Independent Auditors' Report

To the Trustees
Blue Ridge Employees' Stock Ownership Plan
Independence, Missouri

Opinion

We have audited the accompanying financial statements of Blue Ridge Employees' Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

BLUE RIDGE EMPLOYEES' STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025

1. Description of Plan

The following description of the Blue Ridge Employees' Stock Ownership Plan (the "Plan"), provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

a. General

Blue Ridge Bancshares, Inc. (the "Company"), established the Plan effective as of January 1, 1994. The Plan operates as an employee stock ownership plan (ESOP), and is designed to comply with Section 4975(e)(7) and the regulations there under of the Internal Revenue Code of 1986, as amended, and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by an Employee Benefits Administration Committee comprising of up to three persons appointed by the Company's Board of Directors.

All employees are eligible to participate in the ESOP after one year of service providing they worked at least 1,000 hours during such year. An employee is eligible to enter the Plan upon the first day of the plan year in which eligibility requirements are met.

b. Contributions

The Company may make an annual discretionary contribution to the Plan during the continuance of the Plan in an amount, if any, determined solely by the Company. Contribution allocations are based on a participant's eligible compensation, relative to total eligible compensation. Participants who are not employed on the last working day of a plan year are not eligible for an allocation of the Company's contributions for such year, except for participants terminated due to retirement, total and permanent disability, or death.

During 2025, the Company contributed 100 shares of common stock to the plan valued at the December 31, 2024 stock price for a total non-cash contribution of \$165,000. Cash contributions during the year ending December 31, 2025, were \$236,250.

c. Participant Accounts

Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock. Allocation of shares are based on a participant's other investment account, relative to the total other investment account at the year-end after all other allocations. Dividends and change in fair market value are allocated based upon the number of shares.

1. Description of Plan (Continued)

c. Participant Accounts (Continued)

Plan earnings on cash, interest, and fees are allocated to each participant's other investments account based on the ratio of the participant's adjusted beginning of the year other investments account balance to all participants' beginning of the year account balances. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

d. Vesting

If a participant's employment with the Company ends for any reason other than retirement, permanent disability or death, he or she will vest in the balances in his or her account based on total years of service with the Company. A participant earns a year of service for vesting purposes if they have at least one hour of service during a plan year. A participant becomes 20% vested after two years of credited service and at the rate of 20% for each successive year of service thereafter. A participant is 100% vested after six years of credited service.

e. Payment of Benefits

No distributions from the Plan will be made until a participant retires, dies, or otherwise terminates employment with the Company except for diversification purposes as allowed by the Plan. Distributions are made in a lump-sum cash payment or, if a participant elects, in the form of Company common shares plus cash for any fractional share.

f. Forfeitures

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation for the Plan year. Forfeitures of terminated non-vested account balances allocated to remaining participants at December 31, 2025 totaled \$8,866.

g. Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is permitted to vote any allocated share for which instructions have not been given by a participant.

1. Description of Plan (Continued)

h. Put Options

If the employer stock that is held by the Plan and its participants is not readily tradable on an established market or is subject to trading limitations, it will have a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

i. Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period.

2. Summary of Significant Accounting Policies

The following are the significant policies followed by the Plan:

a. Basis of Accounting

The financial statements of the plan are prepared using the accrual method of accounting.

b. Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

The financial statements include Blue Ridge Bancshares, Inc. common stock totaling \$4,154,158, whose value has been estimated with the assistance of an independent valuation specialist in the absence of readily ascertainable market value. Because of the inherent subjectivity in any valuation, the estimated value may differ significantly from the value that would have been used had a ready market for the securities existed, and the difference could be material.

2. Summary of Significant Accounting Policies (Continued)

c. Investment Valuation and Income Recognition

Dividend income is accrued on the ex-dividend date.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method.

d. Income Taxes

The Plan's income tax filings are subject to examination by various taxing authorities. The Plan's open examination periods are 2022 and forward.

e. Subsequent Events

Subsequent events have been evaluated up to July 28, 2026, the date these financial statements were available to be issued.

3. Investments

The Plan's trustee-directed investments, at December 31, are presented in the following table:

	<u>2025</u>	<u>2024</u>
Blue Ridge Bancshares, Inc. Common Shares:		
Number of shares	2,113	2,013

Market value	\$ <u>4,154,158</u>	\$ <u>3,321,450</u>

4. Administration of Plan Assets

The Plan's assets, which consist principally of the Company common shares, are held by the Trustee of the Plan. Company contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for certain fees are paid directly by the Company.

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1), and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

BLUE RIDGE EMPLOYEES' STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS - CONTINUED

DECEMBER 31, 2025

5. Fair Value Measurements (Continued)

The fair value of Blue Ridge Bank's common stock held by the plan is valued at estimated fair value based upon an independent appraisal. This appraisal was based upon a combination of the asset and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, guideline public companies, and estimated fair value of company assets and liabilities.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The table below sets forth the fair value of the Plan's assets at December 31:

	Level 3	
	2025	2024
Investment in Sponsor Company common stock	\$ <u>4,154,158</u>	\$ <u>3,321,450</u>

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31:

	2025	2024
Balance, beginning of year	\$ 3,321,450	\$ 2,797,275
Unrealized gain relating to instruments still held at the reporting date, reported in net appreciation in fair value of investments on the Statement of Changes in Net Assets Available for Benefits.	667,708	452,925
Contributions	<u>165,000</u>	<u>71,250</u>
Balance, end of year	\$ <u>4,154,158</u>	\$ <u>3,321,450</u>

BLUE RIDGE EMPLOYEES' STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS - CONTINUED

DECEMBER 31, 2025

6. Concentration of Investments

Included in investments at December 31, 2025 and 2024, are shares of the sponsor's common stock amounting to \$4,154,158 and \$3,321,450, respectively. This investment represents 98.37% and 99.32% of total assets at December 31, 2025 and 2024, respectively. A significant decline in the market value of the sponsor's stock would significantly affect the net assets available for benefits.

7. Tax Status

The plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Company and the Plan administrator believe that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore believe that the Plan is qualified and is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Code. Upon termination of the Plan, the Employee Benefits Administration Committee shall direct the Trustee to pay all liabilities and expenses of the trust fund. In the event of Plan termination, participants will become 100% vested in their accounts.

9. Subsequent Event

In 2026, the Company's board of directors approved, and the Company entered into, a definitive merger agreement pursuant to which the Company will be acquired by First National Bank of Omaha. Subject to the satisfaction of customary closing conditions and regulatory approvals, the transaction is expected to close in September 2026. The transaction was not completed as of December 31, 2025, and accordingly no adjustment has been made to the accompanying financial statements. Management believes the merger may have a significant effect on the future value of the Company's stock held by the Plan and may impact future Plan operations; however, the ultimate effects cannot be determined at this time.
