Independent Auditor's Report

The Plan Administrator
Trek Bicycle Corporation 401(k) Plan
Waterloo, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Trek Bicycle Corporation 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The ERISA-required supplemental schedule, Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the ERISA-required supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the ERISA-required supplemental schedule, we evaluated whether the ERISA-required supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the ERISA-required supplemental schedule, other than the information in the ERISA-required supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the ERISA-required supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Trek Bicycle Corporation 401(k) Plan

Notes to Financial Statements

1. Plan Description

The following description of the Trek Bicycle Corporation 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

Trek Bicycle Corporation (Trek or the Plan Sponsor) established the Plan in 1996. Effective January 1, 2019, Trek Retail Corporation, a wholly owned subsidiary, adopted the Plan as a participating employer. The Plan is a defined contribution 401(k) savings plan for the benefit of substantially all domestic employees of the Plan Sponsor who have completed six months of service, or 500 service hours. The Plan Administrative Committee is responsible for oversight of the Plan. The Plan Administrative Committee also determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to defer up to 100% of their pre-tax compensation, as defined in the Plan document, up to the Internal Revenue Code (IRC) maximum amount, provided these contributions will not cause the Plan to exceed 401(k) discrimination limits. Participants who will attain age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants are allowed to designate all or a portion of their 401(k) elective deferral contributions as Roth elective deferral contributions. The Plan includes an auto-enrollment provision whereby all new participants are automatically enrolled to make pre-tax contributions of 6% of their eligible compensation unless they affirmatively elect not to participate or elect to participate at a different level.

The Plan Sponsor makes matching contributions of amounts equal to 100% of each participant's pre-tax contributions per pay period up to 1% of compensation and 50% of each participant's pre-tax contributions per pay period of the next 5% of compensation. Contributions are subject to certain IRC limitations.

Transfers In

In the event that a participant terminates employment or a qualified domestic relations order, the participant has a balance greater than \$1,000, and the participant does not elect a distribution from the Trek Bicycle Corporation Employee Stock Ownership Plan (ESOP), the participants vested balance will be transferred from the ESOP to the Plan. The amount transferred to the Plan totaled \$5,295,154 for the year ended December 31, 2025.

Participant Accounts

Participant accounts are credited with participant contributions and the Plan Sponsor's matching contribution and an allocation of Plan earnings and charged with an allocation of administrative expenses. Allocations are based on the participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account, as defined.

Trek Bicycle Corporation 401(k) Plan

Notes to Financial Statements

Investments

Participants direct the investment of their account balance into various investment options offered by the Plan. Participants are able to make daily changes to their investment options.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable from participants generally have repayment terms ranging up to five years. The notes are secured by the balance in the participant's account and bear interest at a rate determined by the Plan Administrator as the Federal Reserve Bank prime lending rate as of the note request date, plus 1%. Principal and interest are paid ratably through payroll deductions.

Vesting

Participants are immediately 100% vested in all participant and Plan Sponsor matching contributions, plus actual earnings thereon.

Payment of Benefits

Benefits are payable under the Plan upon death, disability, retirement, or separation of service from the Plan Sponsor. No hardship withdrawals are permitted by the Plan. A participant's account balance is distributable to the participant upon termination of employment if the balance is less than \$1,000.

In-Service Withdrawals

Active participants who reach age 59½ may withdraw all or part of their vested accounts.

Plan Adoptions

During 2025, the Plan implemented the higher catch-up contribution limits for eligible participants ages 60 through 63, effective January 1, 2025, and elected to implement mandatory Roth treatment of catch-up contributions for certain participants whose prior-year FICA wages exceed the applicable statutory threshold, effective January 1, 2026.

The Plan expects to execute a formal conforming amendment during 2026 to incorporate these and other applicable provisions of the Setting Every Community Up for Retirement Act (SECURE) Act 1.0 and 2.0.

Trek Bicycle Corporation 401(k) Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

At December 31, 2025, the Plan held \$27,566,176 of MFS Lifetime 2045 R3 which represents more than 10% of the Plan's net assets available for benefits. At December 31, 2024, the Plan held no investments that represented 10% or more of the Plan's net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Trek Bicycle Corporation 401(k) Plan

Notes to Financial Statements

Administrative Expenses

Administrative expenses of the Plan are paid by either the Plan or the Plan Sponsor as provided in the Plan document. Administrative expenses paid directly by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants and certain fees related to distributions from the Plan are charged directly to the participant's account.

3. Information Certified by Trustee

Certain information related to investments of the Plan disclosed in the accompanying financial statements and supplemental schedule required by ERISA, including investments held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest, and dividends for the year ended December 31, 2025, was obtained and derived from information supplied to the Plan Administrator and certified as complete and accurate by State Street Bank and Trust Company, a qualified institution. As elected by the Plan Administrator, no auditing procedures have been performed on this information except to compare such information to the information included in the accompanying financial statements and supplemental schedule required by ERISA.

4. Fair Value Measurements

The Plan follows Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - This level consists of unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 - This level consists of quoted prices in markets that are not considered to be active, or financial instruments for which all significant inputs are observable, either directly or indirectly.

Level 3 - This level consists of prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

For the year ended December 31, 2025, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Trek Bicycle Corporation 401(k) Plan

Notes to Financial Statements

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trusts

The collective investment trusts are valued based on the NAV of the units of the collective investment trusts. The NAV, as provided by the trustee of the collective investment trusts, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments held by the trust less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value.

December 31, 2025

* The investments in the collective investment trusts are measured at fair value using the NAV per share (or its equivalent) practical expedient, which has not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Notes to Financial Statements

5. Related Party and Party-in-Interest Transactions

The Plan invests in a cash account sponsored and managed by State Street Bank and Trust Company. State Street Bank and Trust Company is the current trustee for the Plan named in the TransAmerica Retirement Solutions, LLC service agreement. TransAmerica Retirement Services, LLC is the recordkeeper, and provides recordkeeping and information management services; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to TransAmerica Retirement Services, LLC for these services were approximately \$272,000 for the year ended December 31, 2025.

Certain employees of the Plan Sponsor provide administrative services for the Plan and are not reimbursed for their services from the Plan.

Notes receivable from participants are also party-in-interest transactions.

6. Plan Termination

Although the Plan Sponsor has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue Plan Sponsor contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will remain 100% vested in their accounts.

7. Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated May 26, 2015 stating that the Plan is qualified under the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

8. Subsequent Events

The Plan's management has evaluated subsequent events through July 30, 2026, the date on which the financial statements were available to be issued.
