Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **INSERO & CO. CPAS, LLP**

(2) EIN: **47-5324570**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		5000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

INDEPENDENT AUDITOR'S REPORT

To the Risk and Audit Committee of the
Rochester Institute of Technology Board of Trustees

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Rochester Institute of Technology Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Insero & Co. CPAs, LLP

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Respectfully Submitted,

1. Description of Plan

The following description of the Rochester Institute of Technology Retirement Savings Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA); it is available to all employees of the Rochester Institute of Technology (RIT; University) who meet certain eligibility requirements.

Fidelity Management Trust Company, Inc. (Fidelity) and TIAA Trust, N.A. are the custodians of the Plan. Teachers Insurance and Annuity Association (TIAA) and CREF are insurance companies and issuers of the annuity contracts of the Plan. TIAA and Fidelity Investments Institutional Operations Company, Inc. (Fidelity Investments) are the Plan record-keepers.

The following investment options are available to plan participants:

- Tier 1: Target Date Funds (lifecycle) retirement series
- Tier 2: Passive Tier – index funds
- Tier 3: Active Tier – actively managed investment funds including annuity funds
- Tier 4: Brokerage Window – self-directed brokerage account providing access to a broad range of mutual funds

(b) Eligibility

The separate eligibility rules for the component of the Plan that permits eligible employees to make salary reduction contributions and the component of the Plan that provides for RIT matching contributions are set forth below.

Salary Reduction Contributions

All employees can participate in the salary reduction portion of the Plan beginning on the first day of the month on or after their date of hire. However, the following employees are not eligible to participate in the Plan regardless of their date of hire: student employees whose employment is incidental to their educational programs at RIT, leased employees, independent contractors, or contract workers hired through, or who are employees of, an outside agency.

Matching Contributions

Most employees can participate in the matching contribution component of the Plan after fulfilling certain service requirements. However, the following employees are not eligible to participate in the matching contribution component of the Plan regardless of their date of hire: student employees whose employment is incidental to their educational programs at RIT, adjuncts (faculty and staff), leased employees, independent contractors (or any person treated as an independent contractor regardless of any agency or judicial determination that the individual is an employee for other purposes), contract workers hired through, or who are employees of, an outside agency, or employees who are subject to a collective bargaining agreement unless the agreement specifically provides for participation in this Plan.

1. Description of Plan (continued)

(b) Eligibility (continued)

The service requirements to participate in the matching contribution component of the Plan differ depending upon the employee's date of hire. For employees rehired within a one-year break in service, prior service as a student employee, adjunct faculty or staff is factored into the calculation towards satisfying the eligibility service requirements.

- Eligible employees hired before January 1, 2006, or rehired with an adjusted date of hire before January 1, 2006, are eligible for matching contributions on the first day of the first calendar month coinciding with or immediately after the second anniversary of the date of hire with RIT. If the employee has two or more consecutive years of regular full-time service with another qualified educational institution and commences employment at RIT within three months of termination at the other institution, the employee is eligible for matching contributions upon the first day of the first calendar month coinciding with or immediately following RIT's receipt of written verification from the other institution of such prior service.
- Eligible employees hired on or after January 1, 2006, or rehired with an adjusted date of hire on or after January 1, 2006, are eligible for matching contributions on the first day of the first calendar month coinciding with or immediately after the first anniversary of the date of hire with RIT. If the employee has one or more consecutive years of regular full-time service with another qualified educational institution and commences employment at RIT within three months of termination at the other institution, the employee is eligible for matching contributions upon the first day of the first calendar month coinciding with or immediately following RIT's receipt of written verification from the other institution of such prior service.

(c) Contributions

Active participants may make voluntary pre-tax basis or Roth after-tax basis contributions in the form of salary reductions as a percentage of annual eligible compensation and any applicable rollovers from other qualified plans, subject to certain limitations of the Plan and the Internal Revenue Code (IRC) under Section 403(b). RIT makes a matching contribution after the employee satisfies the eligibility requirements and contributes at least 2% of eligible compensation through salary reductions.

The amount of the matching contributions, based on the employee's hire date, is as follows:

- Eligible employees hired before January 1, 2006 (or whose adjusted date of hire was before that date) who contribute 2% of annual eligible compensation to the Plan will receive an additional University matching contribution to the Plan equal to 10% of eligible compensation for a total matching and salary reduction contribution of 12%. For employees hired before January 1, 2006, the University's matching contribution does not increase beyond 10% for salary reduction contributions in excess of 2%.

1. Description of Plan (continued)

(c) Contributions (continued)

- Eligible employees hired on or after January 1, 2006 (or whose adjusted date of hire is on or after that date) but before January 1, 2025 will receive matching contributions to the Plan that vary depending on the percentage of compensation the employee contributes to the Plan. RIT makes matching contributions based on the following schedule:

<u>Employee contribution</u>	<u>RIT contribution</u>
Less than 2%	0%
2%	4%
3%	6%
4%	8%
5%	9%

For employees hired on or after January 1, 2006 but before January 1, 2025, the University's matching contribution does not increase beyond 9% for salary reduction contributions in excess of 5%.

- Eligible employees hired on or after January 1, 2025 (or whose adjusted date of hire is on or after that date) will receive matching contributions to the Plan that vary depending on the percentage of compensation the employee contributes to the Plan. RIT makes matching contributions based on the following schedule:

<u>Employee contribution</u>	<u>RIT contribution</u>
Less than 2%	0%
2%	4%
3%	6%
4%	8%

For employees hired on or after January 1, 2025, the University's matching contribution does not increase beyond 8% for salary reduction contributions in excess of 4%.

An eligible, but noncontributing, employee may be automatically enrolled subject to certain qualifications noted in the Plan. When an employee is automatically enrolled, 2% of the employee's eligible compensation is deferred and contributed to the Plan for the benefit of the employee. On an annual basis, this default amount will increase by 1%. Automatic salary reductions will cease if the employee files an election for a different percentage amount or elects to have no compensation reduction.

Eligible participants, who attain the age of 50 before the end of the Plan year, are eligible to make catch-up contributions, subject to certain limitations of the IRC. Additionally, eligible participants who have 15 or more years of service are eligible to make an additional catch-up contribution, subject to certain limitations of the IRC.

1. Description of Plan (continued)

(d) Participant Accounts

Each participant's account is credited with the participant's contribution, RIT's contribution and plan earnings on all contributions. Allocations of income and expenses are based on participant earnings or account balances, according to specific terms provided by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Funding Vehicles

Plan contributions are invested in one or more of the funding vehicles made available to participants under the Plan. Contributions may be allocated to annuity contracts and registered investment companies offered by TIAA and/or custodial accounts which are invested in regulated investment companies (mutual funds) offered by Fidelity Investments. In addition, employees may choose to invest in a self-directed brokerage account through which they can access additional registered investment company options.

(f) Vesting

Participants are immediately fully vested in their voluntary contributions, contributions made by RIT and actual earnings thereon.

(g) Plan Loans and Notes Receivable from Participants

Loans are only permitted from salary reduction contributions (and related earnings) to the Plan; loans are not permitted from pre-2012 salary reduction contributions (or related earnings) made to the Rochester Institute of Technology Basic Retirement Plan. Effective July 2, 2012, new loans are only permitted through a Fidelity account and loans entered after this date will be repaid through payroll deduction. Loans originated prior to that date will continue to be repaid directly to TIAA. Participants may transfer funds from a TIAA account to a Fidelity account to apply for a loan.

Plan loans issued through TIAA were issued from the general TIAA account; not participant accounts. Accordingly, these loans are not presented as part of plan assets on the accompanying statements of net assets available for benefits. An adequate portion of the participant's account is reserved, or held in collateral, to cover 110% of the outstanding loan in case of default. The collateral is held in the fixed annuity contract investment option that is included in the accompanying statements of net assets available for benefits. Participants had outstanding plan loan balances due to TIAA of \$47 and \$52 at December 31, 2025 and 2024.

Participants may borrow from their account a maximum equal to the lesser of \$50, reduced by the excess of the highest outstanding loan balance in the previous 12 months over the loan balance on the date of the new loan, or 50% of their vested account balance. Loan terms range from one to five years unless used to acquire a primary residence, in which the loan term is not to exceed 15 years. The loans bear interest at a reasonable rate as outlined by the Plan.

For notes receivable from participants issued through Fidelity, loan proceeds are reclassified from a participant's investment account balance to a loan collateral or escrow fund account for tracking purposes.

1. Description of Plan (continued)

(h) Payment of Benefits

Vested funds are generally paid to participants or a designated beneficiary on or after the participant's retirement, death, disability, severance from employment or attainment of age 59½ subject to the terms and conditions that may apply to their specific funding investment. However, benefits may be paid to an alternate payee prior to the aforementioned events subject to the proper filing of a qualified domestic relations order (QDRO) or a qualified medical child support order (QMCSO).

Benefits may be paid out in a single lump sum or in periodic installments over a period that is not greater than or equal to the life expectancy of the participant.

(i) Hardship Withdrawals

Hardship withdrawals are only permitted from salary reduction contributions, not the earnings thereon, to the Plan; hardship distributions are not permitted from pre-2012 salary reduction contributions (or related earnings) made to the Rochester Institute of Technology Basic Retirement Plan.

(j) Revenue Sharing Payments

The Plan or the recordkeepers may receive administrative service fees, 12b-1 payments, sub-transfer agency fees, revenue sharing payments or other payments in connection with the Plan's investments (Revenue Sharing Payments). Plan participants shall have no rights to the Revenue Sharing Payments unless RIT, in its capacity as Plan Administrator, elects to allocate any or all amounts to each participant who is employed on the last day of the Plan year on a prorated basis based on the size of each participant's account balance. RIT, acting as the Plan Administrator, directs Revenue Sharing Payments to be used to pay reasonable "Qualified Plan Expenses". These expenses may include reimbursing RIT from time to time for such expenses paid by the University to a third party.

Plan expenses paid from the Revenue Sharing account were \$339 and \$503 for the plan year ended December 31, 2025 and 2024, respectively. Additionally, plan management elected and approved the allocation of accumulated revenue sharing payments in the Revenue Credit Account (RCA) to eligible TIAA participants (active and non-active). The revenue sharing payments totaled \$228 and \$0 for 2025 and 2024, respectively, and were allocated to participants whose investments on the TIAA platform generated revenue sharing payments that funded the RCA. The amount credited to the Plan's Revenue Sharing account by the Plan's recordkeepers was \$561 for 2025 and \$547 for 2024 and is included in interest, dividends, other on the statements of changes in net assets available for benefits. The balance in the fund as of December 31, 2025 and 2024 was \$51 and \$49, respectively.

2. Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements of the Plan are prepared in conformity with generally accepted accounting principles (GAAP) in the United States of America.

2. Summary of Significant Accounting Policies (continued)

(b) Investments

All investments are participant directed. Contributions under the Plan are limited to annuity contracts established in accordance with Code Section 403(b) sponsored by TIAA and custodial accounts which are invested in regulated investment companies (mutual funds) sponsored by Fidelity and TIAA.

The Plan invests in fixed and variable annuity contracts, pooled separate accounts, and registered investment companies. The fixed annuity contracts are stated at contract value as this is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan Administrator has been advised by TIAA that the contract value of the fixed annuity contracts approximates fair value.

This determination is based on TIAA's credit rating and yield during 2025 and 2024 being comparable to similar alternative investments and the interest rate, which re-sets annually, being comparable to a ten year Treasury bond. In subsequent periods, if market conditions change, such as the insurance company credit rating or interest rate environment, the difference between contract value and fair value could become significant. The pooled separate accounts and registered investment companies are reported at fair value.

The valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. Refer to Note 4 for an explanation of how the Plan's assets are categorized within the fair value hierarchy.

Purchases and sales of securities are reflected on a trade date basis. Interest and dividend income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as, held during the year.

The Plan holds fixed annuity investment contracts with TIAA. Under these contracts are sub-contracts, some of which are fully benefit-responsive while others are not. TIAA maintains plan contributions in separate accounts. The accounts are credited with contributions and earnings on the underlying investments and are charged for plan withdrawals.

The Plan utilizes TIAA's Retirement Choice (RC) and Retirement Choice Plus (RCP) annuity contracts as an option for participants to direct their contributions. The TIAA Retirement Annuity (RA), Supplemental Retirement Annuity (SRA), and Group Supplemental Retirement Annuity (GSRA) contracts maintain prior balances, but no longer issue individual annuity contracts to participants. RA and RC contracts are non benefit responsive fixed annuity contracts. Under RA contracts invested in TIAA Traditional, withdrawals must be spread over ten (10) installments paid evenly over nine years or paid in the form of a life annuity. RC contracts invested in TIAA Traditional allow for lump-sum withdrawals only within 120 days after termination of employment subject to a surrender charge; all other withdrawals must be paid in 84 monthly installments. SRA, GSRA and RCP contracts are fully benefit responsive fixed annuity contracts and do not contain any liquidity restrictions.

2. Summary of Significant Accounting Policies (continued)

(b) Investments (continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants, are probable of occurring.

Earnings on the underlying investments of these annuities are guaranteed by TIAA at a rate set annually. The guaranteed and crediting interest rates for these annuity contracts as of December 31, 2025 were as follows:

	Guaranteed Rate	Crediting Rate
Retirement Annuity (RA)	3.00%	4.75%
Supplemental Retirement Annuity (SRA)	3.00%	4.00%
Group Supplemental Retirement Annuity (GSRA)	3.00%	4.00%
Retirement Choice (RC)	1.00 - 3.00%	5.00%
Retirement Choice Plus (RCP)	1.00 - 3.00%	4.25%

The Plan's pooled separate accounts are invested in real estate properties, other real estate-related investments, and securities. Underlying real estate holdings are valued principally using external appraisals and underlying securities are generally priced using values obtained from independent pricing sources. The net asset value of the fund is then calculated each day and posted by TIAA. Contributions can no longer be made to the TIAA Real Estate fund; however, existing balances may remain or be transferred out by participants. Redemptions are permitted daily except participant transfers out of the fund, which are limited to one per calendar quarter. The Real Estate account does not have any unfunded commitments.

2. Summary of Significant Accounting Policies (continued)

(c) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, currency and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements. Approximately 26% and 28% of the Plan's investments are held in two accounts with TIAA at December 31, 2025 and 2024, respectively, as noted below. As such, this is considered to be a concentration of credit risk.

	2025		2024	
<u>Investments</u>	<u>Value</u>	<u>Percentage of Total Investments</u>	<u>Value</u>	<u>Percentage of Total Investments</u>
TIAA Traditional Annuity Contracts	\$ 234,179	14%	\$ 244,070	16%
CREF Total Global Stock Fund	199,352	12%	184,692	12%
	<u>\$ 433,531</u>	<u>26%</u>	<u>\$ 428,762</u>	<u>28%</u>

(d) Payment of Benefits

Benefit payments to participants are recorded when paid.

(e) Administrative Expenses

Recordkeepers' administrative fees are generally paid by the Plan. Investment consulting and audit fees are generally paid by the University; however, if there are sufficient funds available in the Plan's Revenue Sharing account, the University may request reimbursement.

(f) Income Tax on Transactions

Salary reduction contributions, as well as earnings/losses thereon, are not subject to federal income tax until the Participant withdraws money from the Plan. In certain circumstances, plan withdrawals may qualify for special tax treatment.

A Roth 403(b) account is offered to plan participants as an option to make after-tax contributions to the Plan. Contributions are taxed when made, instead of when the funds are withdrawn; investment earnings grow tax-free; and participants pay no taxes or penalties on qualified distributions.

(g) Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the amount of net assets available for benefits during the reporting period. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

(h) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

3. Certified Investment Information

Management has elected to have the audit of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA, CREF and Fidelity, have certified that the following investment information is complete and accurate:

4. Fair Value Measurements

U.S. GAAP establishes a hierarchy for information and valuations used in measuring fair value that is broken down into three levels based on reliability. The three levels of the fair value hierarchy are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

- Cash equivalents: Valued at cost which approximates fair value.
- Pooled separate account: Valued at the daily unit value published on NASDAQ. Although not traded on this exchange, the value of the unit holder's investment rises and falls with the returns on the underlying assets in the fund.
- Fixed annuity contracts – Non Fully Benefit Responsive: Valued at contract value, which approximates fair value, that is calculated as accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals.
- Registered investment companies: Valued at the quoted market prices.

4. Fair Value Measurements (continued)

The Plan's assets at fair value, within the fair value hierarchy, were as follows at December 31, 2025:

	Level 1	Level 2	Level 3	Total
Cash equivalents	\$ 32,527	\$ -	\$ -	\$ 32,527
Pooled separate account	6,259	-	-	6,259
Fixed annuity contracts - Non Fully Benefit Responsive	-	-	184,998	184,998
Registered investment companies	1,397,258	-	-	1,397,258
	\$ 1,436,044	\$ -	\$ 184,998	\$ 1,621,042

The Plan's assets at fair value, within the fair value hierarchy, were as follows at December 31, 2024:

	Level 1	Level 2	Level 3	Total
Cash equivalents	\$ 29,843	\$ -	\$ -	\$ 29,843
Pooled separate account	6,781	-	-	6,781
Fixed annuity contracts - Non Fully Benefit Responsive	-	-	196,346	196,346
Registered investment companies	1,241,082	-	-	1,241,082
	\$ 1,277,706	\$ -	\$ 196,346	\$ 1,474,052

Purchases of Level 3 investments totaled \$694 and \$724 for the years ended December 31, 2025 and 2024, respectively.

The following table presents information about significant unobservable inputs related to the Plan's investment in assets categorized as Level 3 in the Accounting Standards Codification (ASC) 820 fair value hierarchy at December 31, 2025:

Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Range
TIAA Traditional Annuity - Non Fully Benefit Responsive	\$ 184,998	Discounted cash flow	Risk-adjusted discount rate	RA - 3.55% - 6.50% RC - 3.80% - 6.75%

TIAA Traditional account balances are reported at contract value, approximating fair value, which is the aggregation of contributions, plus interest, less withdrawals, if any. Crediting rates are a combination of a guaranteed rate and an annually established discretionary rate. Additionally, the discretionary rate applied to contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end of the prior reporting period. Contract value approximates a discounted cash flow value calculated using an appropriate risk-adjusted market discount rate which correlated closely with TIAA Traditional Annuity historical crediting ranges.

4. Fair Value Measurements (continued)

RIT has various processes and controls in place to ensure that fair value is reasonably estimated. The University sets the valuation policies for plan assets and is responsible for the determination of fair value including: (1) comparison of price changes between periods to current market conditions, (2) comparison of trade prices of securities to fair value estimates, (3) comparison of prices from multiple pricing sources; and, (4) performance of ongoing due diligence to confirm that independent pricing services use market-based parameters for valuation. Valuation approaches are reviewed on an ongoing basis and revised as necessary based on changing market conditions to ensure values represent a reasonable exit price.

5. Party-in-Interest Transactions

TIAA and Fidelity Investments are the recordkeepers of the Plan's assets. Fidelity and TIAA Trust, N.A., are the custodians of the Plan's assets. TIAA and CREF are the insurance companies and the issuers of the annuity contracts. Transactions between these parties and the Plan qualify as party-in-interest transactions. Additionally, notes receivable from participants are party-in-interest transactions.

6. Income Tax Status

The Plan is a tax deferred retirement plan subject to ERISA and is designed to comply with Section 403(b) of the IRC. Prior to 2013, there was no determination letter process in effect to allow for 403(b) plans to apply for a determination letter. Beginning in 2013, the Internal Revenue Service (IRS) began accepting applications from insurance companies and other plan providers for opinion and advisory letters regarding the acceptance under 403(b) of the Code of the providers' forms of prototype plans and volume submitter plans. The Plan Administrator has considered IRS Revenue Procedure 2022-40, issued November 2022, which allows the Plan to submit a determination letter application for individually designed plans. The Plan Administrator is in the process of restating the Plan using the volume submitter plan sponsored by Fidelity Workplace Services LLC.

The Plan is required to operate in conformity with the IRC to maintain its tax exemption for plan participants. The Plan Administrator believes the Plan is currently designed and operating in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

(a) Uncertain Tax Positions

For employee benefit plans, their qualified status itself is deemed to be an uncertainty, since events could potentially occur to jeopardize their tax-exempt status. As of December 31, 2025 and 2024, the Plan did not have a liability for unrecognized tax benefits. The Plan files Annual Return/Report of Employee Benefit Plans (Form 5500) in the U.S. federal jurisdiction. The Plan is subject to routine examinations by tax authorities; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intent to do so, RIT retains the right to amend, suspend, or terminate the Plan and any deferrals thereunder, subject to the provision of ERISA. In the event of the Plan's termination, participants would receive 100% value of their account(s) in accordance with their individual annuity contract or custodial agreement.

8. Reconciliation of Financial Statements to Form 5500

Certain items have been classified differently between the financial statements and Form 5500. Net assets available for benefits and changes in net assets available for benefits per the financial statements agreed to Form 5500 in total as of and for the years ended 2025 and 2024.

9. Subsequent Events

Subsequent events have been evaluated through July 31, 2026, the date the financial statements were available to be issued. Effective January 1, 2026, the Plan was amended as follows:

(a) Immediate eligibility for employee contributions

Eligible employees may begin making employee contributions upon commencement of employment with the University.

(b) Automatic continuation of contributions as after-tax

Upon reaching the applicable pre-tax or Roth contribution limits, employee contributions will automatically convert to after-tax contributions and continue at the participant's elected contribution rate for the remainder of the year. Prior to this amendment, after-tax contributions were limited to amounts necessary to receive the full employer match.

(c) Elimination of special catch-up contributions

The provision permitting special catch-up contributions under Section 402(g)(7) of the Internal Revenue Code for employees with at least 15 years of service has been eliminated.

INDEPENDENT AUDITOR'S REPORT

To the Risk and Audit Committee of the
Rochester Institute of Technology Board of Trustees

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Rochester Institute of Technology Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Insero & Co. CPAs, LLP

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Respectfully Submitted,

1. Description of Plan

The following description of the Rochester Institute of Technology Retirement Savings Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA); it is available to all employees of the Rochester Institute of Technology (RIT; University) who meet certain eligibility requirements.

Fidelity Management Trust Company, Inc. (Fidelity) and TIAA Trust, N.A. are the custodians of the Plan. Teachers Insurance and Annuity Association (TIAA) and CREF are insurance companies and issuers of the annuity contracts of the Plan. TIAA and Fidelity Investments Institutional Operations Company, Inc. (Fidelity Investments) are the Plan record-keepers.

The following investment options are available to plan participants:

- Tier 1: Target Date Funds (lifecycle) retirement series
- Tier 2: Passive Tier – index funds
- Tier 3: Active Tier – actively managed investment funds including annuity funds
- Tier 4: Brokerage Window – self-directed brokerage account providing access to a broad range of mutual funds

(b) Eligibility

The separate eligibility rules for the component of the Plan that permits eligible employees to make salary reduction contributions and the component of the Plan that provides for RIT matching contributions are set forth below.

Salary Reduction Contributions

All employees can participate in the salary reduction portion of the Plan beginning on the first day of the month on or after their date of hire. However, the following employees are not eligible to participate in the Plan regardless of their date of hire: student employees whose employment is incidental to their educational programs at RIT, leased employees, independent contractors, or contract workers hired through, or who are employees of, an outside agency.

Matching Contributions

Most employees can participate in the matching contribution component of the Plan after fulfilling certain service requirements. However, the following employees are not eligible to participate in the matching contribution component of the Plan regardless of their date of hire: student employees whose employment is incidental to their educational programs at RIT, adjuncts (faculty and staff), leased employees, independent contractors (or any person treated as an independent contractor regardless of any agency or judicial determination that the individual is an employee for other purposes), contract workers hired through, or who are employees of, an outside agency, or employees who are subject to a collective bargaining agreement unless the agreement specifically provides for participation in this Plan.

1. Description of Plan (continued)

(b) Eligibility (continued)

The service requirements to participate in the matching contribution component of the Plan differ depending upon the employee's date of hire. For employees rehired within a one-year break in service, prior service as a student employee, adjunct faculty or staff is factored into the calculation towards satisfying the eligibility service requirements.

- Eligible employees hired before January 1, 2006, or rehired with an adjusted date of hire before January 1, 2006, are eligible for matching contributions on the first day of the first calendar month coinciding with or immediately after the second anniversary of the date of hire with RIT. If the employee has two or more consecutive years of regular full-time service with another qualified educational institution and commences employment at RIT within three months of termination at the other institution, the employee is eligible for matching contributions upon the first day of the first calendar month coinciding with or immediately following RIT's receipt of written verification from the other institution of such prior service.
- Eligible employees hired on or after January 1, 2006, or rehired with an adjusted date of hire on or after January 1, 2006, are eligible for matching contributions on the first day of the first calendar month coinciding with or immediately after the first anniversary of the date of hire with RIT. If the employee has one or more consecutive years of regular full-time service with another qualified educational institution and commences employment at RIT within three months of termination at the other institution, the employee is eligible for matching contributions upon the first day of the first calendar month coinciding with or immediately following RIT's receipt of written verification from the other institution of such prior service.

(c) Contributions

Active participants may make voluntary pre-tax basis or Roth after-tax basis contributions in the form of salary reductions as a percentage of annual eligible compensation and any applicable rollovers from other qualified plans, subject to certain limitations of the Plan and the Internal Revenue Code (IRC) under Section 403(b). RIT makes a matching contribution after the employee satisfies the eligibility requirements and contributes at least 2% of eligible compensation through salary reductions.

The amount of the matching contributions, based on the employee's hire date, is as follows:

- Eligible employees hired before January 1, 2006 (or whose adjusted date of hire was before that date) who contribute 2% of annual eligible compensation to the Plan will receive an additional University matching contribution to the Plan equal to 10% of eligible compensation for a total matching and salary reduction contribution of 12%. For employees hired before January 1, 2006, the University's matching contribution does not increase beyond 10% for salary reduction contributions in excess of 2%.

1. Description of Plan (continued)

(c) Contributions (continued)

- Eligible employees hired on or after January 1, 2006 (or whose adjusted date of hire is on or after that date) but before January 1, 2025 will receive matching contributions to the Plan that vary depending on the percentage of compensation the employee contributes to the Plan. RIT makes matching contributions based on the following schedule:

<u>Employee contribution</u>	<u>RIT contribution</u>
Less than 2%	0%
2%	4%
3%	6%
4%	8%
5%	9%

For employees hired on or after January 1, 2006 but before January 1, 2025, the University's matching contribution does not increase beyond 9% for salary reduction contributions in excess of 5%.

- Eligible employees hired on or after January 1, 2025 (or whose adjusted date of hire is on or after that date) will receive matching contributions to the Plan that vary depending on the percentage of compensation the employee contributes to the Plan. RIT makes matching contributions based on the following schedule:

<u>Employee contribution</u>	<u>RIT contribution</u>
Less than 2%	0%
2%	4%
3%	6%
4%	8%

For employees hired on or after January 1, 2025, the University's matching contribution does not increase beyond 8% for salary reduction contributions in excess of 4%.

An eligible, but noncontributing, employee may be automatically enrolled subject to certain qualifications noted in the Plan. When an employee is automatically enrolled, 2% of the employee's eligible compensation is deferred and contributed to the Plan for the benefit of the employee. On an annual basis, this default amount will increase by 1%. Automatic salary reductions will cease if the employee files an election for a different percentage amount or elects to have no compensation reduction.

Eligible participants, who attain the age of 50 before the end of the Plan year, are eligible to make catch-up contributions, subject to certain limitations of the IRC. Additionally, eligible participants who have 15 or more years of service are eligible to make an additional catch-up contribution, subject to certain limitations of the IRC.

1. Description of Plan (continued)

(d) Participant Accounts

Each participant's account is credited with the participant's contribution, RIT's contribution and plan earnings on all contributions. Allocations of income and expenses are based on participant earnings or account balances, according to specific terms provided by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Funding Vehicles

Plan contributions are invested in one or more of the funding vehicles made available to participants under the Plan. Contributions may be allocated to annuity contracts and registered investment companies offered by TIAA and/or custodial accounts which are invested in regulated investment companies (mutual funds) offered by Fidelity Investments. In addition, employees may choose to invest in a self-directed brokerage account through which they can access additional registered investment company options.

(f) Vesting

Participants are immediately fully vested in their voluntary contributions, contributions made by RIT and actual earnings thereon.

(g) Plan Loans and Notes Receivable from Participants

Loans are only permitted from salary reduction contributions (and related earnings) to the Plan; loans are not permitted from pre-2012 salary reduction contributions (or related earnings) made to the Rochester Institute of Technology Basic Retirement Plan. Effective July 2, 2012, new loans are only permitted through a Fidelity account and loans entered after this date will be repaid through payroll deduction. Loans originated prior to that date will continue to be repaid directly to TIAA. Participants may transfer funds from a TIAA account to a Fidelity account to apply for a loan.

Plan loans issued through TIAA were issued from the general TIAA account; not participant accounts. Accordingly, these loans are not presented as part of plan assets on the accompanying statements of net assets available for benefits. An adequate portion of the participant's account is reserved, or held in collateral, to cover 110% of the outstanding loan in case of default. The collateral is held in the fixed annuity contract investment option that is included in the accompanying statements of net assets available for benefits. Participants had outstanding plan loan balances due to TIAA of \$47 and \$52 at December 31, 2025 and 2024.

Participants may borrow from their account a maximum equal to the lesser of \$50, reduced by the excess of the highest outstanding loan balance in the previous 12 months over the loan balance on the date of the new loan, or 50% of their vested account balance. Loan terms range from one to five years unless used to acquire a primary residence, in which the loan term is not to exceed 15 years. The loans bear interest at a reasonable rate as outlined by the Plan.

For notes receivable from participants issued through Fidelity, loan proceeds are reclassified from a participant's investment account balance to a loan collateral or escrow fund account for tracking purposes.

1. Description of Plan (continued)

(h) Payment of Benefits

Vested funds are generally paid to participants or a designated beneficiary on or after the participant's retirement, death, disability, severance from employment or attainment of age 59½ subject to the terms and conditions that may apply to their specific funding investment. However, benefits may be paid to an alternate payee prior to the aforementioned events subject to the proper filing of a qualified domestic relations order (QDRO) or a qualified medical child support order (QMCSO).

Benefits may be paid out in a single lump sum or in periodic installments over a period that is not greater than or equal to the life expectancy of the participant.

(i) Hardship Withdrawals

Hardship withdrawals are only permitted from salary reduction contributions, not the earnings thereon, to the Plan; hardship distributions are not permitted from pre-2012 salary reduction contributions (or related earnings) made to the Rochester Institute of Technology Basic Retirement Plan.

(j) Revenue Sharing Payments

The Plan or the recordkeepers may receive administrative service fees, 12b-1 payments, sub-transfer agency fees, revenue sharing payments or other payments in connection with the Plan's investments (Revenue Sharing Payments). Plan participants shall have no rights to the Revenue Sharing Payments unless RIT, in its capacity as Plan Administrator, elects to allocate any or all amounts to each participant who is employed on the last day of the Plan year on a prorated basis based on the size of each participant's account balance. RIT, acting as the Plan Administrator, directs Revenue Sharing Payments to be used to pay reasonable "Qualified Plan Expenses". These expenses may include reimbursing RIT from time to time for such expenses paid by the University to a third party.

Plan expenses paid from the Revenue Sharing account were \$339 and \$503 for the plan year ended December 31, 2025 and 2024, respectively. Additionally, plan management elected and approved the allocation of accumulated revenue sharing payments in the Revenue Credit Account (RCA) to eligible TIAA participants (active and non-active). The revenue sharing payments totaled \$228 and \$0 for 2025 and 2024, respectively, and were allocated to participants whose investments on the TIAA platform generated revenue sharing payments that funded the RCA. The amount credited to the Plan's Revenue Sharing account by the Plan's recordkeepers was \$561 for 2025 and \$547 for 2024 and is included in interest, dividends, other on the statements of changes in net assets available for benefits. The balance in the fund as of December 31, 2025 and 2024 was \$51 and \$49, respectively.

2. Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements of the Plan are prepared in conformity with generally accepted accounting principles (GAAP) in the United States of America.

2. Summary of Significant Accounting Policies (continued)

(b) Investments

All investments are participant directed. Contributions under the Plan are limited to annuity contracts established in accordance with Code Section 403(b) sponsored by TIAA and custodial accounts which are invested in regulated investment companies (mutual funds) sponsored by Fidelity and TIAA.

The Plan invests in fixed and variable annuity contracts, pooled separate accounts, and registered investment companies. The fixed annuity contracts are stated at contract value as this is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan Administrator has been advised by TIAA that the contract value of the fixed annuity contracts approximates fair value.

This determination is based on TIAA's credit rating and yield during 2025 and 2024 being comparable to similar alternative investments and the interest rate, which re-sets annually, being comparable to a ten year Treasury bond. In subsequent periods, if market conditions change, such as the insurance company credit rating or interest rate environment, the difference between contract value and fair value could become significant. The pooled separate accounts and registered investment companies are reported at fair value.

The valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. Refer to Note 4 for an explanation of how the Plan's assets are categorized within the fair value hierarchy.

Purchases and sales of securities are reflected on a trade date basis. Interest and dividend income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as, held during the year.

The Plan holds fixed annuity investment contracts with TIAA. Under these contracts are sub-contracts, some of which are fully benefit-responsive while others are not. TIAA maintains plan contributions in separate accounts. The accounts are credited with contributions and earnings on the underlying investments and are charged for plan withdrawals.

The Plan utilizes TIAA's Retirement Choice (RC) and Retirement Choice Plus (RCP) annuity contracts as an option for participants to direct their contributions. The TIAA Retirement Annuity (RA), Supplemental Retirement Annuity (SRA), and Group Supplemental Retirement Annuity (GSRA) contracts maintain prior balances, but no longer issue individual annuity contracts to participants. RA and RC contracts are non benefit responsive fixed annuity contracts. Under RA contracts invested in TIAA Traditional, withdrawals must be spread over ten (10) installments paid evenly over nine years or paid in the form of a life annuity. RC contracts invested in TIAA Traditional allow for lump-sum withdrawals only within 120 days after termination of employment subject to a surrender charge; all other withdrawals must be paid in 84 monthly installments. SRA, GSRA and RCP contracts are fully benefit responsive fixed annuity contracts and do not contain any liquidity restrictions.

2. Summary of Significant Accounting Policies (continued)

(b) Investments (continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants, are probable of occurring.

Earnings on the underlying investments of these annuities are guaranteed by TIAA at a rate set annually. The guaranteed and crediting interest rates for these annuity contracts as of December 31, 2025 were as follows:

	Guaranteed Rate	Crediting Rate
Retirement Annuity (RA)	3.00%	4.75%
Supplemental Retirement Annuity (SRA)	3.00%	4.00%
Group Supplemental Retirement Annuity (GSRA)	3.00%	4.00%
Retirement Choice (RC)	1.00 - 3.00%	5.00%
Retirement Choice Plus (RCP)	1.00 - 3.00%	4.25%

The Plan's pooled separate accounts are invested in real estate properties, other real estate-related investments, and securities. Underlying real estate holdings are valued principally using external appraisals and underlying securities are generally priced using values obtained from independent pricing sources. The net asset value of the fund is then calculated each day and posted by TIAA. Contributions can no longer be made to the TIAA Real Estate fund; however, existing balances may remain or be transferred out by participants. Redemptions are permitted daily except participant transfers out of the fund, which are limited to one per calendar quarter. The Real Estate account does not have any unfunded commitments.

2. Summary of Significant Accounting Policies (continued)

(c) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, currency and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements. Approximately 26% and 28% of the Plan's investments are held in two accounts with TIAA at December 31, 2025 and 2024, respectively, as noted below. As such, this is considered to be a concentration of credit risk.

	2025		2024	
<u>Investments</u>	<u>Value</u>	<u>Percentage of Total Investments</u>	<u>Value</u>	<u>Percentage of Total Investments</u>
TIAA Traditional Annuity Contracts	\$ 234,179	14%	\$ 244,070	16%
CREF Total Global Stock Fund	199,352	12%	184,692	12%
	<u>\$ 433,531</u>	<u>26%</u>	<u>\$ 428,762</u>	<u>28%</u>

(d) Payment of Benefits

Benefit payments to participants are recorded when paid.

(e) Administrative Expenses

Recordkeepers' administrative fees are generally paid by the Plan. Investment consulting and audit fees are generally paid by the University; however, if there are sufficient funds available in the Plan's Revenue Sharing account, the University may request reimbursement.

(f) Income Tax on Transactions

Salary reduction contributions, as well as earnings/losses thereon, are not subject to federal income tax until the Participant withdraws money from the Plan. In certain circumstances, plan withdrawals may qualify for special tax treatment.

A Roth 403(b) account is offered to plan participants as an option to make after-tax contributions to the Plan. Contributions are taxed when made, instead of when the funds are withdrawn; investment earnings grow tax-free; and participants pay no taxes or penalties on qualified distributions.

(g) Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the amount of net assets available for benefits during the reporting period. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

(h) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

3. Certified Investment Information

Management has elected to have the audit of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA, CREF and Fidelity, have certified that the following investment information is complete and accurate:

	TIAA and CREF	
	2025	2024
Statements of net assets available for benefits		
Cash equivalents	\$ 4,210	\$ 3,871
Investments	570,491	548,079

Investments	1,067,205	943,854
Notes receivable from participants	3,731	3,229
Statements of changes in net assets available for benefits		
Net appreciation in fair value of investments	\$ 120,482	\$ 81,326
Interest, dividends, other	41,792	37,714

4. Fair Value Measurements

U.S. GAAP establishes a hierarchy for information and valuations used in measuring fair value that is broken down into three levels based on reliability. The three levels of the fair value hierarchy are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

- Cash equivalents: Valued at cost which approximates fair value.
- Pooled separate account: Valued at the daily unit value published on NASDAQ. Although not traded on this exchange, the value of the unit holder's investment rises and falls with the returns on the underlying assets in the fund.
- Fixed annuity contracts – Non Fully Benefit Responsive: Valued at contract value, which approximates fair value, that is calculated as accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals.
- Registered investment companies: Valued at the quoted market prices.

4. Fair Value Measurements (continued)

The Plan's assets at fair value, within the fair value hierarchy, were as follows at December 31, 2025:

	Level 1	Level 2	Level 3	Total
Cash equivalents	\$ 32,527	\$ -	\$ -	\$ 32,527
Pooled separate account	6,259	-	-	6,259
Fixed annuity contracts - Non Fully Benefit Responsive	-	-	184,998	184,998
Registered investment companies	1,397,258	-	-	1,397,258
	\$ 1,436,044	\$ -	\$ 184,998	\$ 1,621,042

The Plan's assets at fair value, within the fair value hierarchy, were as follows at December 31, 2024:

	Level 1	Level 2	Level 3	Total
Cash equivalents	\$ 29,843	\$ -	\$ -	\$ 29,843
Pooled separate account	6,781	-	-	6,781
Fixed annuity contracts - Non Fully Benefit Responsive	-	-	196,346	196,346
Registered investment companies	1,241,082	-	-	1,241,082
	\$ 1,277,706	\$ -	\$ 196,346	\$ 1,474,052

Purchases of Level 3 investments totaled \$694 and \$724 for the years ended December 31, 2025 and 2024, respectively.

The following table presents information about significant unobservable inputs related to the Plan's investment in assets categorized as Level 3 in the Accounting Standards Codification (ASC) 820 fair value hierarchy at December 31, 2025:

Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Range
TIAA Traditional Annuity - Non Fully Benefit Responsive	\$ 184,998	Discounted cash flow	Risk-adjusted discount rate	RA - 3.55% - 6.50% RC - 3.80% - 6.75%

TIAA Traditional account balances are reported at contract value, approximating fair value, which is the aggregation of contributions, plus interest, less withdrawals, if any. Crediting rates are a combination of a guaranteed rate and an annually established discretionary rate. Additionally, the discretionary rate applied to contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end of the prior reporting period. Contract value approximates a discounted cash flow value calculated using an appropriate risk-adjusted market discount rate which correlated closely with TIAA Traditional Annuity historical crediting ranges.

4. Fair Value Measurements (continued)

RIT has various processes and controls in place to ensure that fair value is reasonably estimated. The University sets the valuation policies for plan assets and is responsible for the determination of fair value including: (1) comparison of price changes between periods to current market conditions, (2) comparison of trade prices of securities to fair value estimates, (3) comparison of prices from multiple pricing sources; and, (4) performance of ongoing due diligence to confirm that independent pricing services use market-based parameters for valuation. Valuation approaches are reviewed on an ongoing basis and revised as necessary based on changing market conditions to ensure values represent a reasonable exit price.

5. Party-in-Interest Transactions

TIAA and Fidelity Investments are the recordkeepers of the Plan's assets. Fidelity and TIAA Trust, N.A., are the custodians of the Plan's assets. TIAA and CREF are the insurance companies and the issuers of the annuity contracts. Transactions between these parties and the Plan qualify as party-in-interest transactions. Additionally, notes receivable from participants are party-in-interest transactions.

6. Income Tax Status

The Plan is a tax deferred retirement plan subject to ERISA and is designed to comply with Section 403(b) of the IRC. Prior to 2013, there was no determination letter process in effect to allow for 403(b) plans to apply for a determination letter. Beginning in 2013, the Internal Revenue Service (IRS) began accepting applications from insurance companies and other plan providers for opinion and advisory letters regarding the acceptance under 403(b) of the Code of the providers' forms of prototype plans and volume submitter plans. The Plan Administrator has considered IRS Revenue Procedure 2022-40, issued November 2022, which allows the Plan to submit a determination letter application for individually designed plans. The Plan Administrator is in the process of restating the Plan using the volume submitter plan sponsored by Fidelity Workplace Services LLC.

The Plan is required to operate in conformity with the IRC to maintain its tax exemption for plan participants. The Plan Administrator believes the Plan is currently designed and operating in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

(a) Uncertain Tax Positions

For employee benefit plans, their qualified status itself is deemed to be an uncertainty, since events could potentially occur to jeopardize their tax-exempt status. As of December 31, 2025 and 2024, the Plan did not have a liability for unrecognized tax benefits. The Plan files Annual Return/Report of Employee Benefit Plans (Form 5500) in the U.S. federal jurisdiction. The Plan is subject to routine examinations by tax authorities; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intent to do so, RIT retains the right to amend, suspend, or terminate the Plan and any deferrals thereunder, subject to the provision of ERISA. In the event of the Plan's termination, participants would receive 100% value of their account(s) in accordance with their individual annuity contract or custodial agreement.

8. Reconciliation of Financial Statements to Form 5500

Certain items have been classified differently between the financial statements and Form 5500. Net assets available for benefits and changes in net assets available for benefits per the financial statements agreed to Form 5500 in total as of and for the years ended 2025 and 2024.

9. Subsequent Events

Subsequent events have been evaluated through July 31, 2026, the date the financial statements were available to be issued. Effective January 1, 2026, the Plan was amended as follows:

(a) Immediate eligibility for employee contributions

Eligible employees may begin making employee contributions upon commencement of employment with the University.

(b) Automatic continuation of contributions as after-tax

Upon reaching the applicable pre-tax or Roth contribution limits, employee contributions will automatically convert to after-tax contributions and continue at the participant's elected contribution rate for the remainder of the year. Prior to this amendment, after-tax contributions were limited to amounts necessary to receive the full employer match.

(c) Elimination of special catch-up contributions

The provision permitting special catch-up contributions under Section 402(g)(7) of the Internal Revenue Code for employees with at least 15 years of service has been eliminated.
