### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of Gold Strike 401(k) Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of fiduciary net position as of December 31, 2025 and 2024, and the related statements of changes in fiduciary net position for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agree to, or are derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the "Scope and Nature of the ERISA Section 103(a)(3)(C) Audit" section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Other Matters***

#### ***Required Supplementary Information***

Management has omitted management's discussion and analysis that GAAP requires to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by the missing information.

#### ***Supplemental Schedule Required by ERISA***

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Note 1. Description of the Plan**

### ***General***

A brief description of Gold Strike 401(k) Plan (Plan) follows and is provided for general information only. Participants should refer to the entire plan document for complete information.

The Plan was established February 15, 2023, and is administered by the Cherokee Nation Businesses 401(k) Committee and is provided for the benefit of the employees of Gold Strike Casino Resort, LLC (Company), the plan sponsor, and employees of related employers who also participate in the Plan at December 31, 2025, which are listed in the Participating Employers Addendum. The Plan is a defined contribution plan for the benefit of the Company's employees with at least two months of service and who have reached the age of 21 and is subject to the provisions of the *Employee Retirement Income Security Act of 1974*, as amended (ERISA). Fidelity Management Trust Company (Fidelity) is the record-keeper and trustee of the Plan. Innovest, Inc. serves as the Plan's investment advisor as defined under ERISA Section 3(38), for the year ended December 31, 2025. Cloud Capital, LLC served as the Plan's investment advisor as defined under ERISA Section 3(38), for the year ended December 31, 2024.

### ***Participants and Contributions***

An employee age 21 or older may begin participation in the Plan the first day of the month following two months of employment or later once the employee attains age 21. Participants may make pretax contributions of any whole percentage of their eligible compensation up to a combined maximum of 90% if certain regulatory contribution limitations are not exceeded. The pretax contributions and their earnings are taxable at the time of distribution.

Participants age 50 or older by the end of the calendar year may make an additional pretax catch-up contribution if they are either deferring the 90% maximum pretax contribution or will reach the maximum IRS annual contribution limit. The maximum annual contribution limit allowed was \$23,500 in 2025 and \$23,000 in 2024, and the maximum catch-up contribution was \$7,500 for 2025 and 2024. Catch-up contributions are eligible for the Company's matching contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Employees are eligible for the Company's safe harbor matching contributions on the first day of the month following two months of employment or later once the employee attains age 21. The Company matches pretax contributions up to a maximum of 100% of the first 3% of the "eligible" Participant's Compensation and 50% of the next 2% of the "eligible" Participant's Compensation contributed to the Plan.

Company nonelective contributions are discretionary as determined by the Company's board of directors. Contributions are subject to certain limitations. Employees eligible for the nonelective contributions must work 1,000 hours during the year and be employed at the end of the year. There were no nonelective profit-sharing contributions during the years ended December 31, 2025 or 2024.

The Plan provides for automatic pretax deferral contributions of a maximum 3% of eligible earnings for eligible participants. Participants will automatically be enrolled based on the later of their eligible entry date or 30 days after rehire.

The Plan also allows participants to elect Roth 401(k) contributions and to make voluntary, nondeductible, after-tax employee contributions not to exceed 10% of compensation. The total of participant's contributions to the Plan cannot exceed 90% of compensation.

### ***Participant Accounts***

Participants have the right to direct the investment of their account balances, including their contributions and the Company's matching contributions, into any of the various investment options offered by the Plan and can change

---

the allocation daily. Participants also have the option to direct their account to other investments offered through a participant-directed brokerage account. If no investment option is elected by a participant, the funds in the participant's account are invested in the Vanguard Target Date Retirement Fund maturing closest to the year in which the participant will attain age 65. Participants may direct the investment of their account balances to more than one option. However, the minimum investment that can be directed to any one option is 1%, and whole increments of 1% must be used.

Participants may direct the sale or other disposition of securities in their account and may change their investment elections with Fidelity (Plan Trustee) on a daily basis. Neither the Company nor the Plan Trustee guarantees the value of the investments, nor do they indemnify any participant against any loss that may result from such investments.

All interest, dividends, and other income received by the Plan Trustee and all gains and losses from the sale of securities are credited or charged to the respective participant's account. Brokerage commissions, transfer taxes, and other charges and expenses in connection with the purchase or sale of securities for the Plan are either added to the cost of the securities purchased or deducted from the proceeds of the sale.

Certain mutual fund companies have implemented market-timing restrictions designed to protect the long-term investors in the mutual fund. These restrictions limit the number of exchanges an investor may initiate within a given period of time, and certain funds charge a redemption fee. Regularly scheduled sales to fund distributions to plan participants and purchases from payroll contributions are not subject to the restrictions.

***Vesting***

Participants are immediately vested in their contributions plus earnings thereon. All company safe harbor contributions to the account of a participant and income and earnings, if any, attributable to the account of the participant are immediately and fully vested for the benefit of that participant upon receipt by the Plan Trustee (subject to subsequent loss, if any, through a decline in the market value of investments). Company nonelective contributions are subject to a vesting schedule; however, no such contributions have been made by the Company.

***Distributions, Withdrawals, and Notes Receivable From Participants***

Participants may borrow from the Plan a minimum of \$1,000 with a maximum amount not to exceed \$50,000 or 50% of the nonforfeitable account balance of the participant, whichever is less. Participant loans are reflected as notes receivable from participants in the statements of fiduciary net position. The Plan allows a participant one loan per account at any time.

The participant loans have a repayment schedule of no more than 60 months with the exception of proceeds used to purchase a principal residence, in which case the term of the loan repayment may be for a period not to exceed 120 months. The participant has the option to repay the loan in full at any time without penalty.

The interest rate on participant loans is the prime interest rate as of the first of the month in which the loan was issued plus 1%. The interest rate remains the same throughout the term of the repayment schedule. Interest rates on the participant loans at December 31, 2025 ranged from 4.25% to 9.50%.

In-service withdrawals are permitted when participants reach age 59½, at any time and for any reason, without qualifying for a hardship withdrawal or suspending plan contributions or company matching contributions.

**Gold Strike 401(k) Plan**  
**Notes to Financial Statements**  
**December 31, 2025 and 2024**

---

Hardship withdrawals from a participant's account are allowed upon submission of an application to Fidelity showing current proof of qualifying hardship. The full value of the participant's plan account balance becomes payable if any of the following occur:

- The participant retires or otherwise terminates employment with the Company, for any reason, or the participant's total account balance does not exceed \$5,000 or \$7,000 effective January 1, 2025
- The participant dies
- The Plan is terminated
- The Plan is modified in such a way that it adversely affects the participant's right to the use of or withdrawal from the account (as long as the participant's request is made within 90 days of the effective date of the modification)

If a participant retires or otherwise terminates employment with the Company and the total account balance is more than \$5,000 prior to January 1, 2025 or \$7,000 effective January 1, 2025, the participant may leave the balance in the Plan, make a direct rollover from the Plan to another employer's qualified retirement plan or an Individual Retirement Account (IRA), or receive a single lump-sum payment from the Plan as soon as administratively possible after separating service from the Company. Such participant who leaves the balance in the Plan may elect to defer distribution of the account until a later date but not beyond April 1 of the calendar year following the calendar year the participant attains age 70½ prior to January 1, 2025 or 73 effective January 1, 2025, unless the participant was 70½ before January 1, 2020, at which time a distribution of the full account is required. If the participant's account balance does not exceed \$5,000 prior to January 1, 2025 or \$7,000 effective January 1, 2025, the full value of the account will be distributed to the participant as soon as administratively possible, unless the participant directs a rollover to another employer's qualified plan or an IRA. If the participant does not request a distribution and the account balance is less than \$1,000, a lump-sum cash payment will be made. If a distribution is not requested and the balance is between \$1,000 and \$5,000 prior to January 1, 2025 or \$7,000 effective January 1, 2025, the account balance will be transferred to an IRA established on behalf of the participant.

Certain distributions require federal and state income taxes to be withheld, which are submitted to the IRS by the Plan Trustee on behalf of the participant. An additional 10% excise tax generally will be imposed on the taxable portion of distributions or withdrawals unless the participant has reached age 59½ or separates from the Company after attainment of age 55.

## **Note 2. Summary of Significant Accounting Policies**

### ***Basis of Accounting***

The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units using the economic resources measurement focus and the accrual basis of accounting. The Governmental Accounting Standards Board is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

### ***Use of Estimates***

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of fiduciary net position and changes in fiduciary net position and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### ***Investment Valuation and Income Recognition***

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Mutual funds and money market funds are valued at the net asset value (NAV) of shares held by the Plan at year-end.

**Gold Strike 401(k) Plan**  
**Notes to Financial Statements**  
**December 31, 2025 and 2024**

---

The Plan's interest in the common/collective trust is valued at the NAV of units of the common/collective trust at year-end. The NAV is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the trust will settle for an amount different from the reported NAV. There are no participant redemption restrictions for these investments; participant transactions (purchases and sales) may occur daily. The Plan's interest in the common/collective trust does not include any unfunded commitments.

The common/collective trust investment strategy is as follows:

**Common/Collective Trust** – The purpose of this trust is to invest primarily in a pool of investment contracts that are issued by insurance companies and commercial banks and in contracts that are backed by bond funds.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date and are allocated to the participant's account on the date of payment. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

***Contributions***

Contributions from plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

***Notes Receivable From Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

***Payment of Benefits***

Benefit payments to participants are recorded upon distribution.

***Administrative Expenses***

All costs and expenses for administering the Plan, including expenses of the plan administrator and fees and expenses of the Plan Trustee, are paid by the Company. Costs paid by the participant include loan origination fees, brokerage commissions, investment fund expense ratios, redemption fees, and transfer taxes applicable to investment of securities or investments acquired or sold for a participant's account. Terminated employees pay 100% of their administrative fees.

**Note 3. Certification of Plan Trustee**

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the Plan Trustee, has certified the following information included in the financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of fiduciary net position as of December 31, 2025 and 2024
- Investment income and interest income on notes receivable from participants as shown in the statements of changes in fiduciary net position for the years ended December 31, 2025 and 2024

**Gold Strike 401(k) Plan**  
**Notes to Financial Statements**  
**December 31, 2025 and 2024**

---

- Investment information and notes receivable from participants included in the schedule of assets (held at end of year) as of December 31, 2025

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such certified investment information to the related information included in the financial statements and ERISA-required supplemental schedule.

#### **Note 4. Investments**

Investment securities are exposed to various risks that can affect the value of the Plan's investments, such as custodial credit risk, foreign currency risk, interest rate risk, credit risk, and concentration of credit risk.

**Custodial Credit Risk** – Custodial credit risk is the risk that in the event of a failure by the counterparty the Plan will not be able to recover the value of its investments that are in the possession of an outside party. The Plan's policies do not specifically address custodial credit risk.

**Foreign Currency Risk** – Foreign currency risk is the risk that changes in exchange rates will adversely impact the fair value of an investment denominated in a foreign currency. The Plan does not hold any direct investments of instruments denominated in a foreign currency.

**Interest Rate Risk** – Interest rate risk arises from the likelihood that interest rates will rise or fall during the holding period of a fixed-rate security and adversely affect the selling price of the security prior to maturity. The price of a debt security typically moves in the opposite direction of the change-in-interest rates. The Plan's policies do not specifically address interest rate risk. As of December 31, 2025 and 2024, the Plan had investments in mutual funds, a common/collective trust, a money market fund, and participant-directed brokerage accounts whose underlying assets are subject to interest rate risk.

**Credit Risk** – Credit risk exists when there is a possibility that the issuer or other counterparty to an investment may be unable to fulfill its payments on a security under the original term. The Plan's policies do not specifically address credit risk. As of December 31, 2025 and 2024, the Plan had investments in mutual funds, a common/collective trust, a money market fund, and participant-directed brokerage accounts that do not report individual credit ratings. The mutual funds may have underlying holdings in securities subject to credit risk.

**Concentration of Credit Risk** – The Plan's policies do not specifically address concentration of credit risk. Investments representing 5% or more of total investments consisted of the following as of December 31:

|                                      | <u>2025</u>  | <u>2024</u>  |
|--------------------------------------|--------------|--------------|
| Vanguard Target Retirement 2025 Fund | \$ 1,419,427 | \$ 1,300,197 |
| Vanguard Target Retirement 2030 Fund | \$ 5,237,447 | \$ 4,994,013 |
| Vanguard Target Retirement 2035 Fund | \$ 5,602,502 | \$ 4,580,234 |
| Vanguard Target Retirement 2040 Fund | \$ 3,275,333 | \$ 2,795,387 |
| Vanguard Target Retirement 2045 Fund | \$ 2,211,001 | \$ 1,944,468 |

#### **Note 5. Related-Party and Party-in-Interest Transactions**

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

**Gold Strike 401(k) Plan**  
**Notes to Financial Statements**  
**December 31, 2025 and 2024**

---

The Plan incurs expenses related to general administration, record-keeping, and trust administration. These expenses and certain accounting and auditing fees relating to the Plan are split between the Company and the employee, as provided by the plan document.

The Plan invests in certain funds of Fidelity or its affiliates. Therefore, these transactions qualify as party-in-interest transactions. The Plan paid record-keeping fees of \$54,048 and \$48,922 to Fidelity for the years ended December 31, 2025 and 2024, respectively. Fees incurred by the Plan for certain investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing rather than a direct payment.

The Company provides certain administrative services at no cost to the Plan, including fees paid for investment management services.

**Note 6. Disclosures About Fair Value of Plan Assets**

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets
- Level 2** Observable inputs other than quoted prices included within Level 1 prices, such as quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets
- Level 3** Unobservable inputs supported by little or no market activity and significant to the fair value of the assets

***Recurring Measurements***

The following table presents the fair value measurements of assets recognized in the statements of fiduciary net position measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31:

|                                            |                      | Fair Value Measurements Using                                                 |                                                           |                                                    |

(A) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy, which included a common/collective trust. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of fiduciary net position.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the statements of fiduciary net position, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2025 and 2024. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

***Investments***

Quoted market prices, if available, are used to value the investments classified within Level 1 of the valuation hierarchy. Level 1 investments include mutual funds, a money market fund, and participant-directed brokerage accounts. If quoted market prices are not available, then fair values are estimated by using pricing models, the

inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such investments are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, investments are classified within Level 3 of the hierarchy. At December 31, 2025 and 2024, there were no Level 2 or Level 3 investments.

**Note 7. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, each participant would receive distribution of the entire balance of their account.

**Note 8. Tax Status**

The Plan operates under a nonstandardized adoption agreement in connection with a prototype profit-sharing 401(k) plan and trust document sponsored by Fidelity, the trustee of the Plan. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**Note 10. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of fiduciary net position.

**Note 11. Subsequent Events**

Subsequent events have been evaluated through July 31, 2026, which is the date the financial statements were available to be issued.

***Plan Amendments***

Effective June 15, 2026, the Plan was amended through the adoption of a restated Basic Plan Document. The restatement incorporates SECURE Act, SECURE 2.0 Act, and other regulatory updates, including provisions related to long-term part-time employees, Roth accounts, automatic enrollment, and hardship distributions.
