Independent Auditor's Report

To the Plan Administrator
Constellations Behavioral Holdings, Inc. Employee
Stock Ownership 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Constellations Behavioral Holdings, Inc. Employee Stock Ownership 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets in liquidation as of December 31, 2024 and the related statement of changes in net assets available in liquidation for the year then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and for the year then ended stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

To the Plan Administrator
Constellations Behavioral Holdings, Inc. Employee
Stock Ownership 401(k) Plan

Emphasis of Matter

As discussed in Notes 1, 2 and 7 to the financial statements, the plan sponsor of Constellations Behavioral Holdings, Inc. Employee Stock Ownership 401(k) Plan, terminated the Plan effective July 1, 2024. As a result, the financial statements and supplemental schedule are prepared on the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

To the Plan Administrator
Constellations Behavioral Holdings, Inc. Employee
Stock Ownership 401(k) Plan

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets held at end of year in liquidation as of December 31, 2024 and reportable transactions for the year ended December 31, 2024 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Prior Year Financial Statement

The 2023 statement of net assets available for benefits was not audited, reviewed, or compiled by us, and, accordingly, we do not express an opinion or any other form of assurance on it.

Constellations Behavioral Holdings, Inc. Employee Stock Ownership 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note 1 - Plan Description

The following description of Constellations Behavioral Holdings, Inc. Employee Stock Ownership 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions. Constellations Behavioral Holdings, Inc. (the "Company") is the sponsor of the Plan.

The employee stock ownership component of the Plan (ESOP), consisting of investments in the Company's stock, was realized on July 1, 2024 upon the sale of all outstanding shares of Constellations Behavioral Holdings, Inc. to Stepping Stones Healthcare Services, LLC. Participant investments previously held in Company stock were redeemed and distributed during 2024. Certain balances attributable to prior investments in Company stock remained unpaid as of December 31, 2024 and were held in cash within the Plan. Remaining amounts attributable to the ESOP component were distributed to participants during 2025.

Effective July 1, 2024, the Company ceased operation of the Plan and terminated the ESOP component. The remaining 401(k) component of the Plan also ceased receiving contributions following the transaction and existed primarily to hold participant account balances pending participant elections and final distributions. As of December 31, 2024, net assets held by the Plan consisted primarily of participant-directed investments and cash awaiting distribution or rollover by participants.

Subsequent to year-end, substantially all remaining participant account balances associated with the 401(k) component of the Plan were distributed directly to participants or rolled over to other qualified retirement plans or individual retirement accounts in accordance with participant elections and plan provisions. The final withdrawal occurred on September 25, 2025. The Plan is expected to file a final Form 5500 upon completion of all remaining distributions and administrative closeout procedures.

General

The Plan was established by the Company effective January 1, 2022. The Company's previous 401(k) plan merged with its employee stock ownership plan on December 31, 2022. The Plan was established for the benefit of the Company's employees and their beneficiaries under Section 401(a) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The board of directors of the Company has appointed a board of trustees to administer the Plan and act as the trustee. TransAmerica Retirement Services (the "Trustee" or TransAmerica) provides custodial and accounting services. Accounting and record keeping for participant accounts are performed by TransAmerica for the 401(k) portion of the Plan and FuturePlan by Ascensus (Ascensus) for the employee stock ownership portion of the Plan.

The Plan is available to all employees who are not leased, nonresident aliens, or in a collective bargaining agreement that does not provide for participation in this Plan. Employees are eligible to participate in the 401(k) portion of the Plan on the first day of the month after the attainment of age 21 and completion of three consecutive months of continuous service. Employees are eligible to participate in the employee stock ownership portion of the Plan on the following January 1 or July 1 after the attainment of age 21 and completion of a 1,000-hour year of eligible service.

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 100 percent of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. The Plan allows participants to contribute up to 100 percent of their compensation on an after-tax Roth basis. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

Constellations Behavioral Holdings, Inc. Employee Stock Ownership 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note 1 - Plan Description (Continued)

The Plan provides for discretionary employer matching contributions of 6 percent of the participant's contribution not to exceed 25 percent of the employee's deferred compensation.

The Company may make annual discretionary ESOP contributions and profit-sharing contributions to the Plan, as approved by the Company's board of directors. The Company's board of directors approved discretionary ESOP contributions totaling \$38,500 during 2024. Allocation of the discretionary ESOP contribution to participants is pro rata based on total eligible compensation defined in the plan document. There were no discretionary profit-sharing contributions made during 2024.

Participant Notes Receivable

Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balances. The notes receivable are secured by the balance in the participant's account and bear interest at rates that range from 5.25 percent to 10.50 percent, which are commensurate with local prevailing rates, as determined periodically by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with the participant's contributions and allocations of the Company's discretionary non-ESOP contributions and plan earnings and charged with an allocation of administrative expenses and losses. Each participant's account is credited as of the last day of each plan year with an allocation of the Company's discretionary ESOP contributions and forfeitures. Only those participants who are eligible employees as of the last day of the plan year will receive an allocation. Allocations are based on a participant's eligible compensation relative to total eligible compensation.

Benefit Payments

On termination of service due to death, disability, or retirement, a participant (or the participant's beneficiary in the case of death) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or various installment annuities. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or a rollover distribution into another retirement account.

Vesting

Participants are immediately 100 percent vested in their elective contributions, rollover contributions, and earnings and losses on these balances at all times.

Employer contributions, including any discretionary employer matching contributions, any discretionary profit-sharing contributions, and earnings and losses on these balances vest according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
0-1	- %
2	20
3	40
4	60
5	80
6	100

Constellations Behavioral Holdings, Inc. Employee Stock Ownership 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note 1 - Plan Description (Continued)

The Company's discretionary ESOP contributions and allocated forfeitures, plus actual earnings thereon, if any, vest according to a cliff vesting schedule and are 100 percent vested after three years of service. The ESOP component fully vested on July 1, 2024 upon the sale of the company stock.

Upon termination of the Plan, all amounts credited to the participants' accounts shall become 100 percent vested and payable to participants in accordance with plan provisions.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. The Company allocates forfeitures to participants in the same manner as the discretionary ESOP contributions.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by TransAmerica or its affiliates. TransAmerica is a recordkeeper of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Previous plan investments included shares of company common stock. The Company is the Plan's sponsor; therefore, these transactions qualify as party-in-interest transactions.

The Plan also provides for loans to participants, which are party-in-interest transactions that are exempt from the prohibited transaction rules.

Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. The Plan was terminated as of July 1, 2024. See Note 7 for additional information.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

As discussed in Note 1 to the financial statements, the Company terminated the Plan effective July 1, 2024. As a result, the Plan changed its basis of accounting for the periods subsequent to December 31, 2023 from the going concern basis to the liquidation basis of accounting.

Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process and liabilities are measured using the accrual basis of accounting and would include any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process.

Investment Valuation

The Plan's investments are stated at fair value.

The money market fund and mutual funds are valued based on quoted market prices reported in active markets. See Note 4 for additional information.

The company stock fair value as of December 31, 2023 was determined by an independent appraiser. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables, and fair value of company assets and liabilities.

Constellations Behavioral Holdings, Inc. Employee Stock Ownership 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note 2 - Summary of Significant Accounting Policies (Continued)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. Investments in the company stock were realized during 2024 upon sale of company stock (see Note 1).

Purchases and sales of securities are recorded on a trade-date basis, and interest is recorded on the accrual basis, when applicable. Dividend income is accrued on the ex-dividend date. Net realized and unrealized losses on investments are reflected in the fair value of the stock and allocated on a per share basis, as defined by the Plan.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. The most significant assumptions and estimates relate to the valuation of company common stock. Application of these assumptions requires the exercise of judgment as to future uncertainties, and, as a result, actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including July 22, 2026, which is the date the financial statements were available to be issued.

Note 3 - Certified Information

TransAmerica Retirement Services holds the Plan's investments and participant notes receivable and executes all related transactions but does not hold the Company stock. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements, supplemental schedule of assets held at end of year, and supplemental schedule of reportable transactions are based solely on information certified by TransAmerica Life Insurance and held by the Trustee.

Constellations Behavioral Holdings, Inc. Employee Stock Ownership 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note 3 - Certified Information (Continued)

The Plan's cash balance of \$775,351 at December 31, 2024; investments in Constellations Behavioral Holdings, Inc. stock totaling \$1,398,000 at December 31, 2023; and related investment income of \$1,446,657 for the year ended December 31, 2024 were not certified by the Trustee.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2024 and 2023:

Assets Measured at Fair Value on a Recurring Basis at December 31, 2024				
	Level 1	Level 2	Level 3	Investments (at Fair Value)
Mutual funds	\$ 1,263,796	\$ -	\$ -	\$ 1,263,796
Money market fund	8,049	-	-	8,049
