Independent Auditor's Report

Plan Participants and the Associate Benefits Committee
Supreme Cabinetry Brands Retirement Savings Plan
Beachwood, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed audits of the financial statements (modified cash basis) of Supreme Cabinetry Brands Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements (modified cash basis).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with modified cash basis of accounting described in Note 2.
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter- Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with modified cash basis of accounting and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from

error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supreme Cabinetry Brands Retirement Savings Plan

Notes to Financial Statements (Modified Cash Basis)

1. Description of the Plan

The following description of the Supreme Cabinetry Brands Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Dura-Supreme, LLC (the Company or Plan Sponsor). In addition, Bertch Cabinet, LLC and SCB Transportation, LLC are participating employers in the Plan. Dura-Supreme, LLC, Bertch Cabinet, LLC and SCB Transportation, LLC are wholly owned subsidiaries of Supreme Cabinetry Brands, Inc., which in turn is a wholly owned subsidiary of Dura Investment Holdings LLC. On July 10, 2024, MasterBrand, Inc. acquired all of the issued and outstanding limited liability interests of Dura Investment Holdings LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by the Plan Sponsor. The Company uses a third-party administrator to aid in the acquisition, disposition, and accounting for trust assets. Certain Plan investments are mutual funds and a stable value fund managed by Fidelity Management Trust Company, who is the appointed trustee. The recordkeeper is Fidelity Workplace Services LLC.

Effective July 1, 2025, the Plan was frozen. The freeze was implemented in connection with Supreme Cabinetry Brands' integration into MasterBrand, Inc. On July 2, 2025, eligible employees of Supreme Cabinetry Brands became participants in the MasterBrand, Inc. Retirement Savings Plan.

Transfer of Assets

The Plan was merged into MasterBrand, Inc. Retirement Savings Plan effective December 31, 2025, resulting in a transfer of \$66,636,398, which includes participant loan transfers in the amount of \$1,192,610.

Contributions

Prior to July 1, 2025, participants contributed up to a maximum 80% of pretax annual compensation, as defined in the Plan document, and Roth 401(k) contributions. Participants who have attained age 50 on or before the end of the Plan year were eligible to make catch-up contributions. Participants also were permitted to contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants directed the investment of their contributions into various investment options offered by the Plan.

The Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 6% of eligible compensation and their contributions invested in a Vanguard Target Retirement fund until they were changed by the participant.

The Company could make matching contributions at the discretion of the board of directors. During 2025 and 2024, the Company matched 50% of participant contributions, up to 6%, respectively, of eligible compensation, subject to eligibility requirements. Participants were eligible for matching

Notes to Financial Statements (Modified Cash Basis)

contributions if employed on the last day of the previous Plan year, with exceptions for death, disability, or the achievement of normal retirement age (as defined in the Plan rules) at termination of employment. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Contributions were subject to certain Internal Revenue Code (IRC) limitations.

Participant Accounts

Participants could direct the investment of their contributions and employer-matching contributions into various investment options offered by the Plan and could change investments and transfer amounts between funds daily. Each participant's account was credited with the participant's contribution and allocations of the Company's contributions and Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting

Participants were immediately vested in their contributions and employer-matching contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants could borrow from their vested account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes were secured by the balance in the participant's account and bear interest at a rate of 6.5% or other reasonable rate, as determined quarterly by the Plan administrator. The maximum term of each note was five years unless such note was used to secure the purchase of a primary residence. Principal and interest were paid ratably through weekly or biweekly payroll deductions.

If a participant with an outstanding loan balance terminated employment with the Company, the participant had to repay the loan within 90 days of termination. Alternatively, if the loan balance was not paid in full within 90 days, the loan balance was considered to be in default, and classified as a taxable distribution to the participant in the year of the default.

Payment of Benefits

On termination of service, due to death, disability, or retirement, a participant could elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installment payments. For termination of service due to other reasons, a participant could receive the value of the vested interest in his or her account as a lump-sum distribution. If a participant terminated with a vested balance of less than \$7,000, the amount of their vested balance was required to be removed from the Plan.

2. Summary of Significant Accounting Policies

Financial Statement Presentation and Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a basis of accounting other than generally accepted accounting principles (GAAP). Contributions, distributions, and expenses are recorded when received or paid.

Use of Estimates

The preparation of financial statements on the modified cash basis requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provided for various investment options with various investment objectives. Investment securities were exposed to various risks, such as interest risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits (modified cash basis) and the statements of changes in net assets available for benefits (modified cash basis).

Investment Valuation and Income Recognition

Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest and dividend income were recorded on the cash basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance. Interest income was recorded on the cash basis. Related fees were charged directly to the borrowing participant's account and were included in administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded.

Payment of Benefits

Benefits were recorded when paid to participants or their designated beneficiaries.

Notes to Financial Statements (Modified Cash Basis)

Administrative Expenses

Administrative expenses of the Plan were paid by the Plan or the Plan Sponsor, as provided in the Plan document. Participants paid administrative costs for loans, distributions, and in-service withdrawals.

The Plan Sponsor paid a portion of the investment management expenses directly related to the Plan investments, as well as recordkeeping and advisory expenses. The balance of the expenses were paid by the Plan and deducted from participants' account balances pro rata as a percentage of the total account balances of all participants.

Subsequent Events

Subsequent events were evaluated through July 31, 2026, which is the date the financial statements were available to be issued, for possible recognition or disclosure in those financial statements. On May 28, 2026 (the Closing Date), MasterBrand, Inc. completed its previously announced transaction with American Woodmark Corporation (American Woodmark). Pursuant to the Agreement and Plan of Merger, dated as of August 5, 2025 (the Merger Agreement), on the Closing Date, Maple Merger Sub, Inc., a Virginia corporation and wholly-owned subsidiary of MasterBrand merged with and into American Woodmark at the effective time of the Merger, with American Woodmark continuing as the surviving entity. Pursuant to the Merger Agreement, each share of American Woodmark common stock outstanding was converted into the right to receive 5.150 shares of MasterBrand common stock, plus cash in lieu of any fractional shares. The Plan evaluated the impact of this merger and determined that it did not have an impact on the Plan's net assets available for benefits or changes in net assets.

3. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - This level includes inputs to the valuation methodology that are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 - This level includes inputs to the valuation methodology that are other-than-quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the assets or liabilities (including volatilities).

Supreme Cabinetry Brands Retirement Savings Plan

Notes to Financial Statements (Modified Cash Basis)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability had a specified (contractual) term, the Level 2 input must have been observable for substantially the full term of the asset or liability.

Level 3 - This level includes inputs to the valuation methodology that are unobservable for the asset or liability (including the entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability) and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy was based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used needed to maximize the use of observable inputs and minimize the use of unobservable inputs.

Plan management used the following methods and significant assumptions to estimate fair value of investments. There have been no changes in methodologies used at December 31, 2025 and 2024.

Registered Investment Companies

The fair value of mutual funds at registered investment companies was based on quoted net asset values (NAV) of the shares as reported by the fund. The mutual funds held by the Plan were open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds published their daily NAV and transacted at that price. The mutual funds held by the Plan were considered to be actively traded.

Stable Value Fund

The Plan provided participants a stable value investment option managed by Fidelity. The Managed Income Portfolio Fund of the Fidelity Group for Employee Benefit Plans (the Fund) included synthetic guaranteed investment contracts and is a portfolio of financial instruments. The Fund was valued using NAV as a practical expedient to estimate fair value. The redemption frequency was daily and there were no unfunded commitments or redemption restrictions. There was no redemption notice period for the individual participant level; however, there was up to a 12-month redemption notice period for the Plan level.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	Fair Value		Level 1	
Registered investment companies	\$	56,203,915	\$	56,203,915
Stable value fund, measured at NAV		766,294		-
Total Assets, at fair value	\$	56,970,209	\$	56,203,915

GAAP guidance indicates that investments measured at NAV as a practical expedient, such as the investments in a stable value fund, are excluded from the fair value hierarchy (i.e., Level 1, 2, and 3). However, they are presented above to enable reconciliation with amounts presented in the statements of net assets available for benefits (modified cash basis).

Supreme Cabinetry Brands Retirement Savings Plan

Notes to Financial Statements (Modified Cash Basis)

4. Income Tax Status

The Plan used a pre-approved plan document sponsored by Fidelity Management and Research Company (Fidelity). Fidelity received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, which stated that the pre-approved document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and was operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Certified Investment Information

Certain information disclosed in the accompanying financial statements, related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest, dividends and other income, for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution.

6. Party-in-Interest Transactions

Party-in-interest transactions included fees paid by the Plan for recordkeeping services and investment advisory. The fees consist of the following:

Year ended December 31, 2025

Fidelity Investments Institutional Operations Company, Inc.	\$	172,640
Kestra Investment Services LLC		60,266
BDO USA		33,250
Strategic Advisors, Inc.		12,894

The Plan also issued loans to participants, which were secured by the vested balances in the participants' accounts. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

7. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would remain 100% vested in their accounts. As discussed in Note 1, the plan was merged effective December 31, 2025.
