INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees and participants of
The Everest Campus Services Company, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Everest Campus Services Company, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institutions), provided that the investment information is prepared and certified to by the qualified institutions in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Everest Campus Services Company, LLC 401(k) Plan

Notes to Financial Statements December 31, 2025 and 2024

1. Description of the Plan

The following description of The Everest Campus Services Company, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Everest Campus Services Company, LLC and its affiliated service group members (the Company or Plan Sponsor) except reclassified employees, certain nonresident aliens, and union employees. Employees who are full-time employees that have completed three consecutive months of employment and are age 18 or older are eligible to participate in the Plan. Eligible employees may enter the Plan on the first day of the quarter after which eligibility has been attained. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for the oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

Contributions

Participants may make pre-tax and/or Roth contributions of up to 100% of their eligible compensation as defined by the Plan document, not to exceed a maximum of \$23,500, plus catchup contributions of \$7,500 for those qualifying participants who are at least 50 years of age in 2025. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Beginning in 2025, participants who turned age 60, but not older than age 63 by December 31, 2025 are eligible for catch-up contributions of \$11,250.

The Plan provides for a safe harbor matching contribution by the Plan Sponsor who will make a semi-annual matching contribution of 100% of the first 3% of eligible compensation and 50% of the next 2% of eligible compensation that a participant contributes to the Plan. At the discretion of the Board of Trustees, the Company may make a discretionary nonelective contribution. For the year ended December 31, 2025, the Company did not make a discretionary nonelective contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, any Company contributions, and earnings or losses on the investments in their account, and is charged with certain administrative expenses. Upon enrollment in the Plan, a participant may

direct any contributions to any of the investment options offered by the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested at all times in their contributions, rollovers, and safe harbor matching contributions plus earnings and losses thereon. For discretionary nonelective contributions, participants vest 20% per year of service and are fully vested after five years of service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A participant may have no more than two notes outstanding at any time. The notes are secured by the balance in the participant's account and bear interest rates from 4.25% to 9.50% as of December 31, 2025, which are commensurate with local prevailing rates as determined quarterly by the Plan's management. Principal and interest are paid through payroll deductions. Included in the notes receivable balance from participants is \$29,462 of accrued and unpaid interest.

Payment of Benefits

At the time of death, disability, termination of service or retirement, the participant or their beneficiary may receive payment of the vested interest in their account in a lump-sum distribution. If the account balance was \$1,000 or less, the Plan could, upon termination of service, pay the benefits owed in a lump sum. Participants' account balances between \$1,000 and \$7,000 could be automatically rolled over to an individual retirement account unless the participant directed otherwise. Balances exceeding \$7,000 may remain in the Plan until a distribution is requested by the participant. In-service withdrawals from all vested account balances are also permitted for participants who have attained age 59½. The participant's contributions may also be withdrawn for certain hardship situations.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited non-vested accounts totaled \$6,429 and \$6,656, respectively. Forfeited non-vested accounts are used first to pay administrative expenses and then to reduce future employer contributions. For the year ended December 31, 2025, forfeited amounts of \$325 were used to reduce 2025 administrative expenses.

Administrative Expenses

The Plan document permits certain administrative expenses to be paid by the Plan. All other expenses are paid by the Plan Sponsor. The Plan Sponsor does not expect reimbursement from the Plan for these expenses. Administrative fees paid by participants include certain distribution fees. These expenses are paid to a service provider of the Plan and therefore qualify as party-in-interest transactions.

The Plan has an ERISA account where the qualified institutions deposit revenue sharing payments that can be used to pay administrative expenses or allocated to participant accounts. In 2025, the qualified institutions deposited \$42,996 of revenue sharing credits into the account, and administrative expenses totaling \$42,996 were paid from the account. At both December 31, 2025 and 2024, the balance in this account was \$0.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates, and such differences may be material to the financial statements.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The safe harbor matching contributions are considered payable to the Plan when approved by the Board of Trustees and are paid semi-annually. The discretionary nonelective contributions are considered payable to the Plan after approval by the Board of Trustees. Any unfunded participant or employer contributions are included in the employee or employer contributions receivable on the statements of net assets available for benefits as of December 31, 2025 and 2024.

The Everest Campus Services Company, LLC

401(k) Plan

Notes to Financial Statements

December 31, 2025 and 2024

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the guaranteed interest contract, which is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Net change in fair value of investments and contract value of guaranteed interest contract includes realized and unrealized gains and losses on those investments. Interest income is recorded when received. See Note 4 for a discussion of fair value and contract value measurements.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when earned. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded. Notes receivable from participants also qualify as party-in-interest transactions.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through July 27, 2026, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institutions

All information in the accompanying financial statements and supplemental schedule, Schedule of Assets (Held at End of Year), including investments held at December 31, 2025 and 2024, and net change in fair value and contract value of investments and interest income for the year ended December 31, 2025, was obtained or derived from information supplied to the Plan's administrator and certified as complete and accurate by Empower Trust Company, LLC, and Empower Annuity Insurance Company of America (collectively, Empower), the Plan's qualified institutions.

The Everest Campus Services Company, LLC

401(k) Plan

Notes to Financial Statements

December 31, 2025 and 2024

4. Investments

The Plan's investments include shares of a guaranteed interest contract managed by Empower. Empower is a service provider for the Plan; therefore, transactions in this investment qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net change in fair value of investments and contract value of guaranteed interest contract, as they are paid through revenue sharing rather than a direct payment.

Investments are exposed to various risks, such as market, currency, interest rate, and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include healthcare crises, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, significant cybersecurity attacks, etc. It is at least reasonably possible that changes in their fair value will occur in the near term and that such changes could materially affect participants' account balances.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Investments in mutual funds are valued at quoted market prices for the identical security in an active market (Level 1).

The Everest Campus Services Company, LLC

401(k) Plan

Notes to Financial Statements

December 31, 2025 and 2024

The Plan invests in common/collective trust funds. The funds trade at net asset value (NAV) per share. The Plan has elected to use NAV as a practical expedient to measure the fair value of the funds. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Participants' balances in the funds can be redeemed daily without restrictions or any prior notice. If the Plan initiates a full redemption of the funds, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. No unfunded commitment existed with respect to the funds at December 31, 2025 and 2024. The funds are not categorized within the fair value hierarchy.

The Plan invests in an Empower guaranteed interest contract. The guaranteed interest account is considered to be a fully-benefit responsive investment contract issued by Empower. The guaranteed interest contract is backed by the general account assets of Empower. The Plan's investment in this account is stated at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. Contract value is the relevant measure for fully-benefit responsive contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contracts. Investment income of this account is presented on a contract value basis.

The Plan's investments at fair value at December 31, 2025 and 2024 are comprised of the following:

	2025	
	Level 1	Total
Mutual funds	\$ 19,555,686	\$ 19,555,686
Total assets in fair value hierarchy	19,555,686	19,555,686
Collective trust measured at NAV		458,945
Total	\$ 19,555,686	\$ 20,014,631

	2024	
	Level 1	Total
Mutual funds	\$ 15,653,922	\$ 15,653,922
Total assets in fair value hierarchy	15,653,922	15,653,922

5. Plan Termination

Although it has not expressed any intent to do so, the Company has a right under the Plan document to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their Company discretionary nonelective contributions.

6. Income Tax Status

The Plan uses a non-standardized pre-approved plan document prepared by Empower. The Internal Revenue Service has determined and informed Empower by a letter dated November 14, 2022 stating that the non-standardized pre-approved plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has not obtained an individual determination letter and has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.
