Independent Auditor's Report

To the Plan Administrator and Those Charged with Governance
A Super T, LLC 401(k) Plan
Sleepy Hollow, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of A Super T, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from the qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report:

- The amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the 2025 financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2025 Supplemental Information Required by ERISA

The supplemental information of Schedule H, line 4i – schedule of assets (held at end of year), as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statement

Predecessor auditors performed an audit of the 2024 financial statements of the A Super T, LLC 401(k) Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 9, 2025, indicated (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA 103(a)(3)(C).

Their report also indicated that the form and content of the 2024 supplemental information, other than the information in the 2024 supplemental information that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and the information in the 2024 supplemental information related to assets held by and certified to by a qualified institution, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution the management determines meets the requirements under ERISA Section 103(a)(3)(C).

A SUPER T, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the A Super T, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility

The Plan is a defined contribution plan, established on January 1, 2022, covering substantially all of the employees of A Super T, LLC (the Company, Employer or Plan Sponsor). Eligible employees may enter the Plan upon completing 2 months of credited service, as defined. Eligible employees may enter the Plan immediately following the date the employee completes the service requirements. The Plan does not have a minimum age requirement for eligibility.

The Company is the Plan Administrator. Matrix Trust Company (MTC or the Trustee) serves as the trustee of the Plan, holds the Plan's investment assets, and executes investment transactions. The Plan's management determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may voluntarily contribute up to 90% of their annual compensation, as defined by the Plan, within the limits prescribed by the Internal Revenue Service (IRS). Participants who have reached age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). The Plan's provisions also provide for Roth 401(k) elective deferrals up to 50% of participants' annual eligible compensation.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1% of eligible compensation, as defined, and their contributions invested in a designated balanced fund until changed by the participant. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes matching contributions equal to 100% of participant's elective deferrals not to exceed 1% of eligible compensation, as defined. For the year ended December 31, 2025, the Employer made matching contributions totaling $34,258. The Company may also make discretionary non-elective profit-sharing contributions. Participants must be employed on the last day of the Plan year to be eligible to receive discretionary non-elective profit-sharing contributions. For the year ending December 31, 2025, there were no discretionary non-elective profit-sharing contributions. All Employer matching contributions are invested as directed by the participant.

Participant accounts

Each participant's account is credited with the participant's contributions, and an allocation of: (a) the Employer's contributions (if any), and (b) Plan earnings or losses thereon. Participants are charged with his or her withdrawals and an allocation of Plan administrative expenses. Allocations are based on participant earnings or losses, deferrals, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Note 1 – Description of Plan, Continued

Vesting

Participants are immediately vested in their individual contributions, plus actual earnings or losses thereon. Vesting in the Employer's contributions (if any) portion of their account, plus earnings or losses thereon, is based on years of credited service. Participants who become eligible and are enrolled in the Plan will receive vesting credit for years of service based on the elapsed time method, as defined. A participant is 100% vested in the Employer's matching contributions after one (1) year of credited service based on a one-year cliff vesting schedule. A participant is 100% vested in the Employer's discretionary non-elective profit-sharing contributions after four years of credited service based on a four-year graded vesting schedule. Participant accounts become fully vested upon reaching normal retirement age of sixty-five (65), death, disability, or upon termination of the Plan.

Forfeitures

Nonvested forfeited accounts may be used to offset Plan administrative expenses or reduce future Employer contributions. During the year ended December 31, 2025, forfeitures used to reduce Employer contributions totaled $8,146. As of December 31, 2025 and 2024, available forfeited nonvested accounts totaled $60 and $2,718, respectively.

Notes receivable from participants

Plan participants may borrow from their account from $1,000 up to a maximum of the lesser of $50,000 or 50% of the participant's vested account balance. Loans are secured by the vested account balance in the participant's account and bear a reasonable rate of interest. A participant may have up to one loan outstanding at any given time. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Principal and interest are paid through regular payroll deductions. All loans are required to be repaid within a period of five years. As of December 31, 2025 and 2024, there was no allowance for doubtful collection on notes receivable from participants.

Payment of benefits

On termination of service due to death, disability, or normal retirement age (65), a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, or in monthly installments. For termination of service due to other reasons, a participant may choose to leave the vested interest in the Plan if such amounts exceed $5,000 or elect a lump-sum distribution. Participants with vested amounts less than $5,000 must elect a lump-sum distribution. Benefit payments to participants are recorded upon distribution. Participants may elect to take an in-service distribution of vested funds if they meet certain defined requirements, including becoming disabled, reaching age 59½, or for heavy financial hardship needs, as defined.

Plan administration

The Company is the Plan Administrator and, as such, controls and manages the operations of the Plan. Plan management has contracted with Human Interest, Inc., which provides recordkeeping and third-party administrative services to the Plan.

MTC serves as the trustee, maintains the records of the participants' data and invests cash received, interest and dividend income and makes distributions to participants (subject to the direction of the participants). Fees from covered service providers of the Plan are in compliance with the Department of Labor's (DOL) regulations regarding ERISA Section 408(b)(2).

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and the Plan's Trustee.

Interest income is recognized when earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Non-interest bearing cash

The Plan's short-term investments consist of uninvested cash held by the Trustee and are considered to be cash equivalents and are recorded at cost, which approximates fair value.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates, and such differences could be material.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate risk, market risk, liquidity risk, and credit risk. Due to the level of risk associated with certain investment securities, including the uncertainty related to changes in the value of investment securities, it is at least reasonably possible changes in such risks in the near-term would materially affect participants' account balances and the amounts reported in the financial statements.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual method. Related fees are charged directly to the borrowing participant's account and included as administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2025. Any delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document.

Payment of benefits

The Plan records benefits when paid.

Contributions

Contributions from Plan participants are recorded when withheld from compensation. Employer contributions are recorded in the period in which they become obligations of the Company.

Note 2 – Summary of Significant Accounting Policies, Continued

Plan expenses

Investment related expenses are included in net appreciation in fair value of investments. Certain administrative expenses, such as recordkeeping, trustee and third-party administrator fees, are paid from Plan assets and classified as an expense rather than a reduction of investment income. Certain other administrative expenses are paid by the Employer and are not reflected in these financial statements. Participant directed transactions such as loan processing fees are charged directly to participants' accounts.

Uncertain tax positions

U.S. GAAP requires Plan management to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan Administrator has determined it does not have any positions at December 31, 2025, that it would be unable to substantiate.

Note 3 – Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Matrix Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental information is complete and accurate:

- Investments, non-interest bearing cash and notes receivables from participants as shown on the statements of net assets available for benefits as of December 31, 2025 and 2024;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025; and
- Investment information included in the Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2025, as shown on the ERISA-required supplemental information.

At the request of the Plan's Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related investment information included in the financial statements, including the disclosures related to the investments to assess whether they are in accordance with the presentation and disclosure requirements of U.S.GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.

Note 4 – Fair Value Measurements, Continued

Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

A financial investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2025 and 2024. During the year ended December 31, 2025, there were no transfers of financial instruments into or out of Level 3.

Following is a description of the valuation methodology used for assets measured at fair value:

Mutual funds – are valued at the daily quoted closing price as reported by the fund. Mutual funds held by the Plan are deemed to be actively traded on national exchanges and transact at their published daily net asset value (NAV).

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value, on a recurring basis, as of December 31, 2025 and 2024:

	Fair Value Measurements as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 169,673	$ -	$ -	$ 169,673

	Fair Value Measurements as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 110,288	$ -	$ -	$ 110,288

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the Employer's contribution portion of their account balances.

Note 6 – Tax Status

On June 30, 2020, the IRS stated that the Non-Standardized Pre-Approved profit-sharing plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the Plan and its related trust are tax-exempt. The Plan has not received a determination letter specific to the Plan itself. The Plan Administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 6 – Tax Status, Continued

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Party-In-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer, and certain others. The Plan's investments are managed and administered by MTC, the trustee. Therefore, transactions with MTC qualify as party-in-interest transactions. Such transactions are exempt from the prohibited transaction rules under ERISA. Certain administrative functions are performed by officers and employees of the Employer. No officer or employee receives compensation from the Plan for these services.

Note 8 – Subsequent Events

Subsequent to December 31, 2025, the Plan Sponsor approved the transfer of the Plan's assets and participant accounts from MTC to a new trustee and recordkeeper.

The Plan evaluated events occurring subsequent to December 31, 2025 through July 16, 2026, the date the financial statements were available to be issued, for events that should be recorded in the financial statements or disclosed in the notes thereto.
