INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
MGS Employee 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of MGS Employee 401(k) Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from Ascensus Trust Company as of December 31, 2025 and for the period from April 24, 2025 to December 31, 2025 and Newport Trust Company for the period from January 1, 2025 to April 23, 2025 and as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's elections of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole is presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

ERISA-Required Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2025 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MGS Employee 401(k) Plan

Notes to Financial Statements
December 31, 2025 and 2024

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - The MGS Employee 401(k) Plan ("the plan") follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2025 through July 7, 2026, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - MGS Group North America, Inc. ("MGS") is the plan sponsor, employer and the plan administrator. MGS is a member of a controlled group and, as such, there are various participating subsidiaries. Prior to April 24, 2025, Newport Trust Company served as the plan trustee holding custody of plan assets. Newport Group, Inc., served as the third party administrator that maintained plan documents, record keeper that maintained participant investment records and tax counsel that performed various compliance tests. The Newport entities are collectively referred to as "Newport".

Effective April 24, 2025, as a result of the transition of services following Ascensus' acquisition of Newport, Ascensus Trust Company assumed responsibilities as the plan trustee holding custody of plan assets. Ascensus LLC, acting as the agent for Ascensus Trust Company, assumed responsibilities for third party administration, recordkeeping and tax compliance services. The Ascensus entities are collectively referred to as "Ascensus". Morgan Stanley is the plan's investment advisor.

Investments - The plan sponsor determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. Participants should refer to the prospectuses and annual reports of the investments for more information. Earnings, including the net appreciation (depreciation) of investments bought, sold and held during the years, are reflected in the accompanying statements of changes in net assets available for benefits.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows.

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following is a description of the valuation methodologies used for investments measured at fair value.

Common/collective trust - The plan invests in the Morley Stable Value Fund. The fund is a direct filing entity valued at the net asset value ("NAV") based on the underlying value as reported by the fund. The NAV is used as a practical expedient to estimate fair value and is generally based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it determined to be probable that the fund would sell the investment for an amount different from the reported NAV.

Notes to Financial Statements

December 31, 2025 and 2024

Mutual funds - Valued at the daily quoted market prices as reported by the funds. The mutual funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily NAV and are deemed to be actively traded.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual funds	\$65,282,797	\$ -	\$ -	\$65,282,797
Investments in the fair value hierarchy	\$65,282,797	\$ -	\$ -	65,282,797
Investments measured at NAV (a)				4,589,058
Total investments at fair value				\$69,871,855

Investments at fair value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	\$56,419,523	\$ -	\$ -	\$56,419,523
Investments in the fair value hierarchy	\$56,419,523	\$ -	\$ -	56,419,523
Investments measured at NAV (a)				5,463,862
Total investments at fair value				\$61,883,385

(a) In accordance with GAAP, certain investments that are measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using NAV as a practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the plan.

December 31, 2025	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Common/collective trust	\$4,589,058	n/a	Daily	12 months
December 31, 2024	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period

2. DESCRIPTION OF PLAN

The following description of the plan provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General - The plan was established on January 1, 1988 as a defined contribution plan with a 401(k) salary deferral arrangement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees are eligible upon completion of one month of service (prior to April 28, 2025 the requirement was 30 days of service) and are allowed to enter the plan on the first day of the month immediately following meeting the eligibility requirements.

Contributions - Contributions are recorded in the year in which eligible compensation is paid. Contributions to the plan can be made in the following ways:

- a. Participants may contribute a percentage of their compensation subject to certain limitations (elective deferral contributions). The plan also permits Roth elective deferral contributions. Newly eligible employee are automatically enrolled in the plan and have 6% of compensation withheld as deferral contributions. Such participants have the option to increase, decrease or stop the deferral at any time by completing the necessary documentation.
- b. Rollover contributions are accepted by the plan from other qualified plans.
- c. Employer matching contributions may be made at the employer's discretion. During 2024 and through June 30, 2025, the employer matching contribution was equal to 50% of the first 6% of compensation contributed to the plan as elective deferral contributions. Effective July 1, 2025, the employer matching contributions increased to 50% of the first 7% of compensation contributed to the plan as elective deferral contributions. These employer matching contributions are made in conjunction with each pay period.
- d. Nonelective employer contributions can be made at the employer's discretion. No such contributions were made in 2025 or 2024.

Participant accounts - Earnings, including the fair value appreciation (depreciation), are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account is credited with the participant's elective deferral contributions and rollover contributions and an allocation of employer contributions. Participants are allowed to transfer funds between the various investment options daily and change their deferral percentage each pay period.

Vesting - Participants are always 100% vested in their elective deferral contributions, rollover contributions and related earnings. Participants become 33% vested in their employer contributions and related earnings upon being credited with one year of service. Participants then vest at a rate of 33% for each year thereafter. Upon death, disability or attainment of normal retirement age (defined as 65) while employed, participants become 100% vested.

Payment of benefits - Benefits are recorded when paid. Benefit payments may commence upon termination of employment, death, disability or attainment of normal retirement age. Distributions are generally required to be in the form of a single lump sum. Partial withdrawals and installments are only permitted for participants who must receive required minimum distributions. In-service withdrawals can commence upon attaining the age of 55. In addition, hardship withdrawals are also permitted under certain circumstances.

Forfeitures - Forfeited nonvested accounts can be used to pay plan administrative expenses or reduce employer contributions. Forfeitures used to reduce employer contributions were \$25,000 and \$41,000 in 2025 and 2024. Forfeitures used to pay plan expenses were \$29,000 and \$11,000 in 2025 and 2024. Unapplied forfeitures were \$28,000 and \$3,000 as of December 31, 2025 and 2024.

Notes to Financial Statements

Administrative expenses - Certain administrative expenses of the plan are paid by the employer. Certain other administrative expenses are paid by the plan from plan assets and are recorded as administrative expenses in the accompanying financial statements. Such expenses include participant directed charges for loan fees and rapid delivery fees and nonparticipant directed charges for service, administrative and advisory fees. Nonparticipant directed fees are paid via forfeitures or indirect compensation from the mutual fund service providers, as further described in Note 3.

Notes receivable from participants - Participants can take out loans against their accounts with the approval of the plan administrator. The minimum loan amount is \$1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance, or \$50,000. Each participant may only have two loans outstanding at any time. The repayment term generally cannot exceed 5 years except when the loan is for the purchase of a principal residence. As of December 31, 2025, the notes receivable from participants had repayment schedules through December 2054 with interest rates ranging from 4.25% to 9.50%. The notes receivable from participants are valued at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value.

3. PARTY-IN-INTEREST TRANSACTIONS

Newport/Ascensus was/is the trustee that held/holds custody of the plan's investments and maintains investment and participant records. As such, transactions with Newport/Ascensus qualify as party-in-interest transactions.

The plan had/has an administrative services agreement with Newport/Ascensus in which Newport/Ascensus provides certain administrative services to the plan. Direct fees paid to Newport/Ascensus were \$72,000 in 2025 and \$24,000 in 2024. Newport/Ascensus also receives revenue in the form of indirect compensation from the mutual fund service providers for services Newport/Ascensus provides to the funds. This revenue is used to offset certain amounts that would otherwise be owed by the plan to Newport/Ascensus for administrative services provided to the plan services.

Notes receivable from participants also qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from prohibited transaction rules of ERISA.

4. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the plan sponsor has the right to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants' employer contributions and related earnings would become 100% vested.

5. INCOME TAX STATUS

The plan is operating under a Newport Group Inc. non-standardized pre-approved profit sharing plan that received a favorable opinion letter on June 30, 2020. The letter provided by the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). As a result, the plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan. The plan administrator and tax counsel believe that the plan currently is designed and operated in compliance with the applicable requirements of the IRC, and, therefore, believes the plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken by the plan that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2025 and 2024. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

6. INFORMATION CERTIFIED BY NEWPORT/ASCENSUS

Management has obtained certifications from Newport/Ascensus, qualified institutions under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate.

- a. Investments held and the fair values of such and the notes receivable from participants as of December 31, 2025 and 2024;
- b. Dividends from investments, net appreciation (depreciation) in fair values of investments and the interest income on notes receivable from participants during 2025 and 2024;
- c. Purchases and sales of investments during 2025 and 2024; and
- d. Contributions to, investment income credited to, benefits paid from, administrative expenses and transfers between investment accounts during 2025 and 2024.
