Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Transnetyx 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Other Matter — Comparative Information

The statement of net assets available for benefits as of December 31, 2024 was not audited, reviewed, or compiled by us and, accordingly, we do not express an opinion or any other form of assurance on it. The December 31, 2024 information is presented solely for comparative purposes.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of the Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – PLAN DESCRIPTION

The following description of the Transnetyx 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan sponsored by Transnetyx, Inc. (the “Company” or the “Plan Sponsor”) covering substantially all employees of the Company who have met the Plan’s eligibility requirements. The Plan was originally established effective January 1, 2008 and was most recently amended and restated effective January 1, 2024. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan’s investments are held under a group annuity contract with John Hancock Life Insurance Company (USA) (“John Hancock”), which serves as the Plan’s recordkeeper and custodian. Ellis & Ward Consulting Group, Inc. serves as the Plan’s third-party administrator. Robert J. Bean serves as trustee of the Plan and, together with the Plan Sponsor, is responsible for oversight of the Plan, including the selection and monitoring of the Plan’s investment options.

Eligibility

Employees are eligible to make elective deferrals upon attainment of age 18, with no service requirement, and enter the Plan for that purpose on the first day of the month coinciding with or next following the date the eligibility requirements are met. For purposes of the employer safe harbor matching contribution, employees are eligible upon attainment of age 18 and completion of one year of eligibility service (1,000 hours of service), with entry on the next semi-annual entry date (January 1 or July 1). Certain classes of employees, including interns and—for elective deferrals and safe harbor contributions—collectively bargained employees and nonresident aliens, are excluded from participation. Highly compensated employees are excluded from the employer safe harbor matching contribution.

Contributions

Participant contributions: Participants may elect to contribute a portion of their eligible compensation, as defined by the Plan, on a pre-tax and/or Roth basis, up to the maximum amounts permitted under the Internal Revenue Code (the “Code”). For the 2025 plan year, the maximum elective deferral was \$23,500. Participants who are age 50 or older by the end of the plan year may make additional catch-up contributions of up to \$7,500 (or up to \$11,250 for participants who attain age 60 through 63 during the plan year). Participants may also contribute amounts representing eligible rollover distributions from other qualified plans; rollover contributions are not eligible for the employer matching contribution.

Automatic enrollment: The Plan includes a qualified automatic contribution arrangement (QACA). Employees hired after December 31, 2023 are automatically enrolled at a deferral rate of 6% of eligible compensation unless they affirmatively elect a different rate or elect not to participate.

Employer contributions: The Plan is a QACA safe harbor plan. The Plan Sponsor makes a safe harbor matching contribution equal to 100% of a participant’s elective deferrals up to 1% of eligible compensation, plus 50% of elective deferrals on the next 5% of eligible compensation (deferrals from 1% to 6%), for a maximum safe harbor matching contribution of 3.5% of eligible compensation. The safe harbor matching contribution is funded each pay period. Highly compensated employees are not eligible for the safe harbor matching contribution. As a QACA safe harbor plan, the Plan is deemed to satisfy the actual deferral percentage and actual contribution percentage nondiscrimination requirements of the Code.

NOTE 1 – PLAN DESCRIPTION (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, the employer safe harbor matching contribution, and an allocation of Plan earnings, and is charged with withdrawals and an allocation of administrative expenses, as applicable. Allocations of Plan earnings are based on the investment results of the investment options selected by each participant. All Plan investments are participant-directed, and participant accounts are valued on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Vesting

Participants are immediately 100% vested in their elective deferrals (pre-tax and Roth), rollover contributions, and the earnings thereon. Participants vest in the employer QACA safe harbor matching contribution, and the earnings thereon, upon completion of two years of vesting service (a two-year cliff schedule); a year of vesting service is a plan year during which the participant completes at least 1,000 hours of service. Participants become 100% vested in all account sources upon death.

Forfeitures

When a participant terminates employment before becoming fully vested in the employer safe harbor matching contribution, the nonvested portion of the participant's account is forfeited. Forfeitures are used to reduce future employer contributions.

Notes Receivable from Participants

Participants may borrow from their vested account balances, subject to the terms of the Plan's loan policy. Loans are secured by the participant's vested account balance and bear interest at a fixed rate commensurate with prevailing rates, as determined by the plan administrator at origination. Loan repayments of principal and interest are made through payroll deductions over a term not to exceed five years, except for loans used to acquire a participant's principal residence, which may have a longer repayment term. Outstanding participant loans totaled \$47,680 at December 31, 2025.

Payment of Benefits

Upon termination of employment due to retirement, death, disability, or other separation from service, a participant (or beneficiary) may receive the vested value of the participant's account as a lump-sum distribution. The Plan's normal retirement age is 65. In-service distributions are permitted from all account sources upon attainment of age 59½ or normal retirement age, and rollover contributions may be withdrawn at any time. Hardship distributions are permitted from pre-tax and Roth elective deferrals, including earnings, upon demonstration of an immediate and heavy financial need meeting the safe harbor hardship criteria. Vested account balances of \$1,000 or less may be distributed as a mandatory cash-out; vested balances greater than \$1,000 (up to the applicable limit) are automatically rolled over to an individual retirement account established on the participant's behalf if the participant does not elect otherwise.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Plan Sponsor, who receive no compensation from the Plan. Certain administrative expenses are also paid directly by the Plan Sponsor and are excluded from these financial statements.

NOTE 1 – PLAN DESCRIPTION (CONTINUED)

Administrative Expenses (Continued)

The Plan bears two types of expenses. Investment-related expenses embedded in the pooled separate accounts — including fund-level operating expenses and asset-based charges under the John Hancock group annuity contract — are reflected in the net unit values of the pooled separate accounts and are therefore included in net appreciation in the fair value of investments; these amounts are not separately reported as administrative expenses. Fees charged directly to the Plan or to participant accounts — consisting of John Hancock contract administration fees, third-party administration fees, and investment advisory fees — are reported as administrative expenses in the statement of changes in net assets available for benefits. Administrative expenses for the year ended December 31, 2025 consisted of John Hancock contract administration fees of \$14,022, investment advisory fees of \$26,227, and third-party administration fees of \$1,035.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor reserves the right to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investments consist of pooled separate accounts held under a group annuity contract with John Hancock. See Note 3 for a discussion of the fair value measurements. Purchases and sales of investments are recorded on a trade-date basis. Net appreciation (depreciation) in the fair value of investments includes realized gains and losses on investments sold and unrealized gains and losses on investments held during the year. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date, to the extent not reinvested within the pooled separate accounts.

Notes Receivable from Participants

Notes receivable from participants represent participant loans and are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2025. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the loan balance is reduced, and a benefit payment (deemed distribution) is recorded.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan Sponsor has evaluated subsequent events through July 13, 2026, the date the financial statements were available to be issued. The Plan Sponsor is not aware of any subsequent events that would require recognition or disclosure in these financial statements.

NOTE 3 – FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) 820, Fair Value Measurement, establishes a framework for measuring fair value and a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodology used for the Plan's investments measured at fair value. There have been no changes in the methodology used at December 31, 2025.

Pooled separate accounts: Valued at the net unit value of units held by the Plan at year end. The net unit value is based on the fair value of the underlying investments held by each pooled separate account, which consist primarily of registered investment companies (mutual funds) and other securities with readily determinable fair values. Because the net unit values are based on observable inputs, but the pooled separate account units themselves are not traded in an active market, the pooled separate accounts are classified within Level 2 of the fair value hierarchy.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth, by level within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2025 and 2024:

	Level 1	Level 2	Level 3	Total
December 31, 2025				
Pooled separate accounts	\$ -	\$ 8,445,701	\$ -	\$ 8,445,701
Total investments at fair value	<u>\$ -</u>	<u>\$ 8,445,701</u>	<u>\$ -</u>	<u>\$ 8,445,701</u>
December 31, 2024				
Pooled separate accounts	\$ -	\$ 6,503,867	\$ -	\$ 6,503,867
Total investments at fair value	<u>\$ -</u>	<u>\$ 6,503,867</u>	<u>\$ -</u>	<u>\$ 6,503,867</u>

The Plan held no Level 1 or Level 3 investments during the years ended December 31, 2025 and 2024, and there were no transfers between levels during those years. Notes receivable from participants of \$47,680 and \$45,265 at December 31, 2025 and 2024, respectively, are measured at amortized cost and are excluded from the fair value table above.

NOTE 4 – SUMMARY OF INFORMATION CERTIFIED BY QUALIFIED INSTITUTION

The plan administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) and 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock, a qualified institution as defined in that section, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments held under Group Annuity Contract No. 153111, as reported in the statement of net assets available for benefits as of December 31, 2025;
- Investment income (net appreciation in fair value of investments), as reported in the statement of changes in net assets available for benefits for the year ended December 31, 2025; and
- The information in the supplemental schedule of assets (held at end of year) as of December 31, 2025.

The Plan's independent auditor did not perform auditing procedures with respect to the certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5 – INVESTMENTS AND INVESTMENT CONTRACT

The Plan's investments are held in pooled separate accounts under a group annuity contract (Contract No. 153111) issued by John Hancock. The pooled separate accounts are reported at fair value as described in Note 3. The Plan has no fully benefit-responsive investment contracts. John Hancock holds the Plan's investments and is a party in interest to the Plan; see Note 7.

During the year ended December 31, 2025, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in fair value in the amount of \$1,293,730.

NOTE 5 – INVESTMENTS AND INVESTMENT CONTRACT (CONTINUED)

In accordance with U.S. GAAP, net appreciation in the fair value of investments is presented in the aggregate in the statement of changes in net assets available for benefits, and disaggregation of net appreciation by investment type and disclosure of individual investments representing 5% or more of net assets available for benefits are not required. Interest income on notes receivable from participants of \$4,011 for the year ended December 31, 2025 is reported separately in the statement of changes in net assets available for benefits.

NOTE 6 – FEDERAL INCOME TAX STATUS

The Plan uses a non-standardized pre-approved plan document sponsored by Ellis & Ward Consulting Group. The Internal Revenue Service (IRS) issued an opinion letter, dated June 30, 2020 (Letter Serial No. Q703804a), to the pre-approved plan provider, stating that the form of the plan is acceptable under Section 401 of the Code. The Plan itself has not obtained a separate determination letter; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and, therefore, that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP requires the plan administrator to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has concluded that the Plan had no uncertain tax positions as of December 31, 2025. The Plan is subject to routine audits by taxing jurisdictions; there are currently no audits for any tax periods in progress.

NOTE 7 – PARTY-IN-INTEREST AND RELATED-PARTY TRANSACTIONS

Certain Plan investments are pooled separate accounts held under a group annuity contract with John Hancock. John Hancock is the recordkeeper and custodian of the Plan and, therefore, transactions in these investments qualify as party-in-interest transactions. Fees for services provided by John Hancock are paid both through asset-based charges and revenue-sharing arrangements embedded in (netted within) the pooled separate accounts and through fees charged directly to the Plan.

Participant loans (notes receivable from participants) also qualify as party-in-interest transactions. In addition, certain administrative expenses are paid directly by the Plan Sponsor, which is a party in interest. These transactions are exempt from the prohibited transaction provisions of ERISA and the Code.

NOTE 8 — RISKS AND UNCERTAINTIES

The Plan invests in pooled separate accounts that hold a variety of underlying investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market risk. The Plan's investments are reported at fair value, which is a significant estimate; due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
