Opinion

We have audited the financial statements of Gilster-Mary Lee Corporation Employees' Profit-Sharing Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits - modified cash basis for the years then ended and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits - modified cash basis of Gilster-Mary Lee Corporation Employees' Profit-Sharing Retirement Plan as of December 31, 2025 and 2024, and the changes in net assets available for benefits - modified cash basis for the years then ended in accordance with the modified cash basis of accounting described in Note A.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Gilster-Mary Lee Corporation Employees' Profit-Sharing Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter — Basis of Accounting

We draw attention to Note A of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note A, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Gilster-Mary Lee Corporation Employees' Profit-Sharing Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Gilster-Mary Lee Corporation Employees' Profit-Sharing Retirement Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Assets (Held at End of Year), Assets (Acquired and Disposed of Within Year) and Schedule of Reportable Transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Gilster-Mary Lee Corporation Employees' Profit-Sharing Retirement Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE A | SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the preparation of these financial statements follows.

1. Basis of accounting

The plan financial statements are presented on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. These financial statements include adjusting assets to fair market value, accruing employer contributions and accruing interest and dividend receivables. The financial statements omit recognition of accrued expenses and deferred benefits payable. Accordingly, these statements are not intended to and do not present financial position and results of operations in conformity with generally accepted accounting principles.

2. Valuation of investments and income recognition

Investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal and most advantageous market for the asset or liability.

If available, quoted market prices are used to value investments. The dates used in valuation of publicly traded securities held were January 21, 2026 and January 27, 2025. The amounts shown in Note C for securities that have no quoted market price represent estimated fair value. Many factors are considered in arriving at fair value. In general, however, investments in certain restricted common stocks are valued at the quoted market price of the issuer's unrestricted common stock less an appropriate discount. The amount of investments that have no quoted market prices and the method by which they are valued by the plan's trustees are included in Note C.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

3. Cash and money market accounts

The Plan maintains cash and money market accounts at several financial institutions. Accounts at each institution are insured by Federal Deposit Insurance Corporation up to \$250,000. Uninsured balances aggregate approximately \$3,588,000 at December 31, 2025 and \$4,785,000 at December 31, 2024. The Plan has not experienced any losses in such accounts and believes it is not exposed to any credit risk on cash and money market accounts.

NOTES TO FINANCIAL STATEMENTS

NOTE A | SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

4. Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

5. Payments of benefits

Benefits are recorded when paid.

6. Subsequent Events

The Plan has evaluated subsequent events through July 30, 2026, the date the financial statements were available to be issued.

NOTE B | DESCRIPTION OF PLAN

1. General

The Gilster-Mary Lee Corporation Employees' Profit-Sharing Retirement Plan is a defined contribution pension plan covering substantially all employees of Gilster-Mary Lee Corporation. Established in 1972, the plan provides for pension, death, and disability benefits. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Retirement Equity Act of 1984. The plan was most recently amended effective January 1, 2022 to allow for in-service rollovers to participants with 35 years of employment with the Company.

2. Contributions and Allocations to participant account balances

Contributions to the plan are determined by the employer Board of Directors on a discretionary basis. Contributions and forfeitures are allocated to participants in proportion to their plan compensation on an annual basis. The participants may not make additional contributions to their account. Plan income is allocated annually to participants in proportion to each participant's share of the Trust Fund as of the beginning of the year.

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE B | DESCRIPTION OF PLAN

3. Vesting

Vesting of plan assets allocated to each participant's account is based on the completed years of service. An employee must complete 1,000 hours of service during the plan year to receive credit for a year of service for vesting purposes. The participant's account becomes fully vested upon five years of service.

4. Plan benefits

Each participant may retire after he reaches sixty-five (65) years of age, at which time his account becomes fully vested. Participant retirements or terminations prior to age sixty-five are entitled to receive the vested portion of their account in a lump sum. In the event of death or disability, a participant's account becomes fully vested and their beneficiary becomes entitled to receive the total account balance. The plan also allows for in-service distributions to participants with 35 years of employment with the Company in the form of rollovers to an Individual Retirement Account (IRA) of another qualified 401(k) plan.

5. Plan termination

It is the Company's intention to continue this plan indefinitely. However, in the event the plan is terminated, all accounts of participants will become fully vested. Upon termination of the trust, the administrator will distribute all assets remaining in the trust fund, after payment of any expenses properly chargeable against it, to the participants in accordance with the value of participants' account balances.

6. Forfeited accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled \$29,297 and \$12,811 respectively. These accounts are reallocated to participants in the same manner as employer contributions.

NOTE C | INVESTMENTS

Employer Company Common Stock (Mary Lee Packaging Corporation)

Mary Lee Packaging Corporation is a holding company whose main assets are 100% holdings in Gilster-Mary Lee Corporation common stock, the plan sponsor. The fair value of Mary Lee Packaging Corporation common stock, as determined by Trustees, was the simple average of the GAAP and tax book value of the Company. As of December 31, 2025 and 2024, the fair value of the Mary Lee Packaging Corporation common stock was discounted to approximately 80% and 79% of the simple average of the GAAP and tax book value of the Company. The change occurred at the discretion of the plan trustee due to the low marketability of the stock partially due to more rural location and aligning the value with earnings of the organization. The Company is valued at approximately 100% of the book value of the consolidated holding company assets at December 31, 2025 and 2024. The holding company investment in Gilster-Mary Lee Corporation common stock is accounted for on the equity method and represents approximately 99% of Mary Lee Packaging Corporation assets. The plan's holdings in Mary Lee Packaging Corporation approximated 3% and 2% of the total stock issued and outstanding for 2025 and 2024, respectively.

During 2020, the Plan sponsor engaged an independent company to perform an appraisal of the common stock of Mary Lee Packaging Corporation as of December 31, 2019. The valuation from this appraisal approximated the value used by the Plan for the employer sponsor common stock as of December 31, 2019. An independent appraisal has not been performed subsequent to December 31, 2019.

The total value of the investment in the holding company (\$4,460,000 and \$3,416,776, respectively) represents 32% and 26% of plan total assets at the respective year ends. The original cost of the employer company stock was \$3,413,764 and \$3,005,361, at December 31, 2025 and 2024, respectively.

NOTE D | FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Following is a description of the valuation methodologies used for assets measured at fair value.

Level 1 Fair Value Measurements

The fair value measurements of publicly traded common and preferred stock, fixed income funds and U.S. Treasury Bonds are based on quoted market prices, when available. The carrying values of cash in money market accounts and brokerage accounts approximate its fair value.

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE D | FAIR VALUE MEASUREMENTS

Level 3 Fair Value Measurements

The fair value of the employer company common stock is determined annually by the trustees. The methodology changed from 2023 to 2024 as disclosed in Note C.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The following tables present fair value measurement information.

NOTE E | EMPLOYER CONTRIBUTIONS RECEIVABLE

The Company made cash contributions to the plan of \$929,071 and \$1,300,000 for the years ended December 31, 2025 and 2024 respectively.

NOTE F | EMPLOYEE CONTRIBUTIONS

Employee contributions are not permitted under the plan except for re-employment participants who may repay prior plan distributions and participant transfers or rollover contributions from other qualified employee retirement plans.

Gilster-Mary Lee Corporation Employees' Profit-Sharing Retirement Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE G | PLAN TAX STATUS

The Internal Revenue Service (IRS) has ruled the plan qualifies under the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The plan trustees are not aware of any action or event that has occurred that might affect the plan's qualified status.

The plan obtained its latest determination letter on September 30, 2016, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan has been amended since receiving the determination letter and the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the plan was qualified and the related trust was tax-exempt as of the financial statement date.

The preparation of financial statements in conformity with the modified cash basis of accounting requires the plan administrator to evaluate tax positions taken by the plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the U.S. Department of Labor or IRS. The plan is subject to routine audits by taxing jurisdictions and is no longer undergoing an investigation by the Department of Labor. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE H | TRANSACTIONS WITH PARTIES IN INTEREST

Note C includes transactions considered to be related party transactions with the plan employer company. The plan trustee, who is also a plan participant, is a board member and shareholder of the Chester National Bank. Gilster-Mary Lee Corporation is also a shareholder in Chester National Bank. Chester National Bank holds \$5,956,680 and \$5,035,016 of plan assets as of December 31, 2025 and 2024, respectively.

The plan trustee is also a shareholder in Buena Vista National Bank. Buena Vista National Bank holds \$344,070 and \$120,328 of plan assets as of December 31, 2025 and 2024, respectively.

The employer company provides personnel and equipment for plan operations. No cost is charged to the plan for these services.

Fees paid during the year for legal, accounting, and other services rendered by parties in interest were based on customary and reasonable rates for such services.

NOTE I | RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
