Independent Auditor's Report

To the Plan Administrator of the UFP Technologies, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the UFP Technologies, Inc. 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note G to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets which provide benefits under the plan and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Emphasis of Matter – Plan Transfer

As further discussed in Notes A and J, effective January 1, 2025, AJR Enterprises, LLC adopted the Plan and the assets held in the Rukel Management, LLC 401(k) Plan attributable to employees of AJR Enterprises, LLC were transferred into the Plan effective January 13, 2025. Our opinion is not modified with respect to this matter.

Emphasis of Matter – Plan Mergers

As further discussed in Notes A and K, the Company acquired Marble Medical, Inc. and Welch Fluorocarbon, Inc. during 2024, and the assets held in the Marble Medical, Inc. 401(k) Retirement Plan and the Welch Fluorocarbon, Inc. 401(k) Profit Sharing Plan were merged with and into the Plan effective as of July 9, 2025 and July 10, 2025, respectively, and ceased to exist as separate plans. Our opinion is not modified with respect to this matter.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For

information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified information in the supplemental schedule related to assets which provide benefits under the plan and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

UFP TECHNOLOGIES, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

A. PLAN DESCRIPTION:

The following description of the UFP Technologies, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for more detailed information.

General

The Plan is a defined contribution plan sponsored by UFP Technologies, Inc., and certain participating subsidiaries (collectively, the "Company") covering substantially all employees who have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Employees may enter the Plan on the first day of the month coincident with or following satisfaction of the three-month service requirement.

Effective January 13, 2025, there was a transfer in from the Rukel Management, LLC 401(k) Plan of assets attributable to employees of AJR Enterprises, LLC. Additionally, assets from the Marble Medical, Inc. 401(k) Retirement Plan and the Welch Fluorocarbon, Inc. 401(k) Profit Sharing Plan were merged with and into the Plan on July 9, 2025 and July 10, 2025, respectively, and ceased to exist as separate plans. See Notes J and K.

Contributions

Contributions to the Plan are made by both participating employees and the Company. Participants may contribute up to the maximum amount allowed by law on a pre-tax or after-tax Roth basis, subject to Internal Revenue Code ("IRC") limitations. Participants who are at least age 50 may make an additional "catch-up" contribution subject to IRC limitations. Participants may also contribute funds from another qualified retirement plan ("rollover contributions"), subject to certain requirements.

The Company makes a safe harbor matching contribution totaling 100% of the first 3% and 50% of the next 2% of compensation deferred each paycheck for a maximum match of 4% of compensation. The Company's Board of Directors may elect to contribute a discretionary profit-sharing amount to employees who have completed 1,000 hours of service and are actively employed at the end of the plan year. The Company may also elect to make a discretionary matching contribution. The Company elected to not contribute discretionary profit sharing or matching contributions to the Plan for the year ended December 31, 2025.

Participant Accounts

Each participant's account is credited or charged with contributions, investment income, and administrative expenses. Investment income, including realized and unrealized gains and losses, and expenses are allocated to participants' accounts based on each participant's account balance within each fund. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

UFP TECHNOLOGIES, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Vesting

Participants are fully vested in that portion of their account which represents their contributions, safe harbor matching contributions, and the income earned thereon. Participants become 100% vested in the Company's contributions and earnings thereon upon death, total and permanent disability, or attainment of normal retirement age. Otherwise, a participant's interest in the Company's non-safe harbor contributions and earnings thereon vests according to the following schedule:

<u>Completed Years of Service</u>	<u>Percent Vested</u>
Less than 2 years	0%
At least 2 years	25%
At least 3 years	50%
At least 4 years	75%
At least 5 Years	100%

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of a participant's account represents a forfeiture, as defined by the Plan. If a forfeiting participant is re-employed and fulfills certain requirements, as set forth in the Plan, the participant's account will be restored. Forfeitures are used to reduce future company contributions or to pay administrative expenses.

Unallocated Assets

The Plan has an unallocated account which receives deposits as a result of a revenue sharing agreement with Voya. During 2025, deposits to the account totaled \$46,391, which is included in net appreciation (depreciation) in fair value of investments in the statement of changes in net assets available for benefits. Funds in the account are used to pay qualified plan expenses including investment management fees, custodian fees, and audit fees and can be allocated to participants. During 2025, \$41,449 was used to pay plan expenses.

Distribution of Benefits

Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Participants may elect a lump sum distribution.

A participant may also request a withdrawal upon attainment of age 59 1/2 or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship", as defined in the plan document. Participants may withdraw from their rollover account at any time.

UFP TECHNOLOGIES, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. Loans must bear a rate of interest of prime plus 1%. All loans must be repaid within five years unless the proceeds are used to acquire a principal residence, in which case a longer repayment period is allowed. No more than one loan may be outstanding at any time. Principal and interest is generally paid ratably through payroll deductions each pay period.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

UFP TECHNOLOGIES, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Contributions

Contributions from plan participants and company contributions are recorded in the year in which the participant contributions are withheld from compensation.

Prepaid Contributions

Prepaid contributions to the Plan represent 2026 contributions from plan participants and company contributions prepaid in 2025 and 2025 contributions from plan participants and company contributions prepaid in 2024.

Expenses of the Plan

The administrative expenses incurred by the Plan are paid through the unallocated account. Expenses not paid from that account are paid for by the Company. Expenses that are paid by the Company are excluded from these financial statements. Participant transaction fees and recordkeeping fees are paid for by participants. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

C. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

UFP TECHNOLOGIES, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled separate accounts - Valued at the net asset value of units of a pooled separate account. The net asset value, as provided by the contract issuer, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

The Plan holds no investments that are required to be disclosed separately based on their level within the fair value hierarchy as of December 31, 2025 and 2024:

	2025	2024
Investments measured at net asset value(1):		
Pooled separate accounts	\$ 70,452,525	\$ 51,843,682
Investment at fair value	<u>\$ 70,452,525</u>	<u>\$ 51,843,682</u>

(1) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Accounting standards require disclosure of investment strategies for investments valued using net asset value as a practical expedient to estimate fair value if the investment does not file a Form 5500 with the DOL as direct filing entity ("DFE"). The following table discloses investment strategies for such investments:

	2025	2024
Investments measured at net asset value (non DFE's):		
Pooled separate accounts:		
Large cap growth (a)	\$ 10,540,134	\$ 9,172,326
Large cap value (b)	12,131,225	9,255,376
Bond (c)	5,176,474	3,180,381
Small/mid/specialty (d)	7,639,250	6,744,916
Stability of principal (e)	1,449	58
Global/international (f)	8,613,748	5,978,052
Balanced (g)	2,587,550	1,854,898
Target date (h)	23,762,695	15,657,675
Total pooled separate accounts	<u>\$ 70,452,525</u>	<u>\$ 51,843,682</u>

UFP TECHNOLOGIES, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

- (a) Large cap growth pooled separate accounts invest primarily in stocks of larger U.S. companies employing an investment style of growth.
- (b) Large cap value pooled separate accounts seek long-term growth of capital or a combination of growth and income by investing primarily in stocks of larger, mature companies. Stocks are selected for price appreciation and for the value of the current income provided through dividends.
- (c) Bond pooled separate accounts are invested in fixed income securities with the goal of income or growth of income with less emphasis on capital appreciation.
- (d) Small/mid/specialty pooled separate accounts employ investment styles of growth, value, or a blend of growth and value. These funds seek capital appreciation by investing primarily in stocks of small-and medium-sized companies.
- (e) The stability of principal separate account is invested in conservative investment options that seek to hold the principal value of an investment stable through all market conditions.
- (f) Global/international pooled separate accounts can have an investment style of Foreign Large Value, Foreign Large Blend, Foreign Large Growth, Foreign Small/Mid Value or Foreign Small/Mid Growth. These funds invest in stocks of companies outside of the United States. Global funds have an investment style of World Stock. These funds invest in stocks of companies in the United States and developed countries outside of the United States.
- (g) Balanced pooled separate accounts seek to balance growth of principal and current income by investing in a combination of stocks and bonds.
- (h) Target date pooled separate accounts seek to provide capital appreciation and current income consistent with its current asset allocation.

Redemptions of investments in the pooled separate accounts are allowed daily and there are no unfunded commitments.

D. INVESTMENTS AT CONTRACT VALUE:

The Plan holds a traditional investment contract issued by Voya Retirement Insurance and Annuity Company ("Voya"). The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

With traditional investment contracts, the Plan owns only the contract itself. These contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent. Such interest rates are reviewed on an annual basis for resetting. The contract does not have a maturity date.

UFP TECHNOLOGIES, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Redemptions of the contract may be paid in payments over a period of 60 months or subject to a market value adjustment.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuers. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

E. RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS:

Section 3(14) of ERISA defines a party in interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the custodian are considered party in interest transactions.

F. TAX STATUS:

The Company has adopted a restated pre-approved plan document of the Angell Pension Group Inc, and the Internal Revenue Service ("IRS") has determined and informed the sponsor of the pre-approved plan document by a letter dated June 30, 2020 that the pre-approved plan document is designed in accordance with applicable sections of the IRC.

Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions.

UFP TECHNOLOGIES, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

G. CERTIFIED INVESTMENTS:

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2025 and 2024, and net appreciation (depreciation) in fair value of investments and interest and dividends for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Voya Retirement Insurance and Annuity Company, the custodian of the Plan.

H. PLAN TERMINATION:

Although the Plan was established with the intention that it will continue indefinitely, the Company retains the right to discontinue its contributions at any time or to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, all participants will become 100% vested in their accounts.

I. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

J. PLAN TRANSFER:

Effective January 1, 2025, AJR Enterprises, LLC adopted the Plan and \$2,935,573 in assets held in the Rukel Management, LLC 401(k) Plan attributable to employees of AJR Enterprises, LLC were transferred into the Plan effective January 13, 2025.

K. PLAN MERGERS:

Effective July 1, 2025, Marble Medical, Inc. and Welch Fluorocarbon, Inc. adopted the Plan, and the assets of \$1,445,495 and \$5,164,715 held in the Marble Medical, Inc. 401(k) Retirement Plan and the Welch Fluorocarbon, Inc. 401(k) Profit Sharing Plan were merged with and into the Plan effective as of July 9, 2025 and July 10, 2025, respectively, and ceased to exist as separate plans.

L. SUBSEQUENT EVENTS:

The Plan has evaluated subsequent events through July 30, 2026, the date these financial statements were available for issuance.

Effective as of January 2, 2026, the assets held in the UNIPEC, Inc. 401(k) Profit Sharing Plan were merged with and into the Plan and ceased to exist as a separate plan.
