Report of Independent Auditor

To the Plan Administrator and Participants
Appalachian Regional Healthcare, Inc. Voluntary Plan
Lexington, Kentucky

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Appalachian Regional Healthcare, Inc. Voluntary Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the investment information is prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in *the Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025, is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and to other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

APPALACHIAN REGIONAL HEALTHCARE, INC. VOLUNTARY PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

Note 1—Description of the Plan

The following description of the Appalachian Regional Healthcare, Inc. Voluntary Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution annuity contract plan under Internal Revenue Code ("IRC") Section 403(b)(1) covering all employees of Appalachian Regional Healthcare, Inc. (the "Plan Sponsor" or "Employer") that are not eligible to participate in another plan of the Plan Sponsor which is a governmental 457(b), 401(k) or another 403(b) plan. An employee is eligible to participate in the Plan upon his or her hire date. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration – The Plan Sponsor has designated certain employees, who serve without additional compensation, to administer the Plan. The Plan administrator has the overall responsibility and authority as the named fiduciary to manage and control the operations and administration of the Plan and may designate one or more individuals to perform those responsibilities. The Plan provides for investments in insurance investment contracts, mutual funds, and separate accounts maintained by Voya Retirement Insurance and Annuity Company ("VOYA"), Mutual of America Life Insurance Company ("Mutual of America"), Transamerica Financial Life Insurance Company, Inc. ("TFLIC"), Transamerica Life Insurance Company ("TLIC"), and State Street Bank and Trust Company ("State Street"), the "custodians" for the Plan.

Contributions – Each year, participants may elect to contribute a percentage of their eligible annual pre-tax compensation and after-tax Roth compensation, as defined by the Plan, not to exceed the annual maximum limit established by the IRC. Rollover contributions are allowed subject to approval by the Plan administrator. Catch-up contributions are also permitted by the Plan.

Participant Accounts – Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, specific participant transaction costs, or account balances, as defined. The benefit to which a participant is entitled is the benefit which can be provided from the participant's vested account.

Vesting – Participants are fully vested in their individual accounts.

Investment Options – Upon enrollment in the Plan, participants may direct the investment of their accounts into various investment options offered by the Plan. They may change their investment options among those investments provided at any time during the Plan year.

Notes Receivable from Participants – Participants may borrow from their individual accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the balance of other loans outstanding or 50% of their vested account balance. Generally, the term of the loan may not exceed five years. However, if the loan is for the purchase of a participant's principal residence, the Plan administrator may permit a longer term. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are repaid ratably through participants submitting payments directly to the custodians of the Plan.

Payment of Benefits – Upon termination of service or attaining normal retirement age, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account, or periodic annuity payments. In-service and hardship withdrawals are also allowed as defined in the Plan agreement.

APPALACHIAN REGIONAL HEALTHCARE, INC. VOLUNTARY PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

Note 2—Summary of significant accounting policies

Basis of Presentation – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The Accounting Standards Codification ("ASC") as produced by the Financial Accounting Standards Board ("FASB") is the sole source of authoritative U.S. GAAP.

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. Related fees are charged directly to the borrowing participant's account and are included in the administrative expenses when incurred.

Payments of Benefits – Benefits are recorded when paid. There were no benefit payments requested and not yet disbursed at December 31, 2025 and 2024.

Administrative Expenses – All administrative expenses of the Plan, with the exception of certain record keeping fees, are absorbed by the Plan Sponsor and are therefore excluded from these financial statements.

Investment Management Fees and Operating Expenses – Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair values of investments.

Transfer of Plan Assets – Transfers represent Plan assets received from or disbursed to Appalachian Regional Healthcare, Inc. Thrift Plan.

Note 3—Information prepared and certified by qualified institutions

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya, Mutual of America, TFLIC, TLIC, and State Street, qualified institutions, have certified to the completeness and accuracy of the following data including in the accompanying financial statements and supplemental schedule.

- Investments at fair value and investments at contract value as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Net appreciation in fair value of investments and interest and dividends, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024.

- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025.

Note 4—Fair value measurements

U.S. GAAP provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value including the general classification of such assets pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Insurance General Account Investment Contracts – Valued based on terms specified in the contracts. The contracts are credited with declared rates of interest and are subject to a minimum rate described in the contract. At December 31, 2025 and 2024, the fair value of these contracts approximated contract value. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The contracts are not fully benefit-responsive due to restrictions on the initiation of certain transactions in the contracts.

Sub-Accounts of Separate Account of an Insurance Company – Valued at the NAV of units held by the Plan at year-end provided by the issuer of the account. The NAV is used as a practical expedient to estimate fair value and is based on the value of the underlying investment assets held through sub-accounts of a separate account of an insurance company. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. Sub-accounts are comprised, primarily, of shares of mutual funds held through sub-accounts of an insurance company at December 31, 2025, and 2024. The sub-accounts seek to mirror the investment objectives and strategies of the underlying mutual fund for which the sub-account is named.

APPALACHIAN REGIONAL HEALTHCARE, INC. VOLUNTARY PLAN **NOTES TO THE FINANCIAL STATEMENTS**

DECEMBER 31, 2025 AND 2024

Note 4—Fair value measurements (continued)

Certain sub-accounts are target date funds which seek capital appreciation and current income consistent with asset allocation that become more conservative over time to the specified retirement date. The investments are redeemable at the adjusted NAV on a daily basis under agreements with the insurance company. There are currently no redemption restrictions or unfunded commitments on these investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31:

2025				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,877,775	\$ -	\$ -	\$ 3,877,775
Insurance general account investment contracts	-	6,021,026	-	6,021,026
Total assets in the fair value hierarchy	<u>\$ 3,877,775</u>	<u>\$ 6,021,026</u>	<u>\$ -</u>	9,898,801
Investments measured at NAV (a)				15,851,664
Investments, at fair value				<u>\$ 25,750,465</u>

2024				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,410,972	\$ -	\$ -	\$ 3,410,972
Insurance general account investment contracts	-	7,192,539	-	7,192,539
Total assets in the fair value hierarchy	<u>\$ 3,410,972</u>	<u>\$ 7,192,539</u>	<u>\$ -</u>	10,603,511
Investments measured at NAV (a)				15,780,403
Investments, at fair value				<u>\$ 26,383,914</u>

(a) Certain investments measured at fair value using NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 5—Fully benefit-responsive investment contracts

The Plan has fully benefit-responsive investment contracts with Voya, TFLIC and TLIC (collectively, the "issuers"). The issuers maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contracts are included in the financial statements at contract value as reported to the Plan by the issuers. Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attributed for that portion of the net assets available for benefits of a defined contribution plan attributable to the guaranteed investment contracts. Contract value represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expense. Participants may ordinarily direct the withdrawal or transfer of all of a portion of their investment at contract value. The guaranteed investment contracts' issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed by the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

APPALACHIAN REGIONAL HEALTHCARE, INC. VOLUNTARY PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

Note 5—Fully benefit-responsive investment contracts (continued)

Certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event which would limit the Plan's ability to transact at contract value with participants is probable.

The guaranteed investment contracts do not permit the issuers to terminate the agreement prior to the scheduled maturity date.

Note 6—Related party and party-in-interest transactions

Certain administrative services are provided by the Plan Sponsor at no cost to the Plan and certain administrative costs incurred by the Plan are paid by the Plan Sponsor. The Plan has entered into various service agreements with parties-in-interest. It invests in insurance contracts and sub-accounts managed by the custodians of the Plan. These transactions as well as notes receivable from participants and related activity qualify as party-in-interest.

Note 7—Income tax status

The Internal Revenue Service ("IRS") ruled on March 31, 2017, that the Volume Submitter 403(b) Plan of Frost Brown Todd LLC, upon which the Plan is based, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8—Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

Note 9—Risks and uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the financial statements.

APPALACHIAN REGIONAL HEALTHCARE, INC. VOLUNTARY PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

Note 10—Subsequent events

The Plan has evaluated all subsequent events through July 20, 2026, which is the date these financial statements were available to be issued and has determined there are no subsequent events that require disclosure.
