Independent Auditors' Report

To the Genuine Parts Company Pension and Benefits Committee and Participants
Genuine Parts Company Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Genuine Parts Company Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 (in liquidation), and the related statements of changes in net assets available for benefits for the years then ended (in liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution.)

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and

- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared by and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the financial statements.

Emphasis of Matter - Plan Termination and Liquidation Basis of Accounting

As discussed in Note 1 and 2 to the financial statements, the Board of Directors of the Plan approved a plan of liquidation on April 29, 2024, with an effective date of September 30, 2024, and management determined liquidation is imminent. Our opinion is not modified with respect to this matter.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2025, and Schedule H, Line 4(j) - Schedule of Reportable Transactions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The certified information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The Genuine Parts Company Pension Plan (the Plan) is a noncontributory defined benefit plan that provides for retirement, death and disability benefits and covers domestic employees of Genuine Parts Company and its domestic subsidiaries (the Company) hired prior to March 1, 2008. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Company is required to meet certain funding requirements under ERISA. Minimum annual contributions are actuarially computed using the frozen entry age cost method of funding. For 2025 and 2024, the Plan has met the minimum funding requirements of ERISA.

The Plan provisions include a frozen credited service effective January 1, 2009, for participants who did not meet certain age and length of service requirements as of December 31, 2008. In December 2012, the Company elected to freeze all benefits in the Plan, including future pay increases for all other participants, effective at midnight on December 31, 2013.

Information about the Plan agreement, the vesting and benefit provisions, and the Pension Benefit Guaranty Corporation's (PBGC) benefit guaranty is contained in the pamphlet The Genuine Parts Company Pension Plan. Copies of this pamphlet are available from the Pension & Benefits Committee.

Plan Termination

On April 29, 2024, the Company's Board of Directors adopted a resolution to terminate the Plan effective September 30, 2024. All plan participants became 100% vested as a result of the decision to terminate. Upon termination, assets remaining in the Plan were distributed to the participants, subject to the applicable requirements of ERISA and in accordance with the provisions of the plan document. The Plan transferred the management and delivery of continuing benefits associated with the pension plan to a third-party insurance company. As part of the plan settlement process, during 2025, pension plan participants were given the opportunity to select a single lump sum payment or an annuity from the insurance company that will pay and administer future benefit payments. Participants that elected the annuity option will begin receiving benefit payments from the insurance company effective January 2026. The related amounts for accrued income and expenses have been estimated and recorded in the accompanying financial statements. In addition, the actuary determined that no additional funding through liquidation was required. Residual amounts of assets will remain upon settlement, which the Company is working with ERISA counsel to affect the liquidation of the excess funds.

2. Summary of Significant Accounting Policies

Basis of Accounting

As a result of the resolution to terminate the Plan, the Plan considers liquidation to be imminent and, therefore, the financial statements of the Plan as of and for the year ended December 31, 2025 and 2024 are presented on the liquidation basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income (Loss) Recognition

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to settle or transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

Purchases and sales of the investments within the Plan are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits (see Note 3) are those estimated future lump-sum and periodic payments attributable under the Plan's provisions to services rendered by the employees through the freeze date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, and (b) present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries are based on an average of the employees' compensation during five of their last ten years of credited service. The accumulated plan benefits for active employees are based on their average compensation during the five years preceding the freeze date.

Payment of Benefits

Benefit payments are recorded when paid.

As a result of the resolution to terminate the Plan, payments for missing participants are included as other payments on the Statement of Changes in Net Assets Available for Benefits (In Liquidation) in the amount of $5,835,534 for the year ended December 31, 2025. Of the total payment, $856,874 was paid during 2025 and the remaining $4,978,660 is included in other liabilities on the Statement of Net Assets Available for Benefits (In Liquidation) at December 31, 2025.

Administrative Expenses

The Plan pays certain administrative expenses incurred in connection with the operation of the Plan.

Subsequent Events

Subsequent events were evaluated through July 30, 2026, the date the financial statements were available to be issued.

3. Accumulated Plan Benefits

The Plan's actuary estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The present value of accumulated plan benefits as of December 31, 2024, presented due to the Plan termination, and as of January 1, 2024, as determined by the Plan's actuary, is as follows:

	December 31, 2024	January 1, 2024
Actuarial present value of accumulated plan benefits:		
Vested benefits:		
Active employees	$ 208,276,589	$ 203,804,540
Participants receiving benefits	1,109,931,694	897,690,991
Participants with deferred benefits	205,122,200	145,270,698
	1,523,330,483	1,246,766,229
Nonvested benefits	-	197,180
Total	$ 1,523,330,483	$ 1,246,963,409

Changes in the actuarial present value of accumulated plan benefits are as follows:

Actuarial present value of accumulated plan benefits at December 31, 2024:	$ 1,523,330,483
Actuarial gains	(558,080)
Interest due to the decrease in the discount period	70,218,303
Benefits paid	(1,634,235,049)
Assumption changes	41,244,343
Actuarial present value of accumulated plan benefits at December 31, 2025	$ -

Actuarial present value of accumulated plan benefits at December 31, 2023:	$ 1,246,963,409
Actuarial losses	31,499,148
Interest due to the decrease in the discount period	92,088,320
Benefits paid	(117,454,055)
Assumption changes	270,233,661
Actuarial present value of accumulated plan benefits at December 31, 2024	$ 1,523,330,483

Actuarial present value of accumulated plan benefits at January 1, 2023:	$ 1,306,460,187
Actuarial losses	7,165,352
Interest due to the decrease in the discount period	90,658,315
Benefits paid	(113,995,851)
Assumption changes	(43,324,594)
Actuarial present value of accumulated plan benefits at January 1, 2024	$ 1,246,963,409

The change in the actuarial present value of accumulated plan benefits due to assumption changes is attributed to the change in the discount rate assumption from 5.25% to 4.88% at December 31, 2025, 7.75% to 5.25% at December 31, 2024, and 7.25% to 7.75% at January 1, 2024.

Significant assumptions and the method underlying the actuarial computations are as follows:

Actuarial Cost Method	Unit Credit
Assumed discount rate	December 31, 2025 - 4.88% per year December 31, 2024 - 5.25% per year January 1, 2024 – 7.75% per year
Mortality basis	Pri-2012 and MP-2021 mortality tables for all periods presented

4. Certified Information

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, Northern Trust, the Custodian of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024 (in Liquidation), and the Supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the supplemental Schedule H, Line 4(j) - Schedule of Reportable Transactions for the year ended December 31, 2025, and the related investment activity reported in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2025 and 2024 (in Liquidation). Such information was obtained by management and agreed to or derived from information certified as complete and accurate by a qualified institution.

5. Concentrations

At December 31, 2025, 55% and 42% of the Plan's investments were invested in the Baird Short-Term Bond Fund Institutional Class and Genuine Parts Company Stock, respectively. At December 31, 2024, 63% of the Plan's investments were invested in Prudential Group Annuity Contract.

6. Fair Value Measurement

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset and liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The methods described below may produce a fair value measurement that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2025 and 2024.

Short-Term Investments - Short-term investments include cash and short-term interest-bearing investments, including savings, CDs and time deposits, with initial maturities of three months or less. Such amounts are recorded at cost, plus accrued interest, which approximates fair value.

Group Annuity Contract - Prudential Insurance Company of America (Prudential) calculates the sum of the present value of each annuity payment payable under the contract as of the date of the report. Prudential generates a full yield curve using the notional reference portfolio described in the contract to discount the cashflows. The cashflows used in the model are updated after the completion of each true-up.

Investments - Mutual funds, common stock, and U.S. Government securities traded in active markets on national and international securities exchanges are valued at closing prices on the last business day of each period presented.

Certain common collective trusts are valued at the net asset value (NAV) as the practical expedient, as NAV is communicated to the investor, on a daily basis. There are no redemption restrictions that would prevent or considerably delay a participant from redeeming his or her investment at any point of participation in the future. As of December 31, 2025 and 2024, there were no unfunded obligations with respect to any of these assets in this investment category.

Certain U.S. government securities are securities traded in markets that are not considered active and are valued based on quoted market prices, broker or dealer quotations, or alternative pricing sources with reasonable levels of price transparency.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value, as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**

Total investments at fair value	$ 376,857,358	$ 256	$ 1,241,434,065	$ 1,962,062,008

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value to the amounts presented in the Statements of Net Assets Available for Benefits (In Liquidation).

Fair value of investments in certain entities that calculate NAV per share (or its equivalent) follows:

Investment	Fair Value at December 31, 2025	Fair Value at December 31, 2024	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust	$ 13,115,757	$ 343,770,329	None	Daily	Immediately

Changes in fair value of Level 3 assets and related gains and losses:

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets:

	Fair Value at December 31, 2025	Fair Value at December 31, 2024
Group Annuity Contract		
Balance, beginning of year	$ 1,241,434,065	$ -
Initial premium of contracts	-	1,289,610,650
Benefit payments	(106,168,646)	(9,016,006)
Interest	59,259,545	5,072,718
Change in capital markets	32,149,666	(38,481,715)

Conversion to buy-out	(1,256,721,502)	-
Balance, end of year	$ -	$ 1,241,434,065

Quantitative information about significant unobservable inputs used in Level 3 fair value measurement:

	Fair Value at December 31, 2024	Principal Valuation Technique	Interest Rate
Group annuity contract	$ 1,241,434,065	Discounted cash flows	5.35 %

The group annuity contract represents a buy-in contract with Prudential to provide a fixed rate of return that was converted to a buy-out contract during 2025. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

7. Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated March 22, 2017, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receipt of the latest determination letter; however, the Plan administrator believes the Plan, as amended, is designed and being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

On May 22, 2025, the Plan received a favorable determination letter from the IRS stating that the termination of the Plan does not affect the qualification for federal tax purposes.

8. Party in Interest Transactions

Certain plan investments are shares of funds managed by Northern Trust. As the Custodian of the Plan, Northern Trust is a party in interest to the Plan.

The Plan holds as investments 1,500,000 shares of the common stock of the Company valued at $184,440,000 and $175,140,000 at December 31, 2025 and 2024, respectively. During 2025 and 2024, the Plan received approximately $6,180,000 and $6,001,500, respectively, in dividends from the common stock of the Company.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits (In Liquidation).

10. Reconciliation of Financial Statement to Form 5500

The following is a reconciliation of net assets (in liquidation) per the financial statements to Form 5500 at December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 452,913,896	$ 1,989,208,546
