Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with (GAAP), and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance; and therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audits.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CHICK-FIL-A, INC.
401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

1. PLAN DESCRIPTION

The following description of the Chick-fil-A, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution multiple employer plan covering eligible employees of Chick-fil-A, Inc. (the Company) and certain affiliated companies (all of which are the Employers or the Participating Employer). The eligibility requirements for participation in the Plan are as follows:

- (a) Eligible employees classified as a regular full-time employee or a project full-time employee and who are not a "Highly Compensated Employee" and not eligible for the Plan as described under subsection (b) below, become a participant in the Plan as soon as practicable following the later of the first date of employment or the date the employee turns age 21.
- (b) Eligible employees: (i) employed by Dwarf House Group, LLC, Trilith Outdoors, LLC or COR Restaurant Services, LLC, or (ii) in a classification other than that as described in subsection (a) above, become a participant in the Plan on the first entry date on or after reaching age 21 and completion of one of the following service requirements: (1) one "Year of Service" (minimum of 1,000 hours of service worked) with an employer, or (2) two consecutive years of service with a minimum of 500 hours of service worked in each year. The entry dates are January 1st and July 1st. This subsection (b) applies to employees classified as, but not limited to: field event staff, infield staff, interns, part-time, modified part-time and temporary.

Effective January 1, 2024, the Plan's eligibility was amended to provide for the participation of employees who meet the long-term part-time service requirement. In addition, effective April 1, 2024, the Plan was amended to add COR Restaurant Services, LLC as a Participating Employer.

The Plan is subject to certain provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Company, which serves as the Plan administrator, has sole responsibility for administration of the Plan. Those services are provided without charge to the Plan. The Chick-fil-A, Inc. Benefits Administrative Committee (the BAC) provides for the general administration of the Plan. The Chick-fil-A, Inc. Benefits Investment Committee establishes and carries out the investment policies of the Plan. The Company delegates full authority to amend the Plan to the BAC and the Board of Directors.

Contributions

Contributions to the Plan are made by both participants and the Employer. Employer match contributions to the Plan are made concurrently with participants' contributions and are invested among the funds in the same proportion as the participants' contributions. Employer match true-

401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

up contributions, and discretionary Employer contributions, if any, are made annually following the end of the plan year.

The Employer matching contribution is a safe harbor contribution and is calculated as 100% of eligible compensation (as defined in the Plan) up to 5% and is vested immediately. A Participating Employer may also elect to make discretionary Employer contributions to the Plan, which if made, are allocated in accordance with the Plan document.

Participants may elect to contribute up to 50% of their eligible compensation (as defined in the Plan) as pretax deferrals, Roth contributions and/or after-tax contributions, subject to certain Internal Revenue Code (IRC) and Plan limitations. The Plan also includes an automatic enrollment feature, applicable to certain employees, that automatically enrolls the employee in the Plan at a rate of 5% pretax deferrals, unless the employee elects otherwise. Participants who are at least age 50 may also make catch-up contributions to the Plan.

In addition, a participant who is actively employed by a Participating Employer may contribute amounts representing distributions from another qualified plan or annuity plan as defined in the Plan document.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and allocations of the Employer's contributions and Plan earnings and charged with withdrawals and an allocation of Plan losses and administrative expenses, as applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment

Participants direct the investment of their contributions into various investment options offered by the Plan or to an individual brokerage account, which allows participant directed investments in individual stocks and mutual funds. Employer contributions are automatically invested in accordance with the participants' allocation.

Vesting

Participants are immediately 100% vested in their own contributions and the employer matching contributions. Participants vest in discretionary Employer contributions based upon years of service. Vesting for discretionary Employer contributions is ratably at 20% a year after two years of service with full vesting after six years.

Payment of Benefits

A participant's benefits may be distributed the year in which the participant terminates employment, retires, dies (to the participant's beneficiary), or becomes permanently disabled. Distributions must begin no later than the year following the year in which the terminated participant attains the required beginning date under IRC Section 401(a)(9). Benefits can be distributed in a lump-sum payment, in installments or in a combination of the two. In the event of a hardship, as defined by the Plan, participants may withdraw an amount not to exceed all their salary reductions. The Plan also allows the withdrawal of all or a portion of the participant's rollover contribution account, and participants are allowed to transfer all or a portion of fully

401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

vested amounts, subject to certain limitations, to a Roth conversion account within the Plan. The Plan also allows withdrawals of all or a portion of the participant's after-tax contribution account and a participant may make a partial or full account withdrawal upon reaching age 70 ½.

Administrative Expenses

The costs of administering the Plan are paid by the Participating Employer. These costs include legal, accounting, administrative fees and recordkeeping fees.

Income Tax Status

The Plan obtained a favorable determination letter dated October 15, 2009, in which the Internal Revenue Service (IRS) stated that the Plan was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrators believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America (GAAP) requires Plan management to evaluate uncertain tax positions taken by the Plan. The Plan administrators are not aware of any uncertain tax positions taken or expected to be taken.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will remain 100% vested in their accounts, and no contributions would thereafter be made to the Plan. The Plan would be appropriately amended to provide for allocation of the remaining assets for the purpose of paying benefits provided in the Plan.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared under the accrual method of accounting in accordance with GAAP.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan's investments include investments in common stocks, mutual funds, and common collective trust funds which invest in various types of investment securities and in various companies within various markets. Investment securities, in general, are exposed to various

CHICK-FIL-A, INC.
401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the levels of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements and supplemental schedules.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are accounted for on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes both realized and unrealized gains and losses on investments.

Payment of Benefits

Benefit distributions to participants are recorded when paid by the Plan.

Corrective Distribution Payable

Amounts payable to participants for contributions in excess of the IRC limits are recorded as a liability.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, defines fair value, establishes a framework for measuring fair value and requires additional disclosures about the use of fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.
- Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are observable as of the reporting date. These inputs include quoted prices for similar assets in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

CHICK-FIL-A, INC.
401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Common stock (held in self-directed brokerage accounts (SDBA)): Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission.

These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: Valued at the NAV of units of the common collective trust. The NAV, as provided by the Fidelity Management Trust Company, the trustee of the Plan, is used as a practical expedient to estimate fair value. The NAV is based on the fair market value of the underlying investments held by the fund less its liabilities. Participant-directed redemptions have no restrictions and there are no unfunded commitments.

Money market and interest-bearing cash (held in SDBA): Valued at cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. INFORMATION CERTIFIED BY PLAN TRUSTEE (UNAUDITED)

Certain information related to investments from participants disclosed in the accompanying financial statements and the ERISA-required supplemental schedules, including investments held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, and interest and dividends for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by the trustee of the Plan.

6. SUBSEQUENT EVENTS
