Independent Auditor's Report

To the Participants and Plan Administrator of the
DISA Global Solutions 401(k) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the DISA Global Solutions 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the DISA Global Solutions 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Management's Responsibilities for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the DISA Global Solutions 401(k) Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the DISA Global Solutions 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the DISA Global Solutions 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DISA Global Solutions 401(k) Plan

Notes to the Financial Statements

December 31, 2025 and 2024

1. Description of Plan

The following description of the DISA Global Solutions 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan that provides retirement savings benefits to eligible employees of DISA Global Solutions, Inc. (the "Company" or "Employer") and related participating employers. The Plan, which commenced effective January 1, 2016, and was amended and restated effective April 30, 2021, to comply with the latest rules and regulations, is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC").

The Company is the Plan sponsor and Plan Administrator. Certain administrative functions are performed by employees of the Company, who receive no compensation from the Plan.

Plan Custodian and Trustee

Fidelity Management Trust Company ("Fidelity," the "Custodian," or "Trustee") is the Plan's Custodian and Trustee maintaining custody of all investments held by the Plan, maintaining the Plan's participant account balances, and providing recordkeeping services to the Plan. Among other duties, the Custodian receives contributions, holds and invests fund assets in accordance with the directions of participants, and makes distributions as directed by the Plan Administrator.

Eligibility and Plan Entrance Date

All employees, except those under collective bargaining agreements, nonresident aliens who receive no United States source income, and leased employees, are eligible to participate in the Plan after the employee has reached 18 years of age and completed one month of service. Eligible employees are permitted to enter the Plan on the first day of each month after satisfying the eligibility requirements.

Contributions

Eligible participants may elect to contribute, on a before-tax or Roth basis, up to 90% of their annual compensation as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan includes a Qualified Automatic Contribution Arrangement ("QACA") provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation. The Plan also includes an automatic escalation feature where each year on June 1st, participants with a deferral rate greater than 0% will have their deferral rate increased by 1% annually until a deferral rate of 6% is reached, unless they elect otherwise.

Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollovers").

DISA Global Solutions 401(k) Plan

Notes to the Financial Statements

December 31, 2025 and 2024

1. Description of Plan (continued)

Contributions (continued)

The Plan provides for a QACA Safe Harbor Employer matching contribution equal to 100% of the first 1% of the participant's eligible compensation contributed to the Plan and 50% of the next 5% of the participant's eligible compensation contributions.

The Plan provides for the Employer to make discretionary matching, qualified matching, and nonelective discretionary contributions. The Employer made no such contributions for the year ended December 31, 2025. All contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant account is credited with the participant's contributions, Employer contributions, and allocations of the Plan's earnings and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant-Directed investments

All assets of the Plan are participant-directed investments. The Plan has selected various investment options, as more fully described in the Plan Document. Participants may direct the allocation of their account balances to one or more of these options, which vary in types of investment, rates of return, and investment risk.

Vesting

Participants are immediately vested in their pre-tax, Roth after-tax, rollover contributions, and related earnings. Participants become vested in QACA Safe Harbor Employer matching contributions and related earnings upon completing two years of service; accordingly, such contributions are 0% vested before two years of service and 100% vested thereafter.

Participants become vested in profit-sharing contributions transferred from related employers, and related earnings, based on years of service. Participants are 0% vested with less than one year of service and vest at a rate of 20% per year of service, becoming 100% vested upon completing five years of service.

Participants are 100% vested immediately in their pre-tax deferred and after-tax contributions, rollovers, and any income or loss thereon. Participants hired prior to August 1, 2014, are 100% vested in prior Employer discretionary matching contributions. In addition, participants with assets in the frozen Safe Harbor Employer matching contributions will continue to be 100% vested.

Effective April 1, 2019, participants with frozen Safe Harbor Employer contributions that merged into the Plan from the WorkSmart Systems, Inc. 401(k) Profit-Sharing Plan are immediately vested in these contributions and any earnings thereon. Also, participants that merged into the Plan from the AWSI Plan are 100% vested in Employer discretionary matching contributions.

DISA Global Solutions 401(k) Plan

Notes to the Financial Statements

December 31, 2025 and 2024

1. Description of Plan (continued)

Vesting (continued)

Effective January 1, 2024, eligible employees whose accounts merged into the Plan from the Crimcheck Plan become vested in discretionary matching contributions and related earnings based on years of service. Participants are 0% vested with less than one year of service, 50% vested after one year of service, and 100% vested upon completing two years of service.

Effective January 1, 2024, eligible employees whose accounts merged into the Plan from the Global Radar Plan become vested in discretionary nonelective contributions and related earnings based on years of service. Participants are 0% vested with less than one year of service, 20% vested after one year of service, 40% vested after two years of service, and 100% vested upon completing three years of service.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, is set at 1 percent above the Prime rate, as defined. Principal and interest is paid ratably by the participant and are due in equal installments not less frequently than quarterly.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or termination of employment, a participant or beneficiaries may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account. Terminated participants whose vested account balance is less than \$1,000 receive automatic distributions as a single lump-sum payment. Terminated participants whose vested account balance is greater than \$1,000 but less than \$5,000 will receive a direct rollover to an individual retirement account ("IRA") chosen by the Plan Administrator. A participant may withdraw all or a portion of their vested account balance in the event of a financial hardship, as defined by the Plan. Additionally, in-service withdrawals are permitted upon attainment of age 59 ½ from all vested balances. Rollover contributions may be withdrawn at any time.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled \$5,835 and \$72,841, respectively. These accounts will be used to reduce future Employer contributions or to pay Plan administrative expenses. During the year ended December 31, 2025, forfeitures of \$160,102 were used to reduce Employer contributions.

2. Summary of Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

DISA Global Solutions 401(k) Plan

Notes to the Financial Statements

December 31, 2025 and 2024

2. Summary of Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by Fidelity Management Trust Company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as those held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent participant loans are recorded as distributions based on the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Certain expenses incurred by or attributable to a specific participant are paid from that participant's account and are included in administrative expenses.

Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

3. Information Certified by Custodian

The Plan Administrator has elected to have an audit performed pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, certain information in the Plan's financial statements and supplemental schedule were agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company.

DISA Global Solutions 401(k) Plan

Notes to the Financial Statements

December 31, 2025 and 2024

3. Information Certified by Custodian (continued)

The certified information includes the Plan's investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, and the accompanying supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity (including net appreciation or depreciation, interest, and dividends) and interest income on notes receivable from participants reported in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1), and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

- **Level 1** - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- **Level 2** - Inputs to the valuation technique include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

- **Money market funds:** Valued at the quoted net asset value ("NAV") of shares held by the Plan at year end.
- **Mutual funds:** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Notes to the Financial Statements

December 31, 2025 and 2024

4. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

December 31, 2025	Level 1	Level 2	Level 3	Total
Money market funds	\$1,079,263	\$ -	\$ -	\$1,079,263
Mutual funds	59,798,115	-	-	59,798,115
Total assets in the fair value hierarchy	60,877,378	-	-	60,877,378
Investments at fair value	\$60,877,378	\$ -	\$ -	\$60,877,378

December 31, 2024	Level 1	Level 2	Level 3	Total
Money market funds	\$1,049,345	\$ -	\$ -	\$1,049,345
Mutual funds	48,755,035	-	-	48,755,035
Total assets in the fair value hierarchy	49,804,380	-	-	49,804,380
Investments at fair value	\$49,804,380	\$ -	\$ -	\$49,804,380

5. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by the Custodian, and therefore, these transactions qualify as party-in-interest transactions.

Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

7. Tax Status

The Plan operates under a non-standardized, preapproved profit-sharing plan sponsored by FMR, LLC. The IRS has determined and informed FMR, LLC, by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has not filed individually with the IRS for a letter regarding the Plan's qualified tax status, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC, and thus believes that the Plan is qualified, and the related trust is tax-exempt.

DISA Global Solutions 401(k) Plan

Notes to the Financial Statements

December 31, 2025 and 2024

7. Tax Status (continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. Subsequent Events

The Company has evaluated subsequent events through July 11, 2026, the date the financial statements were available to be issued.

On February 2, 2026, the Company acquired American DataBank, LLC. Effective February 19, 2026, participant account balances attributable to eligible American DataBank, LLC employees were transferred from the CoAdvantage Corporation Retirement Savings Plan, a multiple-employer defined contribution plan sponsored by CoAdvantage Corporation, and merged into the Plan. The transfer of assets was completed on February 19, 2026, and net assets of \$1,754,144 were transferred into the Plan.

To the Participants and Plan Administrator of the
DISA Global Solutions 401(k) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the DISA Global Solutions 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the DISA Global Solutions 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Management's Responsibilities for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the DISA Global Solutions 401(k) Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the DISA Global Solutions 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the DISA Global Solutions 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DISA Global Solutions 401(k) Plan

Notes to the Financial Statements

December 31, 2025 and 2024

1. Description of Plan

The following description of the DISA Global Solutions 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan that provides retirement savings benefits to eligible employees of DISA Global Solutions, Inc. (the "Company" or "Employer") and related participating employers. The Plan, which commenced effective January 1, 2016, and was amended and restated effective April 30, 2021, to comply with the latest rules and regulations, is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC").

The Company is the Plan sponsor and Plan Administrator. Certain administrative functions are performed by employees of the Company, who receive no compensation from the Plan.

Plan Custodian and Trustee

Fidelity Management Trust Company ("Fidelity," the "Custodian," or "Trustee") is the Plan's Custodian and Trustee maintaining custody of all investments held by the Plan, maintaining the Plan's participant account balances, and providing recordkeeping services to the Plan. Among other duties, the Custodian receives contributions, holds and invests fund assets in accordance with the directions of participants, and makes distributions as directed by the Plan Administrator.

Eligibility and Plan Entrance Date

All employees, except those under collective bargaining agreements, nonresident aliens who receive no United States source income, and leased employees, are eligible to participate in the Plan after the employee has reached 18 years of age and completed one month of service. Eligible employees are permitted to enter the Plan on the first day of each month after satisfying the eligibility requirements.

Contributions

Eligible participants may elect to contribute, on a before-tax or Roth basis, up to 90% of their annual compensation as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan includes a Qualified Automatic Contribution Arrangement ("QACA") provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation. The Plan also includes an automatic escalation feature where each year on June 1st, participants with a deferral rate greater than 0% will have their deferral rate increased by 1% annually until a deferral rate of 6% is reached, unless they elect otherwise.

Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollovers").

DISA Global Solutions 401(k) Plan

Notes to the Financial Statements

December 31, 2025 and 2024

1. Description of Plan (continued)

Contributions (continued)

The Plan provides for a QACA Safe Harbor Employer matching contribution equal to 100% of the first 1% of the participant's eligible compensation contributed to the Plan and 50% of the next 5% of the participant's eligible compensation contributions.

The Plan provides for the Employer to make discretionary matching, qualified matching, and nonelective discretionary contributions. The Employer made no such contributions for the year ended December 31, 2025. All contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant account is credited with the participant's contributions, Employer contributions, and allocations of the Plan's earnings and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant-Directed investments

All assets of the Plan are participant-directed investments. The Plan has selected various investment options, as more fully described in the Plan Document. Participants may direct the allocation of their account balances to one or more of these options, which vary in types of investment, rates of return, and investment risk.

Vesting

Participants are immediately vested in their pre-tax, Roth after-tax, rollover contributions, and related earnings. Participants become vested in QACA Safe Harbor Employer matching contributions and related earnings upon completing two years of service; accordingly, such contributions are 0% vested before two years of service and 100% vested thereafter.

Participants become vested in profit-sharing contributions transferred from related employers, and related earnings, based on years of service. Participants are 0% vested with less than one year of service and vest at a rate of 20% per year of service, becoming 100% vested upon completing five years of service.

Participants are 100% vested immediately in their pre-tax deferred and after-tax contributions, rollovers, and any income or loss thereon. Participants hired prior to August 1, 2014, are 100% vested in prior Employer discretionary matching contributions. In addition, participants with assets in the frozen Safe Harbor Employer matching contributions will continue to be 100% vested.

Effective April 1, 2019, participants with frozen Safe Harbor Employer contributions that merged into the Plan from the WorkSmart Systems, Inc. 401(k) Profit-Sharing Plan are immediately vested in these contributions and any earnings thereon. Also, participants that merged into the Plan from the AWSI Plan are 100% vested in Employer discretionary matching contributions.

DISA Global Solutions 401(k) Plan

Notes to the Financial Statements

December 31, 2025 and 2024

1. Description of Plan (continued)

Vesting (continued)

Effective January 1, 2024, eligible employees whose accounts merged into the Plan from the Crimcheck Plan become vested in discretionary matching contributions and related earnings based on years of service. Participants are 0% vested with less than one year of service, 50% vested after one year of service, and 100% vested upon completing two years of service.

Effective January 1, 2024, eligible employees whose accounts merged into the Plan from the Global Radar Plan become vested in discretionary nonelective contributions and related earnings based on years of service. Participants are 0% vested with less than one year of service, 20% vested after one year of service, 40% vested after two years of service, and 100% vested upon completing three years of service.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, is set at 1 percent above the Prime rate, as defined. Principal and interest is paid ratably by the participant and are due in equal installments not less frequently than quarterly.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or termination of employment, a participant or beneficiaries may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account. Terminated participants whose vested account balance is less than \$1,000 receive automatic distributions as a single lump-sum payment. Terminated participants whose vested account balance is greater than \$1,000 but less than \$5,000 will receive a direct rollover to an individual retirement account ("IRA") chosen by the Plan Administrator. A participant may withdraw all or a portion of their vested account balance in the event of a financial hardship, as defined by the Plan. Additionally, in-service withdrawals are permitted upon attainment of age 59 ½ from all vested balances. Rollover contributions may be withdrawn at any time.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled \$5,835 and \$72,841, respectively. These accounts will be used to reduce future Employer contributions or to pay Plan administrative expenses. During the year ended December 31, 2025, forfeitures of \$160,102 were used to reduce Employer contributions.

2. Summary of Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

2. Summary of Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by Fidelity Management Trust Company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as those held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent participant loans are recorded as distributions based on the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Certain expenses incurred by or attributable to a specific participant are paid from that participant's account and are included in administrative expenses.

Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

3. Information Certified by Custodian

The Plan Administrator has elected to have an audit performed pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, certain information in the Plan's financial statements and supplemental schedule were agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company.

3. Information Certified by Custodian (continued)

The certified information includes the Plan's investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, and the accompanying supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity (including net appreciation or depreciation, interest, and dividends) and interest income on notes receivable from participants reported in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1), and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

- **Level 1** - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- **Level 2** - Inputs to the valuation technique include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

- **Money market funds:** Valued at the quoted net asset value ("NAV") of shares held by the Plan at year end.
- **Mutual funds:** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

December 31, 2025	Level 1	Level 2	Level 3	Total
Money market funds	\$1,079,263	\$ -	\$ -	\$1,079,263
Mutual funds	59,798,115	-	-	59,798,115
Total assets in the fair value hierarchy	60,877,378	-	-	60,877,378
Investments at fair value	\$60,877,378	\$ -	\$ -	\$60,877,378

December 31, 2024	Level 1	Level 2	Level 3	Total
Money market funds	\$1,049,345	\$ -	\$ -	\$1,049,345
Mutual funds	48,755,035	-	-	48,755,035
Total assets in the fair value hierarchy	49,804,380	-	-	49,804,380
Investments at fair value	\$49,804,380	\$ -	\$ -	\$49,804,380

5. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by the Custodian, and therefore, these transactions qualify as party-in-interest transactions.

Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

7. Tax Status

The Plan operates under a non-standardized, preapproved profit-sharing plan sponsored by FMR, LLC. The IRS has determined and informed FMR, LLC, by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has not filed individually with the IRS for a letter regarding the Plan's qualified tax status, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC, and thus believes that the Plan is qualified, and the related trust is tax-exempt.

DISA Global Solutions 401(k) Plan

Notes to the Financial Statements

December 31, 2025 and 2024

7. Tax Status (continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. Subsequent Events

The Company has evaluated subsequent events through July 11, 2026, the date the financial statements were available to be issued.

On February 2, 2026, the Company acquired American DataBank, LLC. Effective February 19, 2026, participant account balances attributable to eligible American DataBank, LLC employees were transferred from the CoAdvantage Corporation Retirement Savings Plan, a multiple-employer defined contribution plan sponsored by CoAdvantage Corporation, and merged into the Plan. The transfer of assets was completed on February 19, 2026, and net assets of \$1,754,144 were transferred into the Plan.
