| <b>Part I</b> | <b>Service Provider Information (see instructions)</b> |
|---------------|--------------------------------------------------------|

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

**1 Information on Persons Receiving Only Eligible Indirect Compensation**

- a** Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions).. . . . . ☒ Yes ☐ No
- b** If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

| <b>1</b> Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. <b>Round off amounts to the nearest dollar.</b> MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of Wyoming Seminary Defined Contribution Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Wyoming Seminary Defined Contribution Retirement Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Wyoming Seminary Defined Contribution Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Wyoming Seminary Defined Contribution Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Wyoming Seminary Defined Contribution Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Wyoming Seminary Defined Contribution Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Other Matter***

#### ***Supplemental Schedule Required by ERISA***

The supplemental Schedule H, Line 4i - Schedule of Assets (held at end of year) at December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**WYOMING SEMINARY DEFINED CONTRIBUTION RETIREMENT PLAN  
NOTES TO FINANCIAL STATEMENTS**

**YEARS ENDED DECEMBER 31, 2025 AND 2024**

**1. Description of the Plan**

The following description of the Wyoming Seminary Defined Contribution Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution plan that operates under Section 403(b) of the Internal Revenue Code ("IRC") covering substantially all employees of Wyoming Seminary College Preparatory School ("Seminary") except for employees whose elective deferral is less than \$200 per year, employees who normally work fewer than ten hours per week and less than 500 hours per year, those eligible under another Section 403(b), 401(k) or 457 eligible governmental plans of Seminary, non-resident aliens and students. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan Administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

**Contributions**

Each year, participants may elect to contribute any amount of their eligible compensation (with a minimum of 1%), up to the maximum limits defined by the IRC. Participants who have attained the age of 50 before the close of the plan year were eligible to make an additional catch-up contribution up to \$7,500 and \$7,500 in 2025 and 2024, respectively. Participants who have completed 15 years of service may make additional contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants direct the investment of their accounts into various investment options offered by the Plan.

Seminary provides a discretionary matching contribution of the participant's compensation for participants who are age 21, have completed one year of service and contribute at least 1% of their eligible compensation during the plan year. During 2025, Seminary's match was 5%. During 2024, Seminary's match was 5%. Contributions are subject to certain IRS limitations.

**Participant accounts**

A separate account is maintained for each participant. Each participant's account is credited with the participant's contributions, including rollovers, and Seminary's matching contributions and Plan earnings, including interest and dividends and net realized and unrealized appreciation in fair value of investments. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan and Plan losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

Participants are fully vested in their contributions, as well as any matching contributions by Seminary plus actual earnings thereon at all times.

**Notes Receivable from Participants**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates that are commensurate with local

prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably directly by the participant to the Teachers Insurance and Annuity Association and College Retirement Equities Fund ("TIAA-CREF"). In addition, as discussed in Note 9, there are loans outside of the Plan issued by TIAA-CREF.

**Payment of benefits**

On termination of service, death, disability, retirement or the attainment of age 59½, a participant is eligible to receive a distribution of their account balance. The normal form of benefit payment is a qualified joint and survivor annuity for married participants and a life annuity for unmarried participants. Participants can also elect a lump sum distribution. Hardship withdrawals are also permitted by the Plan.

**Expenses**

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by Seminary. Certain expenses of maintaining the Plan are paid directly by Seminary and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

**SECURE 2.0 Act**

President Biden signed the Consolidated Appropriations Act (CAA), including the SECURE 2.0 Act, into law on December 29, 2022. SECURE 2.0 builds on changes made by the SECURE Act of 2019 and the Plan document has been amended for the provisions required to be effective in 2025 and will be amended in accordance with the required timeline of the act to meet the applicable provisions effective after December 31, 2025.

**2. Summary of Significant Accounting Policies**

**Basis of Accounting**

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

**Use of Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition**

Investments are reported at fair value (except for the fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 5 for a discussion of fair value

measurements. Pooled separate accounts are valued based upon the unit values of such pooled accounts held by the Plan at year end. Unit values are based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means, although are not based upon quoted market prices in an active market. The underlying investments of the pooled separate accounts consist of mutual funds, each of which follows a separate investment strategy. Due to the nature of these pooled accounts, there are no unfunded commitments or redemption restrictions.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

There have been no changes in the methodologies used at December 31, 2025 and 2024.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold during the year.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**Contributions**

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

**Notes Receivable From Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participants' account and are recorded as administrative expenses and are expensed when they are incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

**Administration of Plan Assets**

The Plan's assets are administered under a contract with TIAA-CREF, the custodian of the Plan. TIAA-CREF invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants. Certain administrative expenses of maintaining the Plan are paid by Seminary and are excluded from these financial statements. Expenses of \$32,123 and \$39,524 were paid by the Plan in 2025 and 2024, respectively.

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by

Seminary. Expenses that are paid by Seminary are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

**Payment of Benefits**

Benefits are recorded when paid.

**Subsequent Events**

The Plan has evaluated subsequent events for recognition or disclosure through May 12, 2026, the date the financial statements were available to be issued.

**3. Investments**

The following investments represent 10% or more of the Plan's net assets available for benefits at December 31, 2025 and 2024:

**4. Traditional Annuity Contract with Insurance Company**

The Plan offers the option to invest in the TIAA Traditional Annuity Account, a guaranteed fixed annuity contract with TIAA-CREF. The TIAA Traditional Annuity Account is a contractual obligation to repay the principal and a specified interest rate that is guaranteed to the Plan.

Contributions are maintained in a general account which is credited with earnings based on the guaranteed rate of return.

Plan participants enter into these contractual agreements with TIAA-CREF by selecting a TIAA Traditional Annuity Account. Participants of the Plan may invest in one of the following traditional accounts: Retirement Annuity ("RA") or Supplemental Retirement Annuity ("SRA"), which have varying withdrawal options and distributions.

The SRA is a fully-benefit responsive guaranteed contract. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by TIAA-CREF, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

**WYOMING SEMINARY DEFINED CONTRIBUTION RETIREMENT PLAN  
NOTES TO FINANCIAL STATEMENTS**

**YEARS ENDED DECEMBER 31, 2025 AND 2024**

The RA is a non-benefit responsive guaranteed contract and is valued based upon TIAA-CREF's quoted redemption value of the contract owned by the Plan participant at year end.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon by the issuer, which will not be less than zero percent. Such interest rates are reviewed on an annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes under ERISA, or (5) premature termination of the contract. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with the Plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The TIAA Traditional Annuity Accounts are single group annuity contracts with a fixed rate of interest. Interest is credited to the accounts and accumulations include a guaranteed rate, plus discretionary additional amounts determined annually by the TIAA-CREF Board of Trustees. The additional amounts, when declared, remain in effect through the "declaration year," which begins each March 1. The guaranteed annual interest rate is a minimum of 3% for all premiums remitted since 2002 under all TIAA Traditional Annuity accumulating contracts. They are not a portfolio of contracts whose yields are based on changes in fair value of underlying assets, therefore the average yield earned by the Plan is the interest earned on the group annuity contracts. The TIAA Traditional Annuity Account does not permit TIAA-CREF to terminate the agreement prior to the scheduled maturity date.

The following table summarizes the crediting interest rates at December 31, 2025 and 2024:

**5. Fair Value and Contract Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

|         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
|---------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
| Level 2 | Inputs to the valuation methodology include <ul style="list-style-type: none"> <li>• Quoted prices for similar assets or liabilities in active markets;</li> <li>• Quoted prices for identical or similar assets or liabilities in inactive markets</li> <li>• Inputs other than quoted prices that are observable for the asset or liability</li> <li>• Inputs that are derived principally from or corroborated by observable market data by correlation or other means</li> </ul> If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments carried at fair value as of December 31, 2025 and 2024:

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2025 and 2024, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers of investments into or out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2025 and 2024, there were no transfers into or out of Level 3. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

The guaranteed annuity contract consists of the TIAA Traditional Annuity Account ("TIAA Account"). The TIAA Account is reported at contract value based on TIAA-CREF's ability to pay the guaranteed claims in accordance with the terms of the contract. As of December 31, 2025 and 2024, TIAA-CREF's credit ratings were as follows: A++ by A.M. Best Company, AAA by Fitch Ratings, Aa1 by Moody's Investors Service, and AA+ by Standard & Poor's. The high credit ratings of TIAA-CREF as of the measurement date uphold the TIAA Account's ability to meet obligations set forth in the contracts.

Contract value is the aggregation of contributions, plus interest, less withdrawals, if any. Crediting rates are a combination of a guaranteed rate and an annually established discretionary rate.

Additionally, the discretionary rate applied to contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end of the prior reporting period. Contract value approximates a discounted cash flow value calculated using an appropriate risk-adjusted market discount rate which correlates closely with TIAA Account's historical crediting rates.

The TIAA Account has redemption restrictions (see Note 4 for a discussion of restrictions) based on the terms of the underlying contract and is an unfunded commitment as claims against the contract are solely supported by TIAA-CREF's ability to pay on such claims.

The redemption restrictions do not have a material impact on the contract value of the TIAA Account.

## **6. Plan Termination**

Although it has not expressed any intent to do so, Seminary has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

**7. Tax Status**

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (Code). The plan administrator and the plan's tax counsel believe that the terms of the Plan have been prepared to conform with the written plan requirements of Section 403(b) of the IRC, and is currently being operated in conformity with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

Management has evaluated the Plan's tax positions and has concluded that the Plan has no uncertain tax positions requiring recognition or disclosure in the financial statements. The Plan is not currently under examination by the Internal Revenue Service.

**8. Information Certified by Custodian**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the years ended December 31, 2025 and 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Teachers Insurance and Annuity Association and College Retirement Equities Fund ("TIAA-CREF") (the custodian of the Plan).

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by TIAA-CREF.

**WYOMING SEMINARY DEFINED CONTRIBUTION RETIREMENT PLAN  
NOTES TO FINANCIAL STATEMENTS**

**YEARS ENDED DECEMBER 31, 2025 AND 2024**

**9. Related Party and Party-in-Interest Transactions**

The Plan's assets are administered under contract with TIAA-CREF. Transactions with TIAA-CREF qualify as party in interest transactions.

Administrative expenses of the Plan are paid by Seminary. Certain administrative functions of the Plan are performed by officers or employees of Seminary. No such officer or employee receives compensation from the Plan.

TIAA-CREF issues loans to plan participants which are secured by the participant's account balance, but are contractual agreements between the custodian and the plan participant and are funded from TIAA-CREF's general fund. A participant is required to transfer 110% of the loan value to the TIAA Traditional Annuity Account upon the issuance of the loan and is restricted from transfers or withdrawals. The restricted account balance is used as collateral on the loan balance in accordance with the terms of the note. The loans are to be repaid over no more than 5 years, unless for a principal residence. The interest rate for the one loan at December 31, 2025 was 4.36%. At December 31, 2024, the interest rates ranged from 4.22% to 4.36%. Those transactions qualify as party-in-interest transactions.

Participant account balances which were held in the TIAA Traditional Annuity Account to collateralize these loans totaled \$4,619 at December 31, 2025 and \$7,928 at December 31, 2024.

These party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

**10. Risks and Uncertainties**

The Plan invests in various investment securities. The Plan's investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
