INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Schwaab, Inc. 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Schwaab, Inc. 401(k) Retirement Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audits"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from Empower Trust Company, LLC as of and for the years ended December 31, 2025 and 2024 stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's elections of ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

ERISA-Required Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2025 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Schwaab, Inc. 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2025 and 2024

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - The Schwaab, Inc. 401(k) Retirement Plan ("the plan") follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2025 through July 29, 2026, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - Schwaab, Inc. is the employer, plan sponsor and plan administrator. JP Morgan Investment Holdings, LLC ("JP Morgan") is the third party administrator that maintains plan documents and tax counsel that performs various compliance tests. Empower Retirement, LLC provides recordkeeping services under a sub-contract with JP Morgan, and Empower Trust Company, LLC is the plan trustee that holds custody of the plan's investment assets and provides certain administrative services. Both Empower entities referred to above are collectively referred to as "Empower". Charles Schwab & Co., Inc. ("Schwab") provides brokerage services for the self-directed brokerage account.

Investments - The plan sponsor determines the investments available to plan participants. The self-directed brokerage account investments are selected by the participants electing this option. The participants allocate their contributions and transfer existing balances among the available investment options, including self-directed brokerage accounts. Participants should refer to the investment account summaries and prospectuses for more information. Earnings on investments bought, sold and held during the years are reflected in the accompanying statements of changes in net assets available for benefits.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following is a description of the valuation methodologies used for investments measured at fair value.

Money market fund and mutual funds - Valued at the daily quoted market prices as reported by the funds or applicable exchange. The money market and mutual funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily net asset value ("NAV") and are deemed to be actively traded.

Schwaab, Inc. 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2025 and 2024

Self-directed brokerage accounts - The plan invests in self-directed brokerage accounts which consist of common stocks and exchange traded funds that are valued at the closing price reported in the active market in which the individual securities are traded, and money market funds that are valued at the daily closing price as reported by the funds. Investments in self-directed brokerage accounts held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily NAV and are deemed to be actively traded.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as summarized below.

Investments at fair value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Self-directed brokerage accounts	\$ 581,670	\$ -	\$ -	\$ 581,670

2. DESCRIPTION OF PLAN

The following description of the plan provides only general information. Participants should refer to the plan documents for a more complete description of the plan's provisions.

General - The plan was adopted effective October 1, 1982 as a defined contribution plan with a 401(k) salary deferral arrangement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees are eligible to contribute to the plan and participate in the employer contributions once they have reached the age of eighteen and completed 90 days of service. An employee can enter the plan on the first day of the calendar quarter following the completion of the eligibility requirements.

Contributions - Contributions are recorded in the year in which the eligible compensation is paid. Contributions to the plan can be made in the following ways:

- a. Participants may elect to contribute a percentage of their compensation, subject to certain plan and Internal Revenue Service limitations (elective deferral contributions). The plan also permits Roth elective deferral contributions. Newly eligible employees are automatically enrolled in the plan and have 2% of their compensation withheld as elective deferral contributions. Such participants have the option to increase, decrease or stop the deferral by completing the necessary documentation.
- b. Rollover contributions are accepted by the plan from other qualified plans.

Notes to Financial Statements

December 31, 2025 and 2024

- c. Employer matching contributions may be made at the employer's discretion. Employer matching contributions equal to 50% of the first 6% of employee compensation contributed to the plan as elective deferral contributions were made in 2025 and 2024. These contributions are funded coinciding with the employer's payroll.
- d. The employer may make discretionary nonelective contributions. No such contributions were made in 2025 or 2024.

Participant accounts - Earnings, including the fair value appreciation (depreciation), are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account is credited with the participant's elective deferral contributions, any rollover contributions, and an allocation of employer contributions. Participants are allowed to change their investment options daily and change their deferral percentage each pay period.

Vesting - Participants are always 100% vested in their elective deferral contributions, rollover contributions and related earnings. Employer contributions and related earnings become vested, based on years of service with the employer, on the schedule set forth below.

<u>Years of service</u>	<u>Percentage</u>
Less than 1	0%
1	25
2	50
3	75
4	100

Upon death, disability or attainment of retirement age (defined as age 60) while still employed, participants become 100% vested.

Forfeitures - Forfeitures may be used to pay administrative expenses or reduce employer contributions. Forfeitures used to reduce employer discretionary matching contributions were \$5,318 in 2025 and \$10,487 in 2024. Unapplied forfeitures were \$11,093 as of December 31, 2025 and insignificant as of December 31, 2024.

Payment of benefits - Benefits are recorded when paid. Benefit payments may commence upon termination of employment, death, disability or retirement. Distributions can be made in the form of a single lump sum, installments or partial withdrawals. In addition, hardship withdrawals are permitted in certain circumstances and in-service withdrawals can commence upon attaining the age of 59½.

Administrative expenses - Certain administrative expenses of the plan are paid by the plan sponsor. Certain other administrative fees are paid by the plan from plan assets and recorded as administrative expenses on the accompanying financial statements. Such expenses include participant directed charges for distributions and notes receivable origination fees, and optional investment management services.

Notes receivable from participants - Participants may obtain loans from their accounts with the approval of the plan administrator. The minimum loan amount is \$1,000 and the loan cannot exceed the lesser of \$50,000 or one-half of the participant's vested balance. Participants may have one loan outstanding at any given time. Interest is set at the prime rate plus 1% at inception. Loans must be paid back over a period not to exceed five years except when the loan is for the purchase of a principal residence. As of December 31, 2025, the notes receivable from participants had interest rates ranging from 5.0% to 9.5% with various repayment schedules through September 2029. The notes receivable from participants are valued at the unpaid principal balances plus any accrued but unpaid interest, which approximates fair value.

Notes to Financial Statements

December 31, 2025 and 2024

3. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are funds managed by JP Morgan. JP Morgan is the third party administrator and, therefore, these transactions qualify as party-in-interest transactions. Direct fees paid to JP Morgan by the plan for investment management services were insignificant in 2025 and 2024. Any transactions between Schwab, Empower, the plan and the plan sponsor qualify as party-in-interest transactions. In addition, JP Morgan, Schwab and Empower provide certain administrative services to the plan and receive indirect compensation from mutual funds for services that they provide to the funds. This revenue is partially used to offset certain amounts that would otherwise be owed by the plan for administrative services.

Notes receivable from participants also qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

4. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the plan sponsor has the right to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and related earnings.

5. INCOME TAX STATUS

The plan adopted a Empower Retirement, LLC defined contribution pre-approved plan. The pre-approved plan received a favorable opinion letter on November 14, 2022, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan; however, the plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and, therefore, believes the plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions taken and determined the plan was not required to recognize any liabilities (or assets) related to uncertain tax positions as of December 31, 2025 and 2024. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

6. INFORMATION CERTIFIED BY EMPOWER

Management has obtained certifications from Empower, a qualified institution under the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate.

- a. Investments held and the fair values of such and the notes receivable from participants as of December 31, 2025 and 2024;
- b. Interest and dividends on investments, other income, net appreciation (depreciation) in fair values of investments and interest income on notes receivable from participants during 2025 and 2024;
- c. Contributions to and withdrawals from accounts, and purchases, sales and interfund transfers of investments during 2025 and 2024; and
- d. The reports of individual participant accounts as of and for the years ended December 31, 2025 and 2024.
