INDEPENDENT AUDITORS' REPORT

To the Administrative Committee
Hanmi Bank Profit Sharing & 401(k) Savings Plan
Los Angeles, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Hanmi Bank Profit Sharing & 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (an "ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Hanmi Bank Profit Sharing & 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hanmi Bank Profit Sharing & 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hanmi Bank Profit Sharing & 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hanmi Bank Profit Sharing & 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hanmi Bank Profit Sharing & 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule (Schedule H, Part IV, Line 4(i) as of December 31, 2025) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HANMI BANK PROFIT SHARING & 401(K) SAVINGS PLAN

Notes to Financial Statements December 31, 2025

NOTE 1. DESCRIPTION OF THE PLAN

The following description of Hanmi Bank Profit Sharing & 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and Eligibility

The Plan is a defined contribution plan available to eligible employees of Hanmi Bank (the "Company") to promote savings for retirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended ("ERISA"), and the provisions of the Internal Revenue Code (the "IRC"). Through December 31, 2024, Reliance Trust Company served as the trustee of the Plan. Effective January 1, 2025, ADP Retirement Trust Services, LLC was appointed as the Plan's new trustee.

To be eligible for the Plan, employees must be at least 21 years of age. Temporary and seasonal employees who work fewer than 120 consecutive days are generally excluded unless they complete 1,000 or more hours of service during a 12-month eligibility computation period. An employee may enter the Plan on the first day of the month coinciding with or next following the date the employee attains 21 years of age and/or 1,000 hours of service, as required.

Participant Contributions

Participants may elect to contribute from 1% to 80% of annual compensation to the Plan, as defined by the Plan, and may designate their contributions as either pre-tax or Roth amounts. In addition, employees who are age 50 or older can elect to defer additional amounts (called "catch-up contributions") to the Plan. Participant contributions are subject to limitations imposed by Internal Revenue Service ("IRS") regulations. Employees may also contribute amounts representing rollover distributions from other qualified sources.

Employer Contributions

The Plan includes provisions for discretionary employer matching contributions as well as discretionary profit-sharing contributions.

For 2025, the discretionary employer matching contribution was equal to 75% of participant contributions, inclusive of catch-up contributions, on the first 8% of participants' eligible compensation determined each payroll period. The Plan also provides that for eligible participants still employed at the end of the Plan year, the Company shall make true-up adjustments, as necessary, to the employer matching contribution based on participants' annual eligible compensation.

To share in the allocation of any discretionary employer profit-sharing contributions, a participant must be employed on the last day of the Plan year and have completed at least 1,000 hours of service, as defined, during the Plan year. Notwithstanding the preceding, participants not employed on the last day of the Plan year due to (i) death, (ii) total and permanent disability, or (iii) termination of employment on or after their normal retirement age or early retirement date, are eligible to share in allocations of any discretionary employer profit-sharing contributions. For 2025, the Company did not make any discretionary profit-sharing contributions.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Participant Accounts and Investment Options

Each participant's account is credited with the participant's contribution, any employer matching contributions, and allocations of (i) any profit-sharing contributions, (ii) Plan earnings or losses, and (iii) any administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of the Plan's investment options. Subsequently, participants may change their allocations and transfer account balances between investment options in accordance with Plan provisions.

Notes Receivable from Participants (Participant Loans)

Participants may borrow against their accounts a minimum of \$1,000 up to a maximum generally equal to the lesser of \$50,000, or 50% of their vested account balance. Participants may have only one loan outstanding at a time. Loan transactions are treated as transfers between the investment fund and the loan account balance using the same allocation method as contributions. Loan terms may not exceed 5 years unless the loan is to be used to acquire the principal residence of the participant, for which a reasonable term is determined by the Plan administrator. Loans are secured by the participant's vested account balance and bear interest at a fixed rate equal to the prime rate, as defined, plus 1%. The interest rates on outstanding loans at December 31, 2025 ranged from 4.25% to 9.50%. Principal and interest are paid regularly through payroll deductions.

In April 2020, the Plan operationally implemented the provisions of the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") (Note 8). Participants requesting relief under the CARES Act were permitted (i) an increased loan limit equal to the lesser of \$100,000 or 100% of the nonforfeitable account balance (available until September 23, 2020), and (ii) a delay in loan repayments due through December 31, 2020 for up to one year. In addition, the CARES Act waived loan origination fees through August 31, 2020 for such participants.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. In the event of termination due to death, total and permanent disability, or reaching early or normal retirement age, participants shall become 100% vested in the Company contribution portions of their account balance. For all other participants, vesting in the Company contribution portions of their accounts is based on years of credited service, as defined in the Plan, according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
1 year	30%
2 years	60%
3 years or more	100%

Payment of Benefits

Participants are entitled to a distribution of their vested benefits in the event of death, disability, retirement, termination of employment, or termination of the Plan. For Plan purposes, a participant meets the requirements for early retirement upon attaining age 59½ and completing 1 year of service.

HANMI BANK PROFIT SHARING & 401(K) SAVINGS PLAN

Notes to Financial Statements December 31, 2025

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits (Continued)

Upon termination of employment, the Plan may roll over a participant's vested account balance greater than \$1,000 and less than \$7,000 into an individual retirement account ("IRA") selected by the Company, if the participant has not elected to receive a cash distribution or have the balance rolled over into an IRA of his/her choosing. Also at its discretion, the Plan may elect to distribute accounts with vested balances of less than \$1,000. If a terminated participant's vested account exceeds \$7,000, a participant may elect to receive distributions in a lump-sum, substantially equal installments, partial withdrawals, or may defer receipt of payments according to Plan provisions. Pursuant to provisions in the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE" Act), which became law on December 20, 2019, and the SECURE 2.0 Act of 2022 (the "SECURE Act 2.0"), which became law on December 29, 2022, participants may defer taking distributions as follows:

- If a participant reached the age of 70½ in 2019, the participant may defer receiving distributions until the later of April 1, 2020, or the April following the calendar year in which the participant retires;
- If a participant reached the age of 70½ in 2020 or later, the participant may defer receiving distributions until the later of the April following the calendar year in which the participant reached age 72 or retires, except that –
- Beginning in 2023, the age a participant must begin taking distributions was raised to 73. If a participant reached the age of 72 during 2023, the participant may defer receiving distributions until April 1, 2025, the latest date that a required minimum distribution may be taken for 2024.

The Plan allows for hardship distributions from a participant's vested account balance, in accordance with Plan and IRC provisions regarding qualifying expenses, and also permits in-service distributions to participants who have attained age 59½. Effective January 1, 2019, the Plan no longer suspends elective deferrals after participants take hardship distributions, and effective January 1, 2020, there is no longer a requirement that a participant take a loan prior to requesting a hardship withdrawal.

As permitted by the CARES Act, the Plan implemented the following provisions for CARES Act related distributions: (i) participants may withdraw up to \$100,000 without a 10% early distribution penalty (through December 31, 2020), (ii) distribution processing fees were waived through August 31, 2020, (iii) such distributions can be repaid within three years of the date of distribution, and (iv) required minimum distributions were temporarily suspended for 2020.

Forfeitures

If a participant terminates employment with the Company before becoming fully vested, the unvested portion of employer contributions and related earnings are forfeited. Forfeitures of unvested employer contributions and related earnings are transferred from the terminated participant's account to a forfeiture account. Forfeitures of unvested employer contributions may be used to pay administrative expenses and reduce employer contributions to the Plan. During 2025, \$98,044 was added to the forfeiture account, \$101,349 was used to reduce employer matching contributions, \$9,855 was used towards Plan administrative expenses, and investment gains, net, totaled \$1,780. As of December 31, 2025 and 2024, the forfeitures accounts totaled \$52,929 and \$64,309, respectively.

Notes to Financial Statements December 31, 2025

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment-related expenses are included in net appreciation or depreciation in the fair value of investments.

Notes Receivable from Participants (Participant Loans)

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded when paid.

HANMI BANK PROFIT SHARING & 401(K) SAVINGS PLAN

Notes to Financial Statements December 31, 2025

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

Plan management has evaluated subsequent events through the date of the independent auditors' report, which is the date these financial statements were available to be issued.

NOTE 3. INFORMATION CERTIFIED BY THE TRUSTEES

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and the ERISA-required supplemental schedule (Schedule H, Part IV, Line 4i), including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation or depreciation in fair value of investments, dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by ADP Retirement Trust Services, LLC and Reliance Trust Company, the trustees of the Plan.

NOTE 4. TAX STATUS

The Company has adopted a pre-approved defined contribution plan and relies upon the pre-approved plan's opinion letter from the IRS, which states that in its opinion the plan and related trust are designed in accordance with applicable sections of the IRC. The Company has not applied for a determination letter from the IRS specific to the Plan. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements.

The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no tax audits in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 5. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

HANMI BANK PROFIT SHARING & 401(K) SAVINGS PLAN

Notes to Financial Statements December 31, 2025

NOTE 5. FAIR VALUE MEASUREMENTS (Continued)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement for the asset or liability at the measurement date. These inputs reflect Plan management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and in the inputs to the model.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2025 and 2024. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment companies (Mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: Valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer may reserve the right to require a notification period to ensure that securities liquidations will be carried out in an orderly business manner.

The Plan's stable value fund is a stable value collective trust which primarily consists of investments in security-backed investment contracts, including separate account products of insurance companies. Among other investments, it also holds indirect investments in guaranteed investment contracts and similar contracts issued by insurance companies, banks, and other financial institutions. Consistent with ASC 820, the stable value collective trust's contract values are considered their fair values for financial reporting purposes as those are the amounts at which participants would normally transact with the Plan.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5. FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

The fair value amounts of the common/collective trust presented in these tables are intended to permit reconciliation of the fair value hierarchy to investments at fair value presented in the statements of net assets available for benefits.

The following table summarizes certain characteristics of the Plan's investment in the common/collective trust (for which fair value is measured using the net asset value per share practical expedient) as of December 31, 2025 and 2024. There are no participant redemption restrictions for this investment and the redemption notice period is applicable only to the Plan.

NOTE 6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's operating expenses are paid by the Company and the Company provides administrative services for the Plan at no cost to the Plan. In addition, the Plan allows participants to take loans against their account balances. These transactions are considered exempt party-in-interest transactions.

NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In such event, all participants would become fully vested in their account balances.

NOTE 8. CARES ACT

In response to the effects of the coronavirus on the economy, in March 2020, Congress passed the CARES Act. The CARES Act provides temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. The provisions of the CARES Act may be implemented operationally prior to formally amending the Plan document. The Plan has implemented certain relief provisions included in the CARES Act as disclosed in the preceding notes to the financial statements. Plan management expects to formally amend the Plan by December 31, 2026.

NOTE 9. SECURE 2.0 ACT

On December 29, 2022, the SECURE Act 2.0 became law. The purpose of the legislation is to expand access to retirement plans and to help working Americans increase their retirement savings. The SECURE Act 2.0 includes various required and optional provisions that will become effective through 2033, certain of which are described below.

- Beginning January 1, 2025, a participant from the ages 60 to 63 can elect catch-up contributions up to the limit of the greater of \$10,000 or 150% of the catch-up contribution limit imposed by the IRS.
- Beginning January 1, 2025, long-term part-time workers (defined as employees who have worked for two consecutive 12 month periods during each of which they have at least 500 hours of service) became eligible to enroll in their employer's retirement plan after two years.
- Beginning January 1, 2026, catch-up contributions will be made on a Roth basis, unless the participant earns \$145,000 or less.
- Beginning in 2033, the age for required minimum distributions will increase from age 73 to 75.

Plan management has not yet determined which of the optional provisions, if any, the Plan will implement. Plan management expects to formally amend the Plan by December 31, 2026.
