Independent Auditor's Report

To the Plan Administrator and Plan Participants of

Ovation Rehabilitation Services 401(k) Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Ovation Rehabilitation Services 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 (qualified institution).

Management obtained a certification from Reliance Trust Company as of December 31, 2025, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- a. the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP); and
- b. the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Other Matter — Unaudited Comparative Information

The financial statement information as of December 31, 2024, and for the year then ended, presented for comparative purposes, is unaudited. The Plan filed Form 5500-SF for prior years and no audit was performed; accordingly, we do not express an opinion on the December 31, 2024 comparative information.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records; determining that the entity preparing and certifying the investment information is a qualified institution under ERISA; obtaining and providing to the auditor the certification; and determining that the certified investment information is appropriately measured, presented, and disclosed in accordance with U.S. GAAP.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Report on Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i — Schedule of Assets (Held at End of Year) as of December 31, 2025, and the supplemental Schedule H, Line 4a — Schedule of Delinquent Participant Contributions for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion, the form and content of the supplemental schedules, other than those that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

December 31, 2025 and 2024

Note 1 — Description of the Plan

The following description of the Ovation Rehabilitation Services 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General. The Plan is a defined contribution 401(k) plan covering eligible employees of Ovation Rehabilitation Services LLC (the “Company” or “Plan Sponsor”). The Plan became effective March 1, 2023, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Company, and ADP serves as recordkeeper, with Reliance Trust Company serving as trustee.

Eligibility. Employees are eligible to participate upon attaining age 18 and completing one month of service, with monthly entry dates.

Contributions. Participants may elect to defer a portion of eligible compensation, subject to Internal Revenue Code (IRC) limits. The Company makes matching contributions equal to 25% of a participant’s elective deferrals (including catch-up contributions), taking into account deferrals up to 4% of compensation. Participants may also roll over amounts from other eligible plans.

Participant accounts. Each participant’s account is credited with the participant’s contributions, the Company’s contributions, and plan earnings, and is charged with allocable administrative expenses. Allocations are based on participant earnings or account balances, as defined.

Vesting. Participants are immediately vested in their own deferrals and rollover contributions, plus actual earnings thereon. Vesting in Company matching contributions is based on years of service, as follows: 25% after one year, 50% after two years, 75% after three years, and 100% after four years of service. Participants also become fully vested upon death.

Notes receivable from participants (participant loans). Participants may borrow from their accounts subject to the limits of IRC Section 72(p) and the plan’s loan policy. Loans are secured by the balance in the participant’s account and bear interest at prevailing rates (8.00%–9.50% for loans outstanding at December 31, 2025).

Payment of benefits. On termination, retirement, disability, or death, a participant or beneficiary may receive a distribution as provided by the Plan. In-service withdrawals and hardship distributions are permitted to the extent the plan document allows.

Forfeitures. Forfeitures of nonvested Company contributions are used to reduce future employer contributions, as provided by the plan document.

Plan termination. Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to ERISA. Upon termination, participants would become fully vested in their accounts.

Note 2 — Summary of Significant Accounting Policies

Basis of accounting. The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), as applicable to defined contribution plans (FASB ASC 962).

Use of estimates. The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates.

Investment valuation and income recognition. Investments are reported at fair value (FASB ASC 820). Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis; dividends are recorded on the ex-dividend date. Net appreciation includes realized gains and losses and the unrealized appreciation (depreciation) on those investments.

Notes receivable from participants. Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent participant loans are reclassified as distributions based on the terms of the plan document.

Contributions. Participant and employer contributions are recorded in the period in which the Company makes the related payroll deductions or accrues the obligation under the plan's terms.

Payment of benefits. Benefits are recorded when paid.

Administrative expenses. Expenses of administering the Plan that are paid by the Plan are recorded when incurred. Expenses paid by the Company are excluded.

Note 3 — Investments and the ERISA Section 103(a)(3)(C) Certification

The Plan's investment information was prepared and certified by Reliance Trust Company, a trust company that qualifies as a custodian/trustee under 29 CFR 2520.103-8. The certification covered both the accuracy and completeness of the investment information as of and for the year ended December 31, 2025.

As permitted by ERISA Section 103(a)(3)(C), the Plan administrator instructed the auditor not to perform auditing procedures with respect to the certified investment information, other than the procedures required by professional standards. The certified investment information is nonetheless presented in these financial statements in accordance with U.S. GAAP.

Note 4 — Fair Value Measurements

FASB ASC 820 establishes a three-level hierarchy for fair value measurements: Level 1 (quoted prices in active markets for identical assets), Level 2 (significant observable inputs other than Level 1 prices), and Level 3 (significant unobservable inputs). The Plan's investments measured at fair value on a recurring basis are summarized below.

All of the Plan's investments are registered investment companies (mutual funds) valued using quoted prices in active markets and are classified within Level 1 of the fair value hierarchy.

Registered investment companies totaled \$5,883,668 at December 31, 2025 and \$3,300,488 at December 31, 2024. The Plan held no Level 2 or Level 3 investments and no investments measured at net asset value as a practical expedient as of December 31, 2025 and 2024.

Note 5 — Notes Receivable from Participants

Notes receivable from participants as of December 31, 2025 totaled \$32,526 (2024: \$291), with interest rates ranging from 8.00% to 9.50% and maturities through July 2029.

Note 6 — Tax Status

The Plan uses a pre-approved plan document that has received a favorable IRS opinion letter (serial number Q704162A, dated October 6, 2020), and the Plan administrator believes the Plan is designed and operated in compliance with the applicable requirements of the Internal Revenue Code and is therefore qualified and the related trust is tax-exempt. U.S. GAAP requires plan management to evaluate uncertain tax positions; management has concluded that there are no uncertain tax positions requiring recognition or disclosure as of December 31, 2025 and 2024.

Note 7 — Related-Party and Party-in-Interest Transactions

Certain Plan investments and services are provided by parties in interest, as defined by ERISA. Notes receivable from participants are also party-in-interest transactions. These transactions are covered by statutory or administrative exemptions from the prohibited-transaction rules. Fees paid by the Plan for administrative services are reflected as administrative expenses in the accompanying statement of changes in net assets available for benefits.

Note 8 — Risks and Uncertainties

The Plan invests in various investment securities that are exposed to risks such as interest-rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Note 9 — Plan Amendments and Subsequent Events

The Plan administrator has evaluated subsequent events through July 29, 2026. No plan amendments were adopted during the 2025 plan year. In connection with the Plan's 2025 nondiscrimination testing, excess contributions attributable to a highly compensated participant were identified; the excess elective deferrals were recharacterized as catch-up contributions and the related excess aggregate matching contributions were refunded in early 2026. These amounts are not material to the financial statements. No other subsequent events requiring recognition or disclosure in the financial statements were identified.

Note 10 — Reconciliation of Financial Statements to Form 5500

There were no differences between net assets available for benefits or the net increase in net assets available for benefits as reported in these financial statements and the amounts reported in the Plan's Form 5500 for the year ended December 31, 2025.
