INDEPENDENT AUDITOR'S REPORT

Participants, Administrator, and Plan Sponsor
A.E. Robinson Oil Co., Inc. Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of A.E. Robinson Oil Co., Inc. Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with U.S. generally accepted auditing standards (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

Notes to Financial Statements

December 31, 2025 and 2024

1. Description of Plan

The following description of the A.E. Robinson Oil Co., Inc. Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

General

The Plan covers eligible employees of A.E. Robinson Oil Co., Inc. (the “Company”). The purpose of the Plan is to provide retirement income and other benefits to eligible employees of the Company. The Plan is a prototype defined contribution plan sponsored by ADP Retirement Services with a 401(k) salary deferral arrangement. ADP Retirement Trust Services, LLC, (trustee) serves as the Plan’s trustee.

Eligibility

Employees are eligible to participate in the Plan as well as any employer safe harbor or profit-sharing contributions when they have completed one year of service, as defined by the Plan documents, and have attained the age of 18. The entry date for all contribution types is the first day of the plan year quarter coinciding with or following the date the employee satisfies the Plan’s eligibility requirements.

Contributions

Participants are permitted to make elective deferrals as a pre-tax deferral or as a Roth deferral in any amount up to 90% of their compensation subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants deferring to the Plan are eligible for a safe harbor matching contribution equal to 100% of salary deferrals that do not exceed 3% of the employee’s compensation plus 50% of salary deferrals between 3% and 5% of an employee’s compensation. For purposes of calculating the safe harbor matching contribution, the compensation and deferrals are determined on a payroll period basis.

The Plan also offers an employer discretionary profit-sharing provision applicable to all active employees who have completed at least 1,000 hours of service during the plan year. Profit sharing contributions made to the Plan are allocated in the ratio that a participant’s eligible compensation bears to the total eligible compensation paid to all eligible participants. For the year ended December 31, 2025, the Company contributed \$400,000 as a discretionary profit sharing amount.

Investments held by the Plan on behalf of participants are participant-directed, meaning that the individual participant selects the investments for his or her individual account.

Notes to Financial Statements

December 31, 2025 and 2024

Participant Accounts

Each participant's account is credited with the participant's contributions and Company safe harbor matching contributions, as well as an allocation of (a) the Company's profit-sharing contributions, (b) plan earnings, and (c) charged with an allocation of certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon and the Company's safe harbor matching contributions. Vesting of any employer nonelective or discretionary profit-sharing contributions will vest in equal installments over five years.

Payment of Benefits

On termination of service, a participant with an account balance of more than \$5,000 may elect to receive either a lump-sum distribution of their entire vested account balance, a partial distribution of any portion of their vested account balance, or installments over a period consistent with the terms of the Plan document. Vested terminated balances greater than \$1,000 but less than \$5,000, for which there is no participant direction, are automatically distributed to an individual retirement account for the benefit of the participant. Participants are permitted to elect in-service withdrawals for hardship reasons or if age 59 ½ is attained.

Forfeited Accounts

Forfeited accounts are allocated in the Plan year in which the break in service occurs, to the extent attributable to nonvested nonelective or profit-sharing contributions. For the year ended December 31, 2025, forfeitures used to reduce employer safe harbor contributions totaled approximately \$7,992. Forfeitures were not used to reduce administrative fees in 2025. As of December 31, 2025 and 2024, there was \$19 and \$20, respectively, of unallocated forfeitures.

2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan have been prepared under the accrual basis, except that benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual amounts may differ from those estimates.

A.E. ROBINSON OIL CO., INC. PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2025 and 2024

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by investment advisors and trustee. The Plan invests in shares of registered investment companies (e.g. mutual funds) and units of a common collective trust fund. See Note 4 for disclosure of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recorded on the accrual basis. Net appreciation in fair value include the Plan's realized and unrealized gains and losses on investments bought and sold as well as those held during the year.

Certain management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, certain management fees and operating expenses are reflected as a direct reduction of investment return for such investments.

Payment of Benefits

Benefits may be paid upon termination, death, disability, retirement or hardship. Benefit payments are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from the accompanying financial statements.

Subsequent Events

The Plan has considered transactions or events occurring through July 21, 2026, which was the date that the financial statements were available to be issued.

Notes to Financial Statements

3. Certified Information

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan administrator has obtained certifications from the trustees as of December 31, 2025 and 2024, and for the year ended December 31, 2025, that the following information provided to the Plan administrator is complete and accurate:

- Statements of net assets available for benefits
 - Investments, at fair value
- Statement of changes in net assets available for benefits
 - Interest and dividends
 - Net appreciation in fair value of investments
- Schedule H, Line 4i – Schedule of assets (held at end of year)

4. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A.E. ROBINSON OIL CO., INC. PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2025 and 2024

Below are the Plan's investments carried at fair value on a recurring basis by their fair value hierarchy levels, described above:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Assets:				
Mutual funds	\$ 9,752,017	\$ -	\$ -	\$ 9,752,017
Common/collective trust	-	1,040,128	-	1,040,128
Total assets at fair value	<u>\$ 9,752,017</u>	<u>\$ 1,040,128</u>	<u>\$ -</u>	<u>\$ 10,792,145</u>

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Assets:				
Mutual funds	\$ 7,894,931	\$ -	\$ -	\$ 7,894,931
Common/collective trust	-	990,651	-	990,651
Total assets at fair value	<u>\$ 7,894,931</u>	<u>\$ 990,651</u>	<u>\$ -</u>	<u>\$ 8,885,582</u>

Mutual Funds - Investments in mutual funds are valued daily at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

Common/Collective Trust ("CCT") – The fair value of the CCT is determined using Level 2 inputs. The fair value of the investments is each CCT's pro-rata share of the fair value of the securities in the underlying separate account(s) in which the CCT participates. The CCT provides a fixed interest rate for a fixed period that will apply to the entire guaranteed value. The interest rate is reset every quarter as determined by MetLife with consideration of the fair value of the separate accounts, the anticipated market yields-to-maturity of benchmark indices of the separate accounts, expected payments into and out of the contract, amortization of the difference, if any, between the fair value of the separate accounts and the guaranteed value of the contract, and the fees allowed under the CCT. The Plan's management has determined that its investment in the Stable Value Fund is classified as Level 2 in the fair value hierarchy.

The methods described above may produce fair values that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

December 31, 2025 and 2024

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants should refer to the Plan documents for a description of the priorities or distribution of Plan benefits in the event of termination.

6. Tax Status

The Company adopted a prototype non-standardized profit sharing and 401(k) plan which received a favorable opinion letter from the Internal Revenue Service dated October 6, 2020. The Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is subject to audit by various taxing authorities; however, there are currently no audits for any tax periods in progress.

7. Administrative Expenses

The Company absorbs significant costs associated with administering the Plan. For the year ended December 31, 2025, certain fees for fiduciary services and investment advisory services of \$29,739 were being charged to the Plan and allocated to the participants.

8. Related Party/Party In-Interest Transactions

ADP Retirement Trust Services, LLC performed trustee services for the Plan for the year ended December 31, 2025. Reliance Trust Company performed trustee services for the Plan for the year ended December 31, 2024. The trustees are considered a party-in-interest to the Plan. Accordingly, transactions with the trustees, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Certain employees and officers of the Company, who may also be participants in the Plan, perform administrative services for the Plan at no cost to the Plan.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits.
