Independent Auditor's Report

To the Plan Administrator and Plan Participants
Kirk NationaLease Co.
401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Kirk NationaLease Co. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Kirk NationaLease Co. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note #3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section.

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Kirk National Lease Company 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Kirk National Lease Company 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Kirk NationalLease Company 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Kirk NationalLease Company 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note #1 – Significant Accounting Policies

Basis of Accounting:

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates:

Management used estimates and assumptions in preparing these financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported additions and deductions of net assets. Actual results could vary from those estimates that were used.

Investment Valuation and Income Recognition:

The plan's investments are stated at fair value based on quoted prices in active markets for identical assets the Plan has the ability to access. The Plan's collective investment trust funds include Fisher collective investment trust funds held by SEI Trust Company. Purchases and sales of securities are recorded on a trade-date basis. Income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits:

Benefits are recorded when paid.

Note #2 – Description of the Plan

The following description of the Kirk NationaLease Co. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan was established effective July 1, 1989. The Plan sponsor is Kirk NationaLease Administrative Company (the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Members of the Plan include employees of Kirk NationaLease Administrative Company and Kirk NationaLease. Certain usual and reasonable administrative expenses are paid by the Company.

Eligibility Requirements:

Employees become eligible to participate in the Plan on the first of each month after completing 60 days (no hourly requirement) of service and attaining the age of 18. In absence of a salary deferred agreement, eligible participants are automatically enrolled to defer 6% of compensation with an increase of 1% each January 1st up to 20%.

Note #2 – Description of the Plan (Continued)

Contributions:

The Plan provides for voluntary participant contributions of up to 100% annual compensation, as defined in the Plan. Participants aged 50 or older may make additional “catch-up” deferrals. Participants can opt to designate all or a portion of participant contributions as Roth deferrals. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (Rollover Contributions). The Company will make a matching contribution of 33% of the first 6% of deferrals. The Company may make a discretionary profit sharing contribution, which shall be allocated to each eligible participant in proportion to his or her compensation as a percentage of the compensation of all eligible participants. No discretionary profit sharing contribution was made to the Plan in 2025 or 2024. The Company may make an additional discretionary QNEC (qualified non-elective contribution) contribution, which shall be allocated to each eligible non-highly compensated participant in proportion to his or her compensation as a percentage of compensation of all eligible non-highly compensated participants. No QNEC was made to the Plan in 2025 and 2024. Contributions are subject to certain regulatory limitations.

The following requirements must be met to receive profit sharing and QNEC employer contributions: The participant must be employed at year-end, without regard to hours of service, or the participant must have separated from employment during the year with over 500 hours of service during that year or terminated due to retirement, death, or disability.

Participant Accounts:

Each participant’s account is credited with the participant’s contributions and allocations of the Company’s contributions and plan earnings. Participants direct their investment contributions into investment options offered by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting:

Participants are fully vested in their accounts as of December 31, 1998 and a new vesting schedule applies to subsequent activity as follows: A participant shall have a fully vested and nonforfeitable interest in the value of his or her account derived from participant contributions, rollovers, and employer discretionary QNEC contributions. Participants are also fully vested if they separate from service due to disability, death or retirement. For other separations from service, vesting in the employer matching and discretionary profit sharing contributions is based on years of service. A year of service is a 12-month period, the same as their employment year, during which they are credited with 1,000 hours of service. The participant is 20% vested after one year of service with an additional 20% vesting after each additional year of service. After five years of service, the participant is fully vested. Forfeitures are used to pay administrative expenses or to reduce employer contributions. On December 31, 2025 and 2024 there was \$32,585 and \$0 forfeited non-vested accounts.

Note #2 – Description of the Plan (Continued)

Payment of Benefits:

Participants are entitled to benefits upon retirement, death, or disability. Normal retirement age is 65 and early retirement age is 55 with the completion of 5 years of service. If a participant terminates employment prior to death, disability, or retirement, such participant may elect to receive a payment of his or her vested account balance. If a terminated participant's account balance exceeds \$5,000, he or she shall be entitled to postpone payment to no later than when such participant attains age 70 ½. Forms of payment include annuities, a lump sum, or series of flexible payments. Hardship withdrawals are permitted but require the participant to certify to the Administrative Committee that a hardship exists and funds are not reasonably available from other sources. In-service distributions are permitted from the vested account balance upon reaching age 59 ½.

Administrative Expense:

Administrative Expenses of the Plan are paid by the Plan. Expenses that are paid by the Company are excluded from these financial statements. Certain investment related expenses are included in net investment income (loss).

Note #3 – Certification

All the Plan's investments and investment transactions were recorded by Principal Life Insurance Company, the asset custodian. The accompanying financial statements have been prepared from the information supplied and certified by the custodian, including investment assets, transactions, and income.

Note #4 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, any unallocated funds of the trust shall be allocated, and all participants will become fully vested and nonforfeitable.

Note #5 – Investments

Fair value measurements are as follows at year-end.

			Quoted Prices in Active Markets for Identical Assets (Level 1)
	<u>2025</u>	<u>Fair Value</u>	
Mutual Funds		\$ 6,255,464	\$ 6,255,464
	<u>2024</u>		
Mutual Funds		\$ 5,756,675	\$ 5,756,675

Note #5 – Investments (Continued)

FASB ASC 820-10 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs are quoted prices in active markets for identical assets that the Plan has the ability to access. Level 2 inputs are inputs other than quoted prices included within level 1 that are observable for valuing the asset or liability. Observable inputs include quoted price for similar assets or liabilities in active or non-active markets and may also include insignificant adjustments to market observable inputs. Level 3 inputs are unobservable inputs used for valuing the asset or liability. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs would only be used when Level 1 and Level 2 inputs were not available.

All of the Plan's investments are measured at Level 1 because the net asset value (NAV) that is the basis for current transactions is determinable and published, resulting in a fair value that is considered to be a readily determinable fair value.

Note #6 – Tax Status

The Plan is designed in accordance with a standardized prototype by Principal Financial Group. The Principal Financial Group prototype received a favorable opinion letter dated June 30, 2020, stating that the form of the plan prototype is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan and the plan prototype have since been amended; however, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Note #7 – Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risk such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note #8 – Other Receivable/Income

The \$79,089 on the statement of net assets as of December 31, 2025 and on the statement of changes in net assets available for benefits for 2025 represents the amount of employer matching contributions paid out in error as of December 31, 2025 that were reinstated to the Plan subsequent to year end.

Note #9 – Subsequent Events

Management has evaluated subsequent events through the date of the report of these financial statements, which is the date the statements were available for issue.
