INDEPENDENT AUDITOR'S REPORT

To the Wegmans Retirement Plans Advisory Committee:

Opinion

We have audited the financial statements of the Wegmans Retirement Plans (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher

than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following description of The Wegmans Retirement Plans (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General—The Plan was established on July 1, 1953. The Plan is a defined contribution plan covering substantially all employees of Wegmans Food Markets, Inc. (the "Company"), except those employees that are classified as independent contractors or leased employees. An employee shall be eligible to become a participant for purposes of making tax-deferred contributions immediately upon the employee's date of hire, or if later, the date the employee attains age 21.

Participants are eligible to receive Company discretionary contributions and matching contributions upon completion of one year of service. A year of service is defined as twelve consecutive months beginning on the employee's date of hire or a Plan year beginning with the Plan year following the employee's date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Participants in the Plan who fail to complete 1,000 hours of service during the Plan year are considered to be "inactive participants" with respect to the Company's discretionary contribution and do not share in such contribution for the Plan year, but may continue to make elective deferrals and continue to receive Company matching contributions.

Administration—The Retirement Plan Committee of the Company serves as Plan administrator (the "Administrator") and is solely responsible for the general administration of the Plan and carrying out Plan provisions. Fidelity Management Trust Company (the "Trustee") serves as trustee of the Plan and Fidelity Workplace Services LLC provides the Plan's third-party recordkeeping services.

Contributions—For the year ended December 31, 2025, participants may elect to contribute up to 82% of their eligible compensation, subject to the maximum amount allowed under the Internal Revenue Code (the "Code"). For the year ended December 31, 2024, participants elected to contribute up to 50% of their eligible compensation, subject to the maximum amount allowed under Code. Deferral limits under the Code were $23,500 and $23,000 for the years ended December 31, 2025 and 2024, respectively. In addition, participants who attained the age of 50 before the end of the calendar year were eligible to make "catch up" contributions up to $7,500 for each of the years ended December 31, 2025 and 2024.

Participants are allowed to make rollover contributions from other qualified plans into the Plan in accordance with regulations under the Code. As of January 1, 2025, employees are eligible to make Roth elective contributions to the Plan.

The Company makes a matching contribution equal to a percentage of the participant's elective deferrals. For the years ended December 31, 2025 and 2024, the Company made a matching contribution equal to 50% of the participant's elective deferrals up to 6% of the participant's eligible compensation. The Company's matching contribution is made on a quarterly basis. For the years ended December 31, 2025 and 2024, matching contributions totaled $37,085,630 and $34,705,070, respectively.

The Company may also make a discretionary contribution to all eligible participants based on the relationship of their individual annual compensation, up to a maximum amount allowed by the Code, adjusted to reflect length of service, to the total adjusted annual compensation for all participants. The Company's discretionary contribution is generally made on an annual basis. For the years ended December 31, 2025 and 2024, discretionary contributions were $50,911,332 and $48,019,121, respectively.

Participant Accounts—Each participant's account is credited with the participant's contributions, the Company's matching contribution and an allocation of the Company's discretionary contribution and Plan earnings (losses), and is charged with withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting—Participants are immediately vested in their elective deferrals, rollover contributions, the Company's matching contributions and actual earnings thereon. Vesting in the Company's discretionary contribution portion of their account plus earnings is based on years of service. A participant is 100% vested after three years of service. If a participant terminates employment due to total disability or death, they will become fully vested in the Company's discretionary contributions, regardless of length of service.

Notes Receivable from Participants—Participants may borrow up to 50% of their account balances. The minimum loan withdrawal is $1,000, and the maximum loan balance is $50,000 less the highest outstanding balance of a loan made during the one-year period prior to the new loan. Participants are charged a $50 loan fee for each new loan and may only have one outstanding loan at a time. The terms of each loan are set by the Administrator, within the Code, in a uniform and nondiscriminatory manner. Note repayment terms range up to a maximum of five years, unless used for the purpose of purchasing a participant's principal residence. Interest is charged at a fixed rate, as determined by the Administrator, commensurate with the rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest is paid ratably through payroll deductions with the entire balance due immediately upon the participant's termination of employment with the Company. As of December 31, 2025, participant loans have maturities through 2040 and interest rates ranging from 4.25% to 9.50%.

Investments—Participants direct the investment of their account into various investment options offered by the Plan. The Plan offers a number of investment options including mutual funds ("registered investment companies"), a money market fund, and collective investment trusts. Participants may change their allocations between funds offered by the Plan at any time.

BrokerageLink—The BrokerageLink account is a brokerage account that allows participants to self-direct their elective deferrals, rollover contributions and Company matching and discretionary contributions in a broad range of mutual and exchange traded funds not offered within the Plan's standard investment options. The initial deposit into the brokerage account is $2,500, and participants that establish an account can then make contributions through payroll deductions. Interest, dividends and net appreciation (depreciation) are automatically reinvested in the same fund, unless the participant chooses otherwise.

Payment of Benefits—Upon termination of employment due to death, total disability or attaining normal retirement age, a participant or designated beneficiary may elect to either receive a lump-sum distribution equal to the current value of the participant's account, or to receive periodic installments. If upon termination of employment for other than attaining normal retirement age, death or total disability, and the participant's vested account balance is greater than $1,000, the participant may elect to receive a lump-sum distribution, a direct rollover to a qualified plan under Section 401 of the Code or a direct rollover to a qualified Individual Retirement Account equal to the current value of his or her vested account balance, or may elect to keep their investments in the Plan. If the vested account balance is less than $1,000, the balance will be distributed to the participant after termination.

Forfeitures—As of December 31, 2025 and 2024, forfeited nonvested accounts totaled $417,423 and $467,335, respectively. These accounts are primarily used to reduce future employer contributions. For the years ended December 31, 2025 and 2024, employer contributions were reduced by $400,000 and $500,000, respectively, from forfeited nonvested accounts.

Administrative Expenses—Administrative transactional expenses charged to the Plan totaled $469,160 and $360,850 for the years ended December 31, 2025 and 2024, respectively. Administrative transactional expenses, such as loan and distribution transactions, are paid by participants. The Plan receives revenue credits from certain investments which are used to offset administrative transactional expenses paid by participants. Revenue credits which offset administrative transactional expenses totaled $298,916 and $398,667 for the years ended December 31, 2025 and 2024, respectively. Other administrative fees are paid by the Company.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates—The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investments—Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Administrator determines the Plan's valuation policies utilizing information provided by the Trustee and investment advisors. See Note 3 for a discussion of fair value measurements.

Risks and Uncertainties—The Plan provides various investment options to participants, including mutual and money market funds and collective investment trusts. Investment securities are exposed to various risks such as interest rate, market and credit risks, and overall market volatility. Market volatility includes risks related to pandemics and international conflicts. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

Concentrations of Investments—The Plan's investment in the following funds accounted for greater than 10% of total investments as of December 31, 2025 and 2024:

	2025	2024
Fidelity Contrafund Commingled Pool Class D	13%	14%
Fidelity Freedom Blend 2030 Commingled Pool Class T	12%	12%
Fidelity Freedom Blend 2035 Commingled Pool Class T	10%	10%

A significant decline in the market value of these investments would significantly affect the net assets available for benefits.

Income Recognition and Changes in Plan Assets—Contributions from participants are recorded when withheld from participants' compensation. Company contributions are recorded in the period to which the contributions relate. Interest and dividends are allocated to the Plan as earned. Purchases and sales of securities are recorded on a trade date basis. Net appreciation of investments on the accompanying statements of changes in net assets available for benefits includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual and money market funds and collective investment trusts are deducted from income earned and are not separately reflected. Consequently, management fees and operating expenses are reflected as reductions of investment income for such investments.

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as deemed distributions based upon the terms of the Plan document.

Corrective Distributions—Corrective distributions are made to participants whose employee contributions exceed the contribution limitations of the Plan. The corrective distributions made during the period have been netted against participant contributions on the accompanying statements of changes in net assets available for benefits. For the years ended December 31, 2025 and 2024, corrective distributions totaled $5,183 and $6,589, respectively.

Payment of Benefits—Benefit payments to participants are recorded upon distribution.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2—Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3—Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

Shares of mutual and money market funds are valued based on the quoted market prices of the funds held by the Plan at year end. These funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. The funds held by the Plan are deemed to be actively traded. The Plan offers a Self Directed Brokerage Account ("SDBA") for Plan participants. As of December 31, 2025 and 2024, the SDBA is composed of mutual and exchange traded funds. The mutual and exchange traded funds held in the SDBA are based on quoted market prices in an active market.

As permitted by GAAP, the Plan uses net asset value ("NAV") as a practical expedient to determine the fair value of the collective investment trust funds. NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. Redemption for the collective investment trusts is permitted daily with no other restrictions or notice periods and there are no unfunded commitments (see Note 4 for restrictions on the stable value fund). In accordance with GAAP, the collective investment trust funds measured at NAV have not been classified in the fair value hierarchy.

The fair value amounts presented below for the collective investment trusts, based on NAV as a practical expedient, are intended to permit reconciliation to the amounts presented in the statements of net assets available for benefits.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While the Administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain assets could result in a different fair value measurement at the reporting date.

The fair value of investments measured on a recurring basis at the reporting date of December 31, 2025 is presented below:

	Level 1	Level 2	Level 3	Total
Mutual funds	$402,241,063	$ -	$ -	$ 402,241,063

The fair value of investments measured on a recurring basis at the reporting date of December 31, 2024 is presented below:

	Level 1	Level 2	Level 3	Total
Mutual funds	$373,682,847	$ -	$ -	$ 373,682,847

Collective investment trusts measured at NAV				2,800,750,688
Total investments				$3,294,055,705

4. STABLE VALUE FUND

The Fidelity Managed Income Portfolio II (the “Portfolio” or “Stable Value Fund”) is a collective investment trust comprised of a fully benefit-responsive collective investment trust sponsored by an affiliate of the Trustee. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Portfolio’s constant net asset value of $1 per unit. Distribution to the Portfolio’s unit holders is declared daily from the net investment income and automatically reinvested in the Portfolio on a monthly basis, when paid. It is the policy of the Portfolio to use its best efforts to maintain a stable net asset value of $1 per unit, although there is no guarantee that the Portfolio will be able to maintain this value.

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Portfolio, plus earnings, less participant withdrawals and administrative expenses. The Portfolio imposes certain restrictions on participants. Participants are not permitted to make direct transfers from the Portfolio into a competing fund without first exchanging transfers into a non-competing fund for a period of 90 days.

The Portfolio may be subject to circumstances that affects its ability to transact at contract value. The following employer-initiated events may limit the ability of the Portfolio to transact at contract value:

- A failure of the Plan or its trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA,
- Any communication given to Plan participants designed to influence a participant not to invest in the Portfolio or to transfer assets out of the Portfolio,
- Any transfer of assets from the Portfolio directly into a competing investment option,
- The establishment of a defined contribution plan that competes with the Plan for employee contributions,
- A complete or partial termination of the Plan or its merger with another plan.

Plan management believes that the occurrence of events that would cause the Portfolio to transact at less than contract value is not probable.

5. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds, a money market fund, and collective investment trusts managed by Fidelity Investments, an affiliate of the Trustee. All transactions with Fidelity Investments qualify as exempt party-in-interest transactions. Fees paid by the Plan to Fidelity Investments for the transaction services, net of revenue credits received, were $469,160 and $360,850 for the years ended December 31, 2025 and 2024, respectively. Transactions involving notes receivable from participants also qualify as exempt party-in-interest transactions.

6. FEDERAL INCOME TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated December 31, 2015, that the Plan and related trust were designed in accordance with the applicable regulations of the Code. Each year, the IRS publishes a Required Amendments List for individually designed plans, which specifies changes in qualification requirements. The list requires plans to be amended for each change, as applicable, to retain its tax-exempt status. Management believes the Plan and related trust are currently designed, and have been amended, and are being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements for the years ended December 31, 2025 and 2024.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their Company discretionary contributions as of the date of termination.

8. SUBSEQUENT EVENTS

The Plan Administrator has evaluated subsequent events through July 29, 2026, which is the date the accompanying financial statements were available to be issued.
