Independent Auditors' Report

To the Plan Administrator of the Retirement Plan for Employees of Badger Mutual Insurance Company
Milwaukee, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Retirement Plan for Employees of Badger Mutual Insurance Company (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the statement of accumulated plan benefits as of December 31, 2024, and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Retirement Plan for Employees of Badger Mutual Insurance Company's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Retirement Plan for Employees of Badger Mutual Insurance Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Retirement Plan for Employees of Badger Mutual Insurance Company's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Retirement Plan for Employees of Badger Mutual Insurance Company's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Retirement Plan for Employees of Badger Mutual Insurance Company's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4i - Schedule of Assets (Held at End of Year), and Schedule H, Line 4j - Schedule of Reportable Transactions as of or for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Retirement Plan for Employees of Badger Mutual Insurance Company

Notes to Financial Statements

1. Description of Plan

The following description of the Retirement Plan for Employees of Badger Mutual Insurance Company (the Plan) provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

General

The Plan is a noncontributory defined benefit plan established effective July 1, 1946, as restated January 1, 2024. Prior to the amendment to freeze the plan, the Plan covered all eligible employees of Badger Mutual Insurance Company (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Board of Directors is responsible for oversight of the Plan. The Plan's investment committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Directors.

Amendment to Freeze Plan

Effective December 31, 2013, the Plan was amended by adding the following provisions: (a) as of December 31, 2013, all benefit accruals under the Plan were frozen, (b) no contributions are intended to be made under the Plan, and (c) participants' accrued benefits shall be fully vested as of the date the Plan was frozen. The Company directed that the trust be continued and that distribution of benefits to participants be made at such time and manner as though the Plan had not been frozen.

Funding policy

The Plan's funding policy is for the Company to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. The minimum funding requirements of ERISA were met in 2025 and 2024.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

1. Description of Plan (Continued)

Pension benefits

Employees with one year of service and more than 1,000 hours in that year as of December 31, 2013 are entitled to annual pension benefits beginning at normal retirement age (65) equal to 1.143% of their average monthly earnings, as defined, for each year of credited service, not to exceed 15 years, plus 1.524% of their average monthly earnings, as defined, for each year of credited service in excess of 15 years, but not to exceed 30 years. Employees are also entitled to 0.565% of their average monthly earnings in excess of covered compensation, as defined, for each year of credited service, not to exceed 15 years. The Plan permits early retirement at ages 55-64. The standard form of retirement benefit to single participants is a monthly benefit beginning the month following retirement and continuing until death. The standard form of benefit to married participants is a reduced monthly payment for the participant's life and a percentage of that payment for the life of the participant's surviving spouse. Optional forms of benefits are also available, including lump-sum payments not to exceed \$75,000. The Plan was amended to freeze all benefit accruals as of December 31, 2013, meaning that participant's pension benefits will no longer increase in value. All benefits earned prior to the date the Plan was frozen will remain intact. Also, all participants' accrued benefits were deemed fully vested as of the date the Plan was frozen. Effective May 1, 2014, the Plan was amended to permit in-service distributions at age 62.

Death benefits

If a participant dies and has a nonforfeitable right to a pension benefit, a death benefit is paid to the participant's surviving spouse in accordance with provisions of the Plan. No death benefits will be provided if a participant is not married at the time of death.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

2. Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company, as applicable. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits payments to participants are recorded upon distribution.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the statements of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation (depreciation) in fair value of investments in the statements of changes in net assets available for benefits.

Subsequent Events

Subsequent events were evaluated through July 21, 2026, the date the financial statements were available to be issued.

3. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' compensation during each year of credited service. The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances, such as retirement, death, and termination of employment, are included, to the extent they are attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits.

The actuarial present value of accumulated plan benefits is determined by the Plan's independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, withdrawal or retirement) between the valuation date and the expected date of payment.

The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2025. Had the valuations been performed as of December 31, there would be no material differences. The significant actuarial assumptions used in the valuations were:

Assumption	January 1, 2025
Discount rate	5.00%
Mortality basis	Pri-2012 Mortality Table with Generational Improvements from 2012 based on assumptions from the SOA Improvement Scale MP-2021 (FE)
Retirement age	Participants are assumed to retire at age 65
Salary progression	Frozen per Plan amendment effective December 31, 2013

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025	Level 1	Total
Mutual funds	\$12,685,903	\$12,685,903
Total investments at fair value	\$12,685,903	\$12,685,903

Assets at Fair Value as of December 31, 2024	Level 1	Total
Mutual funds	\$12,105,183	\$12,105,183
Total investments at fair value	\$12,105,183	\$12,105,183

5. Related-Party and Party In Interest Transactions

The Plan's investments are administered under a contract with Charles Schwab Trust Bank, the Trustee of the Plan. Contributions are held and managed by Charles Schwab Trust Bank, who invests cash received, interest and dividend income and makes distributions to participants. These transactions are party in interest transactions under ERISA.

As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. Additionally, certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. These transactions are party in interest transactions under ERISA.

Notes to Financial Statements

6. Plan Termination

The Company anticipates and believes that the Plan will continue without interruption, but reserves the right to discontinue the Plan. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
2. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations.
3. All other vested benefits (that is, vested benefits not insured by the PBGC).
4. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

7. Tax Status

The Plan adopted a pre-approved plan offered by Sentinel Benefits Group, Inc. The pre-approved plan received an IRS Opinion Letter dated March 30, 2018, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since the date of the IRS Opinion Letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

9. Information Certified by Trustee

The plan administrator has elected to have an audit performed pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, certain information in the Plan's financial statements and supplemental schedules was agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Bank, the Plan's Trustee and a qualified institution. The certified information includes the Plan's investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, and the accompanying supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity (including net appreciation/depreciation, interest, and dividends) reported in the accompanying Statements of Changes in Net Assets Available for Benefits and the information reported in the accompanying supplemental Schedule H, Line 4j - Schedule of Reportable Transactions for the years ended December 31, 2025 and 2024.

Except where otherwise indicated, the following assumptions were selected by the plan sponsor with the concurrence of the actuary. The actuary was not able to evaluate the prescribed assumptions for reasonableness for the purpose of the measurement.

Valuation Date

January 1, 2025

Participant and Asset Information Collected as of

January 1, 2025

Retirement Rates (FE)

Participants are assumed to retire at age 65.

Due to the size of the plan and lack of subsidies, in our professional judgment, use of an assumption more sophisticated than a single point estimate is not merited.

Mortality Rates

Healthy & Disabled (FE)

IRS 2025 Small Plan Combined Static Mortality - sex distinct PRI-2012 base mortality table combined for annuitants and non-annuitants as provided in IRC 430(h)(3). Mortality projections are based on IRS 2024 Adjusted scale MP-2021 and the projection methodology described in IRS regulations 1.430(h)(3)-1(c). (FE)

The mortality table is prescribed by federal regulation.

Lump Sum (FE)

2025 Applicable Mortality as prescribed by IRC 417(e)

The mortality table is prescribed by federal regulation.

ASC 960 (FE)

Pri-2012 mortality table with generational improvements from 2012 based on SOA improvement scale MP-2021 (FE)

As the plan is not large enough to have credible experience, mortality assumptions are set to reflect general population trends.

Annual Pay Increases (CO)

Not applicable

Disability Rates (FE)

None

Due to the size of the plan and lack of subsidies, in our professional judgment, explicitly valuing a disability decrement does not improve the accuracy of the valuation sufficiently to justify the added complexity.

Withdrawal Rates (FE)

Sample rates are as follows:

<u>Age</u>	<u>Males</u>	<u>Females</u>
20	4.7%	8.6%
30	3.5%	7.0%
40	1.9%	4.1%
50	0.3%	1.3%

As the plan is not large enough to have credible experience, withdrawal assumptions are set to reflect general population trends.

Interest Rates

	1st Segment (0-5 years)	2nd Segment (5-20 years)	3rd Segment (20+ years)
Minimum Funding and Benefit Restrictions - Prescribed (CO)	5.00%	5.27%	5.50%
Maximum Funding & PBGC - Prescribed (CO)	5.00%	5.27%	5.40%
ASC 960 (CO)	5.00%	5.00%	5.00%

Interest rates for Minimum and Maximum Funding are prescribed by IRS regulation.

The ASC 960 interest rate is the expected long term rate of return on assets. We believe this assumption to be reasonable based on an independent forward-looking analysis, which considers the plan's asset allocation and the capital market assumptions by asset class as projected in the Horizon CMA Survey.

All segment rates are based on the sponsor's election to use a 0 month lookback. The PBGC interest rates are based on the sponsor's election to use the Alternative calculation method. The Alternative calculation method was elected in 2010.

Payment Form Election (FE)	100% of employees are assumed to elect an annuity at retirement.
Expense and/or Contingency Loading (FE)	The Target Normal Cost is increased by the prior year's administrative expenses paid, excluding the PBGC premium payment, rounded to the nearest \$1,000, plus the anticipated PBGC premium payment, rounded to the nearest \$1,000.
Marital Status and Ages (FE)	95% of Participants assumed to be married with males one year older than their spouses
Market Value of Assets	Equal to the fair value of assets as of the valuation date, plus the discounted value of contributions (if applicable) made following the valuation date and before the date of this report for the purpose of satisfying the prior year's funding requirements.
Plan Asset Valuation Method	PPA Smoothed Value of Assets. Gains or losses on the Market Value of Assets are recognized over three years, subject to a 10% corridor around the Market Value of Assets
Expected Rate of Return on Assets (CO)	For determination of the Plan Asset value, the expected return on assets is equal to 5.00%. The expected return on asset is capped at the third segment rate.
Cost Method	PPA requires the use of the Unit Credit cost method for determining the minimum required contribution and PBGC premiums. The maximum tax deductible contribution calculation includes limited Projected Unit Credit calculations as required under IRC 404. ASC 960 requires the use of the Unit Credit cost method.

FE indicates an assumption representing an estimate of future experience

MD indicates an assumption representing observations of estimates inherent in market data

CO indicates an assumption representing a combination of an estimate of future experience and observations of market data

Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Plan Effective Date

July 1, 1946

Plan Status

Participation is closed and benefit accruals are frozen effective December 31, 2013.

Eligibility for Participation

Each Employee is eligible to become a Participant on the first of the month coincident with or next following the date he:

1. Attains age 21, and
2. Completes twelve months of service with 1,000 hours worked.

The plan was frozen and closed to new entrants effective 12/31/2013.

Normal Retirement Benefit

1.143% of Average Monthly Compensation, multiplied by years of Benefit Service, not to exceed 15 years; plus

0.565% of Average Monthly Compensation in excess of Covered Compensation, multiplied by years of Benefit Service, not to exceed 30 years; plus

1.524% of Average Monthly Compensation, multiplied by years of Benefit Service, if any, in excess of 15 years but not exceeding 30 years.

Benefit accruals were frozen effective 12/31/2013.

Normal Retirement

Eligibility Age 65

Benefit Normal Retirement Benefit

Early Retirement

Eligibility Age 55 with 5 years of Vesting Service

Benefit Accrued Retirement Benefit determined as of his Early Retirement Date and reduced actuarially for each month that the Early Retirement date precedes the Normal Retirement date. Actuarial Equivalence for early retirement purposes is based on 2.5% interest and 1951 male mortality set back 6 years.

Death before Retirement

Eligibility	Married Participant with vested benefit
Benefit	Spouse receives an amount actuarially equivalent to the Qualified Pre-Retirement Survivor Annuity, based on a joint and 50% survivor annuity and payable at the participant's Early Retirement Date.

Termination Benefit

Eligibility	5 years of Vesting Service
Benefit	Vested Accrued Retirement Benefit payable at Participant's Normal Retirement Date, or reduced Early Retirement Benefit

All benefits are vested for active participants on 12/31/2013.

Covered Compensation

The average of the Social Security taxable wage bases in effect for the 35-year period ending in the year the Participant reaches social security retirement age (annual amount is rounded to the nearest whole multiple of \$3,000.)

Compensation

Plan compensation is compensation which is treated as FICA wages without regard to the Social Security taxable wage base, and also includes any amounts which are treated as salary reduction contributions and used to purchase non-taxable benefits under Section 125 of 401(k) of the Internal Revenue Code. No compensation after 12/31/2013 is considered due to the accrual freeze.

Average Monthly Compensation

Highest 5 consecutive years of compensation out of the last 10 years. All fractional periods are taken into account.

Vesting Service

One year for each Plan Year after age 18 during which an Employee is credited with at least 1,000 Hours of Service.

Benefit Service

Years of service for benefit calculation purposes are based on elapsed time from hire. Benefit service is frozen on 12/31/2013.

Employee Contributions

Participants shall not be required or permitted to make contributions under the Plan.

Payment Forms

Normal Form

10-Year Certain and Life Annuity

Optional Forms

Social Security Level Income Option; 50%, 66.67%, 75%, and 100% Joint and Survivor Annuity; Lump Sum up to \$75,000

Actuarial Equivalence

For non-decreasing annuities: Actuarial Equivalence will be computed using 7.50% interest and the 1983 Group Annuity Male Mortality Table set back 2 years for participants and set back 4 years for beneficiaries

For accelerated forms of payment: Actuarial Equivalence will be computed using the greater of the actuarial equivalence for non-decreasing annuities or the equivalent annual benefit computed using the "PPA applicable mortality table" and the interest rate determined under Code Section 417(e)(3) for the month of November preceding the Plan Year that contains the annuity start date

Plan Provisions Not Included

We are not aware of any plan provisions not included in the valuation.

Adjustments Made for Subsequent Events

We are not aware of any event following the measurement date and prior to the date of this report that would materially impact the results of this report.

Changes since Prior Valuation and Key Notes

There have been no changes to the plan provisions since the last valuation.

The interest rates and mortality assumptions have been updated as required under the Pension Protection Act, all subsequent legislation, and associated IRS Regulations, including the changes presented by the American Rescue Plan Act of 2021. These changes resulted in a decrease in the Funding Target.

The load applied to the Target Normal Cost was decreased to \$113,000 to reflect anticipated administrative expenses to be paid from the trust.
