INDEPENDENT AUDITORS' REPORT

To the Trustees of
The Aging True Senior Services Retirement Plan
Jacksonville, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Aging True Senior Services Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Aging True Senior Services Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Aging True Senior Services Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Aging True Senior Services Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Aging True Senior Services Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Aging True Senior Services Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE AGING TRUE SENIOR SERVICES RETIREMENT PLAN
Notes to Financial Statements

Note 1: Description of the Plan

Effective January 1, 2024, the retirement plan previously known as The Cathedral Foundation of Jacksonville, Inc. Retirement Plan and Trust was renamed The Aging True Senior Services Retirement Plan. This change aligns the Plan's name with the branding and operational identity of its sponsor.

Concurrently, the plan sponsor, formerly known as The Cathedral Foundation of Jacksonville, Inc., legally changed its name to Community Senior Services, Inc. through amended and restated Articles of Incorporation. The name change was made pursuant to the terms of a settlement agreement and reflects the organization's transition to a unified identity. Community Senior Services, Inc. continues to operate under its established trade name, Aging True.

The following description of The Aging True Senior Services Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan, which was adopted effective January 1, 1988 and subsequently amended, is classified as a defined contribution plan. The employees of Community Senior Services, Inc. and Urban Jacksonville, Inc., (collectively the "Company") are eligible to participate in the Plan after they have completed 1,000 hours of service and attained the age of 21. Leased employees and residential desk clerks are excluded from participation. The primary purpose of the Plan is to provide employees of the Company with the financial benefits upon retirement. The Board of Trustees is responsible for oversight of the Plan.

Contributions. Each year, participants may contribute, from their gross compensation, an amount up to the maximum amount which will not cause the Plan to violate the provisions of the Plan and not to exceed IRS limits. Participants' deductions are made through a salary reduction agreement. For each Plan year the Company may contribute to the Plan a discretionary amount. The amount contributed, if any, may be determined separately for the employee allocation groups established in the Plan document and is allocated as a uniform percentage of eligible compensation within each group. To receive an allocation of discretionary employer contributions for a Plan year, a participant generally must complete at least 1,000 hours of service during the Plan year. The service requirement is waived in the event of the participant's death, disability, or termination after attaining normal retirement age. For the 2025 and 2024 years, the Company made a 5.95656% and 8.324% discretionary contribution to all divisions, respectively.

As disclosed in the prior year's financial statements, it was determined that during the 2023 plan year, certain participants were not allowed to make deferral contributions on their bonuses. During 2024, the Plan sponsor completed its review and identified three impacted participants. In October 2024, corrective qualified nonelective contributions (QNECs) were made to the participants' accounts. The correction was funded from the Plan's forfeiture account. The correction was not material to the Plan's net assets available for benefits or changes therein.

Note 1: Description of the Plan (Continued)

Participant Accounts. Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

No loans are permitted under this Plan.

Vesting. Participants are immediately vested in their own contributions, rollover accounts, and employer safe harbor contributions, plus actual earnings thereon. Vesting in discretionary employer contributions is based on years of vesting service. A participant generally earns one year of vesting service for each Plan year in which the participant completes at least 1,000 hours of service, as follows:

<u>Years of Service</u>	<u>Percentage Vested</u>
Fewer than 3	0%
3	50%
4	75%
5	100%

Investments. Participants direct the investment of their account balances among the investment options offered by the Plan. The Plan's investment options consist primarily of mutual funds and a fully benefit-responsive group annuity investment contract. The mutual funds include target-date retirement funds and other diversified investment funds. Investment options are subject to the terms and conditions established by the Plan and the respective investment providers.

Payment of Benefits. On termination of service due to death, permanent disability, or retirement, participants are fully vested in their account. Upon the death of a former participant, the administrator of the Plan directs the Trustee to distribute any remaining vested amounts credited to the account to the former participant's beneficiary.

A former participant is a person who has been a participant but who has ceased to be a participant for any reason.

Upon termination of employment, a participant may elect to receive the participant's vested account balance in a single lump-sum distribution. Partial or installment distributions may be permitted only to the extent necessary to satisfy applicable required minimum distribution requirements.

As mentioned in the previous year's financial statements, during the year ended December 31, 2024, the Plan sponsor identified an administrative error in which a portion of a participant's distribution was incorrectly forfeited rather than paid to the participant. The Plan sponsor corrected the error in 2025 under the IRS Self-Correction Program by restoring the amount due, plus applicable earnings, to the participant's account. At December 31, 2024, the amount due to the participant was accrued as a distribution payable to Plan participants. The correction was funded from the Plan's forfeiture account in 2025. There were no other unpaid amounts allocated to participants who elected to withdraw from the Plan at December 31, 2025 and 2024.

THE AGING TRUE SENIOR SERVICES RETIREMENT PLAN
Notes to Financial Statements

Note 1: Description of the Plan (Continued)

Forfeiture of Benefits. Forfeitures of nonvested account balances are allocated to the remaining qualifying contributing plan participants in accordance with the plan document, including to fund employer contributions, pay eligible Plan expenses, restore participant accounts, or be allocated to eligible participants, as applicable. During the years ended December 31, 2025 and 2024, forfeitures totaling \$47,385 and \$151,491, respectively, were allocated to participants' accounts. Unallocated forfeitures as of December 31, 2025 and 2024 were \$28,549 and \$59,034, respectively.

Basis of Accounting. The financial statements of the Plan are prepared on the accrual basis of accounting modified by the recognition of unrealized gains and losses on asset values at year end and by the recognition of the payment of benefits as a reduction in net assets when they are disbursed to participants.

Note 2: Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

The Plan's investments in mutual funds are measured at fair value based on the quoted net asset value of the shares held by the Plan at year-end. The Plan's fully benefit-responsive group annuity investment contract is reported at contract value. Contract value represents contributions made under the contract, plus credited earnings, less participant withdrawals and administrative expenses. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

In accordance with the Plan's policy of stating marketable securities at market value, the net appreciation (depreciation) in fair value of investments each year for the Plan is reflected in the Plan's Statements of Changes in Net Assets Available for Plan Benefits.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

During the Plan years ended December 31, 2025 and 2024, administrative expenses were paid by the Plan through contributions made by the sponsor of the Plan. Certain investment fees and commissions are netted against investment earnings.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America and with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant estimates include the valuation of the Plan's investments. Actual results could differ from those estimates.

THE AGING TRUE SENIOR SERVICES RETIREMENT PLAN
Notes to Financial Statements

Note 3: Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would be used only if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The Plan's mutual funds are valued using quoted net asset values in active markets and are classified within Level 1 of the fair value hierarchy. The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

Fair Value Measurements at Reporting Date Using:				
	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<u>December 31, 2025</u>				
Mutual funds	\$ 3,893,543	\$ 3,893,543	\$ -	\$ -
Total investments in fair value hierarchy	<u>\$ 3,893,543</u>	<u>\$ 3,893,543</u>	<u>\$ -</u>	<u>\$ -</u>
 <u>December 31, 2024</u>				
Mutual funds	\$ 3,265,927	\$ 3,265,927	\$ -	\$ -
Total investments in fair value hierarchy	<u>\$ 3,265,927</u>	<u>\$ 3,265,927</u>	<u>\$ -</u>	<u>\$ -</u>

THE AGING TRUE SENIOR SERVICES RETIREMENT PLAN
Notes to Financial Statements

Note 3: Fair Value Measurements (Continued)

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2025 and 2024, are reported in net appreciation in fair value of investments. For the years ended December 31, 2025 and 2024, there were no transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Note 4: Group Annuity Investment Contract

The Plan holds a group annuity contract with Empower Annuity Insurance Company of America (“Empower”), formerly known as the Great-West Life and Annuity Insurance Company, known as the Empower Investments Fixed Account. The contract is a traditional investment contract. Under the contract, the participant principal and interest are fully guaranteed by the general account assets of Empower. The investment strategy employed seeks to achieve consistent returns to support a competitive credited rate. Bonds invested in the general account segment have an average maturity between three and seven years; are investment-grade in quality; and are diversified across a range of fixed-income asset classes such as asset-backed securities, mortgage-backed securities, commercial mortgage-backed securities, commercial mortgages, private equity, etc.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for the fully benefit-responsive investment contracts because this is the amount received by the participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract issuer is contractually obligated to repay the principal and interest at a specified rate that is guaranteed to the Plan.

The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. Each quarter an interest rate is established for new deposits received in that quarter and that interest rate is guaranteed for the remainder of the current calendar year. A renewal interest rate is then established each subsequent calendar year and is guaranteed for one calendar year. The contract does not have a maturity date.

The Plan’s ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent upon the third-party issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include, but are not limited to the Plan’s failure to qualify under Section 401(a) of the Code or the failure of the trust to be tax-exempt under Section 501(a) of the Code; premature termination of the contract; Plan terminations or merger; changes to the Plan’s prohibition or competing investment options; and bankruptcy of the Plan Sponsor or other events of the Sponsor, such as divestitures, that significantly affect the Plan’s normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer as that would limit the ability of the Plan to transact at contract value with the participants.

THE AGING TRUE SENIOR SERVICES RETIREMENT PLAN
Notes to Financial Statements

Note 5: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants' individual accounts will become 100% vested in the aggregate value regardless of years of service under the vesting schedule.

Note 6: Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("the IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 7: Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31 to Schedule H of Form 5500:

	2025	2024

The following is a reconciliation of the increase in net assets available for plan benefits per the financial statements for the year ended December 31, 2025 and 2024 to Schedule H of Form 5500:

Note 8: Risks and Uncertainties

The Plan's investments are not insured by the Plan's Custodian, the Company, the Federal Deposit Insurance Corporation, or any other governmental agency; accordingly, the Plan is subject to the normal investment risks associated with mutual funds and other similar types of investments.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Party-in-interest Transactions

The Plan engaged in transactions with parties-in-interest, including Empower Annuity Insurance Company of America and related party Empower Trust Company, LLC (recordkeeper and custodian), Alliance Bernstein L.P. (investment advisor), and Bates & Company Inc. (third party administrator). Total expenses were \$33,162 and \$24,971 for the years ended December 31, 2025 and 2024, respectively.

Empower Trust Company, LLC is affiliated with Empower Annuity Insurance Company of America ("Empower"). Empower offers a fully benefit-responsive investment contract to Empower Trust Company, LLC which is a party-in-interest transaction. This transaction is included in the Supplemental Schedule in Schedule H, Line 4i - Schedule of Assets (Held at End of Year), which identifies the party-in-interest transactions.

Lastly, the Plan sponsor, Community Senior Services, Inc., is a party-in-interest.

Note 11: Subsequent Events

Events that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the statement of net assets available for benefits date are recognized in the accompanying financial statements. Subsequent events which provide evidence about conditions that existed after the statement of net assets available for benefits date require disclosure in the accompanying notes.
