To the Investment Committee
Altus Group 401(k) Plan
Houston, Texas

We have audited the financial statements of the Altus Group 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit) for the year ended December 31, 2025 and have issued our report thereon dated July 14, 2026.

As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Trust Company, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedule, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America (GAAP). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

Professional standards require that we provide you with information about our responsibilities under auditing standards generally accepted in the United States of America (GAAS), as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter dated April 24, 2026, and planned timing previously communicated to you. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during 2025. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period. The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole. Appendix A summarizes misstatements detected as a result of audit procedures, which were corrected by management. There were no uncorrected misstatements detected as a result of audit procedures.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated July 14, 2026.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship, and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the Investment Committee and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Altus Group 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Altus Group 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions and maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

July 14, 2026
Altus Group 401(k) Plan

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ALTUS GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

Note 1 - Plan Description

The following brief description of the Altus Group 401(k) Plan (the Plan) is provided for general information only. Participants should refer to the plan document for more detailed information.

General

The Plan is a defined contribution plan covering eligible employees of Altus Group U.S., Inc. and Argus Software, Inc. (collectively, the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was initially adopted by the Company on January 1, 1997, and has since been amended and restated. Fidelity Management Trust Company (Fidelity) serves as the trustee of the Plan. Altus Group U.S., Inc. serves as the plan administrator and is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Eligibility

The Plan is provided for all eligible employees of the Company. All employees, excluding those who are classified as an independent contractor or other defined exclusions, may participate in the Plan so long as they are at least 18 years of age and have one month of employment service. The Plan includes a savings feature designed to permit an employee to contribute to the Plan, as allowable under Section 401(k) of the Internal Revenue Code (IRC). The Plan also accepts participant rollover contributions from other qualified plans or individual retirement accounts, as defined.

Contributions

Upon satisfying the eligibility requirements, participants may elect to contribute up to 90% of their annual compensation, as defined, on a pre-tax or Roth basis, subject to amounts allowed under the IRC. Eligible employees who have attained age 50 before the close of the plan year are eligible to make catch-up contributions, subject to limitations under the IRC. The Plan has an auto-enrollment feature, whereby all eligible employees hired or rehired are automatically enrolled in the Plan at a pre-tax deferral rate of 4% of their eligible compensation, as defined, after a 30-day opt-out period unless an affirmative election not to contribute or to contribute at a different percentage is made by the employee.

The Plan allows for the Company to make discretionary matching employer contributions and discretionary non-elective employer contributions, as determined by the Company's board of directors, on an annual basis. For the year ended December 31, 2025, the Company made discretionary matching employer contributions equal to 50% of elective deferrals up to 8% of an employee's eligible annual compensation. The Company did not make discretionary non-elective employer contributions during 2025.

ALTUS GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2025 and 2024

Vesting

Participants are fully vested in their employee contributions and earnings thereon at all times. With the exception of certain grandfathered employer contributions and earnings thereon as further described in the plan document, a participant's interest in the contributions made by the Company begins vesting at 20% after one year of service, increasing 20% each year thereafter, with the participant becoming 100% vested after five years. Regardless of service term, full and immediate vesting occurs for participants upon retirement, death or disability prior to termination of employment.

Forfeitures

Forfeitures attributable to the non-vested discretionary matching employer contributions and discretionary non-elective employer contributions may be used to pay administrative expenses of the Plan or to reduce future employer contributions. There were unallocated forfeitures of \$145,561 and \$273,275 at December 31, 2025 and 2024, respectively. During 2025, \$535,714 of forfeitures were utilized to offset discretionary matching employer contributions.

Participant Accounts

Separate accounts are maintained for each participant. Upon enrollment in the Plan, a participant may direct the trustee with regard to the investment of his or her account balance. Participants may change their investment options at any time. Each participant's account is credited with the participant's contributions, discretionary matching employer contributions, discretionary non-elective employer contributions, as applicable, and plan earnings and losses, and charged with certain transaction fees.

Notes Receivable from Participants

Notes receivable from participants are loans to participants secured by the vested portion of the participant's account as prescribed in the plan document. Participants may borrow from their vested fund account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the highest outstanding loan balance during the preceding 12 months, or 50% of their account balance. A participant may not have more than one loan outstanding at any time. Interest rates are based on the prime rate plus 1% on the first business day of the month of issuance. Principal and interest are repaid ratably through payroll deductions. Loan terms are limited to five years unless for the purchase of a principal residence, in which case the term may be extended to 10 years.

ALTUS GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2025 and 2024

Benefit Payments

Distributions may be made to participants or their beneficiaries upon termination of employment, retirement, disability or death. The distribution may be made as a lump-sum payment, partial payment or transferred directly to an individual retirement account or another qualified employer-sponsored plan. Under certain circumstances, plan participants may withdraw the value of their account while still employed for reasons of financial hardship, upon attainment of age of 59½ and for other such reasons. Participant account balances below specified thresholds may be distributed automatically or rolled over into an individual retirement account in accordance with the Plan's provisions. Upon withdrawal from the Plan or termination of employment, participants may be subject to income taxes on contributions and income earned.

Note 2 - Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). Accounting principles followed by the Plan and the methods of applying those principles are summarized below:

Investment Valuation and Income Recognition

Investments of the Plan are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes realized gains or losses on investments sold during the year as well as unrealized gains or losses on the investments held at the end of the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. In general, notes receivable from participants are considered in default if a scheduled payment has not been received in the calendar quarter following the calendar quarter in which the payment was due. Defaulted notes receivable are treated as distributions based upon the terms of the plan document when a distributable event has occurred.

ALTUS GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2025 and 2024

Contributions

Contributions from participants and the discretionary matching employer contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation. The Company's discretionary non-elective employer contributions are recorded in the plan year in which participant compensation is paid.

Benefit Payments

Benefits paid to participants or their beneficiaries are recorded when paid.

Administrative Expenses

Certain administrative expenses of maintaining the Plan are paid directly by the Company, at its discretion, and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other transaction fees are charged to the participant's account and are included in administrative expenses. Investment-related expenses are included in the net appreciation or depreciation in the fair value of investments.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and may impact participant account balances, and the amounts reported in the financial statements.

Subsequent Events

The plan administrator evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through July 14, 2026, which is the date the financial statements were available to be issued.

ALTUS GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2025 and 2024

Note 3 - Information Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from Fidelity, as of December 31, 2025 and 2024, and for the year ended December 31, 2025, that all of the information provided is complete and accurate. Information included in the financial statements and accompanying notes to the financial statements as to investments, notes receivable from participants, investment income, interest income on notes receivable from participants, and all of the related information in the supplemental schedule is presented solely in reliance upon these certifications.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements, the accompanying notes to the financial statements, and the supplemental schedule.

Note 4 - Fair Value Measurements

GAAP provides a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

See independent auditor's report.

ALTUS GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2025 and 2024

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: These investments are valued based upon their quoted market prices.

Common/Collective Trust Fund: This investment is valued at its net asset value (NAV) as reported by the issuer based on quoted market prices of the underlying investments, when available, net of certain expenses. The NAV is used as a practical expedient to estimate fair value. The practical expedient is not used when it is determined to be probable that the investment will be sold for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	December 31, 2025			Total
	Level 1	Level 2	Level 3	
Mutual funds	<u>\$ 88,693,213</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 88,693,213</u>
Investment measured at NAV (practical expedient)				<u>640,436</u>
Total investments at fair value				<u>\$ 89,333,649</u>

	December 31, 2024			Total
	Level 1	Level 2	Level 3	
Mutual funds	<u>\$ 95,275,268</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 95,275,268</u>
Investment measured at NAV (practical expedient)				<u>785,425</u>
Total investments at fair value				<u>\$ 96,060,693</u>

The following provides additional information for the common/collective trust fund which is measured using NAV as a practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for this investment. The redemption notice period is applicable only to the Plan.

Investment Class	Fair Value December 31,		Unfunded Commitments	Redemption Frequency	Redemption Notice Period

Stable Value	<u>\$ 640,436</u>	<u>\$ 785,425</u>	None	Daily	Up to 12 months

See independent auditor's report.

ALTUS GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2025 and 2024

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a complete termination of the Plan, participants shall be fully vested in all amounts allocated to their accounts, and such amounts will be distributed.

Note 6 - Federal Income Tax

The pre-approved plan document adopted by the Plan received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the pre-approved plan document was in compliance with the applicable requirements of the IRC. The pre-approved plan document has been amended since receiving its IRS letter; however, the plan administrator, through its adoption of the pre-approved plan document, believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Party-in-Interest Transactions

Certain investments of the Plan are issued by Fidelity or an affiliate, and therefore, these transactions qualify as party-in-interest transactions. These transactions are covered by an exemption from the "prohibited transaction" provisions of ERISA and the IRC.

Note 8 - Reconciliation of the Financial Statements to the Form 5500

Plan Administrator
Altus Group 401(k) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Altus Group 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions and maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

July 14, 2026
Altus Group 401(k) Plan

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**ALTUS GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024**

Note 1 - Plan Description

The following brief description of the Altus Group 401(k) Plan (the Plan) is provided for general information only. Participants should refer to the plan document for more detailed information.

General

The Plan is a defined contribution plan covering eligible employees of Altus Group U.S., Inc. and Argus Software, Inc. (collectively, the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was initially adopted by the Company on January 1, 1997, and has since been amended and restated. Fidelity Management Trust Company (Fidelity) serves as the trustee of the Plan. Altus Group U.S., Inc. serves as the plan administrator and is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Eligibility

The Plan is provided for all eligible employees of the Company. All employees, excluding those who are classified as an independent contractor or other defined exclusions, may participate in the Plan so long as they are at least 18 years of age and have one month of employment service. The Plan includes a savings feature designed to permit an employee to contribute to the Plan, as allowable under Section 401(k) of the Internal Revenue Code (IRC). The Plan also accepts participant rollover contributions from other qualified plans or individual retirement accounts, as defined.

Contributions

Upon satisfying the eligibility requirements, participants may elect to contribute up to 90% of their annual compensation, as defined, on a pre-tax or Roth basis, subject to amounts allowed under the IRC. Eligible employees who have attained age 50 before the close of the plan year are eligible to make catch-up contributions, subject to limitations under the IRC. The Plan has an auto-enrollment feature, whereby all eligible employees hired or rehired are automatically enrolled in the Plan at a pre-tax deferral rate of 4% of their eligible compensation, as defined, after a 30-day opt-out period unless an affirmative election not to contribute or to contribute at a different percentage is made by the employee.

The Plan allows for the Company to make discretionary matching employer contributions and discretionary non-elective employer contributions, as determined by the Company's board of directors, on an annual basis. For the year ended December 31, 2025, the Company made discretionary matching employer contributions equal to 50% of elective deferrals up to 8% of an employee's eligible annual compensation. The Company did not make discretionary non-elective employer contributions during 2025.

ALTUS GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2025 and 2024

Vesting

Participants are fully vested in their employee contributions and earnings thereon at all times. With the exception of certain grandfathered employer contributions and earnings thereon as further described in the plan document, a participant's interest in the contributions made by the Company begins vesting at 20% after one year of service, increasing 20% each year thereafter, with the participant becoming 100% vested after five years. Regardless of service term, full and immediate vesting occurs for participants upon retirement, death or disability prior to termination of employment.

Forfeitures

Forfeitures attributable to the non-vested discretionary matching employer contributions and discretionary non-elective employer contributions may be used to pay administrative expenses of the Plan or to reduce future employer contributions. There were unallocated forfeitures of \$145,561 and \$273,275 at December 31, 2025 and 2024, respectively. During 2025, \$535,714 of forfeitures were utilized to offset discretionary matching employer contributions.

Participant Accounts

Separate accounts are maintained for each participant. Upon enrollment in the Plan, a participant may direct the trustee with regard to the investment of his or her account balance. Participants may change their investment options at any time. Each participant's account is credited with the participant's contributions, discretionary matching employer contributions, discretionary non-elective employer contributions, as applicable, and plan earnings and losses, and charged with certain transaction fees.

Notes Receivable from Participants

Notes receivable from participants are loans to participants secured by the vested portion of the participant's account as prescribed in the plan document. Participants may borrow from their vested fund account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the highest outstanding loan balance during the preceding 12 months, or 50% of their account balance. A participant may not have more than one loan outstanding at any time. Interest rates are based on the prime rate plus 1% on the first business day of the month of issuance. Principal and interest are repaid ratably through payroll deductions. Loan terms are limited to five years unless for the purchase of a principal residence, in which case the term may be extended to 10 years.

ALTUS GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2025 and 2024

Benefit Payments

Distributions may be made to participants or their beneficiaries upon termination of employment, retirement, disability or death. The distribution may be made as a lump-sum payment, partial payment or transferred directly to an individual retirement account or another qualified employer-sponsored plan. Under certain circumstances, plan participants may withdraw the value of their account while still employed for reasons of financial hardship, upon attainment of age of 59½ and for other such reasons. Participant account balances below specified thresholds may be distributed automatically or rolled over into an individual retirement account in accordance with the Plan's provisions. Upon withdrawal from the Plan or termination of employment, participants may be subject to income taxes on contributions and income earned.

Note 2 - Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). Accounting principles followed by the Plan and the methods of applying those principles are summarized below:

Investment Valuation and Income Recognition

Investments of the Plan are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes realized gains or losses on investments sold during the year as well as unrealized gains or losses on the investments held at the end of the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. In general, notes receivable from participants are considered in default if a scheduled payment has not been received in the calendar quarter following the calendar quarter in which the payment was due. Defaulted notes receivable are treated as distributions based upon the terms of the plan document when a distributable event has occurred.

ALTUS GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2025 and 2024

Contributions

Contributions from participants and the discretionary matching employer contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation. The Company's discretionary non-elective employer contributions are recorded in the plan year in which participant compensation is paid.

Benefit Payments

Benefits paid to participants or their beneficiaries are recorded when paid.

Administrative Expenses

Certain administrative expenses of maintaining the Plan are paid directly by the Company, at its discretion, and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other transaction fees are charged to the participant's account and are included in administrative expenses. Investment-related expenses are included in the net appreciation or depreciation in the fair value of investments.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and may impact participant account balances, and the amounts reported in the financial statements.

Subsequent Events

The plan administrator evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through July 14, 2026, which is the date the financial statements were available to be issued.

ALTUS GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2025 and 2024

Note 3 - Information Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from Fidelity, as of December 31, 2025 and 2024, and for the year ended December 31, 2025, that all of the information provided is complete and accurate. Information included in the financial statements and accompanying notes to the financial statements as to investments, notes receivable from participants, investment income, interest income on notes receivable from participants, and all of the related information in the supplemental schedule is presented solely in reliance upon these certifications.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements, the accompanying notes to the financial statements, and the supplemental schedule.

Note 4 - Fair Value Measurements

GAAP provides a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

See independent auditor's report.

ALTUS GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2025 and 2024

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: These investments are valued based upon their quoted market prices.

Common/Collective Trust Fund: This investment is valued at its net asset value (NAV) as reported by the issuer based on quoted market prices of the underlying investments, when available, net of certain expenses. The NAV is used as a practical expedient to estimate fair value. The practical expedient is not used when it is determined to be probable that the investment will be sold for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	December 31, 2025		
	Level 1	Level 2	Level 3
Mutual funds	<u>\$ 88,693,213</u>	<u>\$ -</u>	<u>\$ -</u>
Investment measured at NAV (practical expedient)			<u>640,436</u>
Total investments at fair value			<u>\$ 89,333,649</u>

	December 31, 2024		
	Level 1	Level 2	Level 3
Mutual funds	<u>\$ 95,275,268</u>	<u>\$ -</u>	<u>\$ -</u>
Investment measured at NAV (practical expedient)			<u>785,425</u>
Total investments at fair value			<u>\$ 96,060,693</u>

The following provides additional information for the common/collective trust fund which is measured using NAV as a practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for this investment. The redemption notice period is applicable only to the Plan.

Investment Class	Fair Value December 31,		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2025	2024			
Stable Value	<u>\$ 640,436</u>	<u>\$ 785,425</u>	None	Daily	Up to 12 months

See independent auditor's report.

ALTUS GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2025 and 2024

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a complete termination of the Plan, participants shall be fully vested in all amounts allocated to their accounts, and such amounts will be distributed.

Note 6 - Federal Income Tax

The pre-approved plan document adopted by the Plan received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the pre-approved plan document was in compliance with the applicable requirements of the IRC. The pre-approved plan document has been amended since receiving its IRS letter; however, the plan administrator, through its adoption of the pre-approved plan document, believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Party-in-Interest Transactions

Certain investments of the Plan are issued by Fidelity or an affiliate, and therefore, these transactions qualify as party-in-interest transactions. These transactions are covered by an exemption from the "prohibited transaction" provisions of ERISA and the IRC.

Note 8 - Reconciliation of the Financial Statements to the Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the net assets per the Form 5500 at December 31, 2025 and 2024:

	December 31,	
	2025	2024
