INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Dethmers Manufacturing Company, LLC 401(k) Plan
Boyd, Iowa

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Dethmers Manufacturing Company, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of October 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended October 31, 2025 and 2024, stating that the certified investment information, as described in note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free of material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT

(Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITORS' REPORT

Supplementary Schedule Required by ERISA

The supplementary schedule of assets (held at end of year) as of October 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary schedule, other than the information in the supplementary schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Dethmers Manufacturing Company, LLC 401(k) Plan

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of Dethmers Manufacturing Company, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General The Plan is a defined contribution plan covering substantially all employees of Dethmers Manufacturing Company, LLC (the Company) who have completed 60 days of service and are age 18 or older. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended. The Plan was originally established on May 1, 2004, and has been subsequently amended and restated. The Plan administrator is responsible for oversight of the Plan, including the appropriateness of the Plan's investment offerings and investment performance.

Contributions Participants may elect to contribute to the Plan, in the form of an employee 401(k) salary deferral and Roth after-tax contributions, up to the lesser of 100% of their eligible compensation or the maximum amount allowable by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes discretionary matching contributions on 100% of employee deferrals up to 3% of compensation and then 50% of employee deferrals on 3% to 5% of compensation. The Company made matching contributions of \$721,030 and \$758,470 for the years ended October 31, 2025 and 2024, respectively. Additionally, the Company may make discretionary nonelective contributions. No discretionary nonelective contributions were made for the years ended October 31, 2025 and 2024.

Automatic Enrollment Employees eligible to participate in the Plan are automatically enrolled upon meeting the eligibility requirements noted above. Unless otherwise directed, the rate of deferral upon enrollment is 3% of eligible compensation on a pre-tax basis, to be invested in specific pre-selected investment offerings based on a participant's estimated time to retirement. Unless the participant elects otherwise, their deferral contribution rate is increased automatically by 1% each year, until it reaches a maximum of 15%.

Participant Accounts Each participant's account is credited with the participant's contributions, Company contributions, and account earnings, and may be charged with an allocation of administrative expenses that are paid by the Plan. The Company's nonelective contributions are allocated based on a participant's eligible compensation, relative to total eligible compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting Participants are immediately vested in their contributions and earnings thereon. Discretionary matching contributions and discretionary nonelective contributions are subject to vesting. A participant is 100% vested after five years of credited service. Participants are credited with one year of service for each year of employment.

Dethmers Manufacturing Company, LLC 401(k) Plan

NOTES TO THE FINANCIAL STATEMENTS

(Continued)

Payment of Benefits Withdrawals are allowed in the event of termination, disability, death, retirement, or attainment of age 59½. Depending on the event, the withdrawal may be subject to early withdrawal penalties imposed by the *Internal Revenue Code* (IRC). Payments are made in the form of a lump-sum distribution or annual installments over a period of time of not more than the participant's life expectancy.

At October 31, 2025 and 2024, there have been no participants who elected to withdraw from the Plan but have not yet been paid.

Forfeitures Forfeitures attributable to discretionary matching and discretionary nonelective contributions may be used to pay plan expenses or allocated as additional Company contributions. Forfeited nonvested account balances totaling \$3,555 and \$-0- were used to pay plan expenses for the years ended October 31, 2025 and 2024, respectively. Additionally, forfeited nonvested account balances totaling \$47,917 and \$91,930 were used to reduce discretionary matching contributions for the years ended October 31, 2025 and 2024, respectively. At October 31, 2025 and 2024, the remaining forfeited nonvested accounts totaled \$4,762 and \$66, respectively.

Plan Termination Although they have not expressed any intent to do so, the Company has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants would become 100% vested in their Company contributions.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting The Plan uses the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition Investments are reported at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and the custodian. Fair value measurements are discussed below.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold, as well as those held during the year.

Fair Value Measurements The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2025 and 2024.

Mutual Funds: Assets are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust: The collective trust maintained by Empower Trust Company, LLC (Empower), a party in interest, is a pool of investments of which the Plan buys and sells units of participation that generally imitate established mutual funds. The underlying investments consist of separate accounts and mutual funds. The Plan's valuation estimates are based on the contract and market values of the underlying investments using the practical expedient. Participant transactions (issuances and redemptions) may occur daily. If the Plan were to initiate a full redemption of the common trust, Empower reserves the right to temporarily delay withdrawal from the trust, in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no unfunded commitments at October 31, 2025 and 2024.

See note 4 for the classification of these assets within the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Payment of Benefits Benefits are recorded when paid.

Expenses Certain operating expenses of the Plan are deducted from participant accounts and the remaining expenses are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

Evaluation of Subsequent Events The Plan has evaluated subsequent events through July 24, 2026, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such an election, the investments included in the statements of net assets available for benefits, and the investment income included in the statements of changes in net assets available for benefits as of and for the years ended October 31, 2025 and 2024, were not subject to auditing procedures and have been certified as complete and accurate by Empower. Empower is a qualified institution that prepared and certified the information in accordance with 29 CFR 2520.103-5.

4. FAIR VALUE MEASUREMENTS

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value.

October 31, 2025	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 19,458,406	\$ -	\$ -	\$ 19,458,406
Investments measured at NAV				1,368,706
Investments at Fair Value			\$	20,827,112

October 31, 2024	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 16,695,210	\$ -	\$ -	\$ 16,695,210
Investments measured at NAV				1,553,398
Investments at Fair Value			\$	18,248,608

Certain investments that were measured at NAV per share as a practical expedient (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the statements of net assets available for benefits.

5. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Empower. Empower is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Empower provides administrative services to the Plan pursuant to an agreement between the Company and Empower. Empower receives revenue from mutual fund service providers for services rendered to the funds. This revenue is used to offset amounts payable to Empower for administrative services to the Plan.

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing rather than a direct payment. If the revenue received by Empower from investment providers exceeds the amount owed under the agreement, Empower remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Plan or the Company may make a payment to Empower for administrative services not covered by revenue sharing.

6. TAX STATUS

The Plan has adopted a nonstandardized, pre-approved profit sharing plan established by Empower Retirement LLC. The pre-approved plan obtained an opinion letter on November 14, 2022, in which the Internal Revenue Service stated that the form of the pre-approved plan, as then designed, was acceptable under Section 401 of the IRC. Although the Plan has been amended since adopting the pre-approved plan, the Plan administrator believes that the Plan is currently designed and operating in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust is tax exempt.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.
