MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	☒		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☒ Yes ☐ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year 0.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Tri-State Armature & Electrical Works, Inc.
Employees' Pension Plan
Memphis, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements in liquidation of Tri-State Armature & Electrical Works, Inc. Employees' Pension Plan (the Plan), an employee pension plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits in liquidation as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits in liquidation for the years ended December 31, 2025 and 2024, the statement of accumulated plan benefits in liquidation as of December 31, 2024, and the related statement of changes in accumulated plan benefits in liquidation for the year ended December 31, 2024, and the related notes to the financial statements in liquidation.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements in liquidation performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 6 to the financial statements in liquidation, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements in Liquidation section-

- the amounts and disclosures in the financial statements in liquidation referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the liquidation basis of accounting described in Note 1 to the financial statements, which is a basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- the information in the financial statements in liquidation referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements in Liquidation section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As discussed in Note 1 to the financial statements in liquidation, the Board of Directors of Tri-State Armature & Electrical Works, Inc., the Plan's sponsor, voted on November 21, 2024, to terminate the Plan. In accordance with U.S. GAAP, the Plan has changed its basis of accounting used to determine the amounts at which the net asset and accumulated plan benefit information are stated, from the ongoing plan basis to the liquidation basis for periods after November 21, 2024. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements in Liquidation

Management is responsible for the preparation and fair presentation of the financial statements in liquidation in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements in liquidation that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements in liquidation.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements in liquidation are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements in Liquidation

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements in liquidation as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements in liquidation.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements in liquidation, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements in liquidation.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements in liquidation.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements in liquidation, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements in liquidation as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of the Schedule of Assets (Held at End of Year) – Schedule H, Part IV, Line 4i as of December 31, 2025 and Schedule of Reportable Transactions – Schedule H, Part IV Line 4j for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements in liquidation but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements in liquidation. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements in liquidation and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements in liquidation or to the financial statements in liquidation themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS IN LIQUIDATION

*Tri-State Armature & Electrical Works, Inc. Employees' Pension Plan
December 31, 2025 and 2024*

1. DESCRIPTION OF PLAN AND OTHER MATTERS

The following description of the Tri-State Armature & Electrical Works, Inc. Employees' Pension Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory defined benefit pension plan covering substantially all employees of Tri-State Armature & Electrical Works, Inc. (the Company) or their joint annuitants or beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was frozen effective May 29, 2006, and includes all employees of the Company who were eligible as of that date. The plan administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance.

On November 21, 2024, the Board of Directors of the Company voted to terminate the Plan, with a termination date of March 15, 2025. Liquidation was determined to be imminent as of November 21, 2024. Final distributions will be based on all participants being 100% vested, and will be made as soon as practicable after the termination date. In accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), the Plan has changed its basis of accounting to value Plan assets from the ongoing plan basis to the liquidation basis for periods after November 21, 2024. As is the case with the Plan, the liquidation basis causes no change in the value of the assets because all of the Plan's assets are recorded at current market value, and there is no reasonable basis for estimating any pending content.

Funding Policy

The Plan's funding policy is for the Company to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. The Company made contributions of \$850,000 for the year ended December 31, 2024. The Company made no contributions for the year ended December 31, 2025. The Company's contributions for 2025 and 2024 exceeded the minimum funding requirements of ERISA.

Pension Benefits

Employees are entitled to monthly pension benefits beginning at normal retirement age of 65 equal to 0.5% of their average monthly earnings multiplied by years of credited service for benefit accrual. The minimum benefit is \$125 per month reduced for total service less than 25 years. The Plan permits early retirement at ages 55-64 provided the employee has 15 years of credited service. Employee pension benefits are generally paid in the form of a lifetime annuity, but certain options are available at the election of the participant. If employees terminate before rendering five years of vested service, they forfeit the right to receive any of their accumulated plan benefits. See Note 4 for discussion of plan benefits once liquidation was imminent.

NOTES TO FINANCIAL STATEMENTS IN LIQUIDATION

*Tri-State Armature & Electrical Works, Inc. Employees' Pension Plan
December 31, 2025 and 2024*

Death and Disability Benefits

If an active participant dies before retirement, a death benefit equal to the actuarial equivalent of his accrued benefit at the time of his death is paid to the employee's beneficiary. The beneficiary will receive a benefit for life. Active employees who become totally and permanently disabled receive annual disability benefits commencing at the normal retirement date equal to the equivalent normal retirement benefits they have accumulated.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the liquidation basis of accounting.

Use of Estimates

The preparation of financial statements in liquidation in accordance with the liquidation basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements in liquidation, and changes therein. Actual results could differ from those estimates. Management considers the expected liquidation value of investments and the actuarial present value of accumulated plan benefits to be significant estimates. See Note 5 and Note 3 for discussions of the fair value measurements and the actuarial present value of accumulated plan benefits, respectively.

Investment Valuation and Income Recognition

Investments are reported at expected liquidation value, which approximates fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by its investment advisers, custodian, and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

NOTES TO FINANCIAL STATEMENTS IN LIQUIDATION

*Tri-State Armature & Electrical Works, Inc. Employees' Pension Plan
December 31, 2025 and 2024*

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements in liquidation. Certain investment related expenses are included in net appreciation of expected liquidation value of investments presented in the accompanying statements of changes in net assets available for benefits in liquidation.

Subsequent Events

The Plan has evaluated subsequent events through July 27, 2026, the date the financial statements in liquidation were available to be issued.

On June 5, 2026, the Plan paid out the remaining benefit obligations. Following this final distribution, the Plan had no remaining assets available for benefits and no remaining accumulated plan benefits.

3. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are accumulated based on employees' compensation during the five years of credited service that yield the highest average. Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included, to the extent they are deemed attributable to employee service rendered through May 29, 2006. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuation as of January 1, 2025, were (a) life expectancy of participants (IRS 2024 Small Plan Combined Static Mortality was used), (b) retirement age assumptions (the assumed average retirement age was 65), and (c) investment return. The interest rate used to discount the obligation for 2024 was 5.00%. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2024. Had the valuations been performed as of December 31, 2024, there would be no material differences.

NOTES TO FINANCIAL STATEMENTS IN LIQUIDATION

*Tri-State Armature & Electrical Works, Inc. Employees' Pension Plan
December 31, 2025 and 2024*

4. PLAN TERMINATION AND AMENDMENT

The Board of Directors of the Company, the plan sponsor, voted to freeze the Plan on April 17, 2006, effective May 29, 2006. While participants will no longer accrue benefits, the Plan will remain in existence to pay already accrued benefits.

As discussed in Note 1, the Board of Directors of the Company voted to terminate the Plan on November 21, 2024, with a termination date of March 15, 2025. Liquidation was determined to be imminent as of November 21, 2024. All participants were considered fully vested as of December 31, 2025 and 2024.

When the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- 1) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- 2) Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations.
- 3) All other vested benefits (that is, vested benefits not insured by the PBGC).
- 4) All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under U.S. GAAP are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled separate accounts: Valued at the net asset value (NAV) of units of shares held by the Plan. The NAV, as provided by the custodian, is based on third-party pricing vendors and utilized observable market information, such as the fair value of the underlying mutual funds, which are publicly quoted.

Insurance company general account: Valued at cost plus accrued interest, which represents fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Insurance company general account	\$ -	\$ -	\$ 1,271	\$ 1,271
Investments measured at NAV	-	-	-	195,451
Total assets at fair value	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,271</u>	<u>\$ 196,722</u>

Assets at Fair Value as of December 31, 2024				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Insurance company general account	\$ -	\$ -	\$ 133,475	\$ 133,475

Total assets at fair value	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 133,475</u>	<u>\$ 4,076,970</u>

In accordance with U.S. GAAP, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits in liquidation.

Fair Value of Investments that Calculate NAV

The following table summarizes the investments measured at fair value based on the NAV per share as of December 31, 2025 and 2024:

6. ASSETS HELD BY THE PLAN'S CUSTODIAN

Certain information related to investments disclosed in the accompanying financial statements in liquidation and supplemental schedules, including investments held in liquidation at December 31, 2025 and 2024, and net appreciation in expected liquidation value of investments and interest in liquidation for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by The Standard Insurance Company (The Standard), the custodian of the Plan.

7. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2011, the Plan entered into a guaranteed investment contract with Minnesota Life Insurance Company (Minnesota Life) that maintains the contributions in an unallocated fund (general account) to which it adds interest. For funds deposited into the general account prior to January 1, 2025, Minnesota Life adds interest at a rate of 2.00%. For funds deposited on or after January 1, 2025, Minnesota Life adds an interest rate of 4.59%. The interest rates are guaranteed through December 31, 2025.

8. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Standard. The Standard is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Certain fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. The plan sponsor pays directly any other fees related to the Plan's operations.

9. INCOME TAX STATUS

The Plan has not obtained a separate determination letter from the Internal Revenue Service (IRS) stating that the Plan was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan is relying on the IRS approval of the standardized prototype plan that it is utilizing. The IRS has opined and informed the third party administrator by a letter dated March 30, 2018, that the prototype plan was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and tax-exempt as of the financial statement in liquidation date.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits in liquidation.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements in liquidation.

11. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits in liquidation per the financial statements as of December 31, 2024 to Schedule H of Form 5500:

Appendix B – Summary of Actuarial Assumptions and Methods

For attachment to 2025 Schedule SB, Part V – Actuarial Assumptions and Methods
EIN 62-0387690 / PN 001

Actuarial Value of Assets: The actuarial value of assets equals the fair market value as of the valuation date (including any discounted receivable contributions), plus 2/3 of the actual earnings minus expected earnings for the preceding 12 months (plan year), plus 1/3 of the actual earnings minus expected earnings for the 12 months (plan year) preceding that date. The actuarial value of assets is adjusted to be within 90-110% of the fair market value on the valuation date.

Actuarial Cost Method: Using the “unit credit actuarial cost” method the employer must contribute the “normal cost” plus a “shortfall” contribution. A shortfall contribution is required if the plan is less than 100% funded. Shortfalls are recalculated each year, and each year new incremental gain or loss starts a new fifteen-year period.

Funding Target Discount Rates	Minimum Funding	Maximum Deductible Contribution	PBGC Premium
Years 0 to 5:	5.07%	5.07%	5.07%
Years 6 to 20:	5.31%	5.33%	5.33%
Years 21 on:	5.50%	5.36%	5.36%
Effective Interest Rate:	5.32%	5.30%	5.30%

Salary Scale (Compounded Annually): Not applicable since the plan is frozen.

Mortality Table: IRS 2024+ Small Plan Combined Static Mortality (dynamic) Table.

Retirement: 100% retirement rate at normal retirement age for current active and terminated vested participants.

Withdrawal Rates: 2003 Society of Actuaries small plan turnover table

<u>Age</u>	<u>Rates</u>
20	24.30%
30	15.50%
40	9.40%
50	5.60%

Assumed Form of Payment: 100% of current active and terminated vested participants are assumed to take an annuity.

Marital Status: 85% of future retirees are assumed to be married with females 3 years younger than males.

Expenses: It is assumed that no administrative expenses are paid from plan assets.

Plan Benefits Not Considered: None.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions.)

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		500,000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	X		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☒ Yes ☐ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year 0.
