approximately \$46,000 for the year ended December 31, 2025.

Payment of Benefits

Participants are eligible to receive benefits upon termination of employment, attaining the age of 59 1/2, disability, death, or as hardship withdrawals subject to certain requirements. A participant may elect to receive the value of the vested interest in his or her account as a lump-sum distribution, or substantially equal installments. Terminating participants with balances of \$5,000 or less who have not requested a distribution will receive an automatic cash withdrawal.

Forfeited Accounts

The portion of a participant's account balance that is not fully vested will be forfeited if the participant separates from service. The timing of forfeiture will be the earlier of the last day of the Plan year in which the former participant incurs five consecutive 1-year breaks in service or distribution of the entire vested portion of the participant's account. These forfeited amounts may be allocated to the remaining eligible participants, used to reduce future Company contributions, or to offset Plan expenses.

During the year ended December 31, 2025, no forfeitures were used for Company contributions or plan expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Accounting Estimates

Management uses estimates and assumptions in preparing these financial statements in accordance with US GAAP. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the changes therein, and the disclosure of contingent assets and liabilities and the reported revenues and expenses. Actual results could differ from those estimates; the effect of any changes could be material. The most significant estimate relates to the valuation of investments. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate transactions under the terms of the Plan. See Note 5 for discussion of the contract value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses on investments bought and sold during the year, as well as unrealized gains and losses on investments held during the year, are presented in the net appreciation in fair value of investments.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Certain expenses of the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account.

Subsequent Events

The Plan has evaluated subsequent events through July 23, 2026, the date which the financial statements were available to be issued.

Red Dot Corporation 401k Plan

Notes to the Financial Statements

December 31, 2025 and 2024

3. Information Prepared and Certified by Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed its independent auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the Trustee of the Plan, which includes cash, investment assets, notes receivable from participants, and investment transactions and income, except for comparing the information with the related information included in the financial statements and supplemental schedule.

The Trustee has provided the Plan Administrator with certifications as to the completeness and accuracy of the net assets available for Plan benefits as they relate to investments and notes receivable from participants held by the Trustee as of December 31, 2025 and 2024 and changes in net assets available for Plan benefits for the year ended December 31, 2025, as they relate to investment income, including net appreciation in fair value of investment and interest and dividends.

The following information was certified by the Plan Trustee as of December 31:

	2025	2024
Investments at fair value:		
Registered investment companies	\$ 23,145,058	\$ 19,436,081
Investments at contract value:		
Guaranteed investment contract	975,534	532,764
Notes receivable from participants	537,441	494,777

The Plan Trustee also certified to the completeness and accuracy of approximately \$2,709,000 of net appreciation in fair value of investments, approximately \$535,000 of interest and dividends, and approximately \$46,000 of interest income on notes receivable from participants related to the aforementioned assets for the year ended December 31, 2025.

4. Fair Value Measurements

The Plan's accounting for fair value measurements of assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring or nonrecurring basis adheres to the FASB fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs: Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the Plan at the measurement date.
- Level 2 Inputs: Other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 Inputs: Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date.

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety. The Plan uses valuation techniques in a consistent manner from year to year.

4. Fair Value Measurements (Continued)

The following table provides information on those assets that are measured at fair value on a recurring basis:

December 31, 2025	Fair Value in the Statement of Net Assets Available for Benefits	Fair Value Measurement Using		
		Level 1	Level 2	Level 3
Investments measured at closing price:				
Mutual funds	\$ 23,145,058	\$ 23,145,058	\$ -	\$ -
Totals	\$ 23,145,058	\$ 23,145,058	\$ -	\$ -

December 31, 2024	Fair Value in the Statement of Net Assets Available for Benefits	Fair Value Measurement Using		
		Level 1	Level 2	Level 3
Investments measured at closing price:				
Mutual funds	\$ 19,436,081	\$ 19,436,081	\$ -	\$ -
Totals	\$ 19,436,081	\$ 19,436,081	\$ -	\$ -

5. Guaranteed Investment Contract

The Plan is participating in a benefit-responsive guaranteed investment contract (GIC) with Principal Life Insurance Company (Principal Life). Principal Life maintains the contributions in a general account. Because the GIC is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Principal Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. At December 31, 2025 and 2024, the contract value reported on the statements of net assets available for benefits relates to evergreen contracts, as the contract has no set maturity date.

The GIC issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is set by Principal Life using a process similar to that used by banks or other insurance companies for similar products. The crediting rate is declared in advance and is reset semiannually. At December 31, 2025 and 2024, the crediting interest rate was a 4.65% and 4.85% effective annual rate, respectively. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or other withdrawal restrictions may apply. As of December 31, 2025, the Plan administrator does not believe any events that would limit the Plan's ability to transact at contract value with participants were probable of occurring.

Red Dot Corporation 401k Plan

Notes to the Financial Statements

December 31, 2025 and 2024

5. Guaranteed Investment Contract (Continued)

In addition, an employer-level liquidation of the investment will be subject to either a twelve-month advance notice or a 5% surrender charge, whichever the employer chooses. Notification of the Plan's intent to terminate its interest may be revoked within 90 days, after which time notice becomes irrevocable.

6. Related Party Transactions

Plan investments during the year were registered investment companies (i.e. mutual funds), common/collective trust funds, and a guaranteed return account managed by Principal; therefore, these transactions qualify as party-in-interest transactions.

7. Plan Termination

Although the Plan has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become fully vested in their employer contributions and the Plan assets will be distributed according to the provisions of the Plan documents.

8. Tax Status

The Internal Revenue Service (IRS) has determined that the prototype 401(k) profit sharing plan is designed in accordance with applicable sections of the IRC and informed the Trustee of such in a letter dated June 30, 2020. Although the Plan has been amended since receiving the opinion letter, the Plan Administrative Committee/Plan Administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Due to the tax exempt status of the Plan, the Plan does not have any significant tax uncertainties that would require recognition or disclosure. The Plan is no longer subject to income tax examinations for the years before 2021.

9. Risks and Uncertainties

The Plan invests in various investment securities. The Plan's investments are exposed to various risk factors, such as interest rates, market conditions, and credit risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in risk factors will continue to occur in the near term and that such changes could materially affect participants account balances and the financial statements.

This representation letter is provided in connection with your audits of the financial statements and supplemental schedule of Red Dot Corporation 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements (collectively, the "financial statements").

We elected to have the audits of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). We acknowledge that the audit did not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised, and subject to periodic examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. We have determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. We have also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5, and that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America.

The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States and that the information regarding assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.

Certain representations in this letter are described as being limited to matters that are material. Items are considered to be material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm, to the best of our knowledge and belief, as of July 23, 2026, the following representations made to you during your audits.

Financial Statements

- 1) We have fulfilled our responsibilities, as set out in the terms of the audit engagement letter dated April 20, 2026, including our responsibility for the preparation and fair presentation of the financial statements.
- 2) The financial statements referred to above are fairly presented in conformity with U.S. GAAP, the notes include all disclosures required by laws and regulations to which the Plan is subject, including the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- 3) We acknowledge our responsibility for administering the plan and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.
- 4) We acknowledge our election to have an ERISA Section 103(a)(3)(C) audit does not affect our responsibility for the financial statements and for determining the following:
 - a) The circumstances permit an ERISA Section 103(a)(3)(C) audit.
 - b) A qualified institution has prepared and certified the investment information as described in 29 CFR 2520.103-8.

- c) The certification meets the 29 CFR 2520.103-5 requirements.
- d) The certified investment information is appropriately measured, presented, and disclosed in accordance with U.S. GAAP.
- 5) We acknowledge our responsibility for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.
- 6) We acknowledge our responsibility for the design, implementation, and maintenance of internal control to prevent and detect fraud.
- 7) The methods, significant assumptions, and data used in making accounting estimates and their related disclosures are appropriate to achieve recognition, measurement, or disclosure that is reasonable in accordance with U.S. GAAP.
- 8) Related-party relationships and transactions and relationships and transactions with parties-in-interest, as defined in ERISA Section 3(14) and regulations thereunder, have been appropriately accounted for and disclosed in accordance with U.S. GAAP and ERISA Section 3(14) and regulations thereunder.
- 9) All events subsequent to the date of the financial statements and for which U.S. GAAP requires adjustment or disclosure have been adjusted or disclosed.
- 10) The effects of all known actual or possible litigation, claims, and assessments have been accounted for and disclosed in accordance with U.S. GAAP.
- 11) Other matters (e.g., breach of fiduciary responsibilities, nonexempt transactions, loans or leases in default, events reportable to the PBGC, or events that may jeopardize the tax status) that legal counsel have advised us that must be disclosed have been properly disclosed.
- 12) Material concentrations have been properly disclosed in accordance with U.S. GAAP.
- 13) Financial instruments with concentrations of credit risk have been properly recorded or disclosed in the financial statements.
- 14) Guarantees, whether written or oral, under which the Plan is contingently liable, have been properly recorded or disclosed in accordance with U.S. GAAP.
- 15) The supplemental schedules or financial statements disclose the following:
 - a) All non-exempt party-in-interest transactions.
 - b) Investments or loans in default or considered to be uncollectible.
 - c) Reportable transactions.

Information Provided

- 16) We have provided you with:
 - a) Access to all information, of which we are aware, that is relevant to the preparation and fair presentation of the financial statements, such as records (including information obtained from outside of the general and subsidiary ledgers), documentation, and other matters.
 - b) A substantially complete draft of Form 5500.
 - c) Additional information that you have requested from us for the purpose of the audit.
 - d) Unrestricted access to persons within the Plan from whom you determined it necessary to obtain audit evidence.
 - e) Current plan instruments, trust agreements, insurance contracts, or investment contracts and amendments to such documents entered into during the year, including amendments to comply with applicable laws.
- 17) All material transactions have been recorded in the accounting records and are reflected in the financial statements.

- 18) We have disclosed to you the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.
- 19) We have no knowledge of any fraud or suspected fraud that affects the Plan and involves:
- a) Management,
 - b) Employees who have significant roles in internal control, or
 - c) Others where the fraud could have a material effect on the financial statements.
- 20) We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan's financial statements communicated by employees, former employees, participants, regulators, beneficiaries, service providers, third-party administrators, or others.
- 21) We have no knowledge of any instances of noncompliance or suspected noncompliance with laws and regulations (including ERISA, DOL, and IRS regulations) whose effects should be considered when preparing financial statements.
- 22) We have disclosed to you all known actual or possible litigation, claims, and assessments whose effects should be considered when preparing the financial statements.
- 23) We have disclosed to you the names of all of the Plan's related parties and parties in interest and all the related-party and party-in-interest relationships and transactions, including any side agreements.
- 24) The Plan has satisfactory title to all owned assets, which are recorded at fair value, with the exception of the notes receivable from participants which are recorded at their unpaid principal balances and accrued interest, guaranteed investment contracts which are recorded at contract value, and all liens, encumbrances, or security interests requiring disclosure in the financial statements have been properly disclosed.
- 25) We have no—
- a) Plans or intentions that may materially affect the carrying value or classification of assets and liabilities.
 - b) Intentions to terminate the Plan.
- 26) Amendments to the Plan instrument, if any, have been properly recorded or disclosed in the financial statements.
- 27) The Plan has complied with all aspects of contractual agreements that would have a material effect on the financial statements in the event of noncompliance.
- 28) The methods and significant assumptions used to estimate fair values of financial instruments, including nonreadily marketable securities, are as follows:
- a) Shares of registered investment company mutual funds are valued at quoted market prices.
- The methods and significant assumptions used result in a measure of fair value appropriate for financial measurement and disclosure purposes.
- 29) We are responsible for the estimation methods and assumptions used in measuring assets and liabilities reported or disclosed at fair value, including information obtained from brokers, pricing services, or other third parties. Our valuation methodologies have been consistently applied from period to period. The fair value measurements reported or disclosed represent our best estimate of fair value as of the measurement date in accordance with the requirements of Financial Accounting Standards Board (*FASB Accounting Standards Codification (ASC) 820, Fair Value Measurement*). In addition, our disclosures related to fair value measurements are consistent with the objectives outlined in FASB ASC 820.
- 30) All required amendments to and filings of documents with the appropriate agencies have been made. The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. The Plan (and the trust established under the Plan) is qualified under the appropriate section of the Internal Revenue Code and we intend to continue them as a qualified plan (and trust).

- 31) The Plan sponsor has operated the Plan (and trust) in a manner that did not jeopardize this tax status.
- 32) The Plan has complied with the DOL's regulations concerning the timely remittance of participant contributions to trusts containing assets for the Plan.
- 33) The Plan has complied with the fidelity bonding requirements of ERISA.
- 34) We have apprised you of all communications, whether written or oral, with regulatory agencies concerning the operation of the Plan.
- 35) We have obtained appropriate fee disclosures from covered service providers and have concluded the fees are reasonable. The Plan is in compliance with DOL regulations regarding ERISA Section 408(b)(2).
- 36) We acknowledge our responsibility for the presentation of the ERISA-required supplemental schedule in accordance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. We believe the ERISA-required supplemental schedule, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The methods of measurement and presentation of the supplemental schedule have not changed from those used in the prior period, and we have disclosed to you any significant assumptions or interpretations underlying the measurement and presentation of the supplemental schedule.
- 37) We are in the process of correcting the identified and estimated lost earnings related to a participant's late contribution correction that the Plan identified during the Plan year.

To the Retirement Plan Committee of
Red Dot Corporation 401(k) Plan

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Red Dot Corporation 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as of and for the year ended December 31, 2025, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's system of internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Trust Company d/b/a Principal Trust Company that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the investment information.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as discussed below, we identified a deficiency in internal control that we consider to be a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency or a combination of deficiencies in internal control such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be a material weakness.

A significant deficiency is a deficiency or a combination of deficiencies in internal control that is less severe than a material weakness yet important enough to merit attention by those charged with governance. We consider the following deficiency in the Plan's internal control to be a significant deficiency:

Preparation of Financial Statements

The Plan does not have a system of financial reporting internal controls that fully prepares financial statements and disclosures that are fairly presented in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) and Department of Labor regulations. We understand that those charged with governance have made a cost benefit decision in obtaining our assistance in the preparation of these financial statements and disclosures.

This communication is intended solely for the information and use of management, the Plan Administrator, and others within the Red Dot Corporation 401(k) Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

To the Retirement Plan Committee of
Red Dot Corporation

We have audited the financial statements of Red Dot Corporation 401k Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) for the year ended December 31, 2025, and we have issued our report thereon dated July 23, 2026. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Trust Company d/b/a Principle Trust Company, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedule, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated April 20, 2026. Professional standards also require that we communicate to you the following information related to our audit.

Our Responsibility under U.S. Generally Accepted Auditing Standard

As stated in our engagement letter dated April 20, 2026, our responsibility, as described by professional standards, is to conduct our audit in accordance with auditing standards generally accepted in the United States of America except that, as permitted by Regulation 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and as elected by management, we will not perform any auditing procedures with respect to asset information prepared and certified to by Trust Company d/b/a Principle Trust Company, the trustee, in accordance with DOL Regulation 2520.103-5, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedule, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your responsibilities related to the preparation and fair presentation of the financial statements.

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Planned Scope, Timing of the Audit, Significant Risks, and Other

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested.

Our audit included obtaining an understanding of the Plan and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. However, we will not consider internal control relating to the information prepared and certified to by Trust Company d/b/a Principal Trust Company. Material misstatements may result from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations, including prohibited transactions with parties in interest or other violations of ERISA rules and regulations, that are attributable to the Plan or to acts by management or employees acting on behalf of the Plan. We communicate our significant findings at the conclusion of the audit. However, some matters could be communicated sooner, particularly if significant difficulties are encountered during the audit where assistance is needed to overcome the difficulties or if the difficulties may lead to a modified opinion. We also communicate any internal control related matters that are required to be communicated under professional standards.

We have identified the following significant risks of material misstatement as part of our audit planning

- Management override of controls
- Accuracy, existence, and completeness of participant data, participant accounts and participant eligibility
- Existence and accuracy of contribution amounts

Since the date of our initial engagement letter communications, existence of participant data, participant accounts and participant eligibility was identified as a significant risk. Additionally, existence of contributions amounts was identified as a significant risk. Since the date of our initial engagement letter communications, we have lowered our assessed risk of accuracy of benefit payments to not be a significant risk.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2025. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

The Plan's investments in mutual funds are stated at fair value. Quoted market prices are used to value these Plan investments. The investment in the common collective trust is stated at contract value based on the net asset value of shares held by the Plan at year-end.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

Risk and Uncertainties in Note 9 that discussed the possible financial volatility related to market risks.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There have been no such misstatements identified during the audit.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We reported no reportable findings.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated July 23, 2026.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Plan Administrator and management of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,
