Independent Auditor's Report

To the Plan Administrator and Those Charged with Governance
Charter School 401(K) Retirement Plan
Coral Springs, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Charter School 401(K) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Information Required by ERISA

The supplemental information of Schedule H, line 4i – schedule of assets (held at end of year), as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to, or derived from, the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CHARTER SCHOOL 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Charter School 401(K) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility

The Plan was established on January 1, 2019, as a multiple employer defined contribution plan maintained by Charter School Associates, Inc. (the Principal Participating Employer, Sponsoring Employer), to provide retirement benefits for employees of the Sponsoring Employer and Participating Employers covered under their individual employer's adoption (participation) agreements. The Plan was amended and restated on August 1, 2021, to comply with certain tax legislation. Employees are eligible to participate in the Plan based on elections made by Participating Employers (Adopting Employer). The Plan qualifies as a multiple employer plan as described in Section 413(c) of the Internal Revenue Code (IRC). The Plan's Retirement Committee is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Each Participating Employer may designate the parameters for eligibility requirements and participation in the Plan as well as Participating Employer contributions, if any.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

SECURE Act 2.0

In December 2022, the Securing a Strong Retirement Act (SECURE Act 2.0) was passed into law. The Provisions of SECURE Act 2.0 continue the reforms that began with the 2019 SECURE Act. Most of the SECURE Act 2.0 provisions became effective in 2024. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional SECURE Act 2.0 provisions to elect.

Contributions

Each year, participants may contribute an amount of annual compensation as elected by their Adopting Employer, subject to Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Roth deferrals are allowed under the Plan, if elected by Adopting Employers.

Each Adopting Employer elects the level of safe harbor, matching and/or profit-sharing contributions, and true-up matching contributions. Adopting Employers' matching and/or discretionary contributions are determined by each Adopting Employer within Plan limits. Aggregate Participating Employer contributions for the year ended December 31, 2025, amounted to \$318,528. Participating Employer contributions are invested in funds in accordance with the participant's direction and the Plan's provisions.

Contributions are subject to certain IRS limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) their Participating Employer's contributions (if any), and (b) Plan earnings or losses. Participants are charged with his or her withdrawals and an allocation of Plan administrative expenses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan.

CHARTER SCHOOL 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 1 – Description of Plan, Continued

Participant accounts, continued

Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All participant contributions are participant-directed and may be invested into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their individual contributions and their Participating Employer's safe harbor contributions, if applicable, plus actual earnings or losses thereon. Vesting in their Participating Employer's other contributions, if any, plus actual earnings thereon, is based on years of credited service. Vesting schedules are based on annual vesting periods not to exceed four years and vary by Participating Employer based on the elections made in their adoption agreement. Participant accounts become fully vested upon reaching normal retirement age of sixty-five (65), death, disability, or upon termination of the Plan.

Forfeitures

Forfeited nonvested accounts may be used to offset Plan administrative expenses or reduce future Participating Employer contributions. For the year ended December 31, 2025, forfeitures approximating \$28,000 were used to reduce Participating Employer contributions and pay Plan administrative expenses. At December 31, 2025 and 2024, available forfeited nonvested accounts totaled \$5,414 and \$18,386, respectively.

Notes receivable from participants

Plan participants are permitted to borrow from their account a minimum \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Loan terms range from one to five years unless the loan is used to acquire their principal residence of the participant, which must be repaid in a reasonable period of time not to exceed thirty years. Loans are secured by the balance in the participant's account, and bear interest at the prime rate plus 1%. A participant may only have one loan outstanding at any time. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Principal and interest are repaid through regular payroll deductions.

Payment of benefits

On termination of service due to death, disability, or normal retirement age (65), a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution. For termination of service due to other reasons, a participant may choose to leave the vested interest in the Plan if such amounts exceed \$7,000 or elect a lump-sum distribution. Participants with vested amounts less than \$7,000 must elect a lump-sum distribution. Participants may elect to take an in-service distribution of their vested accounts if they meet certain defined requirements, including becoming disabled, early retirement (age 59½), or due to heavy financial hardship, as defined.

Certain distributions made under SECURE 2.0 Act provisions (including qualified declared disaster withdrawal recovery distributions) may be repaid by participants within three years of the original distribution date.

CHARTER SCHOOL 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 1 – Description of Plan, Continued

Plan expenses reimbursement account

The Plan utilizes an expense budget account (EBA) to pay Plan related expenses. The EBA is funded by an annual charge to participant accounts of 0.24%. EBA funds can be used to pay Plan-related expenses approved by the Plan Administrator or can be allocated to Plan participants at the end of the year, as defined in the Plan document. At December 31, 2025 and 2024, the EBA balance totaled \$19,371 and \$17,976, respectively. EBA funds used to pay Plan expenses, during the year ended December 31, 2025, totaled \$51,654.

Plan administration

The Sponsoring Employer is the Plan Administrator, and as such, controls and manages the operations of the Plan. The Plan's investment assets are maintained by Transamerica Trust Company (the Trustee) and Transamerica Financial Life Insurance Company (the Custodian) (collectively, Transamerica). Transamerica invests cash received, interest and dividend income and makes distributions to participants (subject to the direction of participants).

The Sponsoring Employer contracted with 3(16) Fiduciary Services, Inc. to act as the Plan's fiduciary.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts which are valued at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management and its advisor determine the Plan's valuation policies utilizing information provided by the investment advisor, Trustee and Custodian.

Interest income is recognized when earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value on investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and such differences could be material.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the high level of risk associated with certain investment securities, including the uncertainty related to changes in the values of investment securities, it is at least reasonably possible that changes in such risks in the near-term would materially affect participant account balances and the amounts reported in the financial statements.

CHARTER SCHOOL 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 2 – Summary of Significant Accounting Policies, Continued

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual method. Related fees are recorded as administrative expenses and expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the note receivable balance is reduced and a benefit payment recorded.

Payment of benefits

The Plan records benefits when paid.

Contributions

Contributions from Plan participants are recorded when withheld from compensation. Participating Employer contributions are recorded in the period in which they become obligations of the Participating Employer.

Plan expenses

The Sponsoring Employer may, at its discretion, pay the Plan's administrative expenses. Substantially all Plan expenses were paid by the Plan for the year ended December 31, 2025. Certain administrative fees are charged directly to participant's accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Uncertain tax positions

U.S. GAAP requires Plan management to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, Plan management has determined it does not have any positions at December 31, 2025, that it would be unable to substantiate.

Note 3 – Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Trust Company, the Trustee, and Transamerica Financial Life Insurance Company, the Custodian, qualified institutions, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental information is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2025 and 2024;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025; and
- Investment information included in the Schedule H, Line 4i – Schedule of Assets (held at end of year) as of December 31, 2025, as shown on the ERISA-required supplemental information.

CHARTER SCHOOL 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 3 – Certified Investment Information, Continued

At the request of the Plan's Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related investment information included in the financial statements, including the disclosures related to the investments to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2025 and 2024. During the year ended December 31, 2025, there were no transfers of financial investments into or out of Level 3.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds – Valued at quoted market prices in an active market and classified as Level 1. The mutual funds are required to publish their daily net asset value (NAV) and to transact at that price.

Money market fund – institutional short-term investment vehicles valued daily with a NAV of \$1. NAV is the quoted price in an active market and therefore classified within Level 1 of the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 4 – Fair Value Measurements, Continued

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value, on a recurring basis, as of December 31, 2025 and 2024:

Fair Value Measurements as of December 31, 2025				
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 19,371	\$ -	\$ -	\$ 19,371
Mutual funds	<u>13,575,764</u>	<u>-</u>	<u>-</u>	<u>13,575,764</u>
Investments, at fair value	<u>\$ 13,595,135</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 13,595,135</u>

Fair Value Measurements as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 17,976	\$ -	\$ -	\$ 17,976
Mutual funds	<u>10,945,983</u>	<u>-</u>	<u>-</u>	<u>10,945,983</u>
Investments, at fair value	<u>\$ 10,963,959</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,963,959</u>

Note 5 – Guaranteed Investment Contract with Insurance Company

The Plan invests in a fully benefit-responsive guaranteed investment contract with Transamerica (the issuer) which had a contract value of \$183,775 and \$179,938, as of December 31, 2025 and 2024, respectively. The contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Transamerica is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The effective rate of interest is established every January 1 and July 1 and is based on the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six-month period. The average crediting rate for the year ended December 31, 2025, was 1.60%. Per the contract's terms, Transamerica may not terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment criteria and, therefore, is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts, because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on Transamerica's ability to meet its financial obligations. Transamerica's ability to meet its financial obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with Transamerica. Such events include amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Sponsoring Employer or other Sponsoring Employer events that cause a significant withdrawal from the Plan, the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or premature termination of the contract.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 5 – Guaranteed Investment Contract with Insurance Company, Continued

The Plan Administrator does not believe any events are probable of occurring that might limit the ability of the Plan to transact at contract value with Transamerica and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow Transamerica to terminate the contract with the Plan and settle at an amount different from contract value. Such events include an uncured violation of the Plan's investment guidelines, a breach of a material obligation under the contract, a material misrepresentation or a material amendment to the agreement without the consent of Transamerica.

Based on ongoing credit evaluations of its guaranteed investment contract investments, Plan management does not expect payment defaults or delinquencies and has not recorded an allowance for credit losses for these investments as of December 31, 2025 and 2024.

Note 6 – Related Party and Party-In-Interest Transactions

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer, and certain others. Transamerica Trust Company and Transamerica Financial Life Insurance Company are the Plan's Trustee and Custodian, respectively. The Plan's investments are managed, administered and/or issued by Transamerica. Therefore, transactions with Transamerica are considered party-in-interest transactions. Such transactions are exempt from the prohibited transaction rules under ERISA.

Certain administrative functions are performed by officers and employees of the Sponsoring Employer or Participating Employers. No officer or employee receives compensation from the Plan for these services.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Sponsoring Employer and Participating Employers have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants' accounts will become fully vested in their Participating Employer's contribution portion of their accounts.

Note 8 – Tax Status

On June 30, 2020, the IRS stated that the Non-Standardized Pre-Approved Profit Sharing Plan, multiple employer tax-favored savings and discretionary contribution plan, adopted by the Plan, as then designed, qualifies under Section 401(a) of the IRC, and therefore, the Plan and its related trust are tax-exempt. The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Subsequent Events

Effective January 1, 2026, the Plan adopted certain provisions of the SECURE Act 2.0 as applicable to higher income participants, as defined by the IRS, and must designate catch-up contributions as designated Roth (after-tax) contributions.

The Plan evaluated events occurring subsequent to December 31, 2025 through July 15, 2026, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
