REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Retirement Administrative Committee of the
Methodist Health System Employee Retirement Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Methodist Health System Employee Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedule required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Methodist Health System Employee Retirement Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

NOTE A - DESCRIPTION OF THE PLAN

General

The following is a summary description of the Methodist Health System Employee Retirement Plan (the "Plan"), formerly Methodist Hospitals of Dallas Employees Retirement Plan. Participants should refer to the Plan document for a detailed explanation of the Plan. On and after January 1, 1993, the Plan operates as a defined contribution plan. Methodist Hospitals of Dallas d/b/a Methodist Health System ("MHS" or the "Plan Administrator"), formerly Methodist Hospitals of Dallas, makes matching contributions ("MHS Match Contributions" and "Voluntary Match Contributions") to accounts (known as "Post-1992 MHS Match Account" and "MHS Voluntary Match Account", respectively) that are established for each Plan participant. Before January 1, 1993, MHS also made matching contributions ("Pre-1993 MHS Match Contributions") for each Plan participant.

The Plan was amended and restated effective January 1, 2018, primarily to increase the mandatory matching contribution to 3% for employees with less than one year of service and 3.375% for employees with one to five years of service.

Effective January 1, 2022, the Plan was amended and restated to include several key changes: (i) mandatory matching contributions were eliminated for payroll periods starting on or after March 27, 2022; (ii) a new voluntary matching contribution formula was implemented; (iii) the method of crediting service changed from hours of service to an elapsed time method; and (iv) remove the exclusion of employees from Richardson Physician Alliance or North Texas Health Facilities Management who transferred to MHS on or after March 27, 2022.

Except as otherwise provided, the provisions of this Plan, as amended and restated effective January 1, 2022, will only apply to an employee whose employment with MHS terminates on or after March 27, 2022. If an employee's employment with MHS terminated prior to March 27, 2022, such employee's eligibility for benefits from the Plan will be determined under the Plan as it existed on the date of termination of employment; provided, however, that any provisions of this Plan required to be applied to such participant by applicable law, will so apply.

Effective January 1, 2023, the Plan was amended and restated to (i) clarify that individuals who are employed in the capacity of an independent contractor, leased employee, contract employee or who are determined to be an employee of MHS or a participating employer under the National Labor Relations Board joint employer rule will not be eligible to participate in the Plan, (ii) comply with the Proposed Treasury regulations under the Setting Every Community Up for Retirement Enhancement Act ("SECURE Act") regarding the increased age for minimum required distributions from seventy and one-half (70-1/2) to seventy-two (72) and the beneficiary distribution rules, and (iii) make certain administrative clarifications.

Fidelity Management Trust Company ("Fidelity") is the trustee of the Plan.

Effective January 1, 2025, the Plan was amended and restated to eliminate the defined benefit component of the Plan since the termination and liquidation of such component of the Plan is complete.

Contributions

MHS Match Contributions range from 3.0% to 6.25% of the base pay of each eligible employee dependent on their cumulative hours of service with MHS. To receive MHS Match Contributions, employees are required to contribute 2.5% of their base pay to the Methodist Health System 403(b) Plan ("403(b) Plan") pursuant to a one-time irrevocable contribution election. A voluntary match feature was added to the Plan on January 1, 2009. MHS Voluntary Match Contributions equal 100% of employee voluntary 403(b) Plan contributions up to 1% of Base Pay. Employee contributions are used to purchase tax-sheltered annuity

Methodist Health System Employee Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

contracts under an arrangement allowed under Section 403(b) of the Internal Revenue Code (the "Code"). These tax-sheltered annuity contracts are assets of the employees, not the Plan, and as such are not included on the accompanying statements of net assets available for benefits or the statement of changes in net assets available for benefits.

Effective March 27, 2022, the mandatory 2.5% employee contribution to the 403(b) Plan was eliminated. Additionally, the MHS Voluntary Match Contribution formula changed to equal 100% of employee voluntary 403(b) Plan contributions up to 5% of Base Pay multiplied by a percentage dependent on an eligible employees years of service with MHS. The maximum MHS Match Contribution is 7.25%.

Participants directly invest their Post-1992 MHS Match and Voluntary Match Contributions Accounts and, with limited options, their Pre-1993 Benefit Account. Participant accounts are valued daily. Additional Plan assets that are attributable to the Frozen DB Benefit and to those participants who are in pay-status are held in trust and invested by the Retirement Plans Committee.

Pursuant to the Plan document, the Retirement Plan Committee and the Plan Administrator hold fiduciary responsibility for the Plan.

MHS has the right under the Plan to discontinue contributions or to terminate the Plan. Should the Plan terminate at some future time, affected participants shall become 100% vested in their MHS Match Accounts. On termination, MHS can either continue the Plan in operation in all respects, except that no further persons shall become participants and no further employer contributions shall be made, until all benefits under the Plan have been distributed; or liquidate the Plan and trust funds and distribute the assets thereof to participants and beneficiaries in accordance with their respective MHS Match Accounts as then determined.

Employees are not required to make contributions to the Plan. These matching opportunities are designed to support eligible Participants while ensuring compliance with regulatory requirements.

Vesting

Employees become 100% vested in the contributions made by MHS upon the completion of three years of service. In the event of disability, normal retirement, early retirement, or death, the participant will become fully vested.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to offset employer matching contributions and non-elective contributions for the year. Forfeitures used to reduce MHS's contributions to the Plan was approximately \$2,061,529 in 2025. Unallocated forfeitures at December 31, 2025 and 2024, were \$275,632 and \$861,090, respectively.

Benefit Payments

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. Benefits are distributed in the form of rollovers or lump sum payments. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income

The investments of the Plan are stated at fair value (except for the fully-benefit responsive investment contract) as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Fully Benefit-Responsive Investment Contract

The Plan holds a fully benefit-responsive investment contract with Principal Life Insurance Company ("Principal Life") totaling \$8,361,630 and \$9,351,386 as of December 31, 2025 and 2024, respectively. Principal Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments net of administrative expenses and charged for participant withdrawals. There are no restrictions if a participant reallocates their investment. Participants would be subject to restrictions should MHS initiate discontinuance of the Principal contract. The minimum crediting rate to participants will be no less than 1.30% and is determined by the issuer on an annual basis.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also limit the ability of the Plan to transact at contract value with the participants.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Fidelity, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Methodist Health System Employee Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2025 and 2024

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Administrative Expenses

Administrative expenses related to the Prior Plan Frozen Benefits are paid by MHS. Participants are charged a \$55 annual fee covering all Plans the participant is enrolled in. MHS pays various administrative expenses. Employees of MHS perform certain administrative functions with no compensation from the Plan.

Contributions

Employer contributions are accrued as they become obligations of MHS, as determined by the Plan Administrator, and in the period in which salary deferrals for the 403(b) Plan are deducted, in accordance with salary deferral agreements.

Payment of Benefits

Benefit payments are recorded when paid.

NOTE C - FAIR VALUE MEASUREMENTS

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined are as follows:

- Level 1 - Observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.
- Level 2 - Observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.
- Level 3 - Inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that management describe the methodologies used to measure the fair value of investments. The methodologies used to measure the fair value of the Plan's investments are as follows:

Mutual funds are measured based on published prices using the net asset values ("NAV") of the shares held by the Plan at year end and are classified within Level 1 of the valuation hierarchy. There are no significant restrictions on redeeming these investments at NAV.

Methodist Health System Employee Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2025 and 2024

There have been no changes in the methodologies used at December 31, 2025 and 2024. The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2025 and 2024

		2025			
		Level 1	Level 2	Level 3	Total
Mutual funds		\$ 474,374,373	\$ -	\$ -	\$ 474,374,373
Total investments at fair value		\$ 474,374,373	\$ -	\$ -	\$ 474,374,373
		2024			
		Level 1	Level 2	Level 3	Total
Mutual funds		\$ 378,592,176	\$ -	\$ -	\$ 378,592,176
Total investments at fair value		\$ 378,592,176	\$ -	\$ -	\$ 378,592,176

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy.

NOTE D - CERTIFIED INVESTMENTS

Fidelity has certified that the investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate. This includes:

- Investments, at fair value and contract value, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Net investment income as reported in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Investment information as detailed in Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2025.

NOTE E - TAX STATUS

The Plan obtained its latest determination letter dated January 8, 2018 in which the Internal Revenue Service (the "IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter, but the Plan Administrator believes the Plan is in compliance with the Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is

Methodist Health System Employee Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2025 and 2024

subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - PLAN TERMINATION

Although it has not expressed any intention to do so, MHS has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participant's accounts will become 100% vested.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H - PARTIES-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of mutual funds managed by an affiliate of Fidelity, which acts as trustee for only those investment defined by the Plan. The Plan also invests in a guaranteed investment contract with Principal Life, a party-in-interest of the Plan.

Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA which are exempt from the prohibited transaction rules.

NOTE I - SUBSEQUENT EVENTS

In preparing the accompanying financial statements, management of MHS has evaluated all subsequent events and transactions for potential recognition or disclosure through July 31, 2026, the date the financial statements were available for issuance.
