Independent Auditor's Report

Plan Administrator
Allen Distribution 401(k) and Profit Sharing Plan
Plainfield, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Allen Distribution 401(k) and Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Allen Distribution 401(k) and Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Allen Distribution 401(k) and Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Allen Distribution 401(k) and Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Allen Distribution 401(k) and Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, line 4i - Schedule of Assets (Held at End of Year), as of or for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - Supplemental Schedules Required by ERISA (Continued)

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Allen Distribution 401(k) and Profit Sharing Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Allen Distribution 401(k) and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General and Eligibility

The Plan is a defined contribution profit sharing plan with a 401(k) salary deferral provision, established by Allen Distribution LP (the Company), in which employees are eligible to make pre-tax and roth contributions. The Plan covers all eligible employees of the Company. Employees are eligible to participate in the Plan after completion of 30 days of service and may enter the Plan on the first of the month following completion of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Allen Distribution LP and the Plan's trustees are responsible for oversight of the Plan, determination of the appropriateness of the Plan's investments and for monitoring investment performance. The Plan is administered by a third-party, which uses the services of a custodian and was most recently amended effective January, 1, 2025.

Contributions

Each year, participants may contribute a percentage of pretax annual compensation, as defined in the plan document, up to the maximum limits of the Internal Revenue Code (IRC). Participants also may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Effective for plan years beginning after December 31, 2024, pursuant to the SECURE 2.0 Act of 2022, participants who attain ages 60, 61, 62, or 63 during the taxable year are eligible for an enhanced catch-up contribution limit. For the plan year ended December 31, 2025, the maximum standard catch-up contribution was \$7,500, and the enhanced catch-up contribution limit for eligible participants aged 60 to 63 was \$11,250.

The Company may make discretionary employer matching contributions as determined annually at the beginning of each Plan year. For 2025 and 2024, the matching contribution amounted to 50% of participant elective deferrals, limited to 2.5% of annual compensation. Additional profit sharing contributions may be contributed at the option of the Company. For the years ended December 31, 2025 and 2024, there were no profit sharing contributions to the plan.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participants' Accounts

Each participant's account is credited or charged with the participant's contribution, the employer's discretionary matching contributions, an allocation of other contributions, if any, from the Company and an allocation of Plan earnings or losses. Allocations of Plan earnings or losses are based upon the participant's relative account balance in the various investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Investment Options

Participants may direct the investment of contributions into various investment options offered by the Plan. Participants may change their investment allocations at any time.

1. Description of Plan (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in employer contributions are based on years of service. Participants are 0% vested until three years of service has been completed at which point the participants become fully vested. Participants' accounts become fully vested in the event of normal retirement at age 65, early retirement at age 55 with five years of service and upon death or total disability.

Payment of Benefits

Upon severance of service due to termination, death, disability, or normal retirement at age 65, if the vested amount of the participant's account balance (excluding rollovers) does not exceed \$7,000, the vested account balance will be distributed from the Plan. The participant may elect to: 1) receive this distribution in cash; or 2) roll over the distribution to an individual retirement account (IRA) or a qualified plan. However, if the election form is not returned timely, the following will apply: if the vested amount of the participant account balance is less than or equal to \$1,000, the vested account will be distributed to in cash. If the vested account balance is more than \$1,000, but does not exceed \$7,000, the Plan Administrator will transfer the participant's vested account to an IRA established in the participant's name; unless the distribution occurs after the Required Beginning Date. This mandatory distribution will be invested in an IRA designed to preserve principal and provide a reasonable rate of return and liquidity. Fees and expenses shall be determined and disclosed by the IRA provider the Employer chooses.

In-service distributions are available to participants after reaching the age of 59½, if the participant is fully vested in the source from which the withdrawal is taken. Hardship withdrawals are also permitted subject to limitations as to amounts and types of contributions that may be withdrawn.

Forfeited Accounts

Forfeitures represent unallocated employer contributions resulting from the termination of participants with less than fully vested benefits under the Plan. These accounts will be used to reduce future employer contributions or to pay plan administrative expenses. At December 31, 2025 and 2024, forfeited nonvested accounts totaled \$49,440 and \$427,113, respectively. During 2025, forfeitures of \$695,096 were used to reduce employer contributions, in accordance with plan provisions.

Administrative Expenses

All significant costs to administer the Plan are paid by the Plan if not paid by the Company. Any expenses paid by the Company are not reflected in the accompanying financial statements.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

2. Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company, as applicable. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Subsequent events were evaluated through July 28, 2026, the date the financial statements were available to be issued. See Note 11.

3. Information Certified by Trustee

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplementary schedule, including investments held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest, and dividends, for the year ended December 31, 2025, was obtained by management and agreed to information certified as complete and accurate by Empower Trust Company LLC, the Plan's Trustee and a qualified institution.

The insurance company fixed account and related investment income as of December 31, 2025, and the years ended December 31, 2025 and 2024, were certified as complete and accurate by Empower Annuity Insurance Company of America.

4. Investments and Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Quoted, market prices in active markets that the Plan has the ability to access.

Level 2 - Observable, market-based inputs or unobservable inputs that are corroborated by market data.

Level 3 - Unobservable inputs to the valuation technique that are not corroborated by market data.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The inputs or methodology used for valuing investments are not an indication of the risk associated with investing in those securities.

4. Investments and Fair Value Measurements (Continued)

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

Registered Investment Companies

Shares of registered investment companies (mutual funds and money market funds) are valued at the daily closing prices as reported by the funds. The funds held by the Plan are open-ended mutual funds registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain investments or financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Registered investment companies	\$15,994,364	\$ -	\$ -	\$ 15,994,364

Assets at Fair Value as of December 31, 2024

	Level 1	Level 2	Level 3	2024
Registered investment companies	\$12,706,259	\$ -	\$ -	\$ 12,706,259

5. Investment Contract with Insurance Company

The Plan is invested in a fully benefit-responsive group annuity contract with Empower Annuity Insurance Company of America within which participants may direct a portion of their contributions into the Empower Investments Fixed Account (EIFA). The fixed account guarantees principal and credited interest for eligible participant-initiated withdrawals and transfers. The fund that obligates Empower Annuity Insurance Company of America to repay the principal and a specified interest rate to the Plan.

The guaranteed interest fund meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

The interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The crediting interest rate may change or stay the same quarterly. The quarterly crediting rate applies to all money deposited in the group contract holder's fixed account regardless of when it was deposited.

5. Investment Contract with Insurance Company (Continued)

The Plan's ability to receive amounts due in accordance with fully benefit responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer, such as partial or complete termination of the contract, plan termination, or merger, changes to the Plan's prohibition on competing investment options, bankruptcy of the plan sponsor, or other plan sponsor events. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

6. Related-Party and Party In Interest Transactions

Certain Plan investments consists of units of a guaranteed income fund managed by Empower Trust Company, LLC. Empower Trust Company, LLC is the current Trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. In addition, the plan paid certain expenses related to plan operations and investment activity to various service providers. The transactions qualify as exempt party-in-interest transactions.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.

8. Tax Status

The Plan has adopted a pre-approved plan document offered by that has received an IRS Opinion Letter dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the IRS Opinion Letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the risks will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. Prohibited Transactions

During 2025 and 2024, the Plan Sponsor inadvertently failed to deposit approximately \$95,740 and \$193,236, respectively, of participant contributions within the required timeframe as stated by the United States Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. Lost earnings on the 2025 late deposits will be deposited in 2026. Lost earnings on the 2024 late deposits were deposited in 2025.

11. Subsequent Events

Effective January 1, 2026, Plan participants classified as Highly Paid Individuals may only make catch-up contributions as Roth 401(k) deferrals.
