INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
APDerm Management LLC 401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of APDerm Management LLC 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Plan Benefits as of December 31, 2025 and 2024, and the related Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

APDERM MANAGEMENT LLC 401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2025 and 2024

1. Description of Plan

The following description of APDerm Management LLC 401(k) Profit Sharing Plan (the Plan) is intended to provide only general information regarding the Plan. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing 401(k) plan, covering employees of APDerm Management LLC and its affiliates (collectively, the Employer) who have attained the age of eighteen, as defined by Plan provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All investments are participant-directed.

Compass 360, LLC is the administrator of the Plan and has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. Reliance Trust Company (Reliance) was the appointed trustee of the Plan, and acted at the direction of the Plan Administrator through December 31, 2024. Effective January 1, 2025, the Plan was restated and Transamerica Trust Company (TTC) is the appointed trustee for the Plan, acting at the direction of the Plan Administrator.

Contributions

Participants may elect to contribute up to 100% of their annual pretax compensation, as limited by the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (Rollovers). The Plan also provides for participant catch-up, Roth and Roth catch-up contributions.

The Employer makes safe harbor matching contributions equal to 100% of the first 3% of the participant's eligible compensation and 50% of the next 2% of the participant's eligible compensation totaling \$1,735,036 for the year ended December 31, 2025. A participant is eligible to receive Employer matching contributions after completing one year of service, with quarterly entry. The Employer may make discretionary matching contributions in an amount equal to a percentage of the amount contributed by each participant. The discretionary matching contributions may be limited to a certain dollar amount.

The Employer may also make non-elective contributions to the Plan. A participant is eligible to receive non-elective Employer contributions after completing one year of service and 1,000 hours, with quarterly entry.

There were no discretionary matching or non-elective contributions made in 2025.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Employer's contribution, and their allocation of Plan earnings/losses and any expenses incurred.

APDERM MANAGEMENT LLC 401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2025 and 2024

Allocations are based on participant compensation or individual participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and Employer safe harbor matching contributions plus the allocation of Plan earnings on those contributions, at the time of allocation. Participants become vested in the Employer discretionary matching and non-elective contributions and the allocation of Plan earnings on those contributions as follows: 20% after 2 years, 40% after 3 years, 60% after 4 years, 80% after 5 years and 100% after 6 years of employment. Service with specified prior employees of acquired companies is treated as service with the Employer for vesting purposes. Participants are immediately vested in all accounts upon death, disability, or attainment of retirement age 65.

Participant Notes Receivable

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 within the last twelve-month period or 50% of their vested account balance. Terms range from one to five years, or up to 15 years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate comparable to the current interest rates charged by financial institutions for similar loans. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

The Plan allows for in-service distributions of the participant's vested accounts upon reaching the age of 59-1/2, attainment of normal retirement age or due to hardship, as defined by the Plan. In-service withdrawals are also permitted for Rollover account balances at any time. Upon termination of employment for any reason, a participant or beneficiary will be entitled to the value in their vested account balance. If a participant's vested balance is equal to or less than \$1,000, the participant will receive an immediate cash-out of their vested account balance, and the non-vested portion shall be treated as a forfeiture. If a participant's vested balance exceeds \$1,000 and is equal to or less than \$5,000, the amount will be rolled over to an individual retirement plan designated by the Plan Administrator, unless otherwise directed by the participant. Participants with vested balances exceeding \$5,000 will receive a lump sum distribution, with partial or installment distributions permitted only to satisfy minimum distribution rules.

Effective January 1, 2024, the Plan adopted the qualified birth or adoption distribution provision of the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act), to provide participants with distributions up to \$5,000 during the one-year period beginning on the date on which the participant's child is born or on which the legal adoption by the participant of an eligible adoptee is finalized.

APDERM MANAGEMENT LLC 401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2025 and 2024

Forfeitures

A participant forfeits the unvested portion of his or her account after incurring five one-year breaks in service. Forfeited non-vested accounts may be used to reduce Employer matching contributions or to pay administrative expenses of the Plan. At December 31, 2025 and 2024, forfeited non-vested accounts totaled \$22,074 and \$4,218, respectively. Forfeitures of \$14,792 were used to pay administrative expenses of the Plan during the year ended December 31, 2025.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Valuation of Investments and Income Recognition

The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3). The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, trustee and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fully Benefit-responsive Investment Contract

Authoritative guidance defines the circumstances in which an investment contract is considered fully benefit-responsive and provides certain reporting and disclosure requirements for fully benefit-responsive investment contracts held by defined contribution, health and welfare and pension plans.

The Plan has an investment in the Stable Value Core Option, a group annuity contract issued by Transamerica Life Insurance Company (TLIC), which meets this requirement. The Plan's investment in this fund, which represents contributions and reinvested interest income, less withdrawals and expenses, plus or minus net participant-directed transfer activity with the Plan's other investment funds, is recorded at contract value which approximates fair value.

APDERM MANAGEMENT LLC 401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2025 and 2024

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income on participant notes receivable is recorded when it is earned. A receivable is considered past due if payment has not been received within stated terms. Delinquent participant notes receivable are reclassified as distributions based on the terms of the Plan document.

Contributions

Participant and Employer matching contributions are recorded each pay period, as applicable, when the Employer remits the contributions for investment into the Plan.

Payment of Benefits

Benefits are recognized when paid to participants or their designated beneficiaries.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Employer, unless the Employer directs that the expenses be paid by the Plan. Expenses that are paid by the Company are excluded from these financial statements. Participant notes receivable set-up and maintenance fees are paid directly by the participants through a reduction in their account and are included in administrative expenses. Investment management and recordkeeping fees, if applicable, are paid by the Plan through revenue sharing as a reduction of investment income (net appreciation or depreciation) from the related investment fund.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options with various investment objectives. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

The Plan held one investment that accounted for approximately 12% of total plan investments as of December 31, 2025 and 2024.

APDERM MANAGEMENT LLC 401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2025 and 2024

Financial Instruments with a Concentration of Credit Risk

The Plan's investments are held by a single trustee. The Plan's exposure to credit risk is associated with the outside entity's non-performance of their fiduciary responsibilities relating to these amounts as specified in the agreements. Benefits provided by the Plan are not insured or guaranteed by the Pension Benefit Guaranty Corporation.

Subsequent Events

Management has evaluated subsequent events through July 30, 2026, which is the date these financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy and inputs to the valuation methodologies are described as follows:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets the Plan has the ability to access.

Level 2 inputs are other than quoted prices in active markets that are observable either directly or indirectly for the asset. Such inputs are derived principally from or corroborated by observable market data for similar assets by correlation or other means, over substantially the full contractual term of the asset, if applicable.

Level 3 inputs are unobservable and significant to the fair value measurement. Such inputs generally rely on the Plan's own assumptions about the assumptions that market participants would use in pricing the asset.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

APDERM MANAGEMENT LLC 401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2025 and 2024

As of December 31, 2025 and 2024, the Plan's investments in mutual funds are reported at level 1 within the fair value hierarchy.

4. Fully Benefit-responsive Investment Contract

The Plan has an investment in the Stable Value Core Option, a group annuity contract, which is a traditional fully benefit-responsive investment contract. Contributions to this fund are deposited into the TLIC's general account.

The account is credited with participant contributions, plus earnings, and charged for participant withdrawals and administrative expenses. The insurance company is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There is no minimum crediting rate under the contract and it is reviewed on a semi-annual basis for resetting. The contract's credit rate at December 31, 2025 and 2024 was 1.60% and 1.65%, respectively. The guarantee of values provided for investments made with TLIC under the Plan's investment contract is based on the financial strength and claims-paying ability of TLIC.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. In order to maintain the issuer's promise to pay withdrawals and exchanges at contract value, the contracts subject the fund and its participants to certain restrictions, such as withdrawals prompted by certain events (e.g., full contract discontinuance or partial contract discontinuance) and may be paid at market value of the fund's securities, which may be less than contract value, or may restrict withdrawals in these events. It is not probable that these events will occur. There are no events that allow TLIC to terminate the contract which require the Plan sponsor to settle at an amount different than contract value.

5. Plan Termination

The Employer expects to continue the Plan indefinitely. However, the Employer reserves the right to amend the Plan or contributions thereto, at any time and in any manner that it deems advisable, provided that no amendment shall have the effect of diverting Plan assets for purposes other than for the exclusive benefit of the Plan participants and any Plan termination would be subject to the provisions of ERISA. In the event of Plan termination, the participants would become fully vested and entitled to receive all amounts credited to their accounts.

APDERM MANAGEMENT LLC 401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2025 and 2024

6. Income Tax Status

The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Summary of Financial Data Certified by the Trustee

The following is a summary of financial information and data certified by the trustee, TTC as of December 31, 2025 and for the year ended December 31, 2025, and Reliance as of December 31, 2024:

Statements of Net Assets Available for Plan Benefits at December 31, 2025 and 2024, except for contributions receivable and liabilities, if any;

Investment income and interest income from participant notes receivable on the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2025; and

Investment information provided in the supplemental schedule, Schedule of Assets (Held at End of Year) at December 31, 2025.

8. Differences from Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan, Form 5500, and these financial statements are a result of different classifications between line items. Total Plan assets are in agreement.

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2025 and 2024

9. Related Party Transactions and Party-in-Interest Transactions

Plan investments in 2025 were held and managed by TTC, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. The Plan made direct payments to the trustee for administrative services totaling approximately \$62,600 for the year ended December 31, 2025. The Plan also made payments of approximately \$30,000, \$13,600, and \$15,300 to its investment advisor, third-party administrator, and accountants, respectively. In addition, participant notes receivable qualify as party-in-interest transactions.
