REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Administrative Steering Committee
Southeastern Freight Lines Retirement Savings Program

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed audits of the financial statements of Southeastern Freight Lines Retirement Savings Program (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedule required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Southeastern Freight Lines Retirement Savings Program (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Southeastern Freight Lines, Inc. (the "Plan Sponsor" or "Company") designated as full-time, part-time or temporary, except those working in the Commonwealth of Puerto Rico and certain other classes of associates. Employees are immediately eligible to make employee deferrals and receive the Company match. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Each year, participants may contribute up to 50% of their eligible compensation, as prescribed by the Internal Revenue Code ("IRC"). An automatic deferral of 6% of compensation is made unless the participant elects no deferral or changes the deferral percentage. An automatic increase of 1% is made annually unless the participant elects no deferral or changes the deferral percentage. This automatic increase applies until a participant's deferral reaches 10%. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a collective trust fund as investment options for participants. For the years ended December 31, 2025 and 2024, the Company contributed 50% of the first 10% of eligible compensation that a participant contributed to the Plan. Additional matching and discretionary amounts may be contributed at the option of the Company's Board of Directors. For the 2025 and 2024 plan years, no discretionary contributions were made. Contributions are subject to certain limitations.

Effective January 1, 2025, catch-up contributions for participants ages 60 through 63 were subject to the IRS limit of $11,250. In addition, effective December 28, 2025, the Plan was amended to increase the maximum participant pretax contribution election from 50% to 75% of eligible compensation, subject to IRC limits.

Participant Accounts

Each participant account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in Company matching contributions and discretionary contributions are based on years of service. Participants vest in Company discretionary contributions at 100% after three years of service. Participants vest in Company matching contributions at the rate of 25% per year until they are fully vested after four years. If participants reach the normal retirement age of 65 years, or become disabled, vesting in Company matching and discretionary contributions is immediate. Earnings on Company contributions vest pursuant to the vesting rules.

Notes Receivable from Participants

Participants may borrow from their accounts up to the lesser of $50,000 or 50% of the combined balance held in their account from elective deferral contributions. Principal and interest are paid through payroll

deductions over a maximum of 5 years for general loans, with the exception of a loan for a primary residence, the participant gets placed on a leave of absence, or absence for military service. A participant may only have one loan outstanding at any point in time. The loans are secured by the balances in the participant's accounts and bear interest at the current prime rate. Interest rates are updated the next business day following a change in the prime rate. The interest rates on loans outstanding as of December 31, 2025 and 2024, ranged from 4.25% to 9.50%. Loans outstanding as of December 31, 2025 have maturity dates through December 2030.

Payment of Benefits

On termination of employment due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested account balance or monthly, quarterly, semi-annual or annual installments over a period of years. Normal retirement age is 65 and there are no provisions for early retirement. While employed, participants generally may not receive a distribution from their accounts; however, participants may receive hardship withdrawals from eligible vested account balances upon demonstrating an immediate and heavy financial need, subject to the provisions of the Plan. Effective June 3, 2024, the Plan increased its mandatory cash-out threshold for certain terminated participants with small account balances from $5,000 to $7,000.

Forfeitures

The nonvested portion of former participants' accounts is used to reduce the future Company contributions, Plan's administrative expenses or may be reallocated among participants as further defined by the Plan. As of December 31, 2025 and 2024, forfeited nonvested accounts totaled $276,153 and $265,999, respectively. No forfeitures were used to pay plan expenses, and forfeitures used to reduce Company contributions totaled $836,252 and $903,038 for the years ended December 31, 2025 and 2024, respectively.

Plan Termination

Although it has not expressed the intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants would become 100% vested in their employer contributions.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes, therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued interest. Delinquent participant loans are reclassified as distributions when determined to be uncollectible.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan is responsible for paying recordkeeping fees. Legal and audit fees may be paid out of the Plan unless paid by the Company. Investment expenses are included in net appreciation in fair value of investments.

NOTE 3 - INFORMATION CERTIFIED BY PLAN TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, T. Rowe Price Trust Company (the "Trustee") has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Total investment income and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2025.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level of an asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Collective trust fund: The Plan invests in the T. Rowe Price Stable Value Common Trust Fund ("Stable Value Fund" or "Fund"), a collective trust fund that primarily invests in guaranteed investment contracts issued by insurance companies; bank investment contracts; structured or synthetic investment contracts ("SICs") issued by banks, insurance companies and other issuers, as well as the securities supporting such SICs (underlying assets); separate account contracts; and other similar instruments that are intended to maintain a constant net asset value ("NAV"). The fair value of the Plan's interest in the collective trust is based on the NAV of units held as the practical expedient.

The beneficial interest of each Stable Value Fund investor is represented by units, which are issued and redeemed daily at a constant NAV of $1 per unit. Distribution to the Fund's unit holders is declared daily from the net investment income and automatically reinvested in the Fund on a monthly basis, when paid. It is the Fund's policy to use its best efforts to maintain a stable NAV of $1 per unit although there is no guarantee that the Fund will be able to maintain this value.

Trust units are issued and redeemed only on a valuation date and at the NAV per unit computed on that date. Trust units may be redeemed on a daily basis to meet benefit payments and other participant-initiated withdrawals permitted by the Plan. Under the terms of the Fund's Declaration of Trust, Fund investees are required to provide either 12- or 30-month advance written notice to the Trustee prior to redemption of trust units; the notice period may be shortened or waived by the Trustee in its sole discretion. As of the years ended December 31, 2025 and 2024, there are no unfunded commitments.

Mutual funds: Valued at the NAV of shares held by the Plan at year end as traded on a national securities exchange.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables provide information as of December 31, 2025 and 2024, about the Plan's financial assets measured at fair value on a recurring basis:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$1,197,837,211	$ -	$ -	$ 1,197,837,211
Total assets in fair value hierarchy	1,197,837,211	-	-	1,197,837,211
Collective trust fund measured at NAV [(a)]	-	-	-	73,031,006
Total investments	$1,197,837,211	$ -	$ -	$ 1,270,868,217

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$1,046,481,594	$ -	$ -	$ 1,046,481,594
Total assets in fair value hierarchy	1,046,481,594	-	-	1,046,481,594
Collective trust fund measured at NAV [(a)]	-	-	-	79,299,081
Total investments	$1,046,481,594	$ -	$ -	$ 1,125,780,675

[(a)] In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 5 - FEDERAL INCOME TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated August 19, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been subsequently amended, but management believes the Plan remains in compliance with the applicable regulations and thus, remain exempt from income taxes.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - TRANSACTIONS WITH PARTIES-IN-INTEREST

The Plan has notes receivable from participants and certain Plan investments consist of mutual funds and a collective trust fund managed by a company affiliated with the Trustee. The Trustee is also the custodian as defined by the Plan; therefore, transactions in these investments and receivables qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through July 29, 2026, the date these financial statements were available to be issued, and has determined there are no material subsequent events requiring recognition or disclosure in these financial statements.
